RECIRCULATED

NOTICE OF AVAILABILITY AND DRAFT MITIGATED NEGATIVE DECLARATION OF ENVIRONMENTAL IMPACT

Notice is hereby given that an Initial Study of Environmental Impacts and Draft Negative Declaration of Environmental Impact have been prepared pursuant to the California Environmental Quality Act and are available for public review for: **Conditional Use Permit (CUP) 2021-03/Glacier Fed Farms – Cannabis Cultivation**. The project consists of approximately 5,000-sqft of cannabis cultivation in a 2,100-sqft high house. The project includes growing, harvesting and drying.

The 21-day review period for this Draft Negative Declaration of Environmental Impact begins on February 3, 2022 and expires on February 25, 2022. During this period comments may be submitted regarding the Initial Study and Draft Negative Declaration. Inyo County is not required to respond to any comments received after this date. Written comments and all questions should be addressed to the Inyo County Planning Department, P. O. Drawer "L," Independence, CA 93526, faxed to (760) 878-0382, or emailed to inyoplanning@inyocounty.us. Copies of the Initial Study and Draft Negative Declaration of Environmental Impact for this project are available for review at the Inyo County Planning Department (168 N. Edwards Street, Independence), the County's main library and the Inyo County Planning Department's website: (<http://inyoplanning.org/>) under current projects.
