Redistricting

Comment or Question

I believe that Inyo County is a very unique area as compared to others & feel that as such, should remain unchanged as far as the redistricting issue. However, realizing that this change is inevitable, I feel that either maps #4 or #8 would be most useful for our citizens. I also feel that segregating the Native population from the rest, would be just that-segregation. This could also impact possible future redistricting plans by setting a segregation precedent.
