The order of command authority in the absence of prior designation, or unavailability of the Sheriff is as follows:

104.5 MANAGEMENT REVIEW PROCESS

The management team may employ several methods to assess performance, including the following:

- (a) **Performance analysis** - Performance analysis attempts to discover discrepancies between the expected and actual levels of performance. Custody Manual

106.1 PURPOSE AND SCOPE

The Custody Manual is a statement of the current policies, rules, and guidelines of this office's jail. All prior and existing manuals, orders, and regulations that are in conflict with this manual are revoked, except to the extent that portions of existing manuals, orders, and other regulations that have not been included herein shall remain in effect where they do not conflict with the provisions of this manual.

Except where otherwise expressly stated, the provisions of this manual shall be considered guidelines. It is recognized, however, that work in the custody environment is not always predictable, and circumstances may arise that warrant departure from these guidelines. Violations of any provision of any policy contained within this manual shall only form the basis for office administrative action, training or discipline. The Inyo County Sheriff Department reserves the right to revise any policy content, in whole or in part.

106.3 RESPONSIBILITIES

The Sheriff shall be considered the ultimate authority for the provisions of this manual and shall continue to issue General Orders, which shall modify the provisions to which they pertain. Administrative Communications

108.1 PURPOSE AND SCOPE

Effective communications within the Office are critical to the accomplishment of the mission of the Office and the effective operation of the jail. Administrative communications of this office are governed by the following policy (15 CCR 1029(a)(1)).

108.2 PERSONNEL ORDERS

Memorandums may be issued periodically by the Sheriff or his designee to announce and document all promotions, transfers, hiring of new personnel, separations, personnel and group commendations or other changes in status.

108.2.1 JAIL SECTION MEMORANDUMS

Memorandums concerning procedures or subjects of a short duration or of an insufficient critical nature to warrant issuance of a policy or procedure will be issued by the Jail Lieutenant, Sergeant or Corporal. These memorandums will be of such a nature that they can be purged periodically due to the short duration of their utility.

Memorandums may also be issued from one staff member to another or from a supervisor to a subordinate or subordinates.

108.2.2 DISTRIBUTION OF MEMORANDUMS

The Jail Sergeant will receive copies of any memorandum and shall be responsible for the dissemination of the information contained therein to all members under his command. Sergeants will make sure their officers or employees understand the content and purpose of each memorandum as it is distributed.

108.2.3 MEMORANDUM PLACEMENT

108.5 COMPLETED STAFF WORK

All staff reports (i.e., reports assigned to a specific person for the purpose of responding to a problem or issue) shall incorporate the principle of completed staff work which requires the person to whom a task has been delegated to complete and document the delegated work to such an extent that the only thing left for the decision-maker to do is to approve or decline the recommendation. Staff reports that only point out weaknesses or merely suggest needed actions are not completed staff work and are not acceptable.

The writer of the staff report should document the efforts made to have the report reviewed by or acted upon by those individuals representing work units or other entities likely to be affected by any proposed changes.

108.6 INTRODUCTORY SUMMARY MEMORANDUMS

Any memorandum that exceeds one page in length should contain a brief introductory summary section synopsisizing the subject matter.

108.7 ADMINISTRATIVE REPORT FORMAT

All staff reports submitted via the chain of command to superior officers for further action should be written in accordance with the following format, when applicable.

Executive Summary Section - The staff report should begin with a brief statement of the problem or issue and what could be done about it. This summary should restate the main points of the report in general, nontechnical language, leaving out details. The length of the executive summary section should range from one paragraph to one page.

Problem/Issue Identification Section - This section of a staff report is critical to the success of the reader's ability to grasp the issues involved and to arrive at an informed decision. It should strive to identify the true nature and scope of the problem by identifying the known facts and background of the situation, including who has the problem, how long it has existed and the known or likely consequences of the problem.

Forecast Future Impacts - This section of the report should clearly define the problem and be accompanied by an analysis of relevant factors, supported by specific examples, details or testimony, clarifying what the problem is and why it exists. Generally, the reader should be able to leave this section of the report clearly understanding the issues involved and the consequences of taking no action.

Standards of Conduct

This policy establishes standards of conduct that are consistent with the values and mission of the Inyo County Sheriff Department and are expected of all office members. The standards contained in this policy are not intended to be an exhaustive list of requirements and prohibitions, but they do identify many of the important matters concerning conduct. In addition to the provisions of this policy, members are subject to all other provisions contained in this manual, as well as any additional guidance on conduct that may be disseminated by this office or a member's supervisors.

116.2 POLICY

The continued employment or appointment of every member of this office shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure to meet the guidelines set forth in this policy, whether on- or off-duty, may be cause for disciplinary action.

116.3 DIRECTIVES AND ORDERS

Members shall comply with lawful directives and orders from any office supervisor or person in a position of authority, absent a reasonable and bona fide justification.

116.3.1 UNLAWFUL OR CONFLICTING ORDERS

Supervisors shall not knowingly issue orders or directives that, if carried out, would result in a violation of any law or office policy. Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, office policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict will not be held accountable for disobedience of the lawful order or directive that was initially issued.

The person countermanding the original order shall notify, in writing, the person issuing the original order, indicating the action taken and the reason.

Definitions related to this policy include:

118.3.1 DISCRIMINATION

The Office prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment can include making derogatory comments; making crude and offensive statements or remarks; making slurs or off-color jokes; stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters, or material; making inappropriate physical contact; or using written material or office equipment and/or systems to transmit or receive offensive material, statements, or pictures. Such conduct is contrary to office policy and to a work environment that is free of discrimination.

118.3.2 RETALIATION

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because the person has engaged in protected activity, filed a charge of discrimination, participated in an investigation, or opposed a discriminatory practice. Retaliation will not be tolerated.

118.3.3 SEXUAL HARASSMENT

The Office prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person's sex.

Sexual harassment includes but is not limited to unwelcome sexual advances, requests for sexual favors, or other verbal, visual, or physical conduct of a sexual nature when:

- (a) Submission to such conduct is made either explicitly or implicitly as a term or condition of employment, position, or compensation.
- (b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.
- (c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

118.3.4 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles, or standards, including:

- (a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission and California Civil Rights Council guidelines.
- (b) Bona fide requests or demands by a supervisor that a member improve the member's work quality or output, that the member report to the job site on time, that the member comply with county or office rules or regulations, or any other appropriate work-related communication between supervisor and member.

118.4 RESPONSIBILITIES

This policy applies to all office members, who shall follow the intent of these guidelines in a manner that reflects office policy, professional standards, and the best interest of the Office and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory, or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to the member's immediate supervisor may bypass the chain of command and make the report to a higher-ranking supervisor or manager. Complaints may also be filed with the Sheriff, the Personnel Director, or the County Administrator.

Any member who believes, in good faith, that the member has been discriminated against, harassed, or subjected to retaliation, or who has observed harassment, discrimination, or retaliation, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with a resolution as stated below.

118.4.1 QUESTIONS OR CLARIFICATION

118.4.2 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors and managers shall include but are not limited to:

- (a) Continually monitoring the work environment and striving to ensure that it is free from all types of unlawful discrimination, including harassment or retaliation.
- (b) Taking prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment, or retaliation.
- (c) Ensuring that their subordinates understand their responsibilities under this policy.
- (d) Ensuring that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.
- (e) Making a timely determination regarding the substance of any allegation based upon all available facts.
- (f) Notifying the Sheriff or the Personnel Director in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment, or retaliation no later than the next business day.

118.4.3 SUPERVISOR'S ROLE

Supervisors and managers shall be aware of the following:

- (a) Behavior of supervisors and managers should represent the values of the Office and professional standards.
- (b) False or mistaken accusations of discrimination, harassment, or retaliation can have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members, or issuing discipline, in a manner that is consistent with established procedures.

118.5 INVESTIGATION OF COMPLAINTS

Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved member should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Office that all complaints of

discrimination, retaliation, or harassment shall be fully documented and promptly and thoroughly investigated.

118.5.1 SUPERVISOR RESOLUTION

Members who believe they are experiencing discrimination, harassment, or retaliation should be encouraged to inform the individual that the behavior is unwelcome, offensive, unprofessional, or inappropriate. However, if the member feels uncomfortable or threatened or has difficulty expressing the member's concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

118.5.2 FORMAL INVESTIGATION

If the complaint cannot be satisfactorily resolved through the supervisory resolution process, a formal investigation will be conducted.

The person assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint, or for offering testimony or evidence in an investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include but is not limited to details of the specific incident, frequency and dates of occurrences, and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed, or retaliated against because of their protected status are encouraged to follow the chain of command but may also file a complaint directly with the Sheriff, the Personnel Director, or the County Administrator.

118.5.3 ALTERNATIVE COMPLAINT PROCESS

No provision of this policy shall be construed to prevent any member from seeking legal redress outside the Office. Members who believe that they have been harassed, discriminated against, or retaliated against are entitled to bring complaints of employment discrimination to federal, state, and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

118.6 DOCUMENTATION OF COMPLAINTS

All complaints or allegations shall be thoroughly documented on the appropriate forms and in a manner designated by the Sheriff. The outcome of all reports shall be:

- (a) Approved by the Sheriff, the County Administrator, or the Personnel Director, depending on the ranks of the involved parties.

Grievances

120.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the Inyo County Sheriff Department grievance system. The grievance system is intended to facilitate communication and to promptly and equitably address employee grievances in the workplace.

120.1.1 GRIEVANCE DEFINED

A grievance is a difference of opinion or dispute regarding the meaning, interpretation, or application of any of the following:

- The employee bargaining agreement
- This Custody Manual
- Rules and regulations governing personnel practices or working conditions
- Workplace issues that do not amount to misconduct under the Personnel Complaints Policy, such as fraud, waste, abuse of authority, gross mismanagement, or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety, or well-being of members.

Specifically outside the category of grievances are complaints related to allegations of discrimination or harassment subject to the Discriminatory Harassment Policy. Also outside the category of grievances are personnel complaints regarding any allegation of misconduct or improper job performance against any office employee that, if true, would constitute a violation of office policy or federal, state, or local law, as set forth in the Personnel Complaints Policy.

120.2 POLICY

It is the policy of this office to provide a just and equitable system for the prompt handling of employee grievances without discrimination, coercion, restraint, or retaliation against any employee who submits or is otherwise involved in a grievance.

120.3 PROCESS

Grievances may be brought by an individual employee or by an employee group representative. Employees may have representation during the grievance process.

Except as otherwise required under a collective bargaining agreement, if an employee believes that they have a grievance as defined above, that employee shall:

- (a) Attempt to resolve the issue through informal discussion with their immediate supervisor.
- (b) If after a reasonable amount of time, generally seven days, the grievance cannot be settled by the immediate supervisor, the employee may request an interview with the appropriate Jail Commander.
- (c) If a successful resolution is not found with the Jail Commander, the employee may request a meeting with the Sheriff.

 - (c) The specific policies, rules, or regulations at issue.
 - (d) The remedy or goal being sought by the grievance.
- (e) The supervisor shall provide the employee with a signed acknowledgment of the grievance that shall include the date and time of receipt.
- (f) The Sheriff and the County Administrator should review the grievance and respond to the employee within 14 calendar days.
 - 1. The response will be in writing, and will affirm or deny the allegations.
 - 2. The response shall include any remedies, if appropriate.
 - 3. The decision of the Sheriff is considered final.

120.4 GRIEVANCE RECORDS

At the conclusion of the grievance process, all documents pertaining to the process shall be forwarded to the Administration Division for inclusion into a secure file for all written grievances. Copies of the documents should also be sent to the Personnel Department.

120.5 GRIEVANCE AUDITS

The Training Manager shall perform occasional audits of all grievances filed the previous calendar year or current calendar year to evaluate whether any policy or procedure changes or training may be appropriate. The Training Manager shall record these findings in a confidential memorandum to the Jail Commander without including any identifying information from any individual grievance. If the audit identifies any recommended changes or content that may warrant a critical revision to the Custody Manual, the Jail Commander should promptly notify the Sheriff.

Post Orders

121.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the development of post orders and the training of members assigned to each post.

121.2 POLICY

It is the policy of this office to develop comprehensive post orders for every position. Copies of the orders should be maintained at each post or available electronically. Members shall be familiar with the post orders before working a position.

121.3 DEVELOPMENT

Clear procedures should be incorporated into post orders for all regular daily activities including, but not limited to, safety checks, head counts, meals, sick call, recreation, clothing exchange, mail distribution and response to emergencies, such as fires, natural disasters and criminal acts.

121.4 REVIEW AND UPDATE

Post orders shall be reviewed and updated whenever necessary by the Jail Commander or the authorized designee.

121.5 TRAINING

The Training Manager shall ensure that all staff members assigned to posts are properly trained to perform all of the duties and responsibilities described in the post orders. This is particularly true in fire, life-safety and the emergency response procedures that have been implemented by the Jail Commander. This may include the use of self-contained breathing apparatus (SCBA) if such equipment is available and/or required by the local fire authority. All training should be documented in each member's training file and retained in accordance with established records retention schedules.

Personnel Complaints

122.1 PURPOSE AND SCOPE

This policy provides guidelines for the reporting, investigation, and disposition of complaints regarding the conduct of members of the Inyo County Sheriff Department. This policy shall not apply to any questioning, counseling, instruction, informal verbal admonishment, or other routine or unplanned contact of a member in the normal course of duty, by a supervisor or any other member, nor shall this policy apply to a criminal investigation.

122.2 POLICY

The Inyo County Sheriff Department takes seriously all complaints regarding the service provided by the Office and the conduct of its members.

The Office will accept and address all complaints of misconduct in accordance with this policy and applicable federal, state, and local laws, municipal and county rules, and the requirements of any collective bargaining agreements.

It is also the policy of this office to ensure that the community can report misconduct without concern for reprisal or retaliation.

122.3 PERSONNEL COMPLAINTS

Personnel complaints include any allegation of misconduct or improper job performance that, if true, would constitute a violation of office policy or federal, state, or local law, policy, or rule. Personnel complaints may be generated internally or by the public.

Inquiries about conduct or performance that, if true, would not violate office policy or federal, state, or local law, policy, or rule may be handled informally by a supervisor and shall not be considered a personnel complaint. Such inquiries generally include clarification regarding policy, procedures, or the response to specific incidents by the Office.

122.3.1 COMPLAINT CLASSIFICATIONS

Personnel complaints shall be classified in one of the following categories:

Informal - A matter in which the Supervisor is satisfied that appropriate action has been taken by a supervisor of rank greater than the accused member.

Formal - A matter in which a supervisor determines that further action is warranted. Such complaints may be investigated by a supervisor of rank greater than the accused member or referred to the Internal Affairs Unit, depending on the seriousness and complexity of the investigation.

Incomplete - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the assigned supervisor or the Internal Affairs Unit, such matters may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.

122.3.2 SOURCES OF COMPLAINTS

The following applies to the source of complaints:

- (a) Individuals from the public may make complaints in any form, including in writing, by email, in person, or by telephone.
- (b) Any office member becoming aware of alleged misconduct shall immediately notify a supervisor.
- (c) Supervisors shall initiate a complaint based upon observed misconduct or receipt from any source alleging misconduct that, if true, could result in disciplinary action.
- (d) Anonymous and third-party complaints should be accepted and investigated to the extent that sufficient information is provided.
- (e) Tort claims and lawsuits may generate a personnel complaint.

122.4 DOCUMENTATION

Supervisors shall ensure that all formal and informal complaints are documented on a complaint form. The supervisor shall ensure that the nature of the complaint is defined as clearly as possible.

All complaints and inquiries should also be documented in a log that records and tracks complaints. The log shall include the nature of the complaint and the actions taken to address the complaint. On an annual basis, the Jail Commander should audit the log and send an audit report to the Sheriff or the authorized designee.

122.5 ADMINISTRATIVE INVESTIGATIONS

Allegations of misconduct will be administratively investigated as follows.

122.5.1 SUPERVISOR RESPONSIBILITIES

In general, the primary responsibility for the investigation of a personnel complaint shall rest with the member's immediate supervisor, unless the supervisor is the complainant, or the supervisor is the ultimate decision-maker regarding disciplinary action or has any personal involvement regarding the alleged misconduct. The Sheriff or the authorized designee may direct that another supervisor investigate any complaint.

A supervisor who becomes aware of alleged misconduct shall take reasonable steps to prevent aggravation of the situation.

The responsibilities of supervisors include but are not limited to:

- (a) Ensuring that upon receiving or initiating any formal complaint, a complaint form is completed.
 - 1. The original complaint form will be directed to the Supervisor of the accused member, via the chain of command, who will take appropriate action and/or determine who will have responsibility for the investigation.
 - 2. In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant

is at issue, a supervisor shall orally report the matter to the member's Jail Commander or the Sheriff, who will initiate appropriate action.

- (b) Responding to all complainants in a courteous and professional manner.
- (c) Resolving those personnel complaints that can be resolved immediately.
 - 1. Follow-up contact with the complainant should be made within 24 hours of the Office receiving the complaint.
 - 2. If the matter is resolved and no further action is required, the supervisor will note the resolution on a complaint form and forward the form to the Supervisor.
- (d) Ensuring that upon receipt of a complaint involving allegations of a potentially serious nature, the Supervisor and the Sheriff are notified via the chain of command as soon as practicable.
- (e) Promptly contacting the Personnel Department and the Supervisor for direction regarding the supervisor's role in addressing a complaint that relates to sexual, racial, ethnic, or other forms of prohibited harassment or discrimination.
- (f) Forwarding unresolved personnel complaints to the Supervisor, who will determine whether to contact the complainant or assign the complaint for investigation.
- (g) Informing the complainant of the investigator's name and the complaint number within three days after assignment.
- (h) Investigating a complaint as follows:
 - 1. Making reasonable efforts to obtain names, addresses, and telephone numbers of witnesses.
 - 2. When appropriate, ensuring immediate medical attention is provided and photographs of alleged injuries and accessible uninjured areas are taken.
- (i) Ensuring that the procedural rights of the accused member are followed (Government Code § 3303 et seq.).
- (j) Ensuring interviews of the complainant are generally conducted during reasonable hours.

122.5.2 ADMINISTRATIVE INVESTIGATION PROCEDURES

Whether conducted by a supervisor or a member of the Internal Affairs Unit, the following applies to members covered by the Public Safety Officers Procedural Bill of Rights Act (POBR) (Government Code § 3303):

- (a) Interviews of an accused member shall be conducted during reasonable hours and preferably when the member is on-duty. If the member is off-duty, the member shall be compensated.
- (b) Unless waived by the member, interviews of an accused member shall be at the Inyo County Sheriff Department or other reasonable and appropriate place.
- (c) No more than two interviewers should ask questions of an accused member.

- (d) Prior to any interview, a member shall be informed of the nature of the investigation, the name, rank, and command of the correctional officer in charge of the investigation, the interviewing officers, and all other persons to be present during the interview.
- (e) All interviews should be for a reasonable period and the member's personal needs should be accommodated.
- (f) No member should be subjected to offensive or threatening language, nor shall any promises, rewards, or other inducements be used to obtain answers.
- (g) Any member refusing to answer questions directly related to the investigation may be ordered to answer questions administratively and may be subject to discipline for failing to do so.
 - 1. A member should be given an order to answer questions in an administrative investigation that might incriminate the member in a criminal matter only after the member has been given a *Lybarger* advisement. Administrative investigators should consider the impact that compelling a statement from the member may have on any related criminal investigation and should take reasonable steps to avoid creating any foreseeable conflicts between the two related investigations. This may include conferring with the person in charge of the criminal investigation (e.g., discussion of processes, timing, implications).
 - 2. No information or evidence administratively coerced from a member may be provided to anyone involved in conducting the criminal investigation or to any prosecutor.
- (h) The interviewer should record all interviews of members and witnesses. The member may also record the interview. If the member has been previously interviewed, a copy of that recorded interview shall be provided to the member prior to any subsequent interview.
- (i) All members subjected to interviews that could result in discipline have the right to have an uninvolved representative present during the interview. However, in order to maintain the integrity of each individual's statement, involved members shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
- (j) All members shall provide complete and truthful responses to questions posed during interviews.
- (k) No member may be requested or compelled to submit to a polygraph examination, nor shall any refusal to submit to such examination be mentioned in any investigation (Government Code § 3307).

No investigation shall be undertaken against any correctional officer solely because the correctional officer has been placed on a prosecutor's *Brady* list or the name of the correctional officer may otherwise be subject to disclosure pursuant to *Brady v. Maryland*. However, an investigation may be based on the underlying acts or omissions for which the correctional officer has been placed on a *Brady* list or may otherwise be subject to disclosure pursuant to *Brady v. Maryland* (Government Code § 3305.5).

122.5.3 DISPOSITIONS

Each personnel complaint shall be classified with one of the following dispositions:

Unfounded - When the investigation discloses that the alleged acts did not occur or did not involve office members. Complaints that are determined to be frivolous will fall within the classification of unfounded (Penal Code § 832.8).

Exonerated - When the investigation discloses that the alleged act occurred but that the act was justified, lawful, and/or proper.

Not sustained - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the member.

Sustained - A final determination by an investigating agency, commission, board, hearing officer, or arbitrator, as applicable, following an investigation and opportunity for an administrative appeal pursuant to Government Code § 3304 and Government Code § 3304.5 that the actions of a correctional officer were found to violate law or office policy (Penal Code § 832.8).

If an investigation discloses misconduct or improper job performance that was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations.

122.5.4 COMPLETION OF INVESTIGATIONS

Every investigator or supervisor assigned to investigate a personnel complaint or other alleged misconduct shall proceed with due diligence in an effort to complete the investigation within one year from the date of discovery by an individual authorized to initiate an investigation (Government Code § 3304).

In the event that an investigation cannot be completed within one year of discovery, the assigned investigator or supervisor shall ensure that an extension or delay is warranted within the exceptions set forth in Government Code § 3304(d) or Government Code § 3508.1.

122.5.5 NOTICE TO COMPLAINANT OF INVESTIGATION STATUS

The member conducting the investigation should provide the complainant with periodic updates on the status of the investigation, as appropriate.

122.6 ADMINISTRATIVE SEARCHES

Assigned lockers, storage spaces, and other areas, including desks, offices, and vehicles, may be searched as part of an administrative investigation upon a reasonable suspicion of misconduct.

Such areas may also be searched any time by a supervisor for non-investigative purposes, such as obtaining a needed report, radio, or other document or equipment.

Lockers and storage spaces may only be administratively searched in the member's presence, with the member's consent, with a valid search warrant, or where the member has been given reasonable notice that the search will take place (Government Code § 3309).

- (b) Shall be required to continue to comply with all policies and lawful orders of a supervisor.

Where a member is accused of potential criminal conduct, a separate supervisor or investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Sheriff shall be notified as soon as practicable when a member is accused of criminal conduct. The Sheriff may request a criminal investigation by an outside law enforcement agency.

A member accused of criminal conduct shall be advised of the member's constitutional rights (Government Code § 3303(h)). The member should not be administratively ordered to provide any information in the criminal investigation.

The Inyo County Sheriff Department may release information concerning the arrest or detention of any member, including a correctional officer, that has not led to a conviction. No disciplinary action should be taken until an independent administrative investigation is conducted.

122.9 POST-ADMINISTRATIVE INVESTIGATION PROCEDURES

Upon completion of a formal investigation, an investigation report should be forwarded to the Sheriff through the chain of command. The Sheriff may accept or modify any classification or recommendation for disciplinary action.

122.9.1 SHERIFF RESPONSIBILITIES

Upon receipt of any written recommendation for disciplinary action, the Sheriff shall review the recommendation and all accompanying materials. The Sheriff may modify any recommendation and/or may return the file to the Jail Commander for further investigation or action.

Once the Sheriff is satisfied that no further investigation or action is required by staff, the Sheriff shall determine the amount of discipline, if any, that should be imposed. In the event disciplinary action is proposed, the Sheriff shall provide the member with a pre-disciplinary procedural due process hearing (*Skelly*) by providing written notice of the charges, proposed action, and reasons for the proposed action. Written notice shall be provided within one year from the date of discovery of the misconduct (Government Code § 3304(d)). The Sheriff shall also provide the member with:

- (a) Access to all of the materials considered by the Sheriff in recommending the proposed discipline.
- (b) An opportunity to respond orally or in writing to the Sheriff within five days of receiving the notice.
 - 1. Upon a showing of good cause by the member, the Sheriff may grant a reasonable extension of time for the member to respond.
 - 2. If the member elects to respond orally, the presentation may be recorded by the Office. Upon request, the member shall be provided with a copy of the recording.

Once the member has completed a response, or if the member has elected to waive any such response, the Sheriff shall consider all information received in regard to the recommended discipline. The Sheriff shall render a timely written decision to the member and specify the grounds and reasons for discipline and the effective date of the discipline. Once the Sheriff has issued a written decision, the discipline shall become effective.

122.9.2 NOTICE OF FINAL DISPOSITION TO THE COMPLAINANT

The Sheriff or the authorized designee shall ensure that the complainant is notified of the disposition (i.e., sustained, not sustained, exonerated, unfounded) of the complaint (Penal Code § 832.7(f)).

122.9.3 NOTICE REQUIREMENTS

The disposition of any civilian's complaint shall be released to the complaining party within 30 days of the final disposition. This release shall not include what discipline, if any was imposed (Penal Code § 832.7(f)).

122.10 PRE-DISCIPLINE EMPLOYEE RESPONSE

The pre-discipline process is intended to provide the accused employee with an opportunity to present a written or oral response to the Sheriff after having had an opportunity to review the supporting materials and prior to imposition of any recommended discipline. The employee shall consider the following:

- (a) The response is not intended to be an adversarial or formal hearing.

- (d) In the event that the Sheriff elects to conduct further investigation, the employee shall be provided with the results prior to the imposition of any discipline.
- (e) The employee may thereafter have the opportunity to further respond orally or in writing to the Sheriff on the limited issues of information raised in any subsequent materials.

122.11 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE

In the event that a member tenders a written resignation or notice of retirement prior to the imposition of discipline, it shall be noted in the file. 122.12 POST-DISCIPLINE APPEAL RIGHTS

Non-probationary employees have the right to appeal a suspension without pay, punitive transfer, demotion, reduction in pay or step, or termination from employment. In the event of punitive action against an employee covered by the POBR, the appeal process shall be in compliance with Government Code § 3304 and Government Code § 3304.5.

During any administrative appeal, evidence that a correctional officer has been placed on a *Brady* list or is otherwise subject to *Brady* restrictions may not be introduced unless the underlying allegations of misconduct have been independently established. Thereafter, such *Brady* evidence shall be limited to determining the appropriateness of the penalty (Government Code § 3305.5).

122.14 PROBATIONARY EMPLOYEES AND OTHER MEMBERS

At-will and probationary employees and those members other than non-probationary employees may be released from employment for non-disciplinary reasons (e.g., failure to meet standards) without adherence to any of the procedures set forth in this policy or any right to appeal. However, any probationary correctional officer subjected to an investigation into allegations of misconduct shall be entitled to those procedural rights, as applicable, set forth in the POBR (Government Code § 3303; Government Code § 3304).

At-will, probationary employees and those other than non-probationary employees subjected to discipline or termination as a result of allegations of misconduct shall not be deemed to have acquired a property interest in their position, but shall be given the opportunity to appear before the Sheriff or the authorized designee for a non-evidentiary hearing for the sole purpose of attempting

Anti-Retaliation

123.1 PURPOSE AND SCOPE

This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement, or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety, or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members' access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, state and local law, ordinance, or memorandum of understanding.

123.2 POLICY

The Inyo County Sheriff Department has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

123.3 RETALIATION PROHIBITED

No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory, or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:

- Refusing to hire or denying a promotion.
- Extending the probationary period.
- Unjustified reassignment of duties or change of work schedule.
- Real or implied threats or other forms of intimidation to dissuade the reporting of wrongdoing or filing of a complaint, or as a consequence of having reported or participated in protected activity.
- Taking unwarranted disciplinary action.
- Spreading rumors about the person filing the complaint or about the alleged wrongdoing.
- Shunning or unreasonably avoiding a person because the person has engaged in protected activity.

123.3.1 RETALIATION PROHIBITED FOR REPORTING VIOLATIONS

A correctional officer shall not be retaliated against for reporting a suspected violation of a law or regulation by another correctional officer to a supervisor or other person in the Office who has the authority to investigate the violation (Government Code § 7286 (b)).

123.4 COMPLAINTS OF RETALIATION

Any members who feel they have been retaliated against in violation of this policy should promptly report the matter to any supervisor, any command staff member, the Sheriff, or the county Personnel Director.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false or with willful or reckless disregard for the truth or falsity of the information, or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member's identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member are part of the investigative process.

123.5 SUPERVISOR RESPONSIBILITIES

Supervisors are expected to remain familiar with this policy and ensure that members under their command are aware of its provisions.

Drug- and Alcohol-Free Workplace

200.1 PURPOSE AND SCOPE

The intent of this policy is to deter the misuse or abuse of legal or illegal substances that create a threat to the safety and health of any employee or member of the public. The Inyo County Sheriff's Office discourages alcohol and drug abuse and strives to achieve a work force free from the influence of drugs and alcohol. The County has adopted a County Alcohol and Drug Abuse Policy, last amended in 1991. If any provision in this manual conflicts with the County's Policy, the County Policy shall prevail.

200.2 POLICY

It is the policy of this office to provide a drug- and alcohol-free workplace for all members.

200.3 GENERAL GUIDELINES

Alcohol and drug use in the workplace or on office time can endanger the health and safety of office members and the public.

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Supervisor or appropriate supervisor as soon as the member is aware that the member will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, the member shall be immediately removed and released from work (see the Work Restrictions section in this policy).

200.3.1 USE OF MEDICATIONS

Members should not use any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to the member's immediate supervisor prior to commencing any on-duty status.

200.3.2 USE OF PRESCRIBED MEDICATIONS

Possession of medical marijuana or being under the influence of marijuana on- or off-duty is prohibited and may lead to disciplinary action. Any member who is required to take any medication with side effects which might impair his/her ability to fully and safely perform all requirements of the position shall report the need for such medication to the immediate supervisor. No member shall be permitted to work or drive office-owned or leased vehicles while taking such potentially impairing medication without a written release from a physician.

Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing, or using controlled substances or alcohol on office premises or on office time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow on-duty member is impaired due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

200.5 EMPLOYEE ASSISTANCE PROGRAM

There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Personnel Department, their insurance providers, or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

200.6 WORK RESTRICTIONS

If any personnel inform a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with the safe and efficient performance of his/her duties, the employee may be required to obtain clearance from his/her physician before he/she continues to work.

If a supervisor reasonably believes, based upon objective facts, that any person's ability to perform his/her duties safely and efficiently may be impaired by the consumption of alcohol or other drugs, the supervisor may ask the person whether he/she has consumed any alcohol or other drugs and, if so the amount and type of alcohol or other drug consumed and the time of consumption, and the name of the person who prescribed the controlled substance.

If the supervisor reasonably believes, based on objective facts, that a person is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the person from continuing work and shall transport him/her or cause him/her to be transported safely away from the Department.

Supervision of Incarcerated Persons

204.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure the safety and security of the facility through the application of appropriate staffing levels.

204.2 POLICY

It is the policy of this facility to provide for the safety and security of citizens, staff and incarcerated persons through appropriate staffing levels that are sufficient to operate the facility and perform functions related to the safety, security, custody, and supervision of incarcerated persons.

204.3 SUPERVISION OF INCARCERATED PERSONS

There shall be, at all times, sufficient staff designated to remain in the facility for the supervision and welfare of incarcerated persons, to ensure the implementation and operation of all programs and activities as required by Title 15 CCR Minimum Jail Standards, and to respond to emergencies when needed. Such staff must not leave the facility while incarcerated persons are present and should not be assigned duties that could conflict with the supervision of incarcerated persons (15 CCR 1027).

When a person from each gender is being held at this facility, a minimum of one correctional officer from each gender should be on-duty in the jail at all times.

Staff members shall not be placed in positions of responsibility for the supervision and welfare of incarcerated persons of the opposite gender in circumstances that can be described as an invasion of privacy or that may be degrading or humiliating to the incarcerated persons.

To the extent reasonably practicable, incarcerated person bathrooms will contain modesty screens that preserve privacy without creating areas that cannot be properly supervised.

The Jail Commander or the authorized designee shall be responsible for developing staffing plans to comply with this policy. Records of staff deployment should be maintained in accordance with established records retention schedules (Penal Code § 4021; 15 CCR 1027).

204.4 SEPARATION OF DUTIES

Maintenance personnel are employed to perform preventive, routine, and emergency maintenance functions. Custody staff will not be given physical plant maintenance duties that distract from their primary responsibility of supervising incarcerated persons.

Prohibition on Incarcerated Person Control

206.1 PURPOSE AND SCOPE

The purpose of this policy is to define the requirement that staff should at all times exercise control of the incarcerated person population under their supervision and should prevent incarcerated persons from controlling other incarcerated persons within the facility.

206.2 POLICY

All staff, including support staff, contractors, and volunteers should exercise control and supervision of all incarcerated persons under their control. It is the policy of this office to prohibit any staff member to implicitly allow, or by dereliction of duty allow, any incarcerated person or group of incarcerated persons to exert authority over any other incarcerated person (Penal Code § 4019.5; 15 CCR 1083(b)).

Equipment Inventory and Supplies

208.1 PURPOSE AND SCOPE

This facility must have the materials, supplies and equipment that are necessary to maintain effective and efficient operations. This policy establishes responsibilities and requirements for purchasing, storing, and inventory of those items.

208.2 POLICY

The Jail Commander shall ensure that all jail property including fixed assets and supplies are procured pursuant to the Inyo County Purchasing and Contracting Policy and Procedures as required by Inyo County Code Title 6. A copy of the Inyo County Policy and Procedure Manual is located in the office of the Assistant to the Sheriff.

The Jail Commander, along with the Assistant to the Sheriff, is responsible for managing the purchasing process to ensure that amounts and types of purchases fall within budget parameters. The Jail Sergeant may assign purchasing duties to a sworn or non-sworn staff member. That designee shall work closely with the Sheriff's Administrative Staff and the county Purchasing Officer.

The Inyo County Sheriff's Office maintains secure storage areas for the purpose of storing supplies and equipment. All other equipment, specific to the jail shall be stored in the appropriate storage locations. The Jail Sergeant or his designee shall maintain oversight of these locations. Under no circumstances shall firearms be stored within the jail facility.

The Jail Commander or authorized designee will conduct an audit on all supplies and equipment annually. All losses will be reported by the Sheriff to the County Administrator. The Auditor's Office may also conduct an interim audit on all fixed assets in order to maintain a complete and accurate accounting of equipment and its location.

Tool and Culinary Equipment

210.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a tightly controlled process for the use of tools and culinary equipment in order to reduce the risk of such items becoming weapons for the incarcerated person population. While there are times that specific incarcerated workers may need to possess tools or equipment for legitimate daily operations, the possession and use of those tools must be carefully monitored and controlled by staff (15 CCR 1029(a)(6)).

210.2 POLICY

It is the policy of this facility to securely store, inventory, control and monitor the use of tools and culinary equipment to ensure accountability and the secure use of these items (15 CCR 1029(a)(6)).

210.2.1 CUSTODY TOOLS

Tools include all implements that are maintained within the secure perimeter of the facility to complete specific tasks. These tools include, but are not limited to, mops, brooms, dustpans and floor polishers.

Any time tools are brought into a secure area where inmates are present, staff supervising the area shall count the number of tools brought in to ensure that the same number of tools is taken out.

Any tool that is used within the secure perimeter of the facility must be closely monitored and controlled by the staff supervising the area so that it cannot be used as a weapon (15 CCR 1029(a)(6)). Inmates who are assigned tasks that require these tools shall be closely supervised.

An inventory of all tools used and stored within the secure perimeter of the facility shall be developed and maintained by the Jail Supervisor or his designee. Tools will be inventoried by an assigned staff member at least once every 24 hours. The loss of any tool will be immediately reported to the on-duty supervisor, who shall initiate immediate action to locate or account for the missing tool, including:

- (a) Detaining and searching any inmate who had access to the tool.
- (b) Conducting a thorough search of the immediate area for the missing item.
- (c) Initiating a facility-wide search.

The staff member responsible for the supervision of the use of the missing tool will prepare and submit a report to his immediate supervisor documenting the specific tool that is missing and the circumstances of the disappearance. The report will be forwarded to the Jail Commander. All staff members involved in the search will submit a report to the on-duty supervisor documenting their findings.

When it is necessary to complete a task in an area where inmates are present, the inmates shall be locked down by staff supervising the area.

When the person has finished working in the area, a correctional officer will ensure that all tools are accounted for. In the event of a discrepancy, the on-duty supervisor shall be immediately notified and appropriate action taken to locate or account for the items. Once all tools have been accounted for, the inmates may be released from lockdown.

In the event that an exterior-use tool is missing, the correctional officer shall immediately notify a supervisor. A thorough search for the tool will be undertaken and an incident report shall be completed. Inmates may only be released from their work assignments when it has been determined that it is safe to do so, and upon the approval of the supervisor. The incident report with all relevant information shall be forwarded to the Jail Commander.

210.2.4 KITCHEN EQUIPMENT

Culinary tools are located in the kitchen and include common tools used in the preparation, service and delivery of meals.

The loss of any tool will be immediately reported to the on-duty supervisor, who shall initiate immediate action to locate or account for the missing tool, including:

- (a) Detaining and searching any incarcerated person who had access to the tool.
- (b) Conducting a thorough search of the immediate area for the missing item.
- (c) Initiating a facility-wide search.

The staff member responsible for the supervision of the use of the missing tool will prepare and submit a report to the Supervisor documenting the specific tool that is missing and the circumstances of the disappearance. The report will be forwarded to the Jail Commander. A report identifying all members involved in the search should be submitted to the on-duty supervisor documenting their findings.

210.4 MAINTENANCE OR CONSTRUCTION TOOLS

Maintenance or construction tools are those tools and equipment that are brought into and out of the secure perimeter of the facility by employees or contractors to facilitate repairs or construction of the physical plant. Only the tools and equipment needed specifically for the intended work will be permitted into the facility. All tools and equipment will be inventoried and a list of the tools will be provided to the control booth prior to any tools or equipment being brought inside the secure perimeter.

A staff member will check the tools being brought into this facility against the inventory list. Prior to entering the secure perimeter of the facility, the contractor shall be instructed to maintain personal possession of the tools at all times. When it is necessary to complete a task in an area where incarcerated persons are present, the incarcerated persons shall be locked down by staff supervising the area.

When the person has finished working in the area, a correctional officer will ensure that all tools are accounted for by checking the tool inventory. In the event of a discrepancy, the on-duty supervisor shall be immediately notified and appropriate action taken to locate or account for the items. Once all tools have been accounted for, the incarcerated persons may be released from lockdown.

210.5 EXTERIOR-USE TOOLS

Exterior-use tools are those that are used by incarcerated workers outside of the secure perimeter. These tools include but are not limited to the following:

- Handheld tools
- Power tools
- Landscape maintenance tools

- Farm equipment

Only incarcerated workers who are classified to work outside the secure perimeter of the facility will be allowed to possess exterior-use tools. The correctional officer responsible for supervising incarcerated workers on outside work crews will inventory all tools assigned for this purpose at the beginning of the shift.

Any tool issued to an incarcerated worker will be logged with the incarcerated worker's name, the tool type, and serial number documented. When an incarcerated worker is finished with that tool, the responsible staff member shall check the tool against the check-out log and document its return. Incarcerated workers shall not be permitted to pass tools between each other except under the direct supervision of a correctional officer.

All tools will be checked in and noted on the log and returned to the tool storage area at the end of each shift. Until all tools are accounted for, incarcerated workers should not be released from the work assignment.

In the event that an exterior-use tool is missing, the correctional officer shall immediately notify a supervisor. A thorough search for the tool will be undertaken and an incident report shall be completed. Incarcerated workers may only be released from their work assignments when it has been determined that it is safe to do so, and upon the approval of the supervisor. The incident report with all relevant information shall be forwarded to the Jail Commander.

210.6 KITCHEN EQUIPMENT

Culinary tools are located in the kitchen and include common tools used in the preparation, service, and delivery of meals.

All kitchen knives or metal tools with sharp edges shall be stored in a locked cabinet. There shall be an outline of the tool's assigned location in the cabinet so that any tool missing from the cabinet can be easily identified. When in use, all knives shall be tethered to the work area. All tools shall be returned to the secure cabinet when not in use.

The correctional officer assigned to the kitchen shall inventory all kitchen tools at the beginning of their shift and prior to the arrival of incarcerated workers. Kitchen tools will only be issued to incarcerated persons who have been classified as incarcerated workers. Staff will supervise incarcerated workers at all times when they are using tools.

Each tool issued will be assigned to an individual incarcerated worker and logged. The incarcerated worker's name and the tool type will be documented. When an incarcerated worker is finished with a tool, the tool shall be checked in with the correctional officer and documented. Incarcerated workers shall not be permitted to pass tools between each other except under the direct supervision of a correctional officer.

All tools will be returned to the kitchen tool cabinet at the end of each shift and must be accounted for prior to any incarcerated worker being released from the work assignment.

The incident report with all relevant information shall be forwarded to the Jail Commander.

210.7 SERVING AND INDIVIDUAL EATING TOOLS

Serving tools and individual eating tools are those culinary tools located outside of the kitchen. Only incarcerated workers who are assigned to serve food shall be in control of serving tools. These tools shall be assigned to each incarcerated worker by the kitchen correctional officer prior to leaving the kitchen. The tool type shall be documented. Upon returning to the kitchen from serving meals, the incarcerated workers shall individually check their tools in with the kitchen correctional officer, who shall document each one.

In the event that a serving tool is missing, the kitchen correctional officer shall notify a supervisor and a search for the tool shall be initiated.

Eating utensils (forks/spoons/sporks) shall be counted by the correctional officer supervising the meal service prior to and at the completion of each meal. In the event that a utensil is missing, the housing unit shall be immediately locked down and a supervisor notified. A thorough search of the housing unit shall be initiated to locate the tool.

Disposition of Evidence

212.1 PURPOSE AND SCOPE

The purpose of this policy is to provide direction regarding the proper handling and disposition of contraband and evidence to ensure that the chain of custody is maintained so that evidence is admissible in a court of law or disciplinary hearing.

212.2 POLICY

- (a) Unload any firearm located in the approved loading/unloading area outside of the facility. If it is a revolver, the cylinder should be left open. If it is a semi-automatic pistol, the magazine shall be removed and the slide locked back in an open position. The cartridges and/or magazine will be packaged separately and booked with the firearm.
- (b) Sheath any knife or other stabbing instrument in its holster (if any), or attach (tape) stiff cardboard to completely cover the blade.
- (c) Place needles, such as syringes, into a hard plastic container that cannot be punctured by the needle.
- (d) If the contraband is a suspected "home brew" alcoholic beverage, the handling correctional officer shall place a sample of the liquid in a plastic container that can be safely sealed. The remainder of the liquid will be treated as a biohazard and carefully disposed of as recommended by the environmental health official.

212.4 PROPERTY BOOKING PROCEDURE

All property shall be booked prior to the employee going off-duty unless otherwise approved by a supervisor. Employees booking property shall observe the following guidelines:

Any changes in the location of property held by the Office shall be noted in the property log book.

212.4.4 PROPERTY CONTROL

Every time property is released or received, an appropriate entry on the evidence package and property control card shall be completed to maintain the chain of custody. The evidence technician releasing the evidence must complete the required information on the property control card. The lab forms will be transported with the property to the examining laboratory. Upon delivering the item, the correctional officer will record the delivery time on both copies and indicate the locker in which the item was placed or the employee to whom it was delivered. The original copy of the lab form will remain with the evidence and the copy will be returned to the Records Section for filing with the case.

212.4.6 STATUS OF PROPERTY

Each person receiving property will make the appropriate entry to document the chain of custody. Temporary release of property to a law enforcement authority for investigative purposes or for court shall be noted on the property control card, stating the date, time and to whom it was released.

The evidence technician shall obtain the signature of the person to whom the property was released and the reason for release. Any employee receiving property shall be responsible for such property until it is returned to property or released to another authorized person or entity.

All reasonable attempts should be made to return unclaimed property, found property, or evidence not needed for an investigation.

Release of property shall be made upon receipt of an authorized release form. The release authorization shall be signed by the approving staff member and must match the items listed on the property form or must specify the items to be released. A signature of the person receiving the property shall be recorded on the original property form. Upon release, the proper entry shall be documented on the property control card log and related forms.

The Property supervisor shall ensure that all cash not needed as evidence or funds that are left unclaimed by an incarcerated person, are transferred as soon as practical to the Auditor's Office. A record of the transfer shall be kept in the appropriate incarcerated person file.

The Property supervisor or the authorized designee shall submit a report of presumed abandoned property or funds once a year to the Sheriff and the Auditor's Office, or more frequently as directed. The Property supervisor may dispose of property in compliance with existing laws upon receipt of proper authorization from the Sheriff.

Found property and property held for safekeeping shall be held for a minimum of 90 days during which time the evidence technician shall attempt to contact the rightful owner if sufficient identifying information is available. If no person appears to prove rightful ownership of the property during this period, the Office shall publish notice of its possession of any property valued at \$250 or more

If such property is not sold at auction or otherwise lawfully claimed, it may thereafter be destroyed in accordance with applicable law. The final disposition of all such property shall be fully documented in related reports.

The evidence technician shall release the property upon proper identification presented by the person receiving the property for which an authorized release has been received. A signature of the person receiving the property shall be recorded on the original property form. Upon release, the proper entry shall be documented in the property log.

After release of all property listed on the property control card, the card shall be forwarded to the Records Section for filing with the case. If some items have not been released, the property card will remain in the property section.

Property personnel shall make reasonable efforts to attempt to contact the owner when known. Property not held for any other purpose and not claimed within 90 days after notification (or receipt, if notification is not feasible) may be auctioned to the highest bidder at a properly published public auction. If such property is not sold at auction or otherwise lawfully claimed, it may thereafter be destroyed (Civil Code § 2080.6). The final disposition of all such property shall be fully documented on the property control card and in any related reports (Civil Code § 2080.6).

212.7 UNCLAIMED MONEY

Except as otherwise provided by law, money, excluding restitution to victims, that is in the custody of this office and is no longer needed as evidence, and that remains unclaimed after three years, will be transferred to the general fund after proper notice has been given. Before transferring the money to the general fund, the Office shall publish a notice each week for a period of two consecutive weeks in a local newspaper of general circulation, in accordance with all laws, ordinances and regulations (Government Code § 50050 et seq.). Such notice shall state the amount of money, the fund in which it is held and that the money will become the property of the office on a designated date, between 45 days and 60 days after the first publication of the notice (Government Code § 50051).

Report Preparation

219.1 PURPOSE AND SCOPE

Report preparation is a major part of each correctional officer's job. The purpose of these reports is to document incidents at the facility, refresh the correctional officer's memory, and provide sufficient information for a follow-up investigation and successful prosecution or a disciplinary proceeding. Report writing is the subject of substantial formal and on-the-job training.

219.2 REPORT PREPARATION

Employees should ensure that reports are sufficiently detailed for their purpose and free from errors prior to submission. Reports shall be prepared by the staff assigned to investigate or document an incident, approved by a supervisor and submitted to the Jail Commander or the authorized designee in a timely manner (15 CCR 1044). Reports relating to any incident resulting in death, serious injury or endangerment to staff, incarcerated person, or a visitor; an escape; a major disturbance; a facility emergency, or an unsafe condition at the facility shall be submitted to the Jail Commander as soon as practicable but within 24 hours of the incident. It is the responsibility of the assigned employee to ensure that all the above listed reports meet this requirement or that supervisory approval has been obtained to delay the report. The supervisor must determine whether the report will be available in time for appropriate action to be taken, such as administrative notifications or resolution, investigative leads, or an incarcerated person disciplinary proceeding.

Handwritten reports must be prepared legibly. If the report is not prepared legibly, the employee shall be required by the reviewing supervisor to promptly correct the report. 219.3.2 INCIDENT REPORTING

Incident reports generally serve as an in-house notation of occurrences in the facility and to initiate, document, and support the incarcerated person disciplinary process. The Office shall establish a

Key and Electronic Access Device Control

221.1 PURPOSE AND SCOPE

The control and accountability of facility keys and electronic access devices are vital factors in maintaining a safe and secure environment for incarcerated persons, staff, volunteers, contractors, and the public (15 CCR 1029(a)(6)). This policy outlines the methods that the Office will use in maintaining strict security of its keys and electronic access devices. For ease of reference, the term "key" as used in this policy includes all physical means of access to or exit from the secure areas of the facility.

221.2 POLICY

It is the policy of this office that all keys used to access secure areas of the facility or to exit the secure areas of the facility are strictly controlled. Employees and supervisors will be held accountable for the security and safety of the facility. All key control activities shall be accurately documented on a daily basis (15 CCR 1029(a)(6)).

221.2.1 KEY IDENTIFICATION

All keys that open any doors within the facility shall be marked with unique identification codes that will allow for quick inventory. Keys that are bundled together as a set shall be numbered or coded with a tag to identify that set and the number of keys on the ring. The identifying numbers or code on keys shall not correspond to numbers/codes on locks.

A separate secure document identifying all keys will be maintained by the central control supervisor.

221.2.2 KEYSSET CONTENTS

Keysets issued to staff for use within the secure perimeter of the facility shall not contain any key that would permit access to areas outside the secure perimeter. The armory key shall not be permitted inside the secure perimeter. Exterior door keys shall not be permitted inside the facility except during an emergency requiring access to the exterior doors.

221.2.3 KEY CONTROL

All facility keys shall be maintained in a locked key box within the Tower room. This room shall have controlled access for staff only. Each person assigned to the facility shall be issued a numbered keyset. Keysets will be logged by the tower officer to maintain a record of which employee has which set. At the end of a shift, employees shall exchange keysets with the oncoming shift or return them to the tower

Employees shall not duplicate, mark, alter or manufacture any key without written authorization from the Jail Commander or the authorized designee.

The tower officer shall, at the beginning and end of their respective shifts, inventory the key box and its contents. All keys must be accounted for before the end of each shift.

Under no circumstances will security keys be made available to inmates regardless of their status.

221.2.4 LOCK POLICY

All security perimeter entrances, Tower doors and cell doors shall be kept locked, except when used for admission or exit of employees, inmates or visitors, and in an emergency. Operators of sallyports shall ensure that only one of the doors of a sallyport is opened at any time for entry or exit purposes, except where the entry or exit of emergency personnel requires the operator to override the doors and allow for rapid entry or exit.

221.2.5 TESTING

Locks to security doors or gates shall be tested for proper function to ensure proper operation. Locks to security doors or gates that are not functioning properly shall be reported to the supervisor.

221.2.6 EXTERIOR DOOR AND ARMORY KEYS

221.2.7 MISSING KEYS

Any staff member who discovers that a key or keyset is missing shall immediately make a verbal report to a supervisor and shall prepare a written incident report as directed by the supervisor. The supervisor shall immediately initiate a search for the missing key. If a reasonable effort to locate the key fails, the supervisor shall order a lockdown of the facility. All inmates shall be locked in their cells/housing units. Inmates shall not be allowed to pass into or out of the facility without being thoroughly searched for the missing key. The supervisor shall, as soon as practicable, notify the Jail Commander regarding the loss of the key, when it was discovered and the circumstances involved.

A methodical and thorough search of the entire facility will be made by the on-duty staff.

Additional staff may be called to assist with the search. If, after a thorough search, the key or keyset is not located, the Jail Commander will determine whether to re-key any locks that may have been compromised, and whether this should be done immediately.

The Jail Commander shall initiate an investigation into the disappearance of the keys to reexamine the procedures for key control, and shall notify the Sheriff of his/her findings. Based upon the findings of the investigation and any recommendations, the procedures governing this policy may be amended.

221.2.8 DAMAGED KEYS OR LOCK

Damaged keys or locks shall be promptly reported to a supervisor. No part of a broken key shall be left in the lock. All portions of the damaged key must be turned in to the Supervisor, who will ensure duplicate keys are provided as needed. Damaged locks shall be replaced or repaired as soon as practicable. Appropriate security measures shall be taken until such time as the lock is properly restored. No lock to a security door or gate shall be permitted to be inoperable or left

in an unsuitable condition. No inmate shall be secured in a cell, detention room or area that has inoperable locks.

221.3 KEY CONTROL RECORDS

A shift roster will be maintained for the accounting and security of all key sets. Each shift is responsible for reporting any key malfunctions or missing key sets. Key control measures shall be documented by the control room staff on logs and forms, and the records retained in accordance with established records retention schedules.

221.4 ELECTRONIC ACCESS DEVICES

Proximity cards, fobs, or other devices may be issued to staff to allow access to restricted or controlled areas of the facility. In the event of a lost or stolen device, an employee shall notify their supervisor as soon as it is known the device is missing. The device shall be immediately deactivated to prevent unauthorized use.

221.5 KEY CONTROL

All facility keys shall be maintained in a locked key box within the Tower room. This room shall have controlled access for staff only. Each person assigned to the facility shall be issued key tags bearing their employee number. Key sets will be exchanged for key tags to maintain a record of which employee has which set. At the end of a shift, employees shall exchange all keys for their key tags.

Under no circumstances shall an employee pass a key or key set to another employee. All keys must be checked out through the control process. Employees shall not possess any key for which they have not been authorized.

Employees shall not duplicate, mark, alter, or manufacture any key without written authorization from the Jail Commander or the authorized designee.

Tower staff shall, at the beginning and end of their respective shifts, inventory the key box and its contents. All keys must be accounted for before the end of shift.

Under no circumstances will security keys be made available to incarcerated persons regardless of their status.

221.6 LOCK POLICY

All security perimeter entrances, Tower doors and cell doors shall be kept locked, except when used for admission or exit of employees, incarcerated persons, or visitors, and in an emergency. Operators of sallyports shall ensure that only one of the doors of a sallyport is opened at any time for entry or exit purposes, except where the entry or exit of emergency personnel requires the operator to override the doors and allow for rapid entry or exit. Each time the override function is engaged, the officer must submit a written report to the on-duty supervisor prior to the end of their shift.

221.7 TESTING

The Supervisor shall ensure locks to security doors or gates are tested for proper function at least weekly to ensure proper operation. This testing shall be documented and a weekly report forwarded to the facility administrator.

221.8 EMERGENCY KEY SET

At least one key set containing every key for the facility shall be kept separate from all other key sets in a secure location and made accessible only to the Jail Commander, the Supervisor, the supervisor, or the authorized designee in the event of an emergency.

221.9 MISSING KEYS

Any staff member who discovers that a key or key set is missing shall immediately make a verbal report to a supervisor and shall prepare a written incident report as directed by the supervisor. The supervisor shall immediately initiate a search for the missing key. If a reasonable effort to locate the key fails, the supervisor shall order a lockdown of the facility. All incarcerated persons shall be locked in their cells/housing units and a headcount conducted. Incarcerated persons shall not be allowed to pass into or out of the facility without being thoroughly searched for the missing key. The supervisor shall, as soon as practicable, notify the Jail Commander regarding the loss of the key, when it was discovered and the circumstances involved.

A methodical and thorough search of the entire facility will be made by the on-duty staff.

Additional staff may be called to assist with the search. If, after a thorough search, the key or key set is not located, the Jail Commander will determine whether to re-key any locks that may have been compromised, and whether this should be done immediately.

The Jail Commander shall initiate an investigation into the disappearance of the keys to reexamine the procedures for key control, and shall notify the Sheriff of their findings. Based upon the findings of the investigation and any recommendations, the procedures governing this policy may be amended.

221.10 DAMAGED KEYS OR LOCK

Damaged keys or locks shall be promptly reported to a supervisor. No part of a broken key shall be left in the lock. All portions of the damaged key must be turned in to the Supervisor, who will ensure duplicate keys are provided as needed. Damaged locks shall be replaced or repaired as soon as practicable. Appropriate security measures shall be taken until such time as the lock is properly restored. No lock to a security door or gate shall be permitted to be inoperable or left in an unsuitable condition. No incarcerated person shall be secured in a cell, detention room, or area that has inoperable locks.

Daily Activity Logs and Shift Reports

223.1 PURPOSE AND SCOPE

This policy provides guidance for creating and maintaining accurate and legible records necessary for the management of the facility.

223.2 POLICY

All facility members will adhere to the following procedures when preparing a daily activity log or shift report:

225.3 REQUESTS FOR DISCLOSURE

Any member receiving a request for a personnel record shall promptly notify the custodian of records or other person charged with the maintenance of such records.

Upon receipt of any such request, the responsible person shall notify the affected member as soon as practicable that such a request has been made (Evidence Code § 1043).

The responsible person shall further ensure that an appropriate response to the request is made in a timely manner, consistent with applicable law. In many cases, this may require assistance of available legal counsel.

All requests for disclosure that result in access to a member's personnel records shall be logged in the corresponding file.

225.3.1 SUBPOENAS

Personnel files may be subpoenaed by a third party. If employment records are subpoenaed under state authority, the employee may be notified and has the right to object to production of the records under certain circumstances.

Any subpoena duces tecum should be promptly provided to a supervisor for review and processing. While a subpoena duces tecum may ultimately be subject to compliance, it is not an order from the court that will automatically require the release of the requested information.

A medical file shall be maintained separately from all other files and shall contain all documents relating to the employee's medical condition and history, including but not limited to:

- (a) Materials relating to medical leaves of absence.
- (b) Documents relating to workers' compensation claims or receipt of short- or long-term disability benefits.

If, in the opinion of the Sheriff, a complaint or disciplinary action beyond the statutory retention period is no longer relevant, all records of such matter may be destroyed pursuant to resolution.

225.7 BRADY MATERIAL IN PERSONNEL FILES

The purpose of this section is to establish a procedure for releasing potentially exculpatory information (*Brady* material) contained within personnel files.

If an employee is a material witness in a criminal case, a person or persons designated by the Sheriff may examine the subject correctional officer's personnel file to determine whether it contains *Brady* material.

Brady material includes all material evidence and facts that are reasonably believed to be exculpatory to any individual in a case (to impeach a witness, for example). Evidence or facts are considered material if there is a reasonable probability that they may affect the result of any criminal proceeding, including sentencing. If potential *Brady* material is located, the prosecuting attorney shall be notified.

Inyo County Sheriff Department

Custody

Custody

Personnel Records

Because a determination of what is or is not *Brady* material will often require legal or even judicial review, any questions should be resolved by the prosecuting attorney.

Prior to the release of any materials pursuant to this process, the custodian of records should request a protective order from the court limiting the use of such materials to the involved case and requiring the return of all copies upon completion of the case.

225.8 RELEASE OF PERSONNEL RECORDS AND RECORDS RELATED TO CERTAIN INCIDENTS, COMPLAINTS, AND INVESTIGATIONS OF OFFICERS/DEPUTIES

Personnel records and records related to certain incidents, complaints, and investigations of correctional officers shall be released pursuant to a proper request under the Public Records Act and subject to redaction and delayed release as provided by law.

The custodian of records should work as appropriate with the Sheriff or the Internal Affairs Unit supervisor in determining what records may qualify for disclosure when a request for records is received and if the requested record is subject to redaction or delay from disclosure.

For purposes of this section, a record includes (Penal Code § 832.7(b)(3)):

- All investigation reports.
- Photographic, audio, and video evidence.
- Transcripts or recordings of interviews.
- Autopsy reports.
- All materials compiled and presented for review to the District Attorney or to any person or body charged with determining whether to file criminal charges against a correctional officer in connection with an incident, whether the correctional officer's action was consistent with law and office policy for purposes of discipline or administrative action, or what discipline to impose or corrective action to take.
- Documents setting forth findings or recommending findings.
- Copies of disciplinary records relating to the incident, including any letters of intent to impose discipline, any documents reflecting modifications of discipline due to the *Skelly* or grievance process, and letters indicating final imposition of discipline or other documentation reflecting implementation of corrective action.

Unless a record or information is confidential or qualifies for delayed disclosure as provided by Penal Code § 832.7(b)(8) or other law, the following records (hereinafter referred to as "qualifying records") shall be made available for public inspection no later than 45 days from the date of a request (Penal Code § 832.7(b)(1)):

- (a) Records relating to the report, investigation, or findings of:
 1. The discharge of a firearm at another person by a correctional officer.
 2. The use of force against a person resulting in death or in great bodily injury (as defined by Penal Code § 243(f)(4)) by a correctional officer.

3. A sustained finding involving a complaint that alleges unreasonable or excessive force.
 4. A sustained finding that a correctional officer failed to intervene against another correctional officer using force that is clearly unreasonable or excessive.
- (b) Records relating to an incident where a sustained finding was made by the Office or oversight agency regarding:
1. A correctional officer engaged in sexual assault of a member of the public (as defined by Penal Code § 832.7(b)).
 2. Dishonesty of a correctional officer relating to the reporting, investigation, or prosecution of a crime, or directly relating to the reporting of, or investigation of misconduct by another correctional officer, including but not limited to any false statements, filing false reports, destruction, falsifying, or concealing of evidence, or perjury.
 3. A correctional officer engaged in conduct including but not limited to verbal statements, writings, online posts, recordings, and gestures involving prejudice or discrimination against a person on the basis of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status.
 4. A correctional officer made an unlawful arrest or conducted an unlawful search.

Qualifying records will be made available regardless of whether the correctional officer resigns before the office or an oversight agency concludes its investigation (Penal Code § 832.7(b)(3)).

A record from a separate and prior investigation or assessment of a separate incident shall not be released unless it is independently subject to disclosure (Penal Code § 832.7(b)(4)).

When an investigation involves multiple correctional officers, the Office shall not release information about allegations of misconduct or the analysis or disposition of an investigation of a correctional officer unless it relates to a sustained finding of a qualified allegation as provided by Penal Code § 832.7(b)(5). However, factual information about the action of the correctional officer during an incident or the statements of a correctional officer shall be released if the statements are relevant to a finding of the qualified allegation against another correctional officer that is subject to release (Penal Code § 832.7(b)(5)).

A record of a complaint, or the investigations, findings, or dispositions of that complaint, shall not be released if the complaint is frivolous or if the complaint is unfounded (Penal Code § 832.7(b)(9)).

225.8.1 REDACTION

The custodian of records, in consultation with the Sheriff or the authorized designee, shall redact the following portions of qualifying records made available for release (Penal Code § 832.7(b)(6)):

- (a) Personal data or information (e.g., home address, telephone number, identities of family members) other than the names and work-related information of correctional officers

Inyo County Sheriff Department

- (b) Information that would compromise the anonymity of whistleblowers, complainants, victims, and witnesses
- (c) Confidential medical, financial, or other information where disclosure is prohibited by federal law or would cause an unwarranted invasion of personal privacy that clearly outweighs the strong public interest in records about possible misconduct and use of force
- (d) Where there is a specific, articulable, and particularized reason to believe that disclosure of the record would pose a significant danger to the physical safety of the correctional officer or another person

Additionally, a record may be redacted, including redacting personal identifying information, where, on the facts of the particular case, the public interest served by not disclosing the information clearly outweighs the public interest served by disclosing it (Penal Code § 832.7(b)(7)).

225.8.2 DELAY OF RELEASE

Unless otherwise directed by the Sheriff, the custodian of records should consult with a supervisor familiar with the underlying investigation to determine whether to delay disclosure of qualifying records due to any of the following conditions (Penal Code § 832.7):

- (a) Active criminal investigations
 - 1. Disclosure may be delayed 60 days from the date the misconduct or use of force occurred or until the District Attorney determines whether to file criminal charges, whichever occurs sooner.
 - 2. After the initial 60 days, delay of disclosure may be continued if the disclosure could reasonably be expected to interfere with a criminal enforcement proceeding against a correctional officer or against someone other than a correctional officer who engaged in misconduct or used the force.
- (b) Filed criminal charges
 - 1. When charges are filed related to an incident in which misconduct occurred or force was used, disclosure may be delayed until a verdict on those charges is returned at trial or, if a plea of guilty or no contest is entered, the time to withdraw the plea has passed.
- (c) Administrative Investigations
 - 1. Disclosure may be delayed until there is a determination from the investigation whether the misconduct or use of force violated law or office policy, but no longer than 180 days after the date of the office's discovery of the misconduct or use of force or allegation of misconduct or use of force.

225.8.3 NOTICE OF DELAY OF RECORDS

When there is justification for delay of disclosure of qualifying records, the custodian of records shall provide written notice of the reason for any delay to a requester as follows (Penal Code § 832.7):

Inyo County Sheriff Department

Custody

Custody

Personnel Records

- (a) Provide the specific basis for the determination that the interest in delaying disclosure clearly outweighs the public interest in disclosure. The notice shall also include the estimated date for the disclosure of the withheld information.
- (b) When delay is continued beyond the initial 60 days because of criminal enforcement proceedings against anyone at 180-day intervals provide, the specific basis that disclosure could reasonably be expected to interfere with a criminal enforcement proceeding and the estimated date for disclosure.
 1. Information withheld shall be disclosed when the specific basis for withholding the information is resolved, the investigation or proceeding is no longer active, or no later than 18 months after the date of the incident, whichever occurs sooner, unless:
 - (a) When the criminal proceeding is against someone other than a correctional officer and there are extraordinary circumstances to warrant a continued delay due to the ongoing criminal investigation or proceeding, then the Office must show by clear and convincing evidence that the interest in preventing prejudice to the active and ongoing criminal investigation or proceeding outweighs the public interest for prompt disclosure of records about misconduct or use of force by correctional officers.

In cases where an action to compel disclosure is brought pursuant to Government Code § 7923.000, the Office may justify delay by filing an application to seal the basis for withholding if disclosure of the written basis itself would impact a privilege or compromise a pending investigation (Penal Code § 832.7(b)(8)).

225.9 POLICY

It is the policy of this office to maintain personnel records and preserve the confidentiality of personnel records pursuant to the Constitution and the laws of California (Penal Code § 832.7).

Employee Compensation

227.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a process for reviewing compensation and benefit levels for all facility personnel when a labor organization process, Memorandum of Understanding (MOU) or other methodology does not exist. The goal of a compensation and benefit package should be to establish competitive salary and benefits to ensure the ability to recruit, hire and retain qualified staff.

227.2 POLICY

It shall be the policy of this office to strive for parity of compensation and benefits with similar occupational groups in the state or region, whenever fiscal conditions permit, to ensure the ability to recruit, hire and retain qualified staff. Compensation and benefits for correctional officers should be equal to those for law enforcement officers working in the same organization or at the same level of government.

All compensation actions shall be in accordance with civil service rules, labor codes and MOUs for pay and benefits, and subject to fiscal conditions.

Administrative and Supervisory Inspections

229.1 PURPOSE AND SCOPE

The purpose of this policy is to establish both regularly scheduled and unannounced inspections of the facility's living and activity areas. This is to encourage contact with staff and incarcerated persons and to observe incarcerated person living and working conditions. Inspections may be useful in identifying deficiencies, which can be corrected, as well as processes working properly, which may be replicated elsewhere in the facility.

229.2 POLICY

Tours and inspections shall be conducted by administrative and supervisory staff throughout the jail at least weekly to facilitate and encourage communication among administrators, managers, supervisors, staff employees, incarcerated persons, and the visiting public.

- (f) Incarcerated person concerns.
- (g) Meal services.

229.3.1 AREAS TO BE INSPECTED

- Incarcerated person housing areas
- Booking and receiving areas, including holding cells
- Exercise yard and recreation areas
- Visiting and program areas
- Medical and dental service areas
- Vocational work areas, e.g., the kitchen, janitorial closets

The Jail Commander shall document all action taken to correct identified deficiencies, including maintenance records, and shall retain those records in accordance with established records retention schedules.

Perimeter Security

231.1 PURPOSE AND SCOPE

The purpose of this policy is to establish this facility's perimeters, to ensure that incarcerated persons remain inside the perimeters, and that visitor, vendor, volunteer, and employee access is granted only with proper authorization and through designated safety vestibules and sallyports. The secure perimeter of this facility will provide protection from the escape of persons being processed, held, or housed, and will act as a defense against the entry of unauthorized persons. It shall be maintained to prevent contraband from entering the secure areas of the facility (15 CCR 1029(a)(6)).

231.2 POLICY

All entry points to the secure perimeter of the facility shall be monitored and controlled continuously by Tower staff. The entire perimeter shall be inspected, maintained, monitored, and continuously assessed to ensure its physical integrity and prevent unauthorized entry, incarcerated person escape, and contraband from entering the facility.

231.2.1 VISITORS

This facility shall be maintained as a secure area and no person shall enter any portion of the inner perimeter without specific authorization from the Jail Commander or the authorized designee. All visitors shall be required to provide satisfactory identification, such as a valid driver's license, valid passport or military identification. Visitors shall be required to sign in on the visitor log and state the reason for the visit. Visitors must wear a visitor's badge at all times and shall be escorted by one or more staff members at all times while they are in the secure areas of the facility.

231.3 PROCEDURE

The secure perimeter shall be maintained by assigned staff as well as a contracted law enforcement agency. The Jail Commander or the authorized designee shall ensure that a staffing plan is in place to monitor the secure perimeter of this facility. Suspicious activity at or near the perimeter shall immediately be reported to the Supervisor and the Tower. The Tower staff shall initiate an appropriate law enforcement response.

Individuals suspected to be in violation of any law may be subject to detention or arrest. Warrant checks should be conducted on all individuals who are on the property without proper authorization. Individuals found to be loitering on or around the perimeter of the facility will be stopped and questioned to determine the circumstances of their presence. They may be denied entrance into the facility.

The Tower staff shall identify all persons seeking to gain access to the secure perimeter of the facility. Persons delivering goods or services shall identify themselves to the Tower staff prior to being allowed access to the delivery area.

Perimeter Security

Materials delivered to or transported from the facility's secure perimeter shall be inspected for contraband. Vendors making deliveries into the secure area of the facility will do so under the supervision of custody staff.

Keys to the secure perimeter shall be easily identifiable and issued only in emergency situations or with the authorization of the Jail Commander.

Weapons lockers are provided outside all secure perimeter entrances. All weapons must be secured prior to an individual being allowed to enter the facility.

The sallyport and the secure garage are to be used for the transfer of incarcerated persons.

Operation of the sallyport doors will be done in such a manner as to effectively control movement into and out of the secure inner perimeter of this facility. Tower staff are responsible for ensuring all perimeter surveillance equipment is in good working order and shall immediately report malfunctions or failures to the on-duty supervisor.

Outer perimeter security may be accomplished by using fencing or another type of barrier. These barriers should be designed to route vehicular and pedestrian traffic away from non-public areas. Outer perimeter lighting should be designed to illuminate all areas of the exterior to allow visual inspection by video monitor or perimeter patrols.

Victim Notification

239.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure victims of crimes receive notice when an incarcerated person held for those crimes is released or escapes, and that victims receive any other notification required by California law.

239.2 POLICY

It is the policy of this office to act in accordance with all laws regarding victim notification.

239.3 PROCEDURE

The Jail Commander shall ensure that a system is in place for individuals to request release or escape notification on any incarcerated person housed in this facility.

Notification requests or requirements that are known during the booking process should be documented in the appropriate designated section of the incarcerated person's booking file.

In the event that an individual contacts this facility and requests notification on any incarcerated person housed in this facility, staff should notify a supervisor, who will determine whether notifications are required or appropriate, and ensure the notification request and determination is documented in the incarcerated person's file. The supervisor will also ensure that the requesting individual is advised of the determination.

239.4 NOTIFICATION

Members shall document notification efforts in the incarcerated person's file.

Unless ordered by the court or a supervisor, no victim or witness information shall be provided to any incarcerated person by any employee or volunteer of this facility. Vehicle Safety

243.1 PURPOSE AND SCOPE

It is the policy of this office to maintain and operate the vehicles assigned to this facility in a lawful and safe manner. The Office utilizes office-owned motor vehicles for a variety of applications. To maintain a system of accountability and ensure that office-owned vehicles are used appropriately, regulations relating to the use of these vehicles have been established. The term "office-owned" as used in this section also refers to any vehicle leased or rented by the Office.

243.2 USE AND SECURITY OF OFFICE VEHICLES

All staff members who operate office-owned or leased vehicles must comply with all applicable state laws and must possess a valid driver's license endorsed for the type of vehicle operated.

A list of individuals who are authorized to drive office vehicles shall be maintained by the Jail Commander. The list shall be updated monthly to ensure that only qualified personnel who are in possession of a current and appropriately endorsed operator's license are on the list.

243.2.1 USE OF SEAT BELTS

The use of seat belts and other safety restraints significantly reduces the chance of death or injury in case of a traffic collision. This policy establishes guidelines for seat belt use to promote maximum operator and passenger safety, thus reducing the possibility of death or injury as the result of a motor vehicle crash. This policy will apply to all members operating or riding in office vehicles.

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased, or rented by this office, while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including non-members, are also properly restrained.

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the member or the public. Members must be prepared to justify any deviation from this requirement.

Whenever possible, incarcerated persons should be secured in a prisoner restraint system or, when a prisoner restraint system is not available, by seat belts. The incarcerated person should be in the seating position for which seat belts have been provided by the vehicle manufacturer. The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints.

No person shall operate any office vehicle in which the seat belt in the driver's position is inoperable. No person shall be transported in a seated position in which the seat belt is inoperable.

No person shall modify, remove, deactivate, or otherwise tamper with the vehicle safety belts, except for vehicle maintenance and repair staff, who shall do so only with the express authorization of the Sheriff.

Vehicle Safety

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

243.2.2 VEHICLE SECURITY

Office vehicles will be locked and the keys will be secured when not in use. The staff will make every effort to ensure that the vehicles are parked in a secure location.

Under no circumstances will incarcerated persons be allowed to operate a vehicle or have possession of any vehicle keys. Incarcerated workers who are assigned to clean vehicles must be closely supervised by staff.

The loss of any vehicle key shall be promptly reported, in writing, to the on-duty supervisor.

243.2.3 VEHICLE AIRBAGS

In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer's specifications to avoid the danger of interfering with the effective deployment of the airbag device.

243.3 VEHICLE INSPECTIONS

All office-owned vehicles are subject to inspection and or search at any time by a supervisor. No member assigned to or operating such vehicle shall be entitled to any expectation of privacy with respect to the vehicle or any of its contents, regardless of who owns the contents.

243.4 VEHICLE SAFETY REPAIRS

Anyone authorized to drive office vehicles is responsible for assisting in maintaining the vehicles so that they are properly equipped, maintained, and refueled and present a clean appearance.

Anyone authorized to drive office vehicles is responsible for inspecting the interior and exterior of any assigned vehicle before placing the vehicle into service and again at the conclusion of their shift. Any previously unreported damage, mechanical problems, unauthorized contents, or other problems with the vehicle shall be promptly reported to a supervisor and documented as appropriate.

Vehicles that are deemed as unsafe shall not be used until necessary repairs are made. The written request for repairs shall be submitted before the operator checks out a replacement vehicle. The Jail Commander or the authorized designee shall monitor the maintenance requests and ensure that the necessary repairs are made before the vehicle is placed back into service.

Annual vehicle safety inspections will be conducted on all vehicles that are owned, leased, or used by the Office. The inspection will be conducted by a qualified individual designated by the Jail Commander. Inspection reports will be forwarded to and maintained by the Jail Commander.

243.5 USE OF PERSONAL VEHICLES

The use of personal vehicles for official business must be approved by the Jail Commander. The Jail Commander or the authorized designee shall verify that the personal vehicle meets the state's

insurance requirements. A copy of the insurance card shall be retained in facility files. All policies and procedures applicable to facility vehicles shall apply to the personal vehicle while it is being used for official business.

243.6 COLLISION DAMAGE, ABUSE AND MISUSE

When any office-owned or leased vehicle is involved in a traffic collision, the involved member shall promptly notify a supervisor. A traffic collision report shall be filed with the agency having jurisdiction. The member shall complete the office's vehicle collision form.

When a collision involves any office vehicle or when a member of this office is an involved driver in a collision that occurs in this jurisdiction, and the collision results in serious injury or death or potentially involves any criminal charge, an outside agency should be summoned to handle the investigation. If the member is incapable of completing the office's vehicle collision form, a supervisor shall complete the form.

Any damage to a vehicle that was not caused by a traffic collision shall be immediately reported during the shift in which the damage was discovered. It shall be documented in memorandum format and forwarded to the Supervisor. An administrative investigation will be conducted to determine if there is any vehicle abuse or misuse. If it is determined that misuse or abuse was a result of negligent conduct or operation, appropriate disciplinary action may result.

243.7 TOLL ROAD USE

Law enforcement vehicles are not routinely exempt from incurring toll road charges. Pursuant to the non-revenue policy of the toll roads, law enforcement agencies responding to an emergency or incident on the toll roads while on-duty are exempt from paying the toll.

Commuting or returning to the Office after an emergency does not qualify for this exemption; personnel using office-owned vehicles are subject to the toll charge.

To avoid unnecessary toll road violation charges, all members operating a office-owned vehicle on a toll road shall adhere to the following:

- (a) Members operating office-owned vehicles for any reason other than an initial response to an emergency shall stop and pay the appropriate toll charge.
- (b) Members may submit for reimbursement from the Office for any toll fees.
- (c) Members driving office-owned vehicles through a toll plaza or booth during a response to an emergency shall draft a memo to their supervisor within five working days, explaining the circumstances.

243.8 POLICY

The Inyo County Sheriff Department provides vehicles for official business use and may assign take-home vehicles based on its determination of operational efficiency, economic impact to the [AgencyOffice, tactical deployments, and other considerations.

245.2 POLICY

This policy requires all correctional officers to be free from any physical, emotional, or mental condition that might adversely affect their ability to effectively perform their duties throughout their employment.

- (a) It shall be the responsibility of each employee of this office to maintain physical, emotional, and mental conditions sufficient to safely and properly perform the essential duties of their job classification.

245.3 SUPERVISOR RESPONSIBILITIES

- (a) A supervisor observing an employee or receiving a report of an employee who is perceived as being unable to safely perform their duties due to a physical, emotional, or mental condition, shall take prompt and appropriate action to resolve the situation.
- (b) Whenever reasonably feasible, the supervisor shall attempt to ascertain the reason or source of the problem. In all cases, a preliminary evaluation should be made to determine the employee's level of inability to perform their duties.
- (c) In the event the employee appears to be in need of immediate medical or mental health treatment, all reasonable efforts should be made to provide such care.
- (d) The employee's Supervisor or the Jail Commander should determine whether the employee should be temporarily relieved of duty.
- (e) The Jail Commander shall be promptly notified in the event that any employee is relieved of duty.

245.4 NON-WORK RELATED CONDITIONS

Any employee suffering from a non-work related condition that warrants a temporary relief from duty may be required to use sick leave or other paid time off in order to obtain medical treatment or other reasonable relief from symptoms. If the condition is a serious health condition of the employee or a qualified family member, the employee's supervisor should facilitate the employee's

245.5 WORK-RELATED CONDITIONS

Any employee suffering from a work-related condition that warrants temporary relief from duty shall comply with personnel rules and guidelines for processing such claims.

Upon the recommendation of the Supervisor or supervisor, and with the concurrence of the Jail Commander, any employee whose actions or use of force result in death or serious injury to another may be temporarily removed from regularly assigned duties and/or placed on paid administrative leave for the well-being of the employee, and until such time as the following may be completed:

- (a) A preliminary determination indicates that the employee's conduct appears to be in compliance with policy and appropriate for the circumstances.
- (b) The employee has had the opportunity to receive necessary counseling and any necessary or required psychological or medical clearance to return to full duty.

245.6 PHYSICAL AND PSYCHOLOGICAL EXAMINATIONS

- (a) Whenever circumstances reasonably indicate that the employee may be unfit for duty, the Jail Commander or the authorized designee may serve that employee with a written order to undergo a physical and/or psychological examination in cooperation with office personnel to determine the level of the employee's fitness for duty. The order shall indicate the date, time, and place for the examination.
- (b) The examining physician or therapist will provide the Office with a report indicating whether the employee is fit for duty. If the employee is not fit for duty, the report should list any functional limitations that restrict their ability to perform the job duties. If the employee places their condition at issue in any subsequent or related administrative action/grievance, the examining physician or therapist may be required to disclose any information that is relevant to such proceedings.
- (c) In order to facilitate the examination of any employee, the Office will provide all appropriate documents and available information to assist in the evaluation and/or treatment.
- (d) All reports and evaluations submitted by the treating physician or therapist shall be part of the employee's confidential personnel file.
- (e) Any employee ordered to receive a fitness-for-duty examination shall comply with the terms of the order and cooperate fully with the examining physician or therapist regarding any clinical interview, tests administered, or other procedures. Any failure to comply with such an order and any failure to cooperate with the examining physician or therapist, including signing of releases, may be deemed insubordination and shall be subject to discipline, up to and including termination.
- (f) Once an employee has been deemed fit for duty by the examining physician or therapist, the employee will be notified to resume their duties.

247.3 STAFFING PLAN REQUIREMENTS

The Jail Commander shall ensure that a staffing plan conforming to the class type and size of this facility is prepared and maintained as described in the following section. 247.4 STAFFING ANALYSIS

The Sheriff or the authorized designee shall complete an annual comprehensive staffing analysis to evaluate personnel requirements and available staffing levels. The staffing analysis will be used to determine staffing needs and to develop staffing plans.

This analysis shall include information gathered in collaboration with the health care provider in each facility regarding staffing requirements. The analysis relating to health care personnel shall be annually reviewed for adequacy by the health authority.

The Jail Commander, in conjunction with the PREA coordinator, should ensure that staffing levels are sufficient to consistently and adequately fill essential positions, as determined by the staffing plan (28 CFR 115.13). Relief factors for each classification and position should be calculated into the staffing analysis to ensure staffing levels will consistently meet requirements. Staff should be deployed in an efficient and cost-effective manner that provides for the safety and security of the staff, incarcerated persons, and the public.

The staffing analysis should be used to identify whether required activities are being performed competently and in compliance with current laws and office policies. If deficiencies are noted, the

The Jail Commander shall report the results of the BSCC biennial review and recommendations to the officials with fiscal responsibility for the facility (15 CCR 1027).

Speech, Expression, and Social Networking

249.1 PURPOSE AND SCOPE

This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balancing of employee speech and expression with the legitimate needs of the Office.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit, about matters of public concern, such as misconduct or corruption.

Employees are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

249.1.1 APPLICABILITY

This policy applies to all forms of communication including, but not limited to, film, video, print media, public or private speech, use of all internet services, including the World Wide Web, email, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video, and other file-sharing sites.

249.2 POLICY

Public employees occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of this office. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this office be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Inyo County Sheriff Department will carefully balance the individual employee's rights against the Office's needs and interests when exercising a reasonable degree of control over its employees' speech and expression.

249.3 SAFETY

Employees should consider carefully the implications of their speech or any other form of expression when using the internet. Speech and expression that may negatively affect the safety of the Inyo County Sheriff Department employees, such as posting personal information in a public forum, can result in compromising an employee's home address or family ties. Employees should therefore not disseminate or post any information on any forum or medium that could reasonably be anticipated to compromise the safety of any employee, an employee's family or associates. Examples of the type of information that could reasonably be expected to compromise safety include:

- Disclosing a photograph and name or address of a correctional officer who is working undercover.

Inyo County Sheriff Department

Custody

Custody

Speech, Expression, and Social Networking

- Disclosing the address of a fellow correctional officer.
- Otherwise disclosing where another correctional officer can be located off-duty.

249.4 PROHIBITED SPEECH, EXPRESSION, AND CONDUCT

To meet the office's safety, performance and public-trust needs, the following are prohibited unless the speech is otherwise protected (for example, an employee speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit, on a matter of public concern):

- (a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation or professionalism of the Office or its employees.
- (b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to, or related to, the Office and tends to compromise or damage the mission, function, reputation or professionalism of the Office or its employees. Examples may include:
 1. Statements that indicate disregard for the law or the state or U.S. Constitution.
 2. Expression that demonstrates support for criminal activity.
 3. Participating in sexually explicit photographs or videos for compensation or distribution.
- (c) Speech or expression that could reasonably be foreseen as having a negative impact on the credibility of the employee as a witness. For example, posting statements or expressions to a website that glorify or endorse dishonesty, unlawful discrimination or illegal behavior.
- (d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the employees of the jail. For example, a statement on a blog that provides specific details as to how and when prisoner transportations are made could reasonably be foreseen as potentially jeopardizing employees by informing criminals of details that could facilitate an escape or attempted escape.
- (e) Speech or expression that is contrary to this office's Code of Ethics.
- (f) Use or disclosure, through whatever means, of any information, photograph, video or other recording obtained or accessible as a result of employment with the jail for financial or personal gain, or any disclosure of such materials without the express authorization of the Sheriff or the authorized designee.
- (g) Posting, transmitting or disseminating any photographs, video or audio recordings, likenesses or images of office logos, emblems, uniforms, badges, patches, marked vehicles, equipment or other material that specifically identifies the Office on any personal or social networking or other website or web page, without the express authorization of the Sheriff.
- (h) Accessing websites for non-authorized purposes, or use of any personal communication device, game device or media device, whether personally or office-owned, for personal purposes while on-duty, except in the following circumstances:

Custody

Speech, Expression, and Social Networking

1. When brief personal communication may be warranted by the circumstances (e.g., inform family of extended hours).
2. During authorized breaks such usage should be limited as much as practicable to areas out of sight and sound of the public and shall not be disruptive to the work environment.

Employees must take reasonable and prompt action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the employee (e.g., social or personal website).

249.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS

While employees are not restricted from engaging in the following activities as private citizens or as authorized members of a recognized bargaining unit, employees may not represent the Office or identify themselves in any way that could be reasonably perceived as representing the Office in order to do any of the following, unless specifically authorized by the Sheriff (Government Code § 3206; Government Code § 3302):

- (a) Endorse, support, oppose, or contradict any political campaign or initiative.
- (b) Endorse, support, oppose, or contradict any social issue, cause or religion.
- (c) Endorse, support or oppose any product, service, company, or other commercial entity.
- (d) Appear in any commercial, social or nonprofit publication, or any motion picture, film, video, public broadcast, or on any website.

Additionally, when it can reasonably be construed that an employee, acting in their individual capacity or through an outside group or organization (e.g., bargaining group), is affiliated with this office, the employee shall give a specific disclaiming statement that any such speech or expression is not representative of the Office.

Employees retain their right to vote as they choose, to support candidates of their choice, and to express their opinions as private citizens, including as authorized members of a recognized bargaining unit, on political subjects and candidates at all times while off-duty. However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command, or advise another employee to pay, lend, or contribute anything of value to a party, committee, organization, agency, or person for political purposes (5 USC § 1502).

249.5 PRIVACY EXPECTATION

Employees forfeit any expectation of privacy with regard to anything published or maintained through file-sharing software or any internet site open to public view (e.g., Facebook).

The Office also reserves the right to access, audit, and disclose for whatever reason all messages, including attachments, and any information transmitted over any technology that is issued or

maintained by the Office, including the office email system, computer network, or any information placed into storage on any office system or device.

All messages, pictures and attachments transmitted, accessed or received over office networks are considered office records and, therefore, are the property of the Office. The Office reserves the right to access, audit and disclose for whatever reason all messages, including attachments, that have been transmitted, accessed or received through any office system or device, or any such information placed into any office storage area or device. This includes records of all key strokes or web-browsing history made at any office computer or over any office network. The fact that access to a database, service or website requires a user name or password will not create an expectation of privacy if it is accessed through office computers or networks.

249.6 CONSIDERATIONS

In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Sheriff or authorized designee should consider include:

- (a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.
- (b) Whether the speech or conduct would be contrary to the good order of the Office or the efficiency or morale of its members.
- (c) Whether the speech or conduct would reflect unfavorably upon the Office.
- (d) Whether the speech or conduct would negatively affect the member's appearance of impartiality in the performance of their duties.
- (e) Whether similar speech or conduct has been previously authorized.
- (f) Whether the speech or conduct may be protected and outweighs any interest of the Office.

249.7 TRAINING

Subject to available resources, the Office should provide training regarding employee speech and the use of social networking to all members of the office.

Payroll Records

250.1 PURPOSE AND SCOPE

This policy provides the guidelines for completing and submitting payroll records of office members who are eligible for the payment of wages.

250.2 POLICY

The Inyo County Sheriff Department maintains timely and accurate payroll records.

250.3 RESPONSIBILITIES

250.5 RECORDS

The Jail Commander shall ensure that accurate and timely payroll records are maintained as required by 29 CFR 516.2 for a minimum of three years (29 CFR 516.5).

Temporary Modified-Duty Assignments

251.1 PURPOSE AND SCOPE

This policy establishes procedures for providing temporary modified-duty assignments. This policy is not intended to affect the rights or benefits of employees under federal or state law, county rules, and current memorandums of understanding or collective bargaining agreements. For example, nothing in this policy affects the obligation of the Office to engage in a good faith, interactive process to consider reasonable accommodations for any employee with a temporary or permanent disability or limitation that is protected under federal or state law.

251.2 POLICY

Subject to operational considerations, the Inyo County Sheriff Department may identify temporary modified-duty assignments for employees who have an injury or medical condition resulting in temporary work limitations or restrictions. A temporary assignment allows the employee to work, while providing the Office with a productive employee during the temporary period.

251.3 GENERAL CONSIDERATIONS

Priority consideration for temporary modified-duty assignments will be given to employees with work-related injuries or illnesses that are temporary in nature. Employees having disabilities covered under the Americans with Disabilities Act (ADA) or the California Fair Employment and Housing Act (Government Code § 12940 et seq.) shall be treated equally, without regard to any preference for a work-related injury.

No position in the Inyo County Sheriff Department shall be created or maintained as a temporary modified-duty assignment.

Temporary modified-duty assignments are a management prerogative and not an employee right. The availability of temporary modified-duty assignments will be determined on a case-by-case basis, consistent with the operational needs of the Office. Temporary modified-duty assignments are subject to continuous reassessment, with consideration given to operational needs and the employee's ability to perform in a modified-duty assignment.

The Sheriff or the authorized designee may restrict employees working in temporary modified-duty assignments from wearing a uniform, displaying a badge, carrying a firearm, operating an office-owned vehicle, or engaging in outside employment, or may otherwise limit them in employing their peace officer powers.

Temporary modified-duty assignments shall generally not exceed a cumulative total of 1,040 hours in any one-year period.

251.4 PROCEDURE

Employees may request a temporary modified-duty assignment for short-term injuries or illnesses.

Inyo County Sheriff Department

The Sheriff or the authorized designee shall confer with the Personnel Department or the County Counsel as appropriate.

Requests for a temporary modified-duty assignment of 20 hours or less per week may be approved and facilitated by the Division Commander or the Jail Commander, with notice to the Sheriff.

251.5 ACCOUNTABILITY

Those assignments and schedules may be adjusted to accommodate office operations and the employee's medical appointments, as mutually agreed upon with the Jail Commander.

The responsibilities of employees assigned to temporary modified duty shall include but are not limited to:

The responsibilities of supervisors shall include but are not limited to:

- (b) Notifying the Jail Commander and ensuring that the required documentation facilitating a return to full duty is received from the employee.
- (c) Ensuring that employees returning to full duty have completed any required training and certification.

251.6 MEDICAL EXAMINATIONS

Prior to returning to full-duty status, employees shall be required to provide certification from their treating medical professionals stating that they are medically cleared to perform the essential functions of their jobs without restrictions or limitations.

The Office may require a fitness-for-duty examination prior to returning an employee to full-duty status, in accordance with the Fitness for Duty Policy.

251.7 PREGNANCY

If an employee is temporarily unable to perform regular duties due to a pregnancy, childbirth, or a related medical condition, the employee will be treated the same as any other temporarily disabled employee (42 USC § 2000e(k)). A pregnant employee shall not be involuntarily transferred to a temporary modified-duty assignment. Nothing in this policy limits a pregnant employee's right to a temporary modified-duty assignment if required under Government Code § 12945.

If notified by an employee regarding a limitation related to pregnancy, childbirth, or related medical conditions, the Office should make reasonable efforts to provide an accommodation for the employee in accordance with federal law (42 USC § 2000gg-1; Government Code § 12945).

251.7.1 NOTIFICATION

Pregnant employees should notify their immediate supervisors as soon as practicable and provide a statement from their medical providers identifying any pregnancy-related job restrictions or limitations. If at any point during the pregnancy it becomes necessary for the employee to take a leave of absence, such leave shall be granted in accordance with the county's personnel rules and regulations regarding family and medical care leave.

251.8 PROBATIONARY EMPLOYEES

Probationary employees who are assigned to a temporary modified-duty assignment shall have their probation extended by a period of time equal to their assignment to temporary modified duty.

251.9 MAINTENANCE OF CERTIFICATION AND TRAINING

Employees assigned to temporary modified duty shall maintain all certification, training, and qualifications appropriate to both their regular and temporary duties, provided that the certification, training, or qualifications are not in conflict with any medical limitations or restrictions. Employees who are assigned to temporary modified duty shall inform their supervisors of any inability to maintain any certification, training, or qualifications.

252.7.1 EQUIPMENT

Members are charged with daily inspections of their assigned areas and of their PPE as described in the Sanitation Inspections and Daily Activity Logs and Shift Reports policies. Members shall complete the Identified Hazards and Correction Record form if an unsafe condition cannot be immediately corrected. Members should forward this form to their supervisors.

Any member sustaining any work-related illness or injury, as well as any member who is involved in any accident or hazardous substance exposure while on-duty, shall report such event as soon as practicable to a supervisor. Members observing or learning of a potentially hazardous condition are to promptly report the condition to their immediate supervisors.

A supervisor receiving such a report should personally investigate the incident or ensure that an investigation is conducted. Investigative procedures for workplace accidents and hazardous substance exposures should include:

- (a) A visit to the accident scene as soon as possible.

Definitions related to this policy include:

Occupational disease or work-related injury - An injury, disease, or mental health issue arising out of employment (Labor Code § 3208; Labor Code § 3208.3; Labor Code § 3212 et seq.).

253.2 POLICY

The Inyo County Sheriff Department will address occupational diseases and work-related injuries appropriately, and will comply with applicable state workers' compensation requirements (Labor Code § 3200 et seq.).

253.3 RESPONSIBILITIES

253.3.1 MEMBER RESPONSIBILITIES

Any member sustaining any occupational disease or work-related injury shall report such event as soon as practicable, but within 24 hours, to a supervisor, and shall seek medical care when appropriate (8 CCR 14300.35).

253.3.2 SUPERVISOR RESPONSIBILITIES

The [FacilityManager] who receives a report of an occupational disease or work-related injury should review the report for accuracy and determine what additional action should be taken. In no case shall the member accept a settlement without first providing written notice to the Sheriff. The purpose of such notice is to permit the county to determine whether the offered settlement will affect any claim the county may have regarding payment for damage to equipment or reimbursement for wages against the person who caused the disease or injury, and to protect the county's right of subrogation, while ensuring that the member's right to receive compensation is not affected.

Chapter 4 - Emergency Planning

Facility Emergencies

400.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a plan to appropriately respond to emergencies within the facility and to ensure all affected personnel receive timely training regarding emergency response. This policy is intended to protect the community, employees, visitors, incarcerated persons, and all others who enter the jail, while allowing the facility to fulfill its primary purpose.

Facility emergencies related to fire will be addressed in the Fire Safety Policy.

400.2 POLICY

It is the policy of this office to have emergency response plans in place to quickly and effectively respond to and minimize the severity of any emergency within the facility.

400.3 PROCEDURE

The Jail Commander should develop, publish, and review emergency response plans that address the following (15 CCR 1029(a)):

- (a) Fires
- (b) Escapes
- (c) Disturbances/riots
- (d) Taking of hostages
- (e) Mass arrests
- (f) Natural disasters
- (g) Periodic testing of emergency equipment
- (h) Storage, issue, and use of weapons, ammunition, chemical agents, and related security devices
- (i) Other emergencies as needs are identified

The facility emergency response plans are intended to provide the staff with current methods, guidelines, and training for minimizing the number and severity of emergency events that may threaten the security of the facility or compromise the safety of staff, incarcerated persons, or the community.

The emergency response plans are intended to provide information on specific assignments and tasks for personnel. Where appropriate, the emergency response plans will include persons and emergency departments to be notified.

The emergency response plans should include procedures for continuing to house incarcerated persons in the facility; the identification of alternative facilities outside the boundaries of the disaster or threat and the potential capacity of those facilities; incarcerated person transportation options; and contact information for allied agencies.

Inyo County Sheriff Department

Custody

Custody

Facility Emergencies

The emergency response plans shall be made available to the staff, volunteers, and contractors working in the facility as needed.

400.4 LOCKDOWN

Upon detecting any significant incident that threatens the security of the facility, such as a riot or hostage situation, staff shall immediately notify Tower and the Supervisor. The Supervisor, or in their absence Tower, may determine whether to order a partial or full lockdown of the facility and shall notify the Jail Commander as soon as practicable.

If a lockdown is ordered, all incarcerated persons will be directed back to their housing units/cells. All incarcerated persons in transit within the facility will either be escorted back to their housing units/cells or to another secure location (holding cell). The Supervisor should instruct any staff not directly involved in the lockdown to escort any visitors and nonessential contractors out of the facility.

A headcount shall be immediately conducted for all incarcerated persons, visitors, contractors, and staff. The Supervisor shall be immediately notified of the status of the headcount. If any person is unaccounted for, the Supervisor shall direct an immediate search of the facility and notify the Jail Commander of the situation as soon as practicable.

Lockdown is not to be used as a form of punishment. It may only be used to ensure order.

400.5 HUNGER STRIKE

Upon being made aware that one or more incarcerated persons is engaging in a hunger strike, the staff will notify the Supervisor, who will notify the Jail Commander. The Jail Commander should evaluate the basis for the strike and seek an appropriate resolution.

Should the Jail Commander be unable to resolve the grievance leading to the strike, the Jail Commander will notify the Sheriff and provide updates on the status of the hunger strike.

400.5.1 NOTIFICATION OF QUALIFIED HEALTH CARE PROFESSIONALS

The Jail Commander or the authorized designee should notify the Responsible Physician to review, coordinate, and document any medical actions taken, based upon protocols and/or at the direction of qualified health care professionals, in response to a hunger strike.

Qualified health care professionals should monitor the health of incarcerated persons involved in the hunger strike and make recommendations to the Jail Commander or the supervisory staff responsible for oversight of the incident.

If an incarcerated person is engaging in a hunger strike due to a mental condition, the appropriate medical protocols for mental illness will be followed.

400.5.2 RESPONSE TO HUNGER STRIKES

Beginning at the line staff level, a resolution to grievances should be sought at the lowest level. The Grievances Policy shall guide staff on resolving incarcerated person grievances.

Inyo County Sheriff Department

Custody

Custody

Facility Emergencies

If the hunger strike remains unresolved, the Jail Commander may direct the appropriate staff to examine the incarcerated person's commissary purchases made in advance of the hunger strike, and to monitor commissary purchases made during the hunger strike. Additional staff should be directed to observe the cell area, including trash containers, of the incarcerated persons involved for evidence of food items purchased from the commissary and of food hoarding.

400.5.3 LEGAL GUIDANCE

If all attempts to resolve the grievance are unsuccessful or not reasonably possible, the Sheriff should consider consulting with legal resources or the health authority, as appropriate, to develop other steps to resolve the issues.

400.6 RESPONSE TO DISTURBANCES

The staff should attempt to minimize the disruption to normal facility operations caused by a disturbance by attempting to isolate the disturbance to the extent possible. The staff should immediately notify the Supervisor or the Jail Commander of the incident. The Supervisor or Jail Commander may direct additional staff as needed to resolve the disturbance (15 CCR 1029(a)(7)(B)).

400.6.1 NOTIFICATIONS

The Supervisor should notify the Jail Commander of the disturbance as soon as practicable. Based on the seriousness of the event, the Jail Commander should notify the Sheriff.

400.6.2 NOTIFICATION OF QUALIFIED HEALTH CARE PROFESSIONALS

The Jail Commander or the authorized designee should notify the appropriate qualified health care professionals in order to review, coordinate, and document medical actions based upon protocols and/or at the direction of the Responsible Physician.

400.6.3 REPORTING

The Supervisor or the Jail Commander should direct that an incident report be completed containing the details of the disturbance no later than the end of the shift. If appropriate, a crime report shall be initiated and prosecution sought.

400.7 RIOTS

Riots occur when incarcerated persons forcibly and/or violently take control or attempt to take control of any area within the confines of the jail.

Staff should make reasonable attempts to prevent incarcerated person-on-incarcerated person violence but should take measures to avoid being engulfed in the problem, thereby exacerbating the situation.

400.7.1 RESPONSE TO RIOTS

Once the area of the disturbance is secured and isolated from other areas of the facility, time is generally on the side of staff. If possible, the process of quelling the disturbance should slow down in order for staff to develop response plans, to ensure there are adequate facility personnel

Inyo County Sheriff Department

Custody

to effectively take the required actions, and to ensure that responding staff are appropriately equipped with protective gear.

Staff should evaluate their response given the totality of circumstances in any situation, but generally should not enter the space where a riot is occurring until sufficient staff members are present to safely suppress the riot. Nothing in this policy shall prohibit any staff member from assisting staff members who are being assaulted.

All incarcerated persons who have participated in a riot shall be separated and secured as soon as practicable. If necessary, injured incarcerated persons shall receive a medical evaluation and treatment. If the injured incarcerated person is medically cleared to remain in the jail, the incarcerated person will be reclassified and moved to appropriate housing.

Other housing units must be secured, with sufficient staff remaining at their posts to continue to supervise the unaffected units. When the riot has been suppressed, all involved staff must immediately return to their assigned posts.

400.7.2 QUALIFIED HEALTH CARE PROFESSIONALS RESPONSE

A supervisor or the authorized designee should notify the appropriate qualified health care professionals and identify a staging area for medical emergency responders and for medical triage should it appear to be necessary.

The Responsible Physician or the authorized designee should be included in developing the response plan as it relates to the potential for a medical response, medical triage and treatment activities, and the safety and security of medical personnel during the incident.

400.7.3 NOTIFICATIONS

As soon as practicable, the Supervisor or a responsible staff member shall notify the Jail Commander, who in turn, shall notify the Sheriff.

400.7.4 REPORTING

The Jail Commander or the Supervisor shall direct that a report be written detailing the incident by the end of the shift. If appropriate, a crime report will also be prepared by the responsible law enforcement agency.

400.7.5 DEBRIEFING

All responding staff, including medical responders, shall be debriefed on the incident as soon as practicable after the conclusion of the emergency incident. The staff shall examine the incident from the perspective of what worked, what actions were less than optimal, and how the response to a future incident might be improved.

If appropriate, the details of the incident will be used to develop a training course for responding to facility disturbances. The goal of any debriefing process is continuous improvement. The debriefing should be focused on the incident and an improved response. A moderator should be used to ensure that no individual or group involved in the response is publicly ridiculed.

400.8 HOSTAGES

The Office does not recognize the taking of hostages as a reason to relinquish control of the jail environment. All staff, incarcerated persons, visitors, volunteers, and contractors shall be informed of the "no hostage" policy prior to entering the facility for the first time and shall sign an acknowledgment, which the facility shall retain.

It is the policy of the Inyo County Sheriff Department to use all available resources necessary to bring about a successful end to a hostage situation (15 CCR 1029(a)(7)(B)).

400.8.1 RESPONSE TO HOSTAGE INCIDENT

Tower should immediately be notified at the earliest sign of a hostage incident. Tower shall notify the Supervisor and the Jail Commander. The Jail Commander will notify the Sheriff as soon as practicable.

The Supervisor or the Jail Commander shall make every effort to ensure that the hostage incident remains confined to the smallest area possible. All door controls accessible to the incarcerated person shall be disabled. Emergency exits that lead outside the secure perimeter shall be guarded.

400.8.2 NOTIFICATION OF QUALIFIED HEALTH CARE PROFESSIONALS

At the direction of the Supervisor or the authorized designee, the qualified health care professionals should be notified in order to identify a location and form a logistical plan for medical triage. The location also shall serve as a medical staging area for other medical emergency responders.

400.8.3 HOSTAGE RESCUE

Communications with the hostage-taker should be established as soon as practicable. Hostage-taker demands for the staff to open doors will not be met. A hostage rescue team should be immediately summoned and the established protocols for resolving the situation shall be implemented. The Jail Commander and Sheriff should be consulted regarding decisions faced by the hostage rescue team.

400.8.4 REPORTING AND DEBRIEFING

Following the conclusion of a hostage incident, the Jail Commander should direct that an incident report be completed by the end of the shift. All aspects of the incident should be reviewed, focusing on the incident and the outcome, with the intent of using the incident as an opportunity for continuous improvement and to identify additional training or systemic changes that may be required.

400.9 ESCAPES

Upon being made aware that an escape may have occurred, or did in fact occur, the staff member should immediately notify Tower. Tower should notify the Supervisor or the Jail Commander. As soon as practicable, the Jail Commander should notify the Sheriff.

Once the escape is verified and immediate actions taken inside the facility (lockdown, etc.), the Supervisor should notify all local law enforcement agencies.

Inyo County Sheriff Department

Custody

400.9.1 INCARCERATED PERSON COUNTS

As soon as the facility is fully locked down, a full incarcerated person/wristband count should be taken.

All incarcerated persons who are outside of the secure perimeter of the facility (e.g., court, work details) should be located and identified. Any missing incarcerated person should have their identity disclosed and their facility record should be accessed by the Jail Commander (15 CCR 1029(a)(6)).

400.9.2 SEARCH

Concurrent with the lockdown, the area surrounding the facility should be searched for the escapee. Areas where an incarcerated person may be hiding or may have discarded jail clothing should be searched first. Any witnesses should be interviewed.

Classification officers will develop a flyer with the incarcerated person's name, description, latest picture, classification status, and charges, and supply it to the custody staff and local law enforcement. Local law enforcement should also be given the incarcerated person's last known address and a list of their associates.

400.9.3 REPORTING

The Supervisor or a designated staff member should submit an incident report to the Jail Commander. A crime report should also be written regarding the escape. The incident report should focus on events and physical plant weaknesses that contributed to the escape. The Jail Commander should review the reports, interview involved parties, and develop action plans to minimize the risk of future occurrences.

400.10 CIVIL DISTURBANCES OUTSIDE OF THE JAIL

Upon being notified that jail space will be needed in response to a civil disturbance involving mass arrests, the Supervisor should notify the Jail Commander. The Jail Commander should make the determination regarding the magnitude of the event and whether it warrants notification of the Sheriff.

The size of the event may also require a lockdown, suspension of any programs that are not critical to jail operations, and/or implementation of alternate staffing plans. To accommodate the influx of incarcerated persons, the Supervisor shall develop a housing plan that will not adversely affect the safety and security of the facility. Program spaces, such as exercise yards, classrooms, and dayrooms, may be used to temporarily house a limited number of additional incarcerated persons.

In the event that the jail can no longer accept additional incarcerated persons without compromising the safety and security of the facility, mutual aid may be requested from allied counties. Title 15 CCR standards may be temporarily suspended. The Jail Commander shall notify the California Board of State and Community Corrections (BSCC) in writing in the event that such a suspension lasts longer than three days. Suspensions lasting for more than 15 days require approval of the chairperson of the BSCC (15 CCR 1012).

The staff shall be trained annually on this policy. This facility will provide emergency preparedness training as part of orientation training for all personnel assigned to the facility and for those who may be required to respond to the facility in an emergency. The staff shall also receive refresher training at least annually in the emergency response plans. The Training Manager is responsible for developing and delivering appropriate initial training and annual refresher training.

Emergency planning training should occur in the form of classroom instruction (or roll call training), mock practical exercises, and drills. Each type of emergency covered in the emergency response plan must be included in the training.

The facility emergency plans and all training shall be documented by the Training Manager and retained in accordance with established records retention schedules.

Emergency Staffing

404.1 PURPOSE AND SCOPE

The facility must operate at all times as a safe and secure environment, regardless of staffing levels. Consequently, contingency plans must be made in advance for any staffing emergency or planned job action, regardless of the length of the staffing deficit.

The purpose of this policy is to establish roles and responsibilities for creating and implementing emergency staffing plans, providing appropriate emergency staffing training to supervisory and management personnel, and identifying an update schedule and distribution list for the plan, as identified by the Sheriff or the authorized designee.

404.2 POLICY

It is the policy of this office to be prepared to operate a safe and secure facility in the event of a work staffing emergency. Staffing emergencies that could negatively affect the good order of the facility may include but are not limited to an outbreak of infectious disease, a work stoppage or strike by the staff, a natural disaster, or other disruption. The Sheriff, the Jail Commander, or the authorized designee shall be responsible for ensuring that an appropriate emergency staffing plan exists.

404.2.1 EMERGENCY STAFFING

In the event the Jail Commander becomes aware that a staffing emergency exists or may occur, staff members who are present may be ordered to remain at their posts. The Jail Commander will notify the Sheriff. Plans should include measures to achieve minimum staffing for the facility within four hours of a staffing emergency and may include the following operational adjustments:

- The facility may go to a lockdown. Minimum activities, including visiting, exercise, and other programs will be suspended only if necessary. Meals, cleaning, medical services, court transportation, and attorney visits will continue. Other activities will be assessed by the Jail Commander on a case-by-case basis.
- Supervisory and management personnel may have time-off cancelled or rescheduled for the duration of the staffing emergency.
- Staff from other areas of the office who have custody experience may be used to fill vacancies in the facility.
- Assistance from allied agencies may be requested to help management and supervisors in safely staffing the facility.
- Contracting with surrounding facilities may be necessary if adequate staffing cannot be obtained to safely operate the facility.
- In the event of a health-related staffing emergency, the office Exposure Control Officer and medical staff shall be notified in accordance with the Communicable Diseases Policy.

404.2.2 LEGAL ASSISTANCE

In cases where the Jail Commander becomes aware that a work stoppage is planned or has occurred, legal counsel should be consulted for assistance in preparing the necessary legal action to either prevent the work stoppage or to cause it to cease. Immediate contact with the employees' representatives may also be necessary to prevent or conclude the job action.

404.2.3 TRAINING

The Jail Commander or the authorized designee should be responsible for:

- (a) Establishing a distribution list for the contingency plan.
- (b) Establishing a periodic review and update of the plan.
- (c) Ensuring that all supervisors and managers are periodically trained on the plan.
- (d) Ensuring that all supervisors and managers are provided a copy of the plan and/or a means to access it in the event of an emergency.
- (e) Documenting all training.
- (f) Maintaining training records for each supervisor and manager and ensuring that those personnel periodically receive appropriate update training on the plan.

Fire Safety

406.1 PURPOSE AND SCOPE

The threat of fire and toxic smoke in the facility represents a significant risk to the safety and security of the community, the staff, incarcerated persons, volunteers, contractors, and visitors. The purpose of this policy is to clearly identify and conform to applicable federal, state, and/or local fire safety codes, and to establish a process of creating, disseminating, and training all individuals in the facility on the emergency plans for fire safety and evacuation.

406.2 POLICY

It is the policy of this office that fire prevention strategies are a high priority.

The Jail Commander shall ensure that a fire alarm and detection and suppression system, as required by law, are installed, maintained, and periodically tested. Any variance, exception, or equivalency issues must be approved by the fire jurisdiction authorities and must not constitute a serious life-safety threat to the occupants of the facility (15 CCR 1029(a)(7)(A); 15 CCR 1032 et seq.).

All required fire alarms, sprinklers, and detection devices shall be in good working order at all times.

Should such a device become inoperative, the Jail Commander or the authorized designee shall be responsible for ensuring that emergency repairs are undertaken as soon as possible and that staff is provided with an alternative emergency fire safety and evacuation plan.

Any time any fire prevention system is inoperative and poses a serious life-safety risk, that portion of the facility shall not be inhabited by incarcerated persons or staff.

406.5 FIREFIGHTING EQUIPMENT

The Jail Commander shall ensure that the facility is equipped with the necessary firefighting equipment (e.g., fire hoses, extinguishers) in an amount and in a location as recommended by the local fire authority or other qualified entity. The locations of firefighting equipment will be shown on the facility fire plan (schematic).

While the staff is not trained as fully qualified firefighters, the Jail Commander or the authorized designee will ensure that the staff is trained to initially respond to a fire with the purpose of facilitating the safety of the occupants, including evacuation, if necessary.

406.5.1 SELF-CONTAINED BREATHING APPARATUS

The facility should maintain sufficient quantities of self-contained breathing apparatus (SCBA) for staff to initially respond to a fire with the purpose of facilitating the safety of the occupants, including evacuation, if necessary. The Jail Commander or the authorized designee is responsible for developing and implementing a written respiratory protection program that includes fit testing and training.

406.6 FIRE TRAINING

The Training Manager is responsible for ensuring that within the first six months of assignment to the facility all staff members receive training on the use of the SCBA sufficient to demonstrate proficiency. The staff should also be trained in the use of the facility's firefighting equipment sufficient to demonstrate proficiency. The staff should receive refresher training at least annually on the use of firefighting equipment.

Each shift will have at least one designated staff member who is trained to maintain the facility's firefighting equipment, including the SCBA.

406.7 INSPECTIONS

The Office shall be inspected by an appointed staff member who is qualified to perform fire and safety inspections on a monthly basis to ensure that fire safety standards are maintained (15 CCR 1032). These inspections will be focused on, but not limited to, fire prevention, staff training and proficiency, firefighting equipment availability and functionality, alarms, fire detectors, fire safety

A staff member shall be assigned to coordinate with local or state fire officials for the inspections as required once every two years, pursuant to Health and Safety Code § 13146.1(a); and Health and Safety Code § 13146.1(b). The result of all fire inspections and fire equipment testing shall be provided to the Jail Commander and the Sheriff, and the records maintained for at least two years (15 CCR 1032(b)).

406.7.1 FURNISHINGS

All furnishings allowed in the facility shall meet fire authority standards for fire performance characteristics. Prior to the introduction of any furnishing into the facility, the staff shall receive clearance from the local fire authority as to its appropriateness.

406.7.2 FLAMMABLE, TOXIC, AND CAUSTIC MATERIALS

The Jail Commander, in collaboration with the local environmental health expert, will review the type of materials introduced into the facility to ensure that flammable, toxic, and caustic materials are controlled and used safely. All such materials will be safely stored and only used by incarcerated persons under the direction of the staff.

406.8 EMERGENCY HOUSING OF INCARCERATED PERSONS

The Jail Commander or the authorized designee shall develop a plan for the emergency housing of incarcerated persons in the event of a fire (15 CCR 1032(e)). The plan should include procedures for continuing to house incarcerated persons in the facility, identification of alternate facilities and the potential capacity of those facilities, incarcerated person transportation options, and contact information for allied agencies. This plan shall be reviewed annually and revised if necessary.

Emergency Power and Communications

408.1 PURPOSE AND SCOPE

The Inyo County Sheriff Department facility must continue to operate as a safe and secure environment regardless of emergencies, including electrical outages. The purpose of this policy is to establish guidelines regarding back-up power and communication systems, and the inspection, preventive maintenance, and testing of the systems to ensure a seamless transition in the event of a loss of power.

408.2 POLICY

It is the policy of this office to ensure that power to critical systems and communications continues to operate within the facility in the event of a loss of power.

408.2.1 PREVENTIVE MAINTENANCE

It is the responsibility of the Sheriff and the Jail Commander to ensure that there is sufficient emergency power to operate all essential lighting, security equipment, safety equipment, and communications systems. The emergency power system should have sufficient fuel to allow the facility to operate continuously for a three-day period, if necessary, without external resources.

The emergency power system should be inspected, tested, and maintained as necessary. In the event that the system fails, the Jail Commander or the Supervisor should contact the designated maintenance authority or repair company to obtain necessary repairs as soon as practicable. If the emergency power system cannot be repaired within eight hours, portable emergency generators should be secured as a temporary emergency power source until the repair or replacement of the primary system occurs.

408.2.2 SAFETY AND SECURITY

All safety and security equipment will be repaired or replaced in an expedited manner by qualified personnel. In the event that safety and/or security equipment become inoperable or damaged and it is not safe to operate a secure portion of the facility, that portion of the facility should be vacated and the incarcerated persons housed elsewhere. Or, staffing should be increased sufficiently for the area to remain safe and secure until the repair can be completed.

408.2.3 INSPECTION AND TESTING

The Jail Commander or the authorized designee is responsible for scheduled testing of emergency power systems (15 CCR 1029). The power system manufacturer should be contacted for the required testing intervals and load information. The emergency power system should be load-tested in accordance with the manufacturer's recommendations or at least quarterly.

All emergency equipment and systems should be inspected and tested by a qualified individual at least quarterly.

Power generators should be inspected and tested by a qualified individual at least weekly.

The community, staff, volunteers, contractors, and incarcerated persons should have a well-researched and validated evacuation plan that can be implemented in the event any portion of this facility requires evacuating due to an emergency (e.g., fire, smoke, flood, storm) (15 CCR 1032(d)). All custody staff should be knowledgeable about the evacuation plan, policy, and procedures.

410.3 EVACUATION PLAN

The Inyo County Sheriff Department maintains an evacuation plan to be implemented in the event of a fire, natural disaster, or other emergency (15 CCR 1032(d)). At a minimum the evacuation plan shall address the following:

- Procedures on how incarcerated persons are to be released from locked areas
- Relocation areas to be used for housing incarcerated persons in the event of a full or partial evacuation
- Notifications
- Training and drill requirements for staff
- Reporting requirements

The Jail Commander shall ensure that the evacuation plan is maintained and updated as needed and is reviewed for accuracy at least annually by a qualified independent inspector and in coordination with the local fire authority.

A current copy of the evacuation plan shall be maintained in the Administration office and in the command area of each annex facility.

410.3.1 EXITS

All facility exits should be marked with signs that clearly indicate the direction of traffic.

Except for temporary reasons, such as maintenance or repairs, all exits to the facility shall remain free from obstacles at all times regardless of the frequency of use. It is the duty of all staff to remove any obstructions that block, either partially or completely, staff's ability to observe or use any exit.

The Jail Commander or the authorized designee shall develop a plan on the emergency housing of incarcerated persons in the event of a full or partial evacuation of the facility. The plan will address when incarcerated persons should be housed in place, identification of alternate facilities, and the potential capacity of those facilities, incarcerated person transportation options, and contact information for allied agencies. This plan shall be reviewed at least annually and revised if necessary.

Chapter 5 - Management of Incarcerated Persons

Population Management

500.1 PURPOSE AND SCOPE

500.2 REPORTS

The Jail Commander or the authorized designee is responsible for ensuring that detailed daily reports of the facility's incarcerated person population are completed and maintained by the staff. The reports shall reflect the average daily population of sentenced and non-sentenced incarcerated persons by categories of gender and juvenile status. The Jail Commander should collect and submit the data to the Sheriff in a monthly report within 10 working days of the end of each month. The Sheriff or the authorized designee should maintain the data in an accessible format for historical purposes and trend analysis and to respond to funding opportunities (see the Crowding Policy) (15 CCR 1040).

500.3 POLICY

It is the policy of this facility that an incarcerated person population management system should be established and maintained to account for the admission, processing, transfer, and release of incarcerated persons.

- (c) Initials or member identification number of staff who completed the safety check.

Safety check documentation shall be reviewed at regular, defined intervals by the Jail Commander or supervisor. The review shall include any noted inconsistent documentation or any untimely completion of safety checks (15 CCR 1027.5).

Special Management Incarcerated Persons

510.1 PURPOSE AND SCOPE

Incarcerated persons who pose a heightened risk to themselves or others require special management, including frequent interaction and increased supervision by staff. Interaction with special management incarcerated persons is essential to maintaining a safe, secure, and humane environment. This policy establishes guidelines and procedures for interacting with special management incarcerated persons in the custody of the Inyo County Sheriff Department.

510.1.1 DEFINITIONS

Definitions related to this policy include:

Administrative separation - The physical separation of an incarcerated person who has (15 CCR 1053):

- (a) A documented history of activity or behavior, or promoting such activity or behavior, that is criminal in nature, disruptive to facility operations, or affects the safety of the facility, other incarcerated persons, and facility staff.
- (b) Influenced or participated in activity that is criminal in nature or disruptive to facility operations or affects the safety and security of the facility, other incarcerated persons, and facility staff.
- (c) A history of escape or recently attempted escape.
- (d) Committed assault, attempted assault, or participated in a conspiracy to assault or harm other incarcerated persons or facility staff.
- (e) A demonstrated need for protection from other incarcerated persons and facility staff.

This is a non-punitive classification process and must not adversely affect an incarcerated person's health (15 CCR 1053).

Protective custody separation - A level of custody either requested or required for an incarcerated person's protection from others.

Special management incarcerated person - An incarcerated person who is either classified as administrative separation or protective custody separation. Classification as a special management incarcerated person is a non-punitive classification.

510.2 POLICY

This office shall provide for the secure and restrictive housing of any special management incarcerated person but shall not impose more deprivation of privileges than is necessary to obtain the objective of protecting the incarcerated person, staff, or the public (15 CCR 1053).

510.3 SPECIAL MANAGEMENT INCARCERATED PERSONS HOUSING CRITERIA

The safety and security of this facility is dependent on a classification system that identifies incarcerated persons who pose a risk to themselves or to others. Incarcerated persons who pose such a risk must be promptly and appropriately separated from the general incarcerated persons

Inyo County Sheriff Department

Custody

Custody

population until such time that they no longer pose a risk. Staff must have the ability to promptly separate these incarcerated persons pending further review.

Individuals who may be classified as special management incarcerated persons include but are not limited to incarcerated persons who are:

- In protective custody or court-imposed separation.
- Exhibiting mental health concerns.
- An escape threat.
- A serious violence threat.
- Known to have gang affiliation.
- A known management problem.
- A suicide risk.
- Exhibiting medical issues.
- Physically impaired.

510.4 CIRCUMSTANCES REQUIRING IMMEDIATE SEPARATION

Incarcerated persons will generally be assigned to separation through the classification process. The Jail Commander or the Supervisor has the authority to immediately place any incarcerated person into separation when it reasonably appears necessary to protect the incarcerated person or others (15 CCR 1081(d)).

Reasons that an incarcerated person may be placed into separation include the following:

- (a) The incarcerated person requests protection or is under court-ordered protection, or the staff has determined that the incarcerated person requires protection.
- (b) There is reason to believe the incarcerated person poses a danger to themselves or others.
- (c) The incarcerated person poses an escape risk.
- (d) The incarcerated person requires immediate mental health evaluation and medical housing is not reasonably available.
- (e) The incarcerated person is charged with a disciplinary infraction and is awaiting a disciplinary hearing and in the judgment of the staff, the incarcerated person may become disruptive or dangerous if left in general population.
- (f) The incarcerated person is in the process of being transferred to a higher security classification.
- (g) Other circumstances where, in the judgment of the staff, the incarcerated person may pose a threat to themselves, others, or the security of the facility.

Inyo County Sheriff Department

Special Management Incarcerated Persons

510.4.1 REVIEW PROCESS

The Jail Commander shall be notified when any incarcerated person is placed into immediate separation and shall be informed of the circumstances leading to the order to separate. Within 72 hours of the incarcerated person being placed into restrictive housing, the Jail Commander or the authorized designee must review the circumstances surrounding the separation to determine which of the following actions shall be taken:

- (a) The incarcerated person is designated for administrative separation.
- (b) The incarcerated person is designated for protective custody.
- (c) The incarcerated person remains separated pending a disciplinary hearing.
- (d) The incarcerated person is returned to general incarcerated person population.

510.5 PROTECTIVE CUSTODY

The correctional officer responsible for assigning classifications to incoming incarcerated persons shall clearly document the reason an incarcerated person should be placed into protective custody. Incarcerated persons in need of protective custody may be placed in a separation unit when there is documentation that the protective custody is warranted and separation is the least restrictive alternative reasonably available.

Incarcerated persons who are in protective custody shall receive all services and programs that are available to incarcerated persons in general population and that are deemed a privilege. Any deviation from allowing usually authorized items or activities shall be documented on the incarcerated person's file.

510.6 MAINTENANCE OF PROGRAMS AND SERVICES

Administrative separation and protective custody shall consist of separate and secure housing but shall not involve any deprivation of privileges other than what is necessary to protect the incarcerated person or staff (15 CCR 1053).

Incarcerated persons who are classified for housing in administrative separation or protective custody shall, at a minimum, be allowed access to programs and services, including but not limited to:

- Incarcerated person telephones.
- Visitation.
- Educational programming appropriate to the incarcerated person's classification.
- Commissary services.
- Library and law library services.
- Social services.
- Faith-based guidance, counseling, and religious services.
- Out of cell time activities and exercise.

- Social and professional visits.

Nothing in this policy prohibits changing the delivery of programs or services to separated incarcerated persons in order to provide for the safety and security of other incarcerated persons and staff.

510.7 REVIEW OF STATUS

The Supervisor or the classification officer shall review the status of all incarcerated persons who are housed in restrictive housing units and designated for administrative separation or protective custody. This review shall occur every seven days for the first two months of separation and at least once every 30 days thereafter. The review should include information about these incarcerated persons to determine whether their status in administrative separation and protective custody is still warranted.

If other reasonable housing options exist that will provide for the safety of the incarcerated person and the facility, the incarcerated person should be moved out of separation. In reviewing an alternative housing decision for an incarcerated person in protective custody, the safety of the incarcerated person should receive the utmost consideration.

510.8 HEALTH EVALUATION REQUIREMENTS

After notification from staff that an incarcerated person is being placed in separation, the Supervisor shall ensure that the following occurs:

- (a) A qualified health care professional shall assess the incarcerated person's health needs and coordinate the appropriate housing assignment.
- (b) If contraindications or special accommodations are noted, the qualified health care professional shall inform the Supervisor and coordinate the appropriate plan for the incarcerated person based on the safety needs of the facility and the medical needs of the incarcerated person.

510.8.1 HEALTH CONSIDERATIONS

Due to the possibility of self-inflicted injury and depression during periods of separation, health evaluations should include notations of any bruises and other trauma markings and the qualified health care professional's comments regarding the incarcerated person's attitude and outlook.

- (a) Unless medical attention is needed more frequently, each incarcerated person in separation should receive a daily visit by medical staff. A medical assessment should be documented in the incarcerated person's medical file.
- (b) A qualified health care professional shall also conduct weekly mental health evaluations.

When an incarcerated person is classified as a special management incarcerated person due to the presence of a serious mental illness and is placed in a separation setting, the staff shall document this in the incarcerated person's file and notify the qualified health care professional. When an incarcerated person is expected to remain in separation for more than 30 days, the qualified health care professional shall be notified.

Inyo County Sheriff Department

Special Management Incarcerated Persons

Where reasonably practicable, a qualified health care professional should provide screening for suicide risk during the three days following admission to the restrictive housing unit.

510.9 SAFETY CHECKS

A staff member shall conduct a face-to-face safety check of all special management incarcerated persons, including those housed in administrative separation or protective custody, at least every 30 minutes on an irregular schedule. Incarcerated persons who are violent, have mental health problems, or demonstrate behavior that is easily identified as out of the ordinary or bizarre in nature should be personally observed by the staff every 15 minutes on an irregular schedule.

Incarcerated persons who are at risk of suicide shall be under continuous observation until seen by a qualified health care professional. Subsequent supervision routines should be in accordance with orders provided by the qualified health care professional.

Special management incarcerated persons shall receive increased monitoring to include, at a minimum:

- (a) A daily visit by the Jail Commander or the authorized designee.
- (b) Visits by members of the program staff, upon request.

All management, program staff, and qualified health care professional visits shall be documented in the appropriate records and logs and retained in accordance with established records retention schedules.

510.10 LOG PROCEDURES

Handwritten logs should be completed in ink. Once an entry is made it should not be modified. If corrections or changes are needed, they should be done by way of a supplemental entry. Electronically captured logs will be maintained in a way that prevents entries from being deleted or modified once they are entered. Corrections or changes must be done by way of supplemental entries. At a minimum the log will contain the following:

- Incarcerated person's name
- Incarcerated person's booking number
- Classification status
- Housing assignment
- Date and time initially housed
- Date and time of entry and exit from the cell
- Reason for the special housing
- Anticipated time of removal
- Medical, psychological, or behavioral considerations
- Counseling for behavior

Inyo County Sheriff Department

Custody

Custody

- Removal date and time from special housing

Log entries should be legible, entered promptly, and provide sufficient detail to adequately reflect the events of the day for future reference.

The date and time of the observation or incident and the name and identification number of the staff member making the log entry shall be included on each entry.

Supervisors should review the logs frequently during the shift and enter comments as appropriate. At a minimum, supervisors should enter the date and time of each review.

All safety checks will be documented in detail and should include the exact time of the safety check and the identification information of the employee conducting the check. All documentation will be gathered and provided to the Supervisor or the Jail Commander at midnight each day.

510.10.1 LOG INSPECTION AND ARCHIVE OF LOGS

The Supervisor shall review and evaluate the logs and pass any significant incidents via the chain of command to the Jail Commander for review.

The logs will be retained by the Office in accordance with established records retention schedules, but in no case for less than one year.

510.11 STAFF SELECTION CRITERIA

To qualify for an assignment solely responsible for the supervision of special management incarcerated persons, the employee must demonstrate that the employee has:

- (a) Successfully completed the employee's probationary period.
- (b) Attained a minimum of six months experience supervising incarcerated persons.
- (c) A history of maturity and tolerance.
- (d) Expressed an interest in working with special management incarcerated persons.
- (e) The ability to manage difficult incarcerated persons through conflict management skills.
- (f) Received satisfactory ratings in the three most recent performance evaluations.

510.11.1 STAFF ASSIGNMENT

Staff assignments to a special management incarcerated persons unit will be made by the Jail Commander or the authorized designee and are subject to continuous review. The special management incarcerated persons unit manager may rotate staff whenever the manager determines that it is in the best interest of the employee or the facility.

Staff assigned to units with special management incarcerated persons should be closely supervised. Staff assigned to these units may rotate to other duties upon request.

Nothing in this section prohibits a probationary employee from working in a special management incarcerated persons unit under direct supervision of a training officer as a part of the training program.

Management of Weapons and Control Devices

514.1 PURPOSE AND SCOPE

This policy will address the availability and control of weapons.

514.2 POLICY

It is the policy of the Inyo County Sheriff Department that the presence and the use of weapons in the jail will be tightly controlled and supervised to reduce the potential for injury. Staff will only carry and use those weapons for which they have been trained in and are qualified to use.

514.3 FIREARMS

With the exception described below, armed personnel shall secure all firearms in gun lockers located at the entry points prior to entering the secure perimeter. Firearms shall not be stored inside the secure perimeter at any time. If it is necessary to load or unload a firearm, personnel shall use the clearing barrels located outside of the facility's secure perimeter to facilitate the safe loading and unloading of firearms.

Firearms shall only be allowed in the secure perimeter of the facility when it is necessary to protect the safety and security of staff, incarcerated persons, contractors, volunteers, or the public.

Firearms shall only be allowed inside the secure perimeter with the approval of the Jail Commander or authorized designee and under the direct supervision of a supervisor.

514.4 OTHER WEAPONS, TOOLS, AND CHEMICAL AGENTS

Office-approved weapons, tools, and chemical agents, including but not limited to pepper projectiles, batons, conducted energy devices (CEDs), impact weapons, weapon-fired projectiles, noise/flash distraction devices, sting grenades, and similar devices, may be possessed and used only by custody staff members who have received office-authorized training and are qualified to use them.

Office-approved weapons, tools and chemical agents shall only be allowed inside the secure perimeter with the approval of the Jail Commander or the authorized designee.

514.5 STORAGE OF WEAPONS, CHEMICAL AGENTS, AND CONTROL DEVICES

The armory shall be located in a secure and readily accessible repository outside of incarcerated person housing and activity areas. It shall be secured at all times. Access to the armory shall be limited to the Jail Commander and the Supervisor or the authorized designee. Only personnel who have received office-approved training in the maintenance of the stored equipment and who have been designated by the Jail Commander are authorized to be inside the armory.

The following equipment shall be stored and secured in the armory:

- (a) All office-approved weapons.
- (b) All office-approved control devices and associated supplies, with the exception of the CED.

Inyo County Sheriff Department

Custody

Custody

Management of Weapons and Control Devices

- (c) All security equipment, such as helmets, face shields, stab or protective vests, and handheld shields.
- (d) All office-approved chemical agents.

Explosive materials will be stored in a safe approved by the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) and in compliance with 27 CFR 555.201 et seq.

514.5.1 WEAPONS LOCKER

There should be a secure weapons locker located outside of the secure perimeter of the jail.

514.5.2 INVENTORY

The Jail Commander should designate one or more properly trained staff to be responsible for maintaining all weapons, chemical agents, and control devices in a safe and secure manner, and to inventory and report the condition and availability of the facility's weapons and control devices on a monthly basis.

To facilitate the inventory, all weapons, chemical agents, and control devices shall be stored in assigned locations inside the armory. A log sheet shall be maintained within the armory at all times, detailing the exact location of each item. The removal of any weapon, chemical agent, or control device shall be documented on the log sheet, showing who removed the item, the date and time of removal, and the reason for removal. An additional log entry shall be made indicating the date and time of the item's return.

The Supervisor and the Jail Commander shall be immediately notified in the event that any weapon, chemical agent, or control device is determined to be missing. An immediate and thorough search of the facility shall take place in order to locate the item.

514.5.3 REVIEW, INSPECTION, AND APPROVAL

Every control device and chemical agent will be periodically inspected for serviceability and expiration dates by the Rangemaster or the instructor designated to train on the use of a particular control device or chemical agent. The Rangemaster or the designated instructor is responsible for ensuring replacement of outdated or unserviceable items.

Classification

516.1 PURPOSE AND SCOPE

This policy describes the Inyo County Sheriff Department's classification process, which is designed to identify security and health issues so that incarcerated persons may be held and housed in such a way as to foster a safe and secure facility (15 CCR 1050).

516.1.1 DEFINITIONS

Definitions related to this policy include:

Civil detainee - Any person held in custody for a reason other than for criminal matters.

516.2 POLICY

It is the policy of this office to process all arrestees and detainees entering this facility to determine whether they will be housed in the facility, cited and released, released on their own recognizance (O.R.) or bail, or released back to the community through an appropriate release mechanism, including alternatives to incarceration programs, such as electronic supervision.

Anyone housed in the facility shall be properly classified according to security and health risks so that appropriate supervision, temporary holding, and housing assignments may be made.

516.3 RELEASE AT OR FOLLOWING CLASSIFICATION

Individuals arrested for intoxication only, with no further proceedings anticipated, should be released as soon as custodial staff reasonably determine they are no longer impaired to the extent that they cannot care for their own safety.

Misdemeanor incarcerated persons who meet criterion established by local courts may be cited and released on O.R. by the Sheriff or the authorized designee. Incarcerated persons who meet the established criteria will be interviewed by classification personnel and a determination will be made whether there is good cause to release the incarcerated person on O.R. (15 CCR 1029(a) (5)).

516.4 CLASSIFICATION PLAN

The Jail Commander or the authorized designee should create and maintain a classification plan to guide staff in the processing of individuals brought into the facility.

The plan should include an initial screening process, as well as a process for determining appropriate housing assignments (28 CFR 115.42). The plan should include use of an objective screening instrument, procedures for making decisions about classification and housing assignments, intake and housing forms, and a process to ensure that all classification and housing records are maintained in each incarcerated person's permanent file. The plan should include an evaluation of the following criteria (15 CCR 1050):

- Age
- Gender identity

- Behavior during arrest and intake process
- Criminal and incarceration history
- Emotional and mental condition
- Potential risk of safety to others or self

- Behavioral or physical limitations or disabilities and physical/mental health needs
- Medical condition
- Level of sobriety at booking
- Suicidal ideation
- Escape history and degree of escape risk
- Prior assaultive or violent behavior
- The need to be separated from other classifications of incarcerated persons (e.g., gang affiliation, confidential informant, former law enforcement, sexual orientation)
- Prior convictions for sex offenses against an adult or child
- Whether the incarcerated person is or is perceived to be gay, lesbian, bisexual, transgender, intersex, or gender non-conforming (see the Prison Rape Elimination Act Policy for transgender and intersex definitions)
- Previous sexual victimization
- The incarcerated person's own perceptions of vulnerability
- Whether the incarcerated person is a foreign national and, if so, from what country (see the Foreign Nationals and Diplomats Policy)
- Prior acts of sexual abuse, prior convictions for violent offenses, and history of prior institutional violence or sexual abuse, as known to the Office (28 CFR 115.41)
- Any other criteria as deemed appropriate by the Sheriff or the authorized designee
- Any other requirements for a classification plan under 15 CCR 1050

The plan should include a methodology for evaluating the classification process and a periodic review for the purpose of continuous quality improvement.

Information obtained in response to screening questions shall be considered confidential and shall only be made available to those who have a legitimate need to know (28 CFR 115.41).

Inyo County Sheriff Department

Custody

Custody

Classification

516.4.1 INCARCERATED PERSON RESPONSE TO SCREENING

Incarcerated persons may not be compelled by threat of discipline to provide information or answers regarding (28 CFR 115.41):

- (a) Whether the incarcerated person has a mental, physical, or developmental disability.
- (b) Whether the incarcerated person is or is perceived to be gay, lesbian, bisexual, transgender, intersex, or gender nonconforming.
- (c) Whether the incarcerated person has previously experienced sexual victimization.
- (d) The incarcerated person's own perception of vulnerability.

516.5 INITIAL CLASSIFICATION

The initial classification process is intended to identify predatory, violent, and at-risk incarcerated persons. It should occur early in the intake process to allow for appropriate supervision while an incarcerated person is being temporarily held in this facility and until a decision is made to place the individual into a more permanent housing assignment.

Incarcerated persons should be interviewed by an intake correctional officer as soon as possible in the booking process. The intake correctional officer shall complete the initial classification form. The initial classification form should include a place for the intake correctional officer to make a housing recommendation. This recommendation should be based on the initial classification form, an assessment of the incarcerated person's condition, and the incarcerated person's interview.

The initial classification form shall be placed in the incarcerated person's file and provided to the classification correctional officer, who will, within the limits of available resources, determine the appropriate temporary housing location.

516.6 CLASSIFICATION UPON HOUSING

Once it has been determined that the person arrested will not be released from custody on bail or O.R., a more in-depth classification of the incarcerated person will be conducted as soon as possible but no later than 24 hours after the person's arrival at the facility, after which the person will be moved to more permanent housing.

516.6.1 INTERVIEW

The comprehensive classification process begins with a review of any initial classification information obtained during the reception and booking process, as well as an interview by the classification correctional officer. The review of initial classification documents and the questions, answers, and observations from the incarcerated person's interview will be documented and numerically scored, representing the security level and housing assignment appropriate for each incarcerated person.

Individualized determinations shall be made about how to ensure the health and safety of each incarcerated person (28 CFR 115.42; 15 CCR 1050).

Inyo County Sheriff Department

Custody

Custody

Classification

516.6.2 OVERRIDE

The classification correctional officer has the authority to override the scores when it appears necessary to more appropriately assign housing. The override capability exists to use the classification correctional officer's training and expertise in those instances when the numerical scores are not reflective of the incarcerated person's potential security or health risk. All overrides will be reviewed by a supervisor and are intended to be an exception, rather than the rule.

516.7 REVIEWS AND APPEALS

Once an incarcerated person is classified and housed, the person may appeal the decision of the classification correctional officer. The appeal process shall begin at the first-line supervisor level. The decision by the supervisor may be appealed to the Jail Commander or the authorized designee. The decision by the Jail Commander or the authorized designee is final.

516.7.1 PERIODIC CLASSIFICATION REVIEWS

The classification correctional officer shall review the status of all incarcerated persons who have been incarcerated in the facility for more than 30 days. Additional reviews should occur each 30 days thereafter. The review should examine changes in the incarcerated person's behavior or circumstances and should either raise, lower, or maintain the classification status (28 CFR 115.41).

Housing and program assignments for each transgender or intersex incarcerated person shall be reassessed at least twice each year to review any threats experienced by the person (28 CFR 115.42).

Incarcerated person risk levels shall be reassessed when required due to a referral, request, incident of sexual abuse, or receipt of additional information that increases the incarcerated person's risk of sexual victimization or abusiveness (28 CFR 115.41).

516.7.2 STAFF REQUESTED REVIEW

At any point during an incarcerated person's incarceration, a staff member may request a review of the incarcerated person's classification. The reason for the review, the review itself, and the outcome of the review shall be documented in the incarcerated person's permanent file. Nothing in this section shall prohibit staff from immediately moving an incarcerated person to another location in the facility based on exigent circumstances. Under such circumstances, the staff member moving the incarcerated person must immediately document the action and notify the classification correctional officer.

516.7.3 INCARCERATED PERSON REQUESTED REVIEW

Incarcerated persons may request a review of their classification plan no more often than 30 days from their last review (15 CCR 1050).

516.8 HOUSING ASSIGNMENTS

Incarcerated persons should be housed based upon the following criteria:

- Classification level

Inyo County Sheriff Department

Custody

Custody

Classification

- Age
- Incarcerated persons will be housed in separate units based on gender
- Legal status (e.g., pretrial, sentenced)
- Need for protection or separation
- Criminal sophistication
- Special problems or needs
- Behavior
- Any other criteria identified by the Jail Commander

516.8.1 SEPARATION

Incarcerated persons shall be housed to ensure visual and physical separation based on gender.

Civil detainees shall be housed separately from pretrial and sentenced incarcerated persons.

516.9 CLASSIFICATION SPACE ALLOCATION

The classification plan depends on the ability of the facility to physically separate different classes of incarcerated persons. To ensure that allocated space meets the current population needs, the Jail Commander or the authorized designee should periodically meet with representatives of the classification correctional officers to discuss the fixed resources (e.g., cells, dorms, dayrooms).

The Jail Commander should report at least quarterly to the custody management team any space issues.

516.10 SINGLE-OCCUPANCY CELLS

Single-occupancy cells may be used to house the following categories of incarcerated persons:

- Maximum security
- Administrative separation
- Medical condition or disabilities (upon consultation with medical staff and the availability of medical beds)
- Mental condition (upon consultation with mental health staff and the availability of mental health beds)
- Sexual predators
- Any incarcerated person with an elevated risk of being taken advantage of, being mistreated, or becoming a victim of sexual abuse or harassment
- Any other condition or status for single-occupancy housing

The classification supervisor shall notify the Jail Commander or the authorized designee when single-occupancy cells are not available for housing the above described incarcerated persons. In such cases, a risk assessment shall be used to identify incarcerated persons in the above categories who may be safely housed together.

Inyo County Sheriff Department

Custody

Custody

Classification

516.11 PRISON RAPE ELIMINATION ACT (PREA) CONSIDERATIONS

Housing, bed, work, and program assignments should be made to separate incarcerated persons at high risk of being sexually victimized from those at high risk of being sexually abusive (28 CFR 115.42). Incarcerated persons identified as being at high risk for sexually aggressive behavior will be monitored and housed in an area that will minimize the risk to other incarcerated persons and staff. All incarcerated persons identified as being at risk of victimization shall be monitored and housed in an area to minimize the risk to their safety. However, incarcerated persons at high risk for sexual victimization shall not be placed in involuntary protective custody unless an assessment of all available alternatives has been made and it has been determined that there is no available alternative means of separation from likely abusers (28 CFR 115.43; 28 CFR 115.68).

Housing and program assignments of a transgender or an intersex incarcerated person shall include individualized consideration for the incarcerated person's health and safety and any related supervisory, management, or facility security concerns (15 CCR 1050). A transgender or an intersex incarcerated person's views with respect to their own safety shall be given serious consideration.

Lesbian, gay, bisexual, transgender, or intersex incarcerated persons shall not be placed in dedicated facilities, units, or wings solely on the basis of such identification or status, unless such placement is pursuant to a consent decree, legal settlement, or legal judgment (28 CFR 115.42).

516.12 EDUCATION, WORK, AND OTHER RELEASE

Unless a person is incarcerated for an offense for which release is prohibited by law or otherwise prohibited by court order, an incarcerated person in the jail may be released for a period reasonable and necessary for the following reasons:

- To seek or maintain employment
- To attend education classes
- To obtain medical treatment
- Any other reasonable purpose as determined by the Jail Commander or the authorized designee

Education and work-release incarcerated persons who leave the secure perimeter of the jail to complete programs should be housed separately from incarcerated persons in general population.

There should be no contact between the incarcerated persons in general population and those authorized for education, work, or other release. This is to minimize the risk of introducing contraband into the jail and to maintain facility security.

516.13 STAFF TRAINING IN CLASSIFICATION

Classification correctional officers should receive training specific to incarcerated person classification before being assigned primary classification duties. Individuals not specifically trained in classification may work in classification provided that they are under the immediate supervision of a trained and qualified staff member.

Conducted Energy Device

518.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of the TASER® device.

518.2 ISSUANCE AND CARRYING TASER DEVICES

The TASER device may only be issued to authorized members who have completed office-approved training for use during their current assignment. Those leaving a particular assignment may be required to return the device to the Office inventory.

Staff shall only use the TASER device and cartridges that have been issued by the Office. The device may be carried as part of a uniformed member's equipment.

- (a) The TASER device shall be maintained in a secure storage location (see the Management of Weapons and Control Devices Policy).
- (b) Each TASER device shall be clearly and uniquely numbered.
- (c) Upon arriving for work members shall sign out their devices.
- (d) Upon finishing the shift, each member shall turn in the device to the approved secure storage area.
- (e) Members shall not pass on the devices to oncoming shift members without signing in and signing out the devices on the TASER device inventory log.
- (f) At the beginning of each shift, the oncoming Supervisor shall inventory all TASER devices.
- (g) Whenever practicable, members should carry two or more TASER device cartridges on their persons at all times when carrying the TASER device.
- (h) Members shall be responsible for ensuring that their issued TASER device is properly maintained and in good working order at all times. Members carrying the TASER device should perform a spark test on the unit prior to every shift.
- (i) Correctional officers should not hold both a firearm and the TASER device at the same time.
- (j) The TASER device should be marked with a distinctive color or marking to distinguish it from firearms or any other device.

518.3 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the TASER device should precede its application, unless it would otherwise endanger the safety of staff or when it is not practicable due to the circumstances.

The purpose of the warning is to:

- (a) Provide the incarcerated person with a reasonable opportunity to voluntarily comply.
- (b) Provide other staff and incarcerated persons with a warning that the TASER device may be deployed.

Inyo County Sheriff Department

Custody

Custody

Conducted Energy Device

If, after a verbal warning, an incarcerated person is unwilling to voluntarily comply with a member's lawful orders and it appears both reasonable and feasible under the circumstances, the member may, but is not required to, display the electrical arc (provided that a cartridge is loaded into the device) or the laser in a further attempt to gain compliance prior to the application of the TASER device. The aiming laser should never be intentionally directed into the eyes of another as it may permanently impair a person's vision.

The fact that a verbal and/or other warning was given or the reasons it was not given shall be documented by the member deploying the device in the related report.

518.4 USE OF THE TASER DEVICE

As with any correctional equipment, the TASER device has limitations and restrictions requiring consideration before its use. The TASER device should only be used when its operator can safely approach the subject within the operational range of the device.

Although the TASER device is generally effective in controlling most individuals, members should be aware that the device may not achieve the intended results and be prepared with other options.

518.4.1 APPLICATION OF THE TASER DEVICE

Authorized personnel may use the TASER device when circumstances perceived by the member at the time indicate that such application is reasonably necessary to control an incarcerated person in any of the following circumstances:

- (a) The incarcerated person is violent or is physically resisting.
- (b) The incarcerated person has demonstrated an intention to be violent or to physically resist and reasonably appears to have the potential to harm staff, themselves, or others.

518.4.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the TASER device should generally be avoided on certain individuals unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the member, the subject, or others, and the member reasonably believes that the need to control the individual outweighs the risk of using the device. Such individuals include:

- (a) Elderly incarcerated persons.
- (b) Incarcerated persons with obviously low body mass.
- (c) Incarcerated persons who are handcuffed or otherwise restrained.
- (d) Incarcerated persons who have been recently sprayed with a flammable chemical agent or who are otherwise in proximity to any combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.
- (e) Incarcerated persons whose position or activity may result in collateral injury (e.g., falls from height).

Because the application of the TASER device in the drive-stun mode (i.e., direct contact without probes) relies primarily on pain compliance, the use of the drive-stun mode generally should be

Inyo County Sheriff Department

Custody

Custody

limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between staff and the subject, thereby giving staff time and distance to consider force options or actions.

The TASER device shall not be used to torture, psychologically torment, elicit statements from, or punish any incarcerated person.

518.4.3 TARGETING CONSIDERATIONS

Reasonable efforts should be made to target lower center mass and avoid intentionally targeting the head, neck, chest, and groin. If the dynamics of a situation or officer safety do not permit the member to limit the application of the TASER device probes to a precise target area, members should monitor the condition of the incarcerated person if one or more probes strikes the head, neck, chest, or groin until the incarcerated person is evaluated by qualified medical personnel.

518.4.4 MULTIPLE APPLICATIONS OF THE TASER DEVICE

Members should apply the TASER device for only one standard cycle and then evaluate the situation before applying any subsequent cycles. Multiple applications of the TASER device against a single individual are generally not recommended and should be avoided unless the member reasonably believes that the need to control the individual outweighs the potentially increased risk posed by multiple applications.

If the first application of the TASER device appears to be ineffective in gaining control of an incarcerated person and if circumstances allow, the member should consider certain factors before additional applications of the device, including:

- (a) Whether the probes are making proper contact.
- (b) Whether the incarcerated person has the ability and has been given a reasonable opportunity to comply.
- (c) Whether verbal commands, other options, or tactics may be more effective.

Members should generally not intentionally apply more than one TASER device at a time against a single subject.

518.4.5 DOCUMENTATION

All TASER device discharges shall be documented in the related incident report and on the TASER device report form. Notification shall be made to a supervisor in compliance with the office Use of Force Policy. Unintentional discharges, pointing the device at a person, laser activation, and arcing of the TASER device will also be documented on the TASER device report form. Any report documenting the discharge of the TASER device will include an explanation of the circumstances surrounding the discharge.

Following the discharge, the onboard TASER device memory will be downloaded through the data port by a supervisor or Rangemaster and saved with the related incident report. Photographs of the probe and contact sites should be taken after the incarcerated person has been seen by qualified medical personnel. Confetti tags should be collected and the expended cartridge along with both

Inyo County Sheriff Department

Custody

Custody

Conducted Energy Device

probes and wires should be submitted into evidence for future reference by the member collecting the cartridge. The cartridge serial number should be noted and documented on the evidence paperwork. The evidence packaging should be marked "biohazard" if the probes penetrated the incarcerated person's skin.

At a minimum the following should be documented:

- (a) Identification of all personnel firing TASER devices
- (b) Cartridge serial number
- (c) Identification of all witnesses
- (d) Medical care provided to the incarcerated person
- (e) Observations of the incarcerated person's physical and physiological actions
- (f) Any known or suspected drug use, intoxication, or other medical problems

The Office should periodically analyze the report forms to identify trends, including deterrence and effectiveness. The Training Manager should also conduct audits of data downloads and reconcile TASER device report forms with recorded activations. TASER device information and statistics, with identifying information removed, should periodically be made available to the public.

518.4.6 TASER® CAM™

The TASER is equipped with TASER Cam, which is an audio-video recording device integrated into the power supply. The TASER Cam is activated anytime the safety is in the off position. The safety should not be in the off position unless the member intends to use the device and the guidelines established in this policy are met. Anytime the TASER Cam is activated, the video and audio data should be downloaded in accordance with office evidence procedures and referenced in any related report. All video and audio not booked as evidence will be retained for the period required by established records retention schedules.

518.4.7 PREGNANT INCARCERATED PERSONS

Application of the TASER device shall not be used on a pregnant incarcerated person (Penal Code § 4023.8).

518.5 MEDICAL TREATMENT

Absent extenuating circumstances or unavailability, only qualified medical personnel should remove TASER device probes from an incarcerated person's body. Used TASER device probes shall be considered a sharps biohazard, similar to a used hypodermic needle, and handled properly. Universal precautions should be taken accordingly.

All incarcerated persons who have been struck by TASER device probes or who have been subjected to the electric discharge of the device shall be medically assessed prior to continued processing or housing. Any incarcerated person who falls under any of the following categories should, as soon as practicable, be examined by qualified medical personnel:

Inyo County Sheriff Department

Custody

Custody

Conducted Energy Device

- (a) The person is suspected of being under the influence of controlled substances and/or alcohol.
- (b) The person may be pregnant.
- (c) The person reasonably appears to be in need of medical attention.
- (d) The TASER device probes are lodged in a sensitive area (e.g., groin, breast, head, face, neck).
- (e) The person requests medical treatment.

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain, or who require a protracted physical encounter with multiple staff to be brought under control, may be at an increased risk of sudden death and should be examined by qualified medical personnel as soon as practicable. Any individual exhibiting signs of distress after such an encounter shall be medically cleared.

Any incarcerated person exhibiting signs of distress or who is exposed to multiple or prolonged applications (e.g., more than 15 seconds) shall be promptly examined by qualified medical personnel or medically evaluated.

If any individual refuses medical attention, such a refusal should be witnessed by another member and/or medical personnel and shall be fully documented in related reports.

If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

518.6 TRAINING

Personnel who are authorized to carry the TASER device shall be permitted to do so only after successfully completing the initial office-approved training. Any personnel who have not carried the TASER device as a part of their assignment for a period of six months or more shall be recertified by the TASER device instructor approved by this office prior to again carrying or using the device.

Proficiency training for personnel who have been issued TASER devices should occur every year. A reassessment of a correctional officer's knowledge and/or practical skill may be required at any time if deemed appropriate by the Training Manager.

Command staff and supervisors should receive TASER device training as appropriate for the investigations they conduct and review.

Members who do not carry TASER devices should receive training that is sufficient to familiarize them with the device and with working with members who use the device.

The Training Manager is responsible for ensuring that all members who carry TASER devices have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of TASER devices during training could result in injury to personnel and should not be mandatory for certification.

Inyo County Sheriff Department

Custody

Custody

Conducted Energy Device

All training and proficiency for TASER devices will be documented in the member's training file.

The Training Manager should ensure that all training includes:

- (a) A review of this policy.
- (b) A review of the Use of Force Policy.
- (c) Target area considerations, including techniques or options to reduce the unintentional application of probes near the head, neck, chest and groin.
- (d) Handcuffing a subject during the application of the TASER device and transitioning to other force options.
- (e) Restraint techniques that do not impair respiration following the application of the TASER device.
- (f) De-escalation techniques.

518.6.1 TESTING

All training delivered to the staff should include testing to document that the employee understands the subject matter presented.

518.7 POLICY

It is the policy of the Inyo County Sheriff Department to use the TASER device to control violent or potentially violent incarcerated persons. The appropriate use of such a device should result in fewer serious injuries to staff and incarcerated persons.

Control of Incarcerated Person Movement

520.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a process for the safe and secure movement of incarcerated persons between areas within the facility and transportation from the facility to court, medical appointments, or other jurisdictions (15 CCR 1029(a)(6)).

520.2 POLICY

The staff should be vigilant in the control and movement of incarcerated persons between areas within the facility and when transporting persons outside the secure confines of the facility. Control may be by direct or indirect visual observation. All staff should consider all incarcerated person movement as high-risk activity. The staff should be aware of their surroundings at all times and take necessary steps to prevent the possession and exchange of contraband.

520.3 CONTROL OF MOVEMENT

Staff shall not allow incarcerated persons to leave their assigned housing area unless they have approved activities that may include but are not limited to the following:

- (a) Court
- (b) Transportation to another facility
- (c) Receiving a visit
- (d) Law enforcement interview or to participate in a lineup
- (e) Reporting for work
- (f) Receiving dental or medical care
- (g) Attending educational classes or religious services
- (h) Release
- (i) Facility Emergency
- (j) Any other reason deemed appropriate by staff

520.4 MOVEMENT OF INCARCERATED PERSONS

Movement of one or more incarcerated persons in the facility should be done in an orderly manner with incarcerated persons walking in a single-file line. Staff members should have situational awareness during the movement of incarcerated persons and should consider the design of the facility, areas of poor visibility, and the presence of other persons being moved. The staff should avoid areas where incarcerated persons may have access to contraband items.

520.5 MOVEMENT OF SPECIAL MANAGEMENT INCARCERATED PERSONS

Incarcerated persons should be restrained during movement based upon individual security classification, with higher risk persons in handcuffs, waist chains, and leg irons. An exception to this procedure is when an incarcerated person has a physical disability where restraint devices

Custody

may cause serious injury. Pregnant incarcerated persons shall be moved in accordance with the Use of Restraints Policy.

Whenever a high-security incarcerated person is not able to be restrained, the staff should compensate by utilizing wheelchairs and should secure the incarcerated person to the chair. It may also be necessary to increase the number of staff present to ensure the safe movement of high-security incarcerated persons.

The staff should be watchful in and around passageways and ensure that sallyport doors are secured to prevent escape.

Use of Force

522.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this office is expected to use these guidelines to make such decisions in a professional, impartial, and reasonable manner (Government Code § 7286; 15 CCR 1029(a)(3)).

In addition to those methods, techniques, and tools set forth below, the guidelines for the reasonable application of force contained in this policy shall apply to all policies addressing the potential use of force, including but not limited to the Conducted Energy Device, Use of Restraints, and Electronic Restraints policies.

Retaliation prohibitions for reporting suspected violations are addressed in the Anti-Retaliation Policy.

522.1.1 DEFINITIONS

Definitions related to this policy include:

Deadly force - Any use of force that creates a substantial risk of causing death or serious bodily injury, including but not limited to the discharge of a firearm (Penal Code § 835a).

Feasible - Reasonably capable of being done or carried out under the circumstances to successfully achieve the arrest or lawful objective without increasing risk to the correctional officer or another person (Government Code § 7286(a)).

Force - The application of physical techniques or tactics, chemical agents, or weapons to another person. It is not a use of force when individuals allow themselves to be searched, escorted, handcuffed, or restrained.

Force team technique - The force team technique ordinarily involves trained members clothed in protective gear who enter the incarcerated person's area in tandem, each with a specific task, to achieve immediate control of the incarcerated person.

Serious bodily injury - A serious impairment of physical condition, including but not limited to the following: loss of consciousness; concussion; bone fracture; protracted loss or impairment of function of any bodily member or organ; a wound requiring extensive suturing; and serious disfigurement (Penal Code § 243(f)(4)).

Totality of the circumstances - All facts known to the correctional officer at the time, including the conduct of the correctional officer and the individual leading up to the use of force (Penal Code § 835a).

522.2 POLICY

The use of force is a matter of critical concern, both to the public and to the public safety community. Members are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Inyo County Sheriff Department

Custody

Custody

Use of Force

Members must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of public safety duties.

The Inyo County Sheriff Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting members with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation, and a careful balancing of all interests.

522.2.1 FAIR AND UNBIASED USE OF FORCE

Correctional officers are expected to carry out their duties, including the use of force, in a manner that is fair and unbiased (Government Code § 7286(b)).

522.3 USE OF FORCE

Authorized members shall use only that amount of force that reasonably appears necessary given the facts and totality of the circumstances known to or perceived by the member at the time of the event to accomplish a legitimate government purpose such as to gain control of the individual; protect and ensure the safety of incarcerated persons, members, and others; prevent serious property damage; prevent escape; obtain compliance with facility rules and member orders; or to ensure the institution's security and good order (Penal Code § 835a).

The reasonableness of force will be judged from the perspective of a reasonable member on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that members are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

Given that no policy can realistically predict every possible situation a member might encounter, members are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident. Members may only use a level of force that they reasonably believe is proportional to the seriousness of the suspected offense or the reasonably perceived level of actual or threatened resistance (Government Code § 7286(b)).

It is also recognized that circumstances may arise in which members reasonably believe that it would be impractical or ineffective to use any of the approved or authorized tools, weapons, or methods provided by this office. Members may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be objectively reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate government purpose.

While the ultimate objective of every encounter is to avoid or minimize injury, nothing in this policy requires a member to retreat or be exposed to possible physical injury before applying reasonable force.

Force shall never be used as punishment.

522.3.1 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether a member has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit (Government Code § 7286(b)). These factors include but are not limited to:

- (a) The apparent immediacy and severity of the threat to members or others (Penal Code § 835a).
- (b) The conduct of the individual being confronted, as reasonably perceived by the member at the time (Penal Code § 835a).
- (c) Member/individual factors (e.g., age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of members available vs. individuals).
- (d) The conduct of the involved member leading up to the use of force (Penal Code § 835a).
- (e) The effects of suspected drug or alcohol use.
- (f) The individual's apparent mental state or capacity (Penal Code § 835a).
- (g) The individual's apparent ability to understand and comply with correctional officer commands (Penal Code § 835a).
- (h) The proximity of weapons or dangerous improvised devices.
- (i) The degree to which the individual has been effectively restrained and the individual's ability to resist despite being restrained.
- (j) The availability of other reasonable and feasible options and their possible effectiveness (Penal Code § 835a).
- (k) The seriousness of the suspected offense or reason for contact with the individual prior to and at the time force is used.
- (l) The training and experience of the member.
- (m) The potential for injury to members, incarcerated persons, bystanders, and others.
- (n) Whether the individual appears to be resisting, attempting to evade arrest by flight, or is attacking the member.
- (o) The risk and reasonably foreseeable consequences of escape.
- (p) The apparent need for immediate control of the individual or a prompt resolution of the situation to maintain or restore order.
- (q) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the member or others.
- (r) Prior contacts with the individual or awareness of any propensity for violence.
- (s) Any other exigent circumstances.

Inyo County Sheriff Department

Custody

522.3.2 DUTY TO INTERCEDE

Any correctional officer present and observing another law enforcement officer or member using force that is clearly beyond that which is necessary, as determined by an objectively reasonable correctional officer under the circumstances, shall, when in a position to do so, intercede (as defined by Government Code § 7286) to prevent the use of unreasonable force.

When observing or reporting force used by a law enforcement officer, each correctional officer should take into account the totality of the circumstances and the possibility that other law enforcement officers may have additional information regarding the threat posed by the subject (Government Code § 7286(b)).

522.3.3 ALTERNATIVE TACTICS - DE-ESCALATION

As time and circumstances reasonably permit, and when community and correctional officer safety would not be compromised, correctional officers should consider actions that may increase correctional officer safety and may decrease the need for using force:

- (a) Summoning additional resources that are able to respond in a reasonably timely manner.
- (b) Formulating a plan with responding correctional officers before entering an unstable situation that does not reasonably appear to require immediate intervention.
- (c) Employing other tactics that do not unreasonably increase correctional officer jeopardy.

In addition, when reasonable, correctional officers should evaluate the totality of circumstances presented at the time in each situation and, when feasible, consider and utilize reasonably available alternative tactics and techniques that may persuade an individual to voluntarily comply or may mitigate the need to use a higher level of force to resolve the situation before applying force (Government Code § 7286(b)). Such alternatives may include but are not limited to:

- (a) Attempts to de-escalate a situation.
- (b) If reasonably available, the use of crisis intervention techniques by properly trained personnel.

522.3.4 DUTY TO REPORT EXCESSIVE FORCE

Any correctional officer who observes a law enforcement officer or a member use force that potentially exceeds what the correctional officer reasonably believes to be necessary shall immediately report these observations to a supervisor (Government Code § 7286(b)).

As used in this section, "immediately" means as soon as it is safe and feasible to do so.

522.3.5 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Members may only apply those pain compliance techniques for which they have successfully completed office-approved training. Members utilizing any pain compliance technique should consider:

Inyo County Sheriff Department

Custody

Custody

Use of Force

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the individual can comply with the direction or orders of the member.
- (c) Whether the individual has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the member determines that compliance has been achieved.

522.3.6 RESTRICTIONS ON THE USE OF A CAROTID CONTROL HOLD

Correctional officers of this office are not authorized to use a carotid restraint hold. A carotid restraint means a vascular neck restraint or any similar restraint, hold, or other defensive tactic in which pressure is applied to the sides of a person's neck that involves a substantial risk of restricting blood flow and may render the person unconscious in order to subdue or control the person (Government Code § 7286.5; 15 CCR 1029).

522.3.7 RESTRICTIONS ON THE USE OF A CHOKE HOLD

Correctional officers of this office are not authorized to use a choke hold. A choke hold means any defensive tactic or force option in which direct pressure is applied to a person's trachea or windpipe (Government Code § 7286.5; 15 CCR 1029).

522.3.8 USE OF FORCE TO SEIZE EVIDENCE

In general, members may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, members are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, members should not intentionally use any technique that restricts blood flow to the head, restricts respiration, or creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Members are encouraged to use techniques and methods taught by the Inyo County Sheriff Department for this specific purpose.

522.3.9 MEDICAL CONSIDERATION

Once it is reasonably safe to do so, properly trained members should promptly provide or procure medical assistance for any individual injured or claiming to have been injured in a use of force incident (Government Code § 7286(b)).

522.3.10 FAILURE TO INTERCEDE

A correctional officer who has received the required training on the duty to intercede and then fails to act to intercede when required by law may be disciplined in the same manner as the correctional officer who used force beyond that which is necessary (Government Code § 7286(b)).

522.3.11 NOTIFICATION TO SUPERVISORS REGARDING USE OF FORCE

Any use of force by a correctional officer shall be reported immediately to a supervisor (Penal Code § 832.13).

As used in this section, "immediately" means as soon as it is safe and feasible to do so.

Inyo County Sheriff Department

Custody

Custody

Use of Force

522.3.12 ADDITIONAL RESTRICTIONS

Terms such as "positional asphyxia," "restraint asphyxia," and "excited delirium" continue to remain the subject of debate among experts and medical professionals, are not universally recognized medical conditions, and frequently involve other collateral or controlling factors such as narcotics or alcohol influence, or preexisting medical conditions. While it is impractical to restrict a correctional officer's use of reasonable control methods when attempting to restrain a combative individual, correctional officers are not authorized to use any restraint or transportation method which might unreasonably impair an individual's breathing or respiratory capacity for a period beyond the point when the individual has been adequately and safely controlled. Once the individual is safely secured, correctional officers should promptly check and continuously monitor the individual's condition for signs of medical distress (Government Code § 7286.5).

522.4 USE OF OTHER WEAPONS, TOOLS, AND CHEMICAL AGENTS ON INCARCERATED PERSONS

522.4.1 NOISE/FLASH DISTRACTION DEVICES

Noise/flash distraction devices, sting grenades, chemical grenades, and similar devices shall be used only at the direction of a supervisor and only by members who have been trained in and are qualified for the use of the devices.

522.4.2 ELECTRONIC CONTROL DEVICES

The use of the conducted energy device (CED) shall be in accordance with the office's Conducted Energy Device Policy.

The use of other electronic devices, such as stun cuffs, stun vests, and stun belts, shall be in accordance with the office's Electronic Restraints Policy.

522.4.3 CHEMICAL AGENTS

Chemical agents shall only be used in the facility as authorized by the Jail Commander or the authorized designee and in accordance with the office's Chemical Agents Training Policy. Oleoresin capsicum (OC) spray should not be used in the medical unit or other designated areas where incarcerated persons are assigned to respiratory isolation or on any incarcerated person who is under control with or without restraints.

Incarcerated persons who have been affected by the use of chemical agents shall be promptly provided with the proper solution to decontaminate the affected areas.

If the incarcerated person refuses to decontaminate, such a refusal shall be documented. If an incarcerated person has been exposed in a cell and not removed from the cell where the exposure occurred, in-cell decontamination shall be afforded to the incarcerated person, including:

- (a) Health-trained custody member advising the incarcerated person how to decontaminate in the cell.
- (b) Clean clothing if the incarcerated person's clothing was contaminated.

Inyo County Sheriff Department

Custody

Custody

Use of Force

- (c) Monitoring of the in-cell incarcerated person at least every 15 minutes on an irregular schedule, for a period of not less than 45 minutes, by a health-trained custody member.

522.4.4 PROJECTILE CHEMICAL AGENTS

Pepper projectile systems are plastic spheres filled with a derivative of OC powder. A compressed gas launcher delivers the projectiles with enough force to burst the projectiles on impact, releasing the OC powder. The potential exists for the projectiles to inflict injury if they strike the head, neck, spine, or groin. Therefore, members deploying the pepper projectile system should not intentionally target those areas except when the member reasonably believes the incarcerated person may cause serious bodily injury or death to the member or others. The use of the pepper projectile system is subject to the following requirements:

- (a) Office-approved projectile chemical agents may only be used by members who have received office-authorized training in their use.
- (b) Members encountering a situation that requires the use of the pepper projectile system shall notify a supervisor as soon as practicable. The supervisor shall respond to all such deployments. The supervisor shall ensure that all notifications and reports are completed as required by this policy.

Each deployment of a pepper projectile system shall be documented and, if reasonably practicable, recorded on video. This includes situations where the launcher was directed toward the incarcerated person, regardless of whether the launcher was used. Only non-incident deployments are exempt from the reporting requirement (e.g., training, product demonstrations).

522.4.5 IMPACT WEAPONS

The need to immediately incapacitate the incarcerated person must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted with an impact weapon, except when the member reasonably believes the incarcerated person may cause serious bodily injury or death to the member or others.

522.4.6 KINETIC ENERGY PROJECTILES

Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used by a trained and qualified member in an attempt to de-escalate a potentially deadly situation.

522.4.7 CHEMICAL AGENTS AND PREGNANT INCARCERATED PERSONS

Pregnant incarcerated persons shall not be pepper sprayed or exposed to other chemical weapons (Penal Code § 4023.8).

522.5 IMMEDIATE AND CALCULATED USE OF FORCE

An immediate use of force occurs when force is used to respond without delay to a situation or circumstance that constitutes an imminent threat to security or safety. For example, the immediate or unplanned use of force by a member may be necessary to stop an incarcerated person from inflicting self-injury or to stop an assault on any other person, including other incarcerated persons. The destruction of government property may require the immediate use of force by a member in

Inyo County Sheriff Department

Custody

Custody

Use of Force

some circumstances. A verbal warning should be given before an immediate use of force unless the circumstances preclude it.

If there is no need for immediate action, members should attempt to resolve the situation through voluntary compliance or, if it reasonably appears necessary, the calculated use of force. A calculated use of force is called for when an incarcerated person's presence or conduct poses a threat to safety or security and the incarcerated person is located in an area that can be controlled or isolated, or when time and circumstances permit advance planning, staffing, and organization.

The assistance of available non-custodial members (e.g., psychologists, counselors) should be considered when attempting to resolve a situation without confrontation.

A supervisor shall be present in any situation involving the calculated use of force. The supervisor shall notify the Jail Commander or the authorized designee for approval and consultation prior to any calculated use of force action.

522.5.1 CONFRONTATION AVOIDANCE PROCEDURES

Prior to any calculated use of force, the supervisor shall confer with the appropriate persons to gather pertinent information about the incarcerated person and the immediate situation. Based on the supervisor's assessment of the available information, the supervisor should direct the members to attempt to obtain the incarcerated person's voluntary cooperation and consider other available options before determining whether force is necessary.

The supervisor should consider including the following persons and resources in the process:

- (a) Mental health specialist
- (b) Qualified health care professional
- (c) Chaplain
- (d) Office Records Section
- (e) Any other relevant resources

Regardless of whether discussions with any of the above resources are accomplished by telephone or in person, the purpose is to gather information to assist in developing a plan of action, such as the incarcerated person's medical/mental history (e.g., asthma or other breathing-related illness, hypoglycemia, diabetes), any recent incident reports or situations that may be contributing to the incarcerated person's present condition (e.g., pending criminal prosecution or sentencing, recent death of a loved one, divorce). The assessment should include discussions with members who are familiar with the incarcerated person's background or present status. This may provide insight into the cause of the person's immediate agitation. It also may identify other members who have a rapport with the incarcerated person and could possibly resolve the incident peacefully, without the use of force.

If force is determined to be necessary and other means of gaining control of an incarcerated person are deemed inappropriate or ineffective, then the force team technique should be used to control the person and to apply restraints, if required.

Inyo County Sheriff Department

Custody

Custody

Use of Force

Consideration should also be given to preventing exposure to communicable diseases in calculated use of force situations, and to ensuring that medical services personnel are available.

522.6 REPORTING THE USE OF FORCE

Every member use of force is an incident that shall be reported on the appropriate report form.

The documentation will reflect the actions and responses of each member participating in the incident, as witnessed by the reporting member.

The report should include:

- (a) A clear, detailed description of the incident, including any application of weapons or restraints.
- (b) The identity of all individuals involved in the incident (e.g., incarcerated persons, members, others).
- (c) The member should articulate the factors perceived and why the member believed the use of force was reasonable under the circumstances.
- (d) Efforts made to temper the severity of a forceful response, and if there were none, the reasons why.
- (e) Description of any injuries to anyone involved in the incident, including the result of any medical checks that show the presence or absence of injury.

Any member directly observing the incident shall make a verbal report to a supervisor as soon as practicable and include as much of the aforementioned information as is known by the member.

Members shall submit the appropriate documentation prior to going off-duty, unless directed otherwise by a supervisor.

A video recording is required for all calculated use of force incidents and should include the introduction of all members participating in the process. The recording and documentation will be part of the investigation package. The supervisor should ensure the recording is properly processed for retention and a copy is forwarded with the report to the Jail Commander within three working days.

The supervisor responsible for gathering the reports may allow a reasonable delay in preparation of a report in consideration of the immediate psychological and/or physical condition of the involved member.

The Supervisor shall promptly notify the Jail Commander of any incident involving a member employing deadly force, or any incident where a death or serious bodily injury may have been caused by a member.

522.6.1 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE

Statistical data regarding all officer-involved shootings and incidents involving use of force resulting in serious bodily injury is to be reported to the California Department of Justice as required by Government Code § 12525.2.

Inyo County Sheriff Department

522.6.2 REPORT RESTRICTIONS

Correctional officers shall not use the term "excited delirium" to describe an individual in an incident report. Correctional officers may describe the characteristics of an individual's conduct, but shall not generally describe the individual's demeanor, conduct, or physical and mental condition at issue as excited delirium (Health and Safety Code § 24402).

522.7 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to a reported application of force resulting in visible injury, if reasonably available. When a supervisor is able to respond to an incident in which there has been a reported use of force, the supervisor is expected to (Government Code § 7286(b)):

- (a) Ensure a crime scene is established to preserve and protect evidence, if appropriate.
- (b) Ensure that the chain of command is notified and that all necessary health and safety and security measures are initiated.
- (c) Obtain the basic facts from the involved members. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (d) Ensure that the appropriate investigation authority is notified, if appropriate.
- (e) Ensure that any parties involved in a use of force situation are examined by medical staff, regardless of whether any injuries are reported or detectable, and afforded medical treatment as appropriate.
- (f) When possible, separately obtain a recorded interview with all individuals upon whom force was used. If this interview is conducted without the person having voluntarily waived the individual's *Miranda* rights, the following should apply:
 1. The content of the interview should not be summarized or included in any related criminal charges.
 2. The fact that a recorded interview was conducted should be documented in a property or other report.
 3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.
- (g) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas.
 1. These photographs should be retained until all potential for civil litigation has expired.
- (h) Identify any witnesses not already included in related reports.
- (i) Review and approve all related reports.
- (j) Determine if there is any indication that the individual may pursue civil litigation.
 1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.

- (k) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy noncompliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving a reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

522.8 USE OF DEADLY FORCE

Where feasible, correctional officers shall, prior to the use of deadly force, make reasonable efforts to identify themselves as a peace officer and to warn that deadly force may be used, unless a correctional officer has objectively reasonable grounds to believe the person is aware of those facts (Penal Code 835a).

If an objectively reasonable correctional officer would consider it safe and feasible to do so under the totality of the circumstances, correctional officers shall evaluate and use other reasonably available resources and techniques when determining whether to use deadly force. To the extent that it is reasonably practical, correctional officers should consider their surroundings and any potential risks to bystanders prior to discharging a firearm (Government Code § 7286(b)).

The use of deadly force is only justified when the correctional officer reasonably believes it is necessary in the following circumstances (Penal Code § 835a):

- (a) A correctional officer may use deadly force for self-protection or to protect others from what the correctional officer reasonably believes is an imminent threat of death or serious bodily injury to the correctional officer or another person.
- (b) A correctional officer may use deadly force to stop an escaping incarcerated person, or stop a fleeing individual, when the correctional officer has probable cause to believe that the individual has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious bodily injury or death, and the correctional officer reasonably believes that there is an imminent or future potential risk of serious bodily injury or death to any other person if the individual is not immediately apprehended.

Correctional officers shall not use deadly force against an incarcerated person based on the danger that person poses to themselves, if an objectively reasonable correctional officer would believe the incarcerated person does not pose an imminent threat of death or serious bodily injury to the correctional officer or to another person (Penal Code § 835a).

An "imminent" threat of death or serious bodily injury exists when, based on the totality of the circumstances, a reasonable correctional officer in the same situation would believe that an incarcerated person has the present ability, opportunity, and apparent intent to immediately cause death or serious bodily injury to the correctional officer or another person. A correctional officer's subjective fear of future harm alone is insufficient as an imminent threat. An imminent threat is one that from appearances is reasonably believed to require instant attention (Penal Code § 835a).

522.9 USE OF FORCE REVIEW

The Supervisor shall review all related reports of use of force incidents occurring on the Supervisor's command. The review is to determine whether the use of force was in compliance with policy, procedure, and applicable law, and to determine if follow-up action or investigation is necessary. The Supervisor should also ensure that a review packet containing a copy of all pertinent reports and materials is prepared and forwarded to the Use of Force Review Committee.

If a member cannot demonstrate proficiency with a control device or knowledge of this policy after remedial training, the member may be subject to discipline.

522.10.2 PERIODIC TRAINING

Members will receive periodic training on this policy and demonstrate their knowledge and understanding (Government Code § 7286(b)).

Use of Restraints

524.1 PURPOSE AND SCOPE

This policy establishes guidelines for the application, supervisory oversight, and restrictions on the use of restraints on persons incarcerated in this facility.

This policy shall apply to the use of specific types of restraints, such as four/five-point restraints, restraint chairs, ambulatory restraints, and similar restraint systems, as well as all other restraints, including handcuffs, waist chains, and leg irons when such restraints are used to restrain any incarcerated person for prolonged periods.

This policy does not apply to the use of electrical restraints (see the Electronic Restraints Policy).

524.1.1 DEFINITIONS

Definitions related to this policy include:

Clinical restraints - Restraints applied when an incarcerated person's disruptive, assaultive, and/or self-injurious behavior is related to a medical or mental illness. Clinical restraints can include leather, rubber, or canvas hand and leg restraints with contact points on a specialized bed (four/five-point restraints) or a portable restraint chair.

Therapeutic seclusion - Separated confinement of an agitated, vulnerable, and/or severely anxious incarcerated person with a serious mental illness as part of treatment when clinically indicated for preventive therapeutic purposes.

524.2 POLICY

It is the policy of this office that restraints shall be used only to prevent self-injury, injury to others, or property damage. Restraints may also be applied according to an incarcerated person's classification, such as maximum security, to control the behavior of a high-risk incarcerated person while the person is being moved outside the cell or housing unit.

Restraints shall never be used for retaliation or as punishment. Restraints shall not be utilized any longer than is reasonably necessary to control the incarcerated person. Restraints are to be applied only when less restrictive methods, including verbal de-escalation techniques, have been attempted and are deemed ineffective in controlling the dangerous behavior of an incarcerated person (15 CCR 1029(a)(4); 15 CCR 1058). Each incident where restraints are used shall be documented by the handling staff member and placed in the appropriate file prior to the end of the staff member's shift.

This policy does not apply to the temporary use of restraints, such as handcuffing or the use of leg irons to control an incarcerated person during movement and transportation inside or outside the facility.

524.3 USE OF RESTRAINTS - CONTROL

Supervisors shall proactively oversee the use of restraints on any incarcerated person. Whenever feasible, the use of restraints, other than routine use during transfer, shall require the approval of

Inyo County Sheriff Department

Custody

Custody

Use of Restraints

the Supervisor prior to application. In instances where prior approval is not feasible, the Supervisor shall be apprised of the use of restraints as soon as practicable.

Restraint devices, such as restraint chairs, shall only be used on an incarcerated person when it reasonably appears necessary to overcome resistance, prevent escape, or bring an incident under control, thereby preventing injury to the incarcerated person or others, or eliminating the possibility of property damage. Restraints shall not be utilized any longer than is reasonably necessary to achieve the above goals.

Excluding short-term use to gain immediate control, placing an incarcerated person in a restraint chair or other restraints for extended periods requires approval from the Jail Commander or the authorized designee prior to taking action. The medical staff shall be called to observe the application of the restraints, when feasible, prior to the application or as soon as practicable after the application, and to check the incarcerated person for adequate circulation.

The use of restraints for purposes other than for the controlled movement or transportation of an incarcerated person shall be documented on appropriate logs and shall be video recorded unless exigent circumstances prevent staff from doing so. The documentation shall include, at a minimum, the type of restraint used, when it was applied, a detailed description of why the restraint was needed, the name of the person authorizing placement, names of staff involved in the placement, any injuries sustained, when the restraints were removed and the duration of placement (15 CCR 1058).

The following provisions shall be followed when utilizing restraints to control an incarcerated person (15 CCR 1058):

- (a) Restraints shall not be used as punishment, placed around a person's neck, or applied in a way that is likely to cause undue physical discomfort or restrict blood flow or breathing (e.g., hog-tying).
- (b) Restrained incarcerated persons shall not be placed facedown or in a position that inhibits breathing.
- (c) Restraints shall not be used to secure a person to a fixed object except as a temporary emergency measure. A person who is being transported shall not be locked in any manner to any part of the transporting vehicle except for items installed for passenger safety, such as seat belts.
- (d) Incarcerated persons in restraints shall be housed either alone or in an area designated for restrained persons.
- (e) Restraints shall be applied for no longer than is reasonably necessary to protect the incarcerated person or others from harm.
- (f) Staff members shall conduct continuous direct face-to-face observation at least twice every 30 minutes on an irregular schedule to check the incarcerated person's physical well-being and behavior. Restraints shall be checked to verify correct application and to ensure they do not compromise circulation. All checks shall be documented, with the actual time recorded by the person doing the observation, along with a description of the incarcerated person's behavior. Any actions taken should also be noted in the log.

Inyo County Sheriff Department

Custody

Use of Restraints

- (g) The specific reasons for the continued need for restraints shall be reviewed, documented, and approved by the Jail Commander or the Supervisor at least every hour.
- (h) Continuous direct visual observation shall be maintained until a medical opinion can be obtained.
- (i) Within one hour of placement in restraints, a qualified health care professional shall document an opinion regarding the placement and retention of the restraints.
- (j) As soon as practicable, but within four hours of placement in restraints, the incarcerated person shall be medically assessed to determine whether the person has a serious medical condition that is being masked by the aggressive behavior. The medical assessment shall be a face-to-face evaluation by a qualified health care professional.
- (k) As soon as practicable, but within eight hours of placement in restraints, the incarcerated person must be evaluated by a mental health professional to assess whether the incarcerated person needs immediate and/or long-term mental health treatment. If the Jail Commander, or the authorized designee, in consultation with responsible health care staff determines that the incarcerated person cannot be safely removed from restraints after eight hours, the person shall be taken to a medical facility for further evaluation.
- (l) Where applicable, the Jail Commander shall use the restraint device manufacturer's recommended maximum time limits for placement.

524.3.1 COURT APPROVAL

Prior judicial approval should be obtained for the use of restraints when the incarcerated person is in court if the restraints will be visible to a jury.

524.4 USE OF RESTRAINTS - CLINICAL

An Incarcerated person may be considered for clinically ordered restraints or seclusion when exhibiting dangerous behavior that is believed to be a product of a medical or mental illness and that puts the person or others at risk of physical harm, or when medical care is urgently required and the person is not considered competent to give or withhold consent.

Clinical restraints and/or therapeutic seclusion shall only be used when an incarcerated person's safety or the safety of others cannot be protected by less restrictive means, and only upon the direct order of a qualified health care professional and notification of the Jail Commander or the authorized designee prior to taking action. Restraints shall be used no longer than is reasonably necessary to provide for the legitimate safety concerns of the incarcerated person, staff, or others.

The following provisions shall be used any time clinical restraints or therapeutic seclusion is authorized:

- (a) Excluding short-term use to gain immediate control of an incarcerated person exhibiting dangerous or destructive behavior, an incarcerated person may be placed in clinical restraints or therapeutic seclusion only on the orders of a qualified health care professional and only after making a determination that less restrictive interventions

- (b) Clinical restraints or therapeutic seclusion shall never be ordered or otherwise applied as a means of coercion, discipline, punishment, convenience, or retaliation.
 - (c) The qualified health care professional's order may only be in effect for up to 12 hours for adult incarcerated persons and up to two hours for incarcerated persons age 17 or younger.
 - (d) Within one hour of the application of restraints or therapeutic seclusion, a face-to-face observation of the incarcerated person to evaluate the need for continued restraint or therapeutic seclusion shall be conducted by a qualified health care professional.
 - (e) If deemed clinically necessary, the qualified health care professional who gave the initial order for restraints or therapeutic seclusion may renew the original order for an additional four hours for an adult or up to two hours for a person who is age 17 or younger.
 - (f) Incarcerated persons placed in clinical restraints shall be placed in designated cells within the medical unit. The restraints shall be applied in the least restrictive manner possible, based on the qualified health care professional's evaluation and order.
 - (g) Incarcerated persons placed in restraints shall only be placed in a face-up position.
 - (h) Following the first face-to-face observation, a qualified health care professional shall conduct face-to-face checks every 15 minutes on an irregular schedule to assess the incarcerated person's condition and behavior. The restraints shall be checked for proper application and to ensure that circulation is not compromised. Checks shall be documented in the incarcerated person's medical file.
 - (i) Except in the event of a medical emergency for the incarcerated person, only a qualified health care professional shall determine when an incarcerated person shall be released from clinical restraints or therapeutic seclusion.

524.5 RANGE OF MOTION

Incarcerated persons placed in restraints for longer than two hours should receive a range-of-motion procedure that will allow for the movement of the extremities. Range-of-motion exercise will consist of alternate movement of the extremities (i.e., right arm and left leg) for a minimum of 10 minutes every two hours.

524.6 FOOD, HYDRATION, AND SANITATION

Incarcerated persons who are confined in restraints shall be given food and fluids. Provisions shall be made to accommodate any toileting needs at least once every two hours. Food shall be provided during normal meal periods. Hydration (water or juices) will be provided no less than once every two hours or when requested by the incarcerated person.

Offering food and hydration to incarcerated persons will be documented to include the time, the name of the person offering the food or water/juices, and the incarcerated person's response (receptive, rejected). Incarcerated persons shall be provided the opportunity to clean themselves or their clothing while they are in restraints.

524.7 AVAILABILITY OF CPR EQUIPMENT

CPR equipment, such as barrier masks, shall be provided by the facility and located in proximity to the location where incarcerated persons in restraints are held.

524.8 RESTRAINED INCARCERATED PERSON HOLDING

Restrained incarcerated persons should be protected from abuse by other incarcerated persons. Under no circumstances will restrained incarcerated persons be housed with incarcerated persons who are not in restraints. In most instances, restrained incarcerated persons are housed alone or in an area designated for restrained persons (15 CCR 1058).

524.9 PREGNANT INCARCERATED PERSONS

Restraints will not be used on incarcerated persons who are known to be pregnant unless based on an individualized determination that restraints are reasonably necessary for the legitimate safety and security needs of the incarcerated person, the staff, or the public. Should restraints be necessary, the restraints shall be the least restrictive available and the most reasonable under the circumstances.

Incarcerated persons who are known to be pregnant will not be handcuffed behind their backs or placed in waist restraints or leg irons.

Once pregnancy has been confirmed, a pregnant incarcerated person should be advised of the policies and procedures regarding the restraint of pregnant persons (Penal Code § 3407; 15 CCR 1058.5).

524.9.1 INCARCERATED PERSONS IN LABOR

No incarcerated person who is in labor, delivery, or recovery from a birth shall be restrained by the use of leg restraints/irons, waist restraints/chains, or handcuffs behind the body (Penal Code § 3407; 15 CCR 1058.5).

No incarcerated person who is in labor, delivering, or recovering from a birth shall be otherwise restrained except when all of the following exist (Penal Code § 3407; 15 CCR 1058.5):

- (a) There is a substantial flight risk or some other extraordinary medical or security circumstance that dictates restraints be used to ensure the safety and security of the incarcerated person, the staff of this or the medical facility, other incarcerated persons, or the public.
- (b) A supervisor has made an individualized determination that such restraints are necessary to prevent escape or injury.
- (c) There is no objection from the treating medical care provider.
- (d) The restraints used are the least restrictive type and are used in the least restrictive manner.

Restraints shall be removed when medical staff responsible for the medical care of the pregnant incarcerated person determines that the removal of restraints is medically necessary (Penal Code § 3407).

The supervisor should, within 10 days, make written findings specifically describing the type of restraints used, the justification, and the underlying extraordinary circumstances.

524.9.2 INCARCERATED PERSONS IN RECOVERY AFTER TERMINATED PREGNANCY

Incarcerated persons recovering from a termination of pregnancy shall not be restrained using leg restraints/irons, waist restraints/chains, or handcuffs behind the body unless an exception identified in the Incarcerated Persons in Labor subsection of this policy applies (15 CCR 1058.5).

Restraints shall be removed when medical staff responsible for the medical care of the incarcerated person determines that the removal of restraints is medically necessary (15 CCR 1058.5).

Searches

528.1 PURPOSE AND SCOPE

The purpose of this policy is to provide clear direction on maintaining the safety and security of the facility by conducting searches, in balance with protecting the rights afforded by the United States Constitution.

The introduction of contraband, intoxicants, or weapons into the Inyo County Sheriff Department facility poses a serious risk to the safety and security of staff, incarcerated persons, volunteers, contractors, and the public. Any item that is not available to all incarcerated persons may be used as currency by those who possess the item, and will allow those in possession of the item to have control over other persons. Any item that may be used to disengage a lock, other electronic security devices, or the physical plant itself seriously jeopardizes the safety and security of this facility. Carefully restricting the flow of contraband into the facility can only be achieved by thorough searches of incarcerated persons and their environment.

Nothing in this policy is intended to prohibit the otherwise lawful collection of trace evidence from an incarcerated person/arrestee.

528.1.1 DEFINITIONS

Definitions related to this policy include:

Contraband - Anything unauthorized for incarcerated persons to possess or anything authorized to possess but in an unauthorized manner or quantity.

Modified strip search - A search that requires a person to remove or rearrange some of their clothing that does not include a visual inspection of the breasts, buttocks, or genitalia of the person but may include a thorough tactile search of an incarcerated person's partially unclothed body. This also includes searching the person's clothing once it has been removed.

Pat-down search - The normal type of search used by correctional officers within this facility to check an individual for weapons or contraband. It involves a thorough patting down of clothing to locate any weapons or dangerous items that could pose a danger to the correctional officer, the incarcerated person, or other incarcerated persons.

Physical body cavity search - A search that includes a visual inspection and may include a physical intrusion into a body cavity. Body cavity means the stomach, rectal cavity, or vagina.

Strip search - A search that requires a person to remove or rearrange some or all of their clothing to permit a visual inspection of the underclothing, breasts, buttocks, anus, or outer genitalia. This includes monitoring of a person showering or changing clothes where the person's underclothing, buttocks, genitalia, or breasts are visible to the monitoring employee.

528.2 POLICY

It is the policy of this office to ensure the safety of staff, incarcerated persons, and visitors by conducting effective and appropriate searches of incarcerated persons and areas within the facility in accordance with applicable laws (15 CCR 1029(a)(6)).

Searches shall not be used for intimidation, harassment, punishment, or retaliation.

528.3 PAT-DOWN SEARCHES

Pat-down searches will be performed on all incarcerated persons/arrestees upon entering the secure booking area of the facility. Additionally, pat-down searches shall occur frequently within the facility. At a minimum, the staff shall conduct pat-down searches in circumstances that include:

- (a) When incarcerated persons leave their housing units to participate in activities elsewhere in the facility (e.g., exercise yard, medical, program, visiting) and when they return.
- (b) During physical plant searches of entire housing units.
- (c) When incarcerated persons come into contact with other incarcerated persons housed outside of their housing units, such as work details.
- (d) Any time the staff believes the incarcerated persons may have contraband on their persons.

Except in emergencies, staff members may not conduct a pat-down search on an incarcerated person of the opposite gender. Absent the availability of a same gender staff member, it is recommended that a witnessing staff member be present during any pat-down search of an individual of the opposite gender. All cross-gender pat-down searches shall be documented (28 CFR 115.15).

528.4 MODIFIED STRIP SEARCHES, STRIP SEARCHES, AND PHYSICAL BODY CAVITY SEARCHES

Correctional officers will generally consider the reason for the search, the scope, intrusion, manner, and location of the search, and will utilize the least invasive search method to meet the need for the search.

528.4.1 STRIP SEARCHES PRIOR TO PLACEMENT IN A HOUSING UNIT

Strip searches prior to placement in a housing unit shall be conducted as follows:

- (a) No person held prior to placement in a housing unit shall be subjected to a modified strip search or strip search unless there is reasonable suspicion based upon specific and articulable facts to believe the person has a health condition requiring immediate medical attention or is concealing a weapon or contraband. Factors to be considered in determining reasonable suspicion include but are not limited to:
 - 1. The detection of an object during a pat-down search that may be a weapon or contraband and cannot be safely retrieved without a modified strip search or strip search.

Inyo County Sheriff Department

Custody

Custody

Searches

2. Circumstances of a current arrest that specifically indicate the person may be concealing a weapon or contraband. A felony arrest charge or being under the influence of a controlled substance should not suffice as reasonable suspicion absent other facts.
 3. Custody history (e.g., past possession of contraband while in custody, assaults on staff, escape attempts).
 4. The person's actions or demeanor, such as refusal to submit to a pat-down search.
 5. Criminal history (e.g., level of experience in a custody setting, including convictions for escape, possession of drugs or weapons, crimes of violence, or being a fugitive or detainee for any of those offenses).
 6. An alert by a metal detector or drug detection device.
 7. Other reliable information that the person possesses drugs, weapons, or contraband.
- (b) Except in the case of a medical emergency, no modified strip search or strip search of an incarcerated person shall be conducted prior to admittance to a housing unit without prior written authorization from the Supervisor.
- (c) The staff member conducting the modified strip search or strip search shall:
1. Document the name and gender of the person subjected to the strip search.
 2. Document the facts that led to the decision to perform a strip search.
 3. Document the reasons less intrusive methods of searching were not used or were insufficient.
 4. Document the supervisor's approval.
 5. Document the time, date, and location of the search.
 6. Document the names, gender, and roles of any staff present.
 7. Itemize in writing all contraband and weapons discovered by the search.
 8. Process all contraband and weapons in accordance with the office's current evidence procedures.
 9. If appropriate, complete a crime report and/or disciplinary report.
 10. Ensure the documentation is placed in the incarcerated person's file. A copy of the written authorization shall be retained and made available to the incarcerated person or other authorized representative upon request.

528.4.2 STRIP SEARCHES UPON ENTRY INTO A HOUSING UNIT

Strip searches will be conducted on all incarcerated person upon admission into a housing unit.

Arrestees who are eligible for release or who will be released when they are no longer intoxicated will not be placed into a housing unit or have unmonitored or unsupervised contact with previously housed incarcerated persons.

Inyo County Sheriff Department

Custody

Arrestees who are arranging bail shall be permitted a reasonable amount of time, not less than 12 hours, before being placed in a housing unit.

528.4.3 MODIFIED STRIP SEARCHES AND STRIP SEARCHES OF INCARCERATED PERSONS IN A HOUSING UNIT

A strip search of an incarcerated person in a housing unit should be conducted when the person has entered an environment where contraband or weapons may be accessed. This includes but is not limited to the following:

- (a) Upon return from contact visits
- (b) Upon leaving the kitchen, shop, or farm
- (c) Upon return to the housing unit from outside the confines of the facility (e.g., court, work-release, work detail, medical visits)

Incarcerated persons returning from court with release orders shall not be subject to modified strip searches or strip searches unless the reasonable suspicion exists based on specific and articulable facts that the person is concealing a weapon or contraband. The incarcerated person should not be returned to the housing unit, except to retrieve their personal property under the direct visual supervision of staff.

Staff members may conduct modified strip searches and strip searches of incarcerated persons outside the above listed circumstances only with supervisor approval. Staff members and supervisors must make a determination to conduct a strip search by balancing the scope of the particular search, intrusion, the manner in which it is conducted, the justification for initiating it, and the place in which it is conducted. Less invasive searches should be used if they would meet the need for the search. For example, a pat-down or modified strip search may be sufficient as an initial effort to locate a larger item, such as a cell phone.

The staff member conducting a modified strip or strip search outside the above listed circumstances shall:

- Document in writing the facts that led to the decision to perform a strip search of the incarcerated person.
- Document the reasons less intrusive methods of searching were not used or were insufficient.
- Document the supervisor's approval.
- Document the time, date, and location of the search.
- Document the names of staff present, their gender, and their roles.
- Itemize in writing all contraband and weapons discovered by the search.
- Process all contraband and weapons in accordance with the office's current evidence procedures.
- If appropriate, complete a crime report and/or disciplinary report.

- Ensure the completed documentation is placed in the incarcerated person's file. A copy of the written authorization shall be retained and made available to the incarcerated person or other authorized representative upon request.

528.4.4 MODIFIED STRIP SEARCH AND STRIP SEARCH PROCEDURES

All modified strip searches and strip searches shall be conducted in a professional manner under sanitary conditions and in an area of privacy so that the search cannot be observed by persons not participating in the search.

Unless conducted by a qualified health care professional or in case of an emergency, a modified strip search or strip search shall be conducted by staff members of the same gender as the person being searched (Penal Code § 4030). Any cross-gender modified strip searches and cross-gender strip searches shall be documented (28 CFR 115.15).

Whenever possible, a second staff member of the same gender should be present during the search for security purposes and to witness the discovery of evidence.

The staff member conducting a strip search shall not touch the breasts, buttocks, or genitalia of the person being searched. These areas may be touched through the clothing during a modified strip search.

- (a) The searching staff member will instruct the incarcerated person to:
 1. Remove their clothing.
 2. Raise their arms above the head and turn 360 degrees.
 3. Bend forward and run their hands through their hair.
 4. Turn their head first to the left and then to the right so the searching correctional officer can inspect the person's ear orifices.
 5. Open their mouth and run a finger over the upper and lower gum areas, then raise the tongue so the correctional officer can inspect the interior of the person's mouth. Remove dentures if applicable.
 6. Turn around and raise one foot first, then the other so the correctional officer can check the bottom of each foot.
 7. For a visual cavity search, turn around, bend forward, and spread the buttocks if necessary to view the anus.
- (b) At the completion of the search, the incarcerated person should be instructed to dress in either their street clothes, or jail-supplied clothing, as appropriate.

528.4.5 PHYSICAL BODY CAVITY SEARCH

Physical body cavity searches shall be completed as follows:

- (a) No person shall be subjected to a physical body cavity search without the approval of the Jail Commander or the authorized designee and only with the issuance of a search warrant. A copy of any search warrant and the results of the physical body cavity search shall be included with the related reports and made available, upon request,

to the incarcerated person or authorized representative (except for those portions of the warrant ordered sealed by a court).

- (b) Only a physician may conduct a physical body cavity search. Except in exigent circumstances, only a physician who is not responsible for providing ongoing care to the incarcerated person may conduct the search (15 CCR 1206(o)).
- (c) Except for the physician conducting the search, persons present must be of the same gender as the person being searched. Only the necessary staff needed to maintain the safety and security of the medical personnel shall be present (Penal Code § 4030).
- (d) Privacy requirements, including restricted touching of body parts and sanitary condition requirements, are the same as required for a strip search.
- (e) All such searches shall be documented including:
 - 1. The facts that led to the decision to perform a physical body cavity search of the incarcerated person.
 - 2. The reasons less intrusive methods of searching were not used or were insufficient.
 - 3. The Jail Commander's approval.
 - 4. A copy of the search warrant.
 - 5. The time, date, and location of the search.
 - 6. The medical personnel present.
 - 7. The names, gender, and roles of any staff present.

- (h) If appropriate, the staff member shall complete a crime report and/or disciplinary report.

528.4.6 BODY SCANNER SEARCH

When a scanner is reasonably available, a body scanner should be performed on all incarcerated persons/arrestees upon entering the secure booking area of the facility.

If a body scanner is used, members (Penal Code § 4030):

- (a) Within sight of the visual display of a body scanner depicting the body during a scan shall be of the same gender as the person being scanned, except for physicians or licensed medical personnel.
- (b) Should ask incarcerated persons if they are pregnant prior to a body scan and should not knowingly use a body scanner on a person who is pregnant.

Searches

The body scanner should generally be used whenever reasonably practicable in place of a modified strip search, strip search, or body cavity search of an incarcerated person in housing unless one of those searches is reasonably necessary after the scan.

528.5 TRANSGENDER SEARCHES

Staff shall not search or physically examine a transgender or intersex incarcerated person for the sole purpose of determining genital status (see the Prison Rape Elimination Act Policy for transgender and intersex definitions). If genital status is unknown, it may be determined during conversations with the person, by reviewing medical records, or, if necessary, by obtaining that information as part of a broader medical examination conducted in private by a qualified health care professional (28 CFR 115.15).

528.6 CONTRABAND SEARCHES

The staff shall always be alert to the possible presence of contraband and shall take immediate action to seize the contraband when practicable. There are several types of searches that contribute to contraband control and to maintaining a safe and secure environment.

528.7 HOUSING UNIT SEARCHES

Housing unit searches shall occur as directed by a supervisor. These searches should include all of the living spaces occupied by incarcerated persons. Housing unit searches should be scheduled in a manner that does not create a pattern where the persons can predict such searches. During a housing unit search:

- (a) All incarcerated persons shall vacate their living areas and be searched by staff.
- (b) Incarcerated persons should be escorted to a separate holding area, such as the recreation yard.
- (c) Staff shall search the living areas of the incarcerated persons, including bedding, personal storage areas, bunks, and other areas with incarcerated person access.
- (d) Any weapons or contraband located shall be processed in accordance with the current evidence procedures.
- (e) The staff shall attempt to identify the incarcerated person who possessed the contraband and file appropriate person discipline and/or crime reports.
- (f) Any alcoholic beverage possessed by incarcerated persons shall be seized and the appropriate person disciplined and/or criminal charges filed.
- (g) Any authorized item found in excess of the limited quantity (e.g., food items, newspapers) shall be seized and discarded.

At the conclusion of the housing unit search, closely supervised incarcerated workers should clean the unit. All authorized incarcerated person personal property shall be respected and living areas should be returned to an orderly condition.

528.8 PHYSICAL PLANT SEARCHES

The following areas of this facility shall be periodically searched for contraband:

- (b) Holding cells shall be searched prior to and after each incarcerated person occupies the cell.
- (c) Program areas, such as classrooms and multipurpose rooms, shall be searched after each use by an incarcerated person or incarcerated person group.
- (d) Laundry areas shall be searched before and after each incarcerated person group occupies the area.

- (f) Incarcerated person visiting and public areas shall be frequently inspected for contraband.
- (g) The facility perimeter shall be searched at least once each shift for contraband.

528.8.1 CANINE-ASSISTED SEARCHES

It is the policy of this facility to use canines to assist the staff in searching for contraband. Such searches shall occur only with the approval of a supervisor. Only canines trained in the detection of contraband, such as drugs, alcohol, and weapons, will be allowed within the secure perimeter of the facility. Canines trained solely in crowd control or to assist in physically subduing individuals will not be used in the facility.

Canines will generally be used to assist the staff in general physical plant or living area searches. Contact between incarcerated persons and canines should be kept to a minimum (see the Canines Policy).

528.9 CRIMINAL EVIDENCE SEARCHES

The Jail Commander or the authorized designee shall be notified, as soon as practicable, any time it is suspected that a crime has been committed in the facility or other area controlled by the facility staff, and there is a need to search for evidence related to the crime.

Any evidence collected in connection with an alleged crime shall be reported, documented, and stored to protect it from contamination, loss, or tampering, and to establish the appropriate chain of custody. A search for evidence may be conducted by staff whenever there is a need for such action.

528.10 TRAINING

The Training Manager shall provide training for staff in how to conduct pat-down searches, modified strip searches, and strip searches in a professional and respectful manner and in the least intrusive manner possible, consistent with facility security needs. This training shall include cross-gender pat downs and searches, as well as searches of transgender and intersex incarcerated persons (28 CFR 115.15).

Pursuant to Article 37 of the Vienna Convention on Consular Relations 1963, in the case of the death of a foreign national, telephonic notification to the appropriate consulate post should be made without unreasonable delay and confirmatory written notification shall be made within 72 hours of the death to the appropriate consulate post. The notification shall include the incarcerated person's name, identification number, date and time of death, and the attending physician's name.

In the event that a juvenile dies while in custody, the Jail Commander or the authorized designee shall notify the court of jurisdiction and the juvenile offender's parent or guardian (15 CCR 1047). 532.5.1 BOARD OF STATE AND COMMUNITY CORRECTIONS IN-CUSTODY DEATH REVIEW RECOMMENDATIONS

The Sheriff or the authorized designee shall review the BSCC recommendations within 90 days of receipt, following the BSCC review of an in-custody death. In a written response to the BSCC, the Sheriff or the authorized designee shall (Penal Code § 6034):

- (b) Identify the recommendations that the Office cannot or will not implement and provide an explanation.

The Office shall make the recommendations and responses available to the public with appropriate redactions as permitted by law (Penal Code § 6034).

532.6 RECORD RELEASE REQUIREMENTS

Records defined in Penal Code § 832.10 that are related to an in-custody death investigation shall be made available for public inspection at the earliest time possible or no later than 45 days from the date of a request, unless the record is subject to delayed release, redaction, or other release restrictions as provided by law (Penal Code § 832.10).

The Records Manager should work with the Sheriff or the authorized designee in determining what records exist and whether the records are subject to delay from disclosure, redaction, or other release restrictions.

532.6.1 DELAY OF RELEASE

Disclosure of in-custody death records during active criminal or administrative investigations may be delayed as follows (Penal Code § 832.10):

- (a) Disclosure may be delayed up to 60 days from the date the death occurred or until the Office is informed of the district attorney's charging decision, whichever is first.
- (b) The Office may continue to delay the disclosure of records after 60 days from the in-custody death if the disclosure could reasonably be expected to interfere with a criminal enforcement proceeding against any person.
- (c) If criminal charges are filed related to the death, disclosure may be delayed until the court case reaches final disposition.
- (d) During an administrative investigation, disclosure may be delayed until the Office determines whether a policy or law was violated related to the death.

The Office shall provide the records when the investigation or proceedings are no longer active or no later than 18 months after the death, whichever is first.

532.6.2 NOTICE OF DELAY OF RELEASE

The Records Manager shall provide written notice to the requester as follows when delaying the disclosure of records (Penal Code § 832.10):

- (a) During the initial 60 days, the Records Manager shall provide the requester with the specific basis for the determination that the interest in delaying disclosure clearly outweighs the public interest in disclosure and include the estimated date for the disclosure.
- (b) When delay is continued after 60 days, the Records Manager shall provide the requester, at 180-day intervals as necessary, with the specific basis for the determination that the disclosure could reasonably be expected to interfere with a criminal enforcement proceeding and include the estimated date for the disclosure.

532.6.3 REDACTION

The Office is authorized to redact records for the following reasons (Penal Code § 832.10):

- (a) To remove personal data or information, such as a home address, telephone number, or identities of family members, other than people's names and work-related information.
- (b) To preserve the anonymity of whistleblowers, complainants, victims, and witnesses.
- (c) To protect confidential medical, financial, or other information of which disclosure is specifically prohibited by federal law or would cause an unwarranted invasion of personal privacy that clearly outweighs the strong public interest in records about possible misconduct.

- (d) Where there is a specific, articulable, and particularized reason to believe that disclosure of the record would pose a significant danger to the physical safety of any person.

Additionally, the Office may redact a record, including personal identifying information, where, on the facts of the particular case, the public's interest in the nondisclosure of information is clearly outweighed by the disclosure of information (Penal Code § 832.10).

532.7 IN-CUSTODY DEATH PUBLICATION

The Sheriff or the authorized designee should ensure that all specified information relating to the in-custody death is posted on the office's website as prescribed and within the time frames provided in Penal Code § 10008.

Staff and Incarcerated Person Contact

534.1 PURPOSE AND SCOPE

Interaction with incarcerated persons allows for continual assessment of the safety and security of the facility and the health and welfare of the incarcerated persons. However, inappropriate interaction can undermine security and order in the facility and the integrity of the supervision process.

This policy provides guidelines for appropriate and professional interaction between members and incarcerated persons, and is intended to promote high ethical standards of honesty, integrity, and impartiality as well as increase facility safety, discipline, and morale.

Violation of this policy may result in disciplinary action up to and including dismissal. Members who seek information or clarification about the interpretation of this policy are encouraged to promptly contact their supervisor.

534.2 POLICY

The Jail Commander shall ensure that incarcerated persons have adequate ways to communicate with staff and that the staff communicates and interacts with incarcerated persons in a timely and professional manner.

Members shall not dispense legal advice or opinions, or recommend attorneys or other professional services to incarcerated persons.

While profanity and harsh language are prohibited, the Office recognizes the necessity for staff to give incarcerated persons direction in a firm, determined, and authoritative manner in order to maintain proper supervision and control. Authoritative directions to persons are particularly instructed when activities or events pose a threat to the safety or security of this facility.

- Whether the relationship would be detrimental to the image and efficient operation of the facility.
- Whether the relationship would interfere with the proper discharge of, or impair impartiality and independence of, judgment in the performance of duty.

Safety and Sobering Cells

538.1 PURPOSE AND SCOPE

This policy establishes the requirement for placing incarcerated persons into and the continued placement of incarcerated persons in safety cells or sobering cells.

538.1.1 DEFINITIONS

Definitions related to this policy include:

Safety cell - An enhanced protective housing designed to minimize the risk of injury or destruction of property used for incarcerated persons who display behavior that reveals intent to cause physical harm to themselves or others or to destroy property, or who are in need of a separate cell for any reason, until suitable housing is available.

Sobering cell - A holding cell designed to minimize the risk of injury by falling or dangerous behavior. It is used as an initial sobering place for arrestees or incarcerated persons who are a threat to their own safety or the safety of others as a result of being intoxicated from any substance, and who require a protected environment to prevent injury or victimization by other incarcerated persons.

538.2 POLICY

This facility will employ the use of safety and sobering cells to protect incarcerated persons from injury or to prevent the destruction of property by an incarcerated person in accordance with applicable law.

A sobering or safety cell shall not be used as punishment or as a substitute for treatment. The Jail Commander or the authorized designee shall review this policy annually with the Responsible Physician.

The following guidelines apply when placing any incarcerated person in a safety cell (15 CCR 1055):

- (a) Placement of an incarcerated person into a safety cell requires approval of the Supervisor or the Responsible Physician.

In these cases, the reasons for not providing clothing shall be documented on the safety cell log.
- (e) Incarcerated persons in safety cells shall be given the opportunity to have fluids (water, juices) at least hourly. Correctional officers shall provide the fluids in paper cups. The incarcerated persons shall be given sufficient time to drink the fluids prior to the cup being removed. Each time an incarcerated person is provided the opportunity to drink fluids will be documented on the safety cell log.

Each visual observation of the incarcerated person by staff shall be documented. Supervisors shall check the logs for completeness every two hours and document this action on the sobering cell log.

Biological Samples

540.1 PURPOSE AND SCOPE

This policy provides guidelines for the collection of biological samples from those incarcerated persons required to provide samples upon conviction and/or arrest for certain offenses. This policy does not apply to biological samples collected at a crime scene or taken from a person in conjunction with a criminal investigation. Nor does it apply to biological samples collected from those required to register, for example, as sex offenders.

540.2 POLICY

The Inyo County Sheriff Department will assist in the expeditious collection of required biological samples from arrestees and offenders in accordance with the laws of this state and with as little reliance on force as practicable.

540.3 PERSONS SUBJECT TO BIOLOGICAL SAMPLE COLLECTION

Incarcerated persons must submit a biological sample (Penal Code § 296: Penal Code § 296.1):

- (a) Upon conviction or other adjudication of any felony offense.
- (b) Upon conviction or other adjudication of any offense if the person has a prior felony on record.
- (c) When arrested or charged with any felony.

540.4 PROCEDURE

When an incarcerated person is required to provide a biological sample, a trained employee shall attempt to obtain the sample in accordance with this policy.

540.4.1 COLLECTION

The following steps should be taken to collect a sample:

- (a) Verify that the incarcerated person is required to provide a sample pursuant to Penal Code § 296 and Penal Code § 296.1.
- (b) Verify that a biological sample has not been previously collected from the offender by querying the individual's criminal history record for a DNA collection flag or, during regular business hours, calling the California Department of Justice (DOJ) designated DNA laboratory. There is no need to obtain a biological sample if one has been previously obtained.
- (c) Use the designated collection kit provided by the California DOJ to perform the collection and take steps to avoid cross contamination.

540.5 CALCULATED USE OF FORCE TO OBTAIN SAMPLES

If an incarcerated person refuses to cooperate with the sample collection process, correctional officers should attempt to identify the reason for refusal and seek voluntary compliance without resorting to using force. Force will not be used in the collection of samples except as authorized

Inyo County Sheriff Department

by court order or approval of legal counsel and only with the approval of the Supervisor. Methods to consider when seeking voluntary compliance include contacting:

- (a) The incarcerated person's parole or probation officer when applicable.
- (b) The prosecuting attorney to seek additional charges against the incarcerated person for failure to comply or to otherwise bring the refusal before a judge.
- (c) The judge at the incarcerated person's next court appearance.
- (d) The incarcerated person's attorney.
- (e) A chaplain.
- (f) A supervisor who may be able to authorize disciplinary actions to compel compliance, if any such actions are available.

The Supervisor shall review and approve any calculated use of force. The supervisor shall be present to supervise and document the calculated use of force.

540.5.1 VIDEO RECORDING

A video recording should be made any time force is used to obtain a biological sample. The recording should document all staff participating in the process, in addition to the methods and all force used during the collection. The recording should be part of the investigation file, if any, or otherwise retained in accordance with the office's established records retention schedule.

If the use of force includes a cell extraction, the extraction shall also be video recorded, including audio. The video recording shall be retained by the facility in accordance with established records retention schedules. Notwithstanding the use of the video as evidence in a criminal proceeding, the tape shall be retained by the jail administration (15 CCR 1059).

540.6 LEGAL MANDATES AND RELEVANT LAWS

California law provides for the following:

540.6.1 DOCUMENTATION RELATED TO FORCE

The Supervisor or the authorized designee on-duty shall prepare prior written authorization for the use of any force (15 CCR 1059).

The written authorization shall include information that the subject was asked to provide the requisite sample and refused, as well as any related court order authorizing the force.

540.6.2 BLOOD SAMPLES

A blood sample should only be obtained under this policy when:

- (a) The California DOJ requests a blood sample and the subject consents, or
- (b) A court orders a blood sample following a refusal.

The withdrawal of blood may only be performed in a medically approved manner by health care providers trained and qualified to draw blood. A California DOJ collection kit shall be used for this purpose (Penal Code § 298(a); Penal Code § 298(b)(2)).

540.6.3 STATE MANDATES

End of Term Release

542.1 PURPOSE AND SCOPE

The purpose of this policy is to establish and maintain procedures governing the end of term release of incarcerated persons to ensure that incarcerated persons are not released in error (15 CCR 1029).

542.2 POLICY

It will be the policy of the Inyo County Sheriff Department to provide for the timely, efficient, and legal release of incarcerated persons.

542.3 RELEASE PROCEDURE

Incarcerated persons who have reached the end of their sentenced term or who are ordered released by the court will be scheduled for release at staggered times on their release date to avoid congestion in the release area. Incarcerated persons scheduled for release shall be escorted by the staff to the transfer/release area to begin the release procedure 30 minutes prior to their scheduled release time.

The Supervisor or release officer shall sign and date the release paperwork on the same day the incarcerated person is to be released.

Incarcerated persons shall not be released or moved during incarcerated person count, change of shift, or at any time that would pose a potential safety threat or disrupt the orderly operation of the facility.

All incarcerated persons must be positively identified by the staff prior to being released from the facility. Incarcerated person identities should be verified using intake records bearing the incarcerated person's name, photograph, and facility identification number or a single digit fingerprint match system, if available.

Before any incarcerated person may be released, the following conditions must be met:

- (a) The identity of the incarcerated person has been verified.
- (b) All required paperwork for release is present. The staff shall review the active incarcerated person file to verify the validity of the documents authorizing the release. The file should also be reviewed for other release-related or pending matters, including:
 - 1. Verifying calculations and release-date adjustments for good time.
 - 2. Any pending arrangements for follow-up, such as medications needed, appointments, or referral to community or social resources.
 - 3. Unresolved grievances, damage claims, or lost property.
- (c) Releasing staff must complete National Crime Information Center (NCIC) and local warrant checks to ensure that there are no outstanding warrants or detention orders.

- (d) If an incarcerated person has known mental health concerns, the incarcerated person shall be evaluated by a qualified health care professional and medically authorized for release. - (j) Release standards, release processes, and release schedules shall be made available to an incarcerated person following the determination to release the incarcerated person (Penal Code § 4024.5).

The housing sheet, release log, and daily census log shall be updated accordingly after the incarcerated person's release. The Supervisor shall ensure all release documents are complete and properly signed by the incarcerated person and the staff where required.

542.3.1 DISCHARGE OF INCARCERATED PERSONS WITH MENTAL ILLNESS OR SUBSTANCE ADDICTION

Incarcerated persons who are eligible for release and suffer from mental illness or substance addiction may be offered to stay in the facility for up to 16 additional hours or until normal business hours, whichever is shorter, in order for the incarcerated person to be discharged to a treatment center or be discharged during daylight hours. The incarcerated person may revoke the incarcerated person's consent and be released as soon as possible and practicable (Penal Code § 4024).

542.3.2 DISCHARGE OF INCARCERATED PERSONS CONVICTED OF FELONIES

Incarcerated persons who have been convicted of a felony and meet the conditions in Penal Code § 4852.01 shall be advised of the right to petition for certificate of rehabilitation and pardon prior to release. The Records Section shall inform the incarcerated person in writing of the incarcerated

person's right to petition, and of the procedures for filing a petition and obtaining the certificate (Penal Code § 4852.21).

542.3.3 TRANSFERS TO IMMIGRATION AUTHORITIES

Members shall not transfer an individual to immigration authorities unless one of the following circumstances exist (Government Code § 7282.5; Government Code § 7284.6):

- (a) Transfer is authorized by a judicial warrant or judicial probable cause determination.
- (b) The individual has been convicted of an offense as identified in Government Code § 7282.5(a).
- (c) The individual is a current registrant on the California Sex and Arson Registry.
- (d) The individual is identified by the U.S. Department of Homeland Security's Immigration and Customs Enforcement as the subject of an outstanding federal felony arrest warrant.

542.3.4 DISCHARGE OF SEX OFFENDER REGISTRANTS

The Records Section shall inform the California Department of Justice when incarcerated persons required to register changes in address under Penal Code § 290.013 have been released from the jail within 15 days of release (Penal Code § 290.013).

542.3.5 ARRESTEE RELEASED FROM CUSTODY

Upon request, a detained arrestee released from custody shall be provided with the appropriate Judicial Council forms to petition the court to have the arrest and related records sealed (Penal Code § 851.91).

The jail shall display the required signage that complies with Penal Code § 851.91 advising an arrestee of the right to obtain the Judicial Council forms.

Civil Detainees

543.1 PURPOSE AND SCOPE

This policy provides safeguards to ensure that persons held under a civil detainee are afforded appropriate standards of custody.

Nothing in this policy prevents application of discipline under the Discipline Policy.

543.1.1 DEFINITIONS

Definitions related to this policy include:

Civil detainee - Any person in custody held for a reason other than for criminal matters.

Enhanced security concern - A status applicable to a civil detainee that indicates the person poses an enhanced threat to staff or others due to the person's past criminal behavior, criminal sophistication, or other actions.

543.2 POLICY

It is the policy of the Inyo County Sheriff Department that any confinement conditions placed on civil detainees are for legitimate, non-punitive purposes.

543.3 LESS RESTRICTIVE CONDITIONS

Civil detainees should not be restricted in their activities to any extent greater than that reasonably necessary to maintain order and security, and to ensure their appearance at any arraignments or trials. Generally, the accommodations of these detainees should be above the level of non-sentenced, general population incarcerated persons. The Jail Commander or the authorized designee should institute alternative and less harsh confinement methods for these detainees, while still maintaining security and effective management of the facility.

543.4 SCREENING

Civil detainees should undergo the same screening process as incarcerated persons, including attention to whether the person poses an enhanced security concern.

The Jail Commander or the authorized designee should review the screening documents to ensure any security concerns are appropriately addressed and are part of the detainee's record.

543.5 ORIENTATION

Civil detainees should receive orientation materials explaining the benefits and rules that are applicable to them.

Staff should specifically review the grievance process with the detainees and encourage them to use the grievance process when appropriate.

543.6 CONDITIONS OF CONFINEMENT IN HOUSING

All civil detainees should be housed separately from other incarcerated persons.

Inyo County Sheriff Department

Custody

Custody

Civil Detainees

543.6.1 CLOTHING

Civil detainees should be provided a minimum of 50 percent additional clothing exchanges than incarcerated persons in general population and be provided with an extra set of undergarments and socks that they may retain in their housing area.

Civil detainees should be provided an additional storage container for their personal belongings and extra issued clothing.

543.6.2 USE OF RESTRAINTS AND TRANSPORTATION

Civil detainees should not be placed in leg or waist restraints absent an identified security concern.

Civil detainees may be handcuffed in the event that there is a need to control the detainee based on identified security concerns.

Civil detainees should be transported separately from incarcerated persons.

543.6.3 OUT OF CELL TIME

Civil detainees should receive a minimum of 50 percent additional out of cell time (indoor and outdoor) than incarcerated persons in the general population. Out of cell time may be increased by the Jail Commander as resources allow.

543.6.4 ACCESS TO MAIL AND TELEPHONE

Civil detainees shall have the same access to books, periodicals, and magazines as any other general population incarcerated person, except incoming books and magazines must only be censored with a substantial government interest, and only when it is necessary or essential to address the particular government interest. Incoming books, periodicals, or magazines may be justifiably confiscated from a detainee when there is a government interest to:

- (a) Maintain facility security and safety, such as a book covering improvised weapons or promoting aggression.
- (b) Prevent dangerous conduct.
- (c) Comply with a court order or court-ordered treatment plan.

Outgoing and incoming mail may be inspected but not read, unless there is specific and articulable information to believe a particular security or safety issue.

Civil detainees should be provided with a minimum of 50 percent additional telephone access than incarcerated persons in the general population. Civil detainees should be provided with telephone privacy. A reasonable amount of telephone messages should be taken for a civil detainee.

543.6.5 ACCESS TO INTERNET

Civil detainees should receive a minimum of 50 percent more time to access the internet than incarcerated persons in the general population.

543.6.6 VISITING

Civil detainees should be allowed to receive a minimum of 50 percent additional visitation time than incarcerated persons in the general population.

Inyo County Sheriff Department

Civil Detainees

543.6.7 MENTAL HEALTH CARE

Civil detainees who are detained due to issues related to their mental health should be provided with:

- (a) An interview with the civil detainee's established mental health care provider and/or a review of the civil detainee's records by an office mental health professional.
- (b) A review of the reasonable options available to address the civil detainee's continued mental health care. The office's mental health professional and the Jail Commander or the authorized designee should identify benefits or restrictions that may advance the purpose of the civil detainee's confinement. Examples include:
 - 1. Restricting or providing special access to books, periodicals, or internet sites as part of the civil detainee's treatment.
 - 2. Providing special access to mental health care professionals or other visitors.
- (c) A conference with the detainee's mental health care provider prior to the decision to discipline the detainee.

543.7 SEARCHES

Strip searches of civil detainees must be justified by probable cause, unless the Jail Commander specifies otherwise based upon an identified security concern. The specified concern shall be documented in the detainee's record. Modified strip searches may be conducted when a detainee has entered an environment where contraband or weapons may be accessed (see the Searches Policy).

Absent an identified security concern or reasonable suspicion that contraband may be found, there should be no unscheduled cell searches of a detainee's personal effects or a cell search when the detainee is not present. Non-invasive cell inspections for security purposes may still be conducted.

Electronic Restraints

544.1 PURPOSE AND SCOPE

This policy establishes guidelines for the application, supervisory oversight, and restrictions on the use of electronic restraints on persons incarcerated in this facility, during transportation of incarcerated persons, and during court appearances.

544.2 POLICY

The Inyo County Sheriff Department allows the use of office-issued electronic restraints as provided in this policy.

544.3 MEMBER RESPONSIBILITIES

Members shall successfully complete office-approved training prior to using any electronic restraint device. Only office-issued electronic restraint devices shall be used.

Members should perform a function test on the device prior to placing it on an incarcerated person. The Supervisor shall ensure that all electronic restraint devices are properly maintained and in good working order.

A member should obtain prior approval for the use of an electronic restraint device in a courtroom. The member should briefly explain the operation of the device to the judge.

544.4 VERBAL WARNING

A verbal warning of the intended use of the electronic restraint device should precede its application, unless it would otherwise endanger the safety of staff members or when it is not practicable due to the circumstances. The warning is intended to provide the incarcerated person with an opportunity to comply. The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the member deploying the device.

544.5 APPLICATION

Prior to applying the electronic restraint device to an incarcerated person, the member should describe its operation and caution the person about behaviors that may result in its activation.

Although the electronic restraint device is generally effective in controlling most incarcerated persons, members should be aware that it may not achieve the intended result, and that they should be prepared with other options.

The electronic restraint device may be used in the following circumstances, when the circumstances perceived by the member at the time indicate that such application is reasonably necessary to:

- (a) Prevent self-injury, suicide, escape, injury to others, property damage, or an attempt to remove or destroy the device.
- (b) Control the behavior of a high-risk incarcerated person who poses a serious threat to safety or security when being moved outside a cell or housing unit or transported outside the facility.

Inyo County Sheriff Department

Custody

Custody

Electronic Restraints

544.5.1 MULTIPLE APPLICATIONS

Members should activate the electronic restraint device for only one standard cycle and then evaluate the situation before applying any subsequent cycles. Multiple applications of an electronic restraint device or for more time than is necessary to control the incarcerated person are generally not recommended and should be avoided unless the member reasonably believes that the need to control the incarcerated person outweighs the potentially increased risk posed by multiple applications.

If the first application of the electronic restraint device appears to be ineffective in gaining control of an incarcerated person, the member should consider certain factors before additional applications, including whether the person has the ability to comply and has been given a reasonable opportunity to comply.

544.5.2 SPECIAL CONSIDERATIONS

Electronic restraint devices should not be used on:

- (a) Incarcerated persons who are known to be pregnant.
- (b) Elderly or infirm incarcerated persons.
- (c) Incarcerated persons with obviously low body mass.
- (d) Incarcerated persons who have been recently sprayed with a flammable chemical agent or who are otherwise in proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.
- (e) Incarcerated persons whose position or activity may result in collateral injury (e.g., falls from height, running).

Because the application of the electronic restraint device relies primarily on pain compliance, its use generally should be limited to a distraction technique to gain separation between the member and the incarcerated person, or to disrupt a person's violent or unruly behavior, thereby giving members time and distance to consider other force options or actions.

The electronic restraint device shall not be used to psychologically torment, elicit statements from, retaliate against, or punish any incarcerated person.

544.6 MEDICAL TREATMENT

All incarcerated persons who have been subjected to the electric discharge of an electronic restraint device should have the contact site medically assessed before further incarceration.

Additionally, any incarcerated person who falls under any of the following categories should, as soon as practicable, be examined by a qualified health care professional:

- (a) The person is suspected of being under the influence of controlled substances and/or alcohol.
- (b) The person may be pregnant.
- (c) The person reasonably appears to be in need of medical attention.
- (d) The person requests medical treatment.

Inyo County Sheriff Department

Electronic Restraints

If any incarcerated person refuses medical attention, such a refusal should be witnessed by another staff member and/or medical personnel and shall be fully documented. If an audio recording is made of the contact or an interview with the incarcerated person, any refusal should be included, if possible.

Members shall inform any person providing medical care or receiving custody that the incarcerated person has been subjected to the activation of an electronic restraint device.

544.7 DOCUMENTATION

Members shall document each incident where electronic restraints are placed on an incarcerated person or are activated. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional activations will also be documented.

544.8 SUPERVISOR RESPONSIBILITIES

Supervisor approval is necessary before an electronic restraint device is placed on an incarcerated person. A supervisor should respond to all incidents where an electronic restraint device was activated.

A supervisor should review each incident where an incarcerated person has been exposed to an activation of an electronic restraint device. Any onboard memory should be downloaded by a supervisor and retained with the person's file.

Photographs of contact sites should be taken and witnesses interviewed.

Over-Detention and Inadvertent Releases

545.1 PURPOSE AND SCOPE

This policy is intended to provide guidance to staff and management in the event of over-detention or inadvertent release.

545.1.1 DEFINITIONS

Definitions related to this policy include:

Inadvertent release - Any instance of an incarcerated person being mistakenly released.

Over-detention - Any instance of an incarcerated person being mistakenly detained beyond their scheduled release date.

545.2 POLICY

It is the policy of this office to reasonably ensure that over-detention and inadvertent releases do not occur.

545.3 OVER-DETENTION

Any custody staff member who discovers or receives information of an over-detention, or a complaint from an incarcerated person regarding over-detention (which could be discovered through a grievance), should immediately notify the Supervisor (see the Grievances Policy).

The Supervisor should direct the jail records unit to immediately conduct an investigation to determine the correct release date of the incarcerated person and to report the findings to the Supervisor.

Incarcerated persons who are found to be over-detained shall be processed for immediate release in accordance with the End of Term Release Policy. The Supervisor shall ensure that the Jail Commander is notified, an entry is made to the daily activity log, and that a report is completed.

545.3.1 OVER-DETENTION GRIEVANCES

Any custody staff member who receives information or a complaint from an incarcerated person regarding over-detention should assist the person with completing a grievance form and forward the form directly to the Supervisor as soon as practicable.

The Supervisor receiving a grievance regarding an over-detention should direct the jail records unit to immediately conduct an investigation to determine the correct release date of the incarcerated person and to report the findings to the Supervisor.

If the Supervisor decides not to release the incarcerated person, the Supervisor should ensure the person receives a grievance hearing within 24 hours of the grievance submission. The hearing documentation should reflect efforts made to investigate the allegation (see the Grievances Policy).

Inyo County Sheriff Department

Custody

Custody

Over-Detention and Inadvertent Releases

545.4 INADVERTENT RELEASE

Whenever an inadvertent release is discovered, the custody staff member making the discovery shall immediately notify the Supervisor. The notification shall be documented in the daily activity log.

545.4.1 INADVERTENT RELEASE INVESTIGATION

The Supervisor should direct the jail records unit to immediately conduct an investigation to determine the cause of the inadvertent release.

The Supervisor will coordinate a response based upon the seriousness of the threat the incarcerated person may pose to the community. The threat assessment should be based upon the person's criminal history and the reason the person is currently in custody, among other factors.

In the case of an inadvertent release, the Supervisor should immediately notify the Jail Commander and ensure a report is completed. The Jail Commander should notify the Sheriff.

An appropriate evaluation of the circumstances shall be made to determine whether the inadvertent release should be classified as an escape.

545.4.2 RETURNING THE INCARCERATED PERSON TO CUSTODY

When the incarcerated person is located and returned to the facility, the appropriate notifications should be made as soon as possible.

Chapter 6 - Inmate Due Process

Discipline

600.1 PURPOSE AND SCOPE

This policy addresses the fair and equitable application of incarcerated person rules and disciplinary actions for those who fail to comply (15 CCR 1081).

600.2 POLICY

It is the policy of this office to maintain written general categories of prohibited incarcerated person behavior that are clear, consistent, and uniformly applied. Written rules and guidelines will be made available to all incarcerated persons. They will include a process for resolving minor infractions and a hearing process for a more serious breach of incarcerated person rules. Criminal acts may be referred to the appropriate criminal agency.

600.3 DUE PROCESS

Incarcerated persons who are subject to discipline as a result of rule violations shall be afforded the procedural due process by the Sheriff that is established in the policies, procedures, and practices relating to incarcerated person discipline. All incarcerated persons will be made aware of the rules of conduct related to maintaining facility safety, security, and order, as well as clearly defined actions for rule violations. Staff will not engage in arbitrary actions against incarcerated persons. All disciplinary actions will follow clearly established procedures. All disciplinary actions will be fairly and consistently applied (15 CCR 1081 et seq.).

The process for an incarcerated person accused of a major rule violation includes:

- (a) A fair hearing in which the Jail Commander or the authorized designee presents factual evidence supporting the rule violation and the disciplinary action.
- (b) Advance notice to the incarcerated person of the disciplinary hearing, to allow the incarcerated person time to prepare a defense.
- (c) An impartial hearing officer.
- (d) The limited right to call witnesses and/or present evidence on the person's behalf.
- (e) The appointment of an assistant or representative in cases where the incarcerated person may be incapable of self-representation.
- (f) A formal written decision that shows the evidence used by the hearing officer, the reasons for any actions, and an explanation of the appeal process.
- (g) Reasonable actions for violating rules that relate to the severity of the violation.
- (h) The opportunity to appeal the finding.

600.3.1 RULES AND ACTIONS

The Jail Commander is responsible for ensuring that rules and actions are developed, distributed, reviewed annually, and revised as needed.

Incarcerated persons cannot be held accountable for rules of which they are unaware. However, it is impossible to define every possible prohibited act or rule violation that might be encountered in

Inyo County Sheriff Department

Custody

Custody

a detention facility. Therefore, a current list of recognized infractions that are generally prohibited should be available in each housing unit. All incarcerated persons, regardless of their housing unit, shall have access to these rules. For those individuals with limited literacy, unable to read English, and for persons with disabilities, provisions shall be made for staff to instruct them verbally or provide them with material in an understandable form (15 CCR 1080) (see the Handbook and Orientation Policy).

Disciplinary procedures governing incarcerated person rule violations should address rules, minor and major violations, criminal offenses, disciplinary reports, prehearing detention, and prehearing actions or investigations.

600.3.2 RULE VIOLATION REPORTS

California Penal Code § 4019.5 requires that all disciplinary actions administered be documented. This requirement may be satisfied by retaining copies of rule violation reports, including the disposition of each violation (15 CCR 1084). Rule violation reports are required for major rule violations or any other violation that will require investigation or a formal resolution. The staff member who observed or detected the rule violation or who was charged with investigating a rule violation is responsible for completing the rule violation report. The rule violation report shall include, at a minimum:

- The date, time, and location of the incident.
- Specific rules violated.
- A written description of the incident.
- The identity of known participants in the incident.
- Identity of any witnesses to the incident.
- Description and disposition of any physical evidence.
- Action taken by staff, including any use of force.
- Name and signature of the reporting correctional officer.
- Date and time of the report.

The supervisor investigating the violation shall ensure that certain items are documented in the investigation or rule violation report, including:

- Date and time the explanation and the written copy of the complaint and appeal process was provided to the incarcerated person.
- The incarcerated person's response to the charges.
- Reasons for any actions.
- The identity of any staff or witnesses involved, as revealed by the incarcerated person.
- The findings of the hearing officer.
- The incarcerated person's appeal, if any.

Inyo County Sheriff Department

- The appeal findings, if applicable.

600.3.3 POSTING

The Jail Commander or the authorized designee is responsible for conspicuously posting notices about rules, disciplinary procedures, and actions in a conspicuous location, as set forth in 15 CCR 1080.

600.4 RULE VIOLATION PROCEDURES

Minor acts of non-conformance to the rules may be handled informally by any correctional officer (15 CCR 1081).

A violation of rules observed by general service employees, volunteers, or contractors will be reported to a correctional officer for further action. Correctional officers are authorized to recommend informal actions on minor violations.

Any staff member imposing informal discipline shall complete the reporting portion of the disciplinary report and provide the form to the supervisor for review prior to the imposition of the action.

Disciplinary actions that may be imposed for minor rule violations include (15 CCR 1081):

- Counseling the incarcerated person regarding expected conduct.
- Assignment to extra work detail.
- Removal from work detail (without losing work time credits).
- Loss of television, telephone, and/or commissary privileges for a period not to exceed 24 hours.
- Lockdown in the incarcerated person's assigned cell or confinement in the incarcerated person's bunk area for a period not to exceed 24 hours.

An incarcerated person may request that a supervisor review the imposed action. However, this request must be made within one hour of receiving notice of the action. The supervisor should respond to the request within a reasonable time (generally within two hours) and shall have final authority as to the imposition of informal discipline.

600.4.1 MULTIPLE MINOR RULE VIOLATIONS

Staff may initiate a major rule violation report if an incarcerated person is charged with three or more minor rule violations in a consecutive 30-day period. Copies of all minor rule violations will be attached to the major rule violation report. A staff member shall conduct a hearing according to the procedures of a major rule violation.

600.4.2 MAJOR RULE VIOLATIONS

Major rule violations are considered a threat to the safety, security, or efficiency of the facility, its staff members, incarcerated persons, or visitors. Staff members witnessing or becoming aware of a major rule violation shall take immediate steps to stabilize and manage the situation, including

Inyo County Sheriff Department

Custody

immediate notification of a supervisor. The supervisor shall assess the situation and initiate any emergency action, if necessary, and notify the Supervisor.

The staff member who learned of the rule violation shall write and submit a disciplinary report, along with all relevant evidence, to the appropriate supervisor prior to the end of the shift (15 CCR 1081).

600.4.3 PREHEARING DETENTION

Incarcerated persons who are accused of a major rule violation may be moved to administrative restrictive housing for prehearing detention, with the Supervisor's approval, if there is a threat to safety or security. Incarcerated persons placed in prehearing detention are subject to the property and privilege restrictions commensurate with separated confinement (15 CCR 1081).

The Jail Commander or the authorized designee shall, within 72 hours including weekends and holidays, review the status of any incarcerated person in prehearing detention to determine whether continued prehearing restrictive housing is appropriate.

600.5 INVESTIGATIONS

Investigations involving major rule violations should be initiated within 24 hours of the initial report and completed in sufficient time for the inmate to have a disciplinary hearing, which is required within 72 hours of the time the inmate was informed, in writing, of the charges. If additional time is needed, the investigating officer will request more time in writing from the Supervisor. The inmate will be notified in writing of the delay.

If upon completion of the investigation, the investigating officer finds insufficient evidence to support a major rule violation, he/she may discuss alternative sanctions with the Supervisor, including handling the incident as a minor violation or recommending that charges be removed. Such alternatives shall be documented in the inmate's file.

If the investigating officer determines that sufficient evidence exists to support a major rule violation, the written report will be forwarded for a disciplinary hearing.

600.6 NOTIFICATIONS

An incarcerated person charged with a major rule violation shall be given a written description of the incident and the rules violated at least 24 hours prior to a disciplinary hearing.

Unless waived in writing by the incarcerated person, hearings may not be held in less than 24 hours from the time of notification (15 CCR 1081).

600.7 HEARING OFFICER

The Jail Commander shall appoint at least one hearing officer to preside and conduct disciplinary hearings of major rule violations. The hearing officer should be a qualified supervisor or suitably trained designee who will have the responsibility and authority to rule on charges of incarcerated person rule violations. The hearing officer shall also have the power to impose actions. The hearing officer shall not investigate nor preside over any incarcerated person disciplinary hearing on cases

Inyo County Sheriff Department

where the hearing officer was a witness or was directly involved in the incident that generated the complaint (15 CCR 1081).

600.8 HEARING PROCEDURE

Incarcerated persons charged with major rule violations are entitled to be present at a hearing unless waived in writing or excluded because their behavior poses a threat to facility safety, security, and order (15 CCR 1081). Staff shall inform the hearing officer when any incarcerated person is excluded or removed from a scheduled hearing and shall document the reasons for the exclusion or removal. A copy of the report shall be forwarded to the Jail Commander.

Hearings may be postponed or continued for a reasonable period of time for good cause. Reasons for postponement or continuance shall be documented and forwarded to the Jail Commander (15 CCR 1081).

The hearing officer shall disclose to the accused incarcerated person all witnesses who will be participating in the hearing. Incarcerated persons have no right to cross-examine witnesses. However, the accused incarcerated person may be permitted to suggest questions that the hearing officer, in the hearing officer's discretion, may ask.

600.8.1 EVIDENCE

Accused incarcerated persons have the right to make a statement, present evidence, and call witnesses at the hearing (15 CCR 1081). Requests for witnesses shall be submitted in writing by the incarcerated person no later than 12 hours before the scheduled start of the hearing. The written request must include a brief summary of what the witness is expected to say.

The hearing officer may deny the request when it is determined that allowing the witness to testify would be unduly hazardous to institutional safety or correctional goals, when the witness's information would not be relevant or would be unnecessarily duplicative, or is otherwise unnecessary. The reason for denying a witness to testify shall be documented in the hearing report. The reason for denial of any documents requested by the incarcerated person shall also be documented in the hearing record.

A witness's signed written statement may be submitted by the incarcerated person as an alternative to a live appearance. The hearing officer shall review and determine whether the statement is relevant to the charges and shall document the reason for exclusion when any written statement is not given consideration.

Absent a safety or security concern, all staff reports and evidence, including exculpatory evidence, obtained during the disciplinary investigation shall be made available to the accused incarcerated person prior to the hearing.

600.8.2 CONFIDENTIAL INFORMANTS

If information from any confidential informant is to be presented at the hearing, information establishing the reliability and credibility of the informant shall be provided to the hearing officer

Inyo County Sheriff Department

Custody

Custody

prior to the hearing. The hearing officer shall review such information to determine whether the informant is reliable and credible.

600.8.3 STAFF ASSISTANCE

A staff member shall be assigned to assist an incarcerated person who is incapable of self-representation at a disciplinary hearing due to limited literacy, developmental disabilities, language barriers, or mental status (15 CCR 1081). The scope of the duties of the assistant shall be commensurate with the reasons for the appointment. The assistant should be allowed sufficient time to confer with the incarcerated person to fulfill the individual's obligations. In these cases, the incarcerated person does not have a right to appoint a person to assist in the individual's disciplinary hearing. The final decision regarding the appointment rests with the hearing officer.

Incarcerated person discipline is an administrative and not a judicial process. Incarcerated persons do not have a right to an attorney in any disciplinary hearing. Additionally, disciplinary matters may be referred for criminal prosecution and jail disciplinary action concurrently as there is no double jeopardy defense for an administrative process.

600.8.4 DISCIPLINARY DECISIONS

Disciplinary decisions shall be based on the preponderance of evidence presented during the disciplinary hearing.

The disciplinary process shall consider whether an incarcerated person's mental disabilities or mental illness contributed to the incarcerated person's behavior when determining what type of discipline, if any, should be imposed (28 CFR 115.78(c)).

600.8.5 REPORT OF FINDINGS

The hearing officer shall write a report regarding the decision and detailing the evidence and the reasons for the disciplinary action. A copy of the report shall be provided to the incarcerated person. The original shall be filed with the record of the proceedings. All documentation related to the disciplinary process shall be retained and a copy should be placed in the incarcerated person's file (15 CCR 1081).

If it is determined that the incarcerated person's charge is not sustained at the end of the disciplinary hearing, the documentation shall be removed from the incarcerated person's file but otherwise maintained in accordance with records retention requirements.

All disciplinary hearing reports and dispositions shall be reviewed by the Jail Commander or the authorized designee soon after the final disposition (15 CCR 1081).

600.9 DISCIPLINARY APPEALS

Incarcerated persons wishing to appeal the decision of the hearing officer must do so in writing within five days of the decision. All appeals will be forwarded to the Jail Commander or the authorized designee for review (15 CCR 1081).

Only appeals based on the following will be considered:

- (a) The disciplinary process or procedures were not followed.

Inyo County Sheriff Department

Custody

Custody

- (b) There was insufficient evidence to support the hearing officer's decision.
- (c) The discipline imposed was not proportionate to the violation committed.

A final disposition shall be rendered as soon as possible if the incarcerated person's appeal is granted or discipline is reduced but no later than 10 days after the appeal. The decision of the review authority shall be final and the result of the appeal shall be provided to the incarcerated person in writing.

600.10 LIMITATIONS ON DISCIPLINARY ACTIONS

The U.S. and state constitutions expressly prohibit all cruel or unusual punishment, disciplinary actions shall not include corporate punishment, group punishment when feasible, or physical or psychological degradation (15 CCR 1083). Additionally, there shall be the following limitations:

- Disciplinary separation shall be considered an option of last resort and as a response to the most serious and threatening behavior, for the shortest time possible, and with the least restrictive conditions possible (15 CCR 1083).
- In no case shall any incarcerated person or group of incarcerated persons be delegated the authority to punish any other incarcerated person or group of incarcerated persons (Penal Code § 4019.5; 15 CCR 1083).
- In no case shall a safety cell, as specified in the Safety and Sobering Cells Policy, be used for disciplinary purposes (15 CCR 1083).

600.11 GUIDELINES FOR DISCIPLINARY ACTIONS

Discipline shall be commensurate with the nature and circumstances of the offense committed, the incarcerated person's disciplinary history, and the actions imposed for comparable offenses by other incarcerated persons with similar histories (28 CFR 115.78(b); 15 CCR 1082).

In all cases, actions should be imposed for the purpose of controlling or changing an incarcerated person's behavior, promotion of desired behavior through a progressive disciplinary process, and not for the purpose of punishment (15 CCR 1082).

Acceptable forms of discipline shall consist of but not be limited to the following (15 CCR 1082):

- Loss of privileges
- Extra work detail
- Short-term lockdown for less than 24 hours
- Removal from work details
- Forfeiture of work time credits earned under Penal Code § 4019
- Forfeiture of good time credits earned under Penal Code § 4019
- Disciplinary detention

The Sheriff or the Jail Commander shall be responsible for developing and implementing a range of disciplinary actions for violations.

Incarcerated persons shall be subject to disciplinary actions pursuant to a formal disciplinary process following an administrative finding that the incarcerated person engaged in incarcerated person-on-incarcerated person sexual abuse or following a criminal finding of guilt for incarcerated person-on-incarcerated person sexual abuse (28 CFR 115.78(a)).

To the extent that there is available therapy, counseling, or other interventions designed to address and correct underlying reasons or motivations for sexual abuse, the facility shall consider whether to require an incarcerated person being disciplined for sexual abuse to participate in such interventions as a condition of access to programming or other benefits (28 CFR 115.78(d)).

600.12 TRAINING

The Jail Commander or the authorized designee is responsible for ensuring that a wide range of training and disciplinary tools are available to aid staff and that preprinted forms are available for documenting rule violations in a consistent and thorough manner.

The Training Manager is responsible for developing and delivering, or procuring, training for staff members who participate in the disciplinary hearing process. Training topics should include the legal significance of due process protections and the hearing officer's role in assuring that those protections are provided.

Disciplinary Separation

602.1 PURPOSE AND SCOPE

This policy specifically addresses disciplinary separation and guiding principles relating to the conditions attached to that separation. It will provide guidance to the staff on acceptable practices with regard to management of incarcerated persons in disciplinary separation or classified as requiring special management needs.

602.1.1 DEFINITIONS

Definitions related to this policy include:

Disciplinary separation - A status assigned to an incarcerated person after a disciplinary hearing in which the person was found to be in violation of a jail rule or state or federal law. This status results in separating the person from the rest of the incarcerated person population to serve the consequence imposed.

602.2 POLICY

The Inyo County Sheriff Department will maintain a disciplinary separation unit to house incarcerated persons who, after an impartial due process hearing, are receiving disciplinary actions for violating one or more jail rules. Restrictions on privileges will be subject to the disciplinary process and in accordance with this policy.

602.3 DISCIPLINARY SEPARATION

Incarcerated persons may be placed into disciplinary separation only after an impartial hearing to determine the facts of the rule violation, in accordance with the office Discipline Policy. The hearing officer shall impose discipline in accordance with the discipline schedule established by the Jail Commander. Maximum disciplinary actions for any one incident, regardless of the number of rules violated, shall not exceed 60 days.

Disciplinary separation in excess of 30 days shall be reviewed by the Jail Commander before the discipline is imposed. The review shall include a consultation with health care staff. Such reviews shall continue at least every 15 days thereafter until the disciplinary status has ended. These reviews shall be documented (15 CCR 1082(g); 15 CCR 1083(a)).

602.4 ACCESS TO SERVICES

The ability to discipline incarcerated persons for conduct violations is not absolute. Absent legitimate government reasons, incarcerated persons continue to have a right to receive certain services. However, incarcerated persons in disciplinary separation, in accordance with the Discipline Policy, or special management incarcerated persons who are disciplined for one or more rule violations, may be subject to loss of privileges or credit for good time and work time.

Services to provide for basic human needs must continue to be made available. There are minimum service requirements that must be maintained to ensure the facility continues to operate in a constitutional manner. All custody staff will adhere to the following policy sections to guide

them in the supervision of incarcerated persons held in disciplinary separation or classified as requiring special management needs.

602.4.1 MEDICATION, CLOTHING, AND PERSONAL ITEMS

Incarcerated persons placed in disciplinary separation are considered special management incarcerated persons and shall not be denied prescribed medication.

Special management incarcerated persons will be provided with clothing that identifies their status, but in no case will this clothing be used to intentionally disgrace the incarcerated person.

Absent unusual circumstances, special management incarcerated persons will continue to have the same access to personal items in their cell as general population incarcerated persons have, including the following:

- Clean laundry
- Barbering and hair care services
- Clothing exchanges
- Bedding and linen exchanges

Incarcerated persons in disciplinary separation shall not be deprived of bedding or clothing except in cases where the incarcerated person destroys such articles or uses them to attempt suicide (15 CCR 1083(a)(2)). The decision to continue to deprive the incarcerated person of these articles must be made by the Jail Commander or the authorized designee and reviewed every 24 hours.

602.4.2 SHOWERING AND PERSONAL HYGIENE

Incarcerated persons in disciplinary separation should be allowed to shower with the same frequency as the general population, if reasonably practicable, but at a minimum shall be afforded the opportunity to shower at least every other day and shave daily (15 CCR 1083(d)). The opportunities for each incarcerated person to shave and shower will be documented on the disciplinary separation unit log.

Exceptions to this policy can only be made when the restriction is determined to be reasonably necessary for legitimate government purposes. Any exceptions to this basic requirement must be reviewed and approved by the Supervisor. The circumstances necessitating a restriction must be clearly documented on the unit log.

602.4.3 DENIAL OF AUTHORIZED ITEMS OR ACTIVITIES

Personal items may be withheld when it reasonably appears that the items will be destroyed by the incarcerated person or it is reasonably believed that the personal item will be used for a self-inflicted injury or to harm others.

Whenever an incarcerated person in disciplinary separation is denied personal care items or activities that are usually authorized to the general population incarcerated persons, except for restrictions imposed as a result of a disciplinary hearing, the correctional officer taking such action shall prepare a report describing the circumstances that necessitated the need to restrict personal

items or activities. The report shall be submitted to a supervisor for review, who will then forward it to the Jail Commander. A copy of the report shall be placed in the incarcerated person's file.

602.4.4 MAIL AND CORRESPONDENCE

Incarcerated persons in disciplinary separation shall have the same privileges to write and receive correspondence as incarcerated persons in general population, except in cases where incarcerated persons violated correspondence regulations. In such cases, mail privilege may be suspended. The Jail Commander or the authorized designee shall approve all mail privilege suspensions that exceed 72 hours. Legal mail shall not be suspended from delivery to the incarcerated person (15 CCR 1083(f)).

602.4.5 VISITATION

Incarcerated persons in disciplinary separation shall have the same opportunities for visitation as general population incarcerated persons, except when the visitation privileges are suspended pursuant to an action imposed by the disciplinary hearing officer. Disciplinary actions that limit or curtail visitation must be clearly documented and approved by a supervisor if not a condition of the original approved discipline.

602.4.6 READING AND LEGAL MATERIALS

Incarcerated persons in disciplinary separation shall have the same access to reading materials and legal materials as the general population incarcerated persons, unless the restriction is directed by a court of law or there is a reasonable basis to believe the materials will be used for illegal purposes or pose a direct threat to the security and safety of the facility. In such cases the basis for the action shall be documented in the incarcerated person's file and unit log. Access to courts and legal counsel shall not be suspended as a disciplinary measure (15 CCR 1083(g)).

602.4.7 EXERCISE

Incarcerated persons in disciplinary separation shall be given a minimum of three hours of exercise per week outside of their cell. Exceptions to this may occur if there are legitimate security or safety considerations. The circumstances relating to the limitation of exercise shall be documented in an incident report. The report shall be reviewed and the restriction shall be approved by a supervisor.

602.4.8 LIMITED TELEPHONE PRIVILEGES

Incarcerated persons in disciplinary separation may have their telephone privilege restricted or denied. Exceptions include the following:

- (a) Making legal calls
- (b) Responding to verified family emergencies, when approved by the sergeant or Jail Commander

All telephone access based on the above exceptions shall be documented on the unit log.

602.4.9 BEDDING AND CLOTHING

Incarcerated persons in disciplinary separation shall not be deprived of bedding or clothing except in cases where the person destroys such articles or uses them for self-harm or to harm others

or for something other than the intended purpose. Clothing and bedding shall be returned to the incarcerated person as soon as it is reasonable to believe the behavior that caused the action will not continue. The decision to continue to deprive the incarcerated person of these articles must be made by the Jail Commander or the authorized designee and reviewed at least every eight hours. This review shall be documented and placed into the incarcerated person's file.

602.5 DIET

Under no circumstances will an incarcerated person be denied food as a means of punishment (15 CCR 1083(e)).

602.6 MENTAL HEALTH

Due to the possibility of self-inflicted injury and depression during periods of separation, health evaluations should include notations of any bruises and other trauma markings, and the qualified health care professional's comments regarding the incarcerated person's attitude and outlook.

- (a) A qualified health care professional should visit each incarcerated person a minimum of once a day and more often if needed. A medical assessment should be documented in the incarcerated person's medical file.
- (b) Mental health staff or a qualified mental health professional should also conduct weekly rounds.

If after placement in separation, mental health or medical staff determine an incarcerated person to have a serious mental illness or an intellectual disability, the person shall be removed from disciplinary separation immediately upon this determination (15 CCR 1083(a)).

Where reasonably practicable, a qualified health care professional should provide screening for suicide risk following admission to the separation unit.

602.7 SAFETY CHECKS

A staff member shall conduct a face-to-face safety check of all disciplinary separation incarcerated persons at least every 30 minutes on an irregular schedule. If an incarcerated person is violent, has mental health problems, or demonstrates unusual behavior, the face-to-face check by custody should occur every 15 minutes on an irregular schedule.

Incarcerated persons who are at risk of suicide shall be under continuous observation until seen by a qualified health care professional. Subsequent supervision routines should be in accordance with orders provided by the qualified health care professional.

Disciplinary separation incarcerated persons shall receive increased monitoring to include at a minimum:

- (a) A visit by the Supervisor once a day.
- (b) Visits by program staff, upon request.
- (c) Visits by a qualified health care professional a minimum of once a day and more often, if needed.

- (a) Date and time of contact
- (b) Signature or initials of the qualified health care professional making rounds
- (c) Any needed referrals
- (d) All significant findings and observations, medical assessment, treatment, recommendations, notifications, and actions, all of which should be documented in the incarcerated person's health record

602.8 LOG PROCEDURES

All management, program staff, and qualified health care professional visits shall be documented on the appropriate records and logs and retained in accordance with established records retention schedules.

Handwritten logs should be completed in ink. Once an entry is made it should not be modified. If corrections or changes are needed they should be done by way of a supplemental entry.

Electronically captured logs will be maintained in a way that prevents entries from being deleted or modified once they are entered. Corrections or changes must be done by way of supplemental entries. At a minimum the log will contain the following:

The Supervisor shall review and evaluate the logs and pass any significant incidents via the chain of command to the Jail Commander for review.

Incarcerated Persons with Disabilities

604.1 PURPOSE AND SCOPE

This policy provides guidelines for addressing the needs and rights of incarcerated persons detained by this office in accordance with the Americans with Disabilities Act (ADA).

604.1.1 DEFINITIONS

Definitions related to this policy include:

Disability - The ADA defines a disability as a physical or mental impairment that limits one or more major life activities. These include, but are not limited to, any disability that would substantially limit the mobility of an individual or an impairment of vision and/or hearing, speaking or performing manual tasks that require some level of dexterity.

604.2 POLICY

This office will take all reasonable steps to accommodate incarcerated persons with disabilities while they are in custody and will comply with the ADA and any related state laws. Discrimination on the basis of disability is prohibited.

604.3 JAIL COMMANDER RESPONSIBILITIES

The Jail Commander, in coordination with the Responsible Physician and the ADA Coordinator (see the Accessibility - Facility and Equipment Policy), will establish written procedures to assess and reasonably accommodate disabilities of incarcerated persons. The procedures will include but are not limited to:

- (a) Establishing housing areas that are equipped to meet the physical needs of disabled incarcerated persons, including areas that allow for personal care and hygiene in a reasonably private setting and for reasonable interaction with incarcerated persons.
- (b) Establishing classification criteria to make housing assignments to incarcerated persons with disabilities.
- (c) Assigning individuals with adequate training to assist disabled incarcerated persons with basic life functions, as needed.
- (d) Establishing transportation procedures for moving incarcerated persons with limited mobility.
- (e) Establishing guidelines for services, programs, and activities for the disabled and ensuring that incarcerated persons with disabilities have an equal opportunity to participate in or benefit from all aspects of the facility's efforts to prevent, detect, and respond to sexual abuse and sexual harassment (28 CFR 115.16).
- (f) Enlisting or contracting for trained service personnel who have experience working with people with disabilities.
- (g) Establishing procedures for the request and review of accommodations.

Custody

Custody

Incarcerated Persons with Disabilities

- (h) Establishing guidelines for the accommodation of individuals who are deaf or hard of hearing, have common disabilities such as sight and mobility impairments and developmental disabilities, or have common medical issues, such as epilepsy.
- (i) Identifying and evaluating all incarcerated persons with developmental disabilities, including contacting the regional center to assist with diagnosis and/or treatment within 24 hours of identification, excluding holidays and weekends (15 CCR 1057).

The Jail Commander is responsible for ensuring the Inyo County Sheriff Department jail is designed or adapted to reasonably accommodate incarcerated persons with disabilities. At a minimum this includes:

- Access to telephones equipped with a telecommunications device for the deaf (TDD) for incarcerated persons who are deaf, are hard of hearing, or have a speech impairment.
- If orientation videos are used to explain facility rules to newly admitted incarcerated persons, subtitles may be displayed on the video presentation to assist incarcerated persons who have impaired hearing.
- Some cells and dormitories should be equipped with wheelchair-accessible toilet and shower facilities. Incarcerated persons with physical disabilities should be allowed to perform personal care in a reasonably private environment.
- Tables designed for eating should be accessible to those in wheelchairs.

604.4 CORRECTIONAL OFFICERS' RESPONSIBILITIES

Correctional officers should work with qualified health care professionals to aid in making accommodations for those with physical disabilities.

Correctional officers who work in the classification process should be aware of incarcerated persons with disabilities before making housing decisions. For example, persons with mobility issues may require a lower bunk and accessible toilet and shower facilities. When necessary or required, a supervisor of the classification correctional officer should consult with the qualified health care professional or the Responsible Physician regarding housing location.

Correctional officers should assist an incarcerated person with a disability by accommodating the incarcerated person consistent with any guidelines related to the incarcerated person's disability. If there are no current guidelines in place, correctional officers receiving an incarcerated person request for accommodation of a disability should direct the incarcerated person to provide the request in writing or assist the incarcerated person in doing so, as needed. The written request should be brought to the on-duty supervisor as soon as practicable but during the correctional officer's current shift. Generally, requests should be accommodated if the accommodation would not raise a safety concern or affect the orderly function of the jail. The formal written request should still be submitted to the on-duty supervisor.

Requests that are minor and do not reasonably appear related to a significant or ongoing need may be addressed informally, such as providing extra tissue to an incarcerated person with a cold. Such requests need not be made in writing.

604.5 ACCOMMODATION REQUESTS

Incarcerated persons shall be asked to reveal any accommodation requests during the intake classification process. Any such request will be addressed according to the classification process.

Requests for accommodation after initial entry into the facility should be made through the standard facility request process and should be reviewed by a supervisor within 24 hours of the request being made. The reviewing supervisor should evaluate the request and, if approved, notify the Jail Commander, ADA Coordinator (see the Accessibility - Facility and Equipment Policy) and any other staff as necessary to meet the accommodation. The supervisor should make a record of the accommodation in the incarcerated person's file.

A supervisor who does not grant the accommodation, either in part or in full, should forward the request to the Jail Commander and the ADA Coordinator within 48 hours of the request being made. The Jail Commander, with the assistance of the ADA Coordinator and/or legal counsel, should make a determination regarding the request within five days of the request being made.

604.6 TRAINING

Access to Courts and Counsel

606.1 PURPOSE AND SCOPE

The purpose of this policy is to protect the constitutional rights of incarcerated persons to access the courts and legal counsel, while holding incarcerated persons accountable to the rules and regulations that govern conduct in this facility. The staff at every level is reminded the fundamental constitutional right of access to courts does not end when a person is incarcerated.

606.2 POLICY

It is the policy of this office that all incarcerated persons will have access to the courts and the ability to consult with legal counsel (15 CCR 1068).

606.3 INCARCERATED PERSON ACCESS

Staff should not unreasonably interfere with incarcerated persons' attempts to seek counsel and where appropriate should assist persons with making confidential contact with attorneys and authorized representatives.

Access to courts and legal counsel may occur through court-appointed counsel, attorney, or legal assistant visits, telephone conversations, or written communication. To facilitate access, this facility will minimally provide:

- Confidential attorney visiting areas that include the means by which the attorney and the incarcerated person can share legal documents.
- Telephones that enable confidential attorney-client calls.
- Reasonable access to legal materials.
- A means of providing assistance through the court process by individuals trained in the law. This assistance will be available to illiterate incarcerated persons and those who cannot speak or read English or who have disabilities that would impair their ability to access.
- Writing materials, envelopes, and postage for indigent incarcerated persons for legal communications and correspondence.

The Jail Commander shall be responsible for ensuring that information regarding access to courts and legal counsel and requesting legal materials or legal assistance is included in the incarcerated persons handbook, which is provided during orientation.

606.4 CONFIDENTIALITY

All communication between incarcerated persons and their attorneys is confidential, including telephone conversations, written communication, and video conferencing. The content of written attorney-client communication will not be reviewed or censored, but the documents may be inspected for contraband.

Outgoing and incoming legal correspondence shall be routed through the staff, who have received special training in inspecting confidential documents and who are accountable for maintaining

confidentiality. Incoming legal correspondence shall be opened and inspected for contraband in the presence of the recipient incarcerated person.

Incarcerated persons may seek the assistance of other incarcerated persons in writing writs and other legal correspondence to the courts, when needed subject to the security and safety needs of the incarcerated persons, staff, and the facility.

606.5 REQUEST FOR ASSISTANCE

Written materials addressing how an incarcerated person can access local attorneys and key legal documents shall be available in each housing unit. Staff shall provide these materials to any incarcerated person upon request. However, staff shall not provide legal advice or assist any person in the completion of any legal document.

Habeas corpus forms shall be made available to any incarcerated person by the staff upon request.

Legal forms filled out by the incarcerated person shall be forwarded to court administration directly or via an appointed legal assistant.

606.6 VISITATION RELATED TO LEGAL DEFENSE

Visits with incarcerated persons that are related to legal defense, including attorneys, paralegals, and investigators, will be permitted only in the areas designated for legal visitation or by way of video visitation to assure confidentiality (15 CCR 1068(b)). Contact visits may be approved by the Jail Commander for special circumstances.

- (a) Visits shall be of a reasonable length of time to discourage any allegation the defense of the incarcerated person was hindered due to the length of time allowed for the legally authorized visit. These visits shall be of such a length of time that they do not interfere with the security, order, and discipline of this facility. The permissible time for visitation should be flexible but shall not substantially interfere with other facility schedules, such as medical examinations, meal service, or other required activities.
- (b) Only materials brought to this facility by an approved legal assistant shall be allowed.
- (c) All materials shall be subject to security inspections by the staff and shall be routed through the Supervisor for logging and distribution.

606.7 MAIL

Legal mail shall be handled in accordance with the Mail Policy.

606.8 IN PROPRIA PERSONA (PRO PER) INCARCERATED PERSONS

Incarcerated persons may be granted pro per status by court order only. Any time a court order is received designating an incarcerated person as having been granted pro per status, all relevant records systems at the facility shall be updated to reflect this information. A copy of the court order shall be maintained in the person's file in accordance with established records retention schedules.

The court may, but is not required to, appoint to an incarcerated person who is designated pro per a back-up attorney, paralegal, or other person to assist the person with legal research. All information related to appointed assistants should be recorded in the relevant facility records.

Any provision of legal materials shall be in accordance with court directives and in consultation with the County Counsel.

606.8.1 PRO PER STATUS MISUSE

Any incarcerated person who is granted pro per status and is found to be misusing or abusing that status to the extent that it poses a demonstrable threat to the safety and security of the facility shall be immediately reported to the Jail Commander. The Jail Commander may recommend the suspension or a limitation of the person's pro per privileges if they adversely affect the safety and security of the jail.

Upon the concurrence with the findings and recommendation of the Jail Commander, the Sheriff or the authorized designee shall consult with the Office's legal counsel prior to notifying the court of any intent to limit the described pro per privileges.

The incarcerated person may petition the court if they are dissatisfied with the action taken.

Replacement of any of the listed items shall be accomplished through a written request to the Supervisor or the authorized designee. Supplies provided by a court legal liaison will be received and distributed by the Supervisor or the authorized designee. All supplies distributed to the incarcerated person will be recorded in the person's pro per activities record. Supplies not listed in this policy are subject to approval by the Jail Commander or the authorized designee.

Access to ballpoint pens, for signature purposes only, will be provided through a supervisor. The use of the pen will be supervised by the staff and taken from the incarcerated person immediately after its use.

Any books or materials found in the incarcerated person's possession beyond what is authorized will be returned or placed in the person's property.

606.8.3 PRO PER INCARCERATED PERSONS INTERVIEWING WITNESSES

A pro per incarcerated person may be permitted to interview prospective witnesses in the regular visitation area. Requests for visits outside of normal visiting hours will be directed to a supervisor for approval and should be accommodated when practicable.

Interviews conducted by pro per incarcerated persons are subject to the following rules and restrictions:

Foreign Nationals and Diplomats

608.1 PURPOSE AND SCOPE

This policy addresses the privileges and immunities afforded to members of foreign diplomatic missions and consular posts.

This policy also addresses the legal requirements related to consular notifications that should occur when a foreign national is in custody.

608.2 POLICY

The Inyo County Sheriff Department Jail will treat foreign diplomatic and consular personnel with due regard for the privileges and immunities to which they are entitled under international law. The Office will investigate all claims of immunity and accept custody of the person when appropriate.

The Inyo County Sheriff Department Jail will also honor the laws related to foreign nationals in custody by making proper consular notifications and by assisting those who wish to contact their consular representative.

608.3 DIPLOMATIC AND CONSULAR IMMUNITY

608.3.1 AVAILABILITY OF RESOURCES

The Supervisor will ensure that current contact information for the U.S. Department of State and the U.S. Mission to the United Nations is readily available for office members who need to verify a claim of diplomatic or consular immunity. Relevant material for law enforcement published by the U.S. Department of State Bureau of Diplomatic Security should be readily available as well.

608.3.2 ADDRESSING CLAIMS OF DIPLOMATIC OR CONSULAR IMMUNITY

When an arrestee who claims diplomatic or consular immunity is brought to the Inyo County Sheriff Department Jail the receiving correctional officer shall first inform the Supervisor and then generally proceed as follows:

- (a) Do not accept custody of the person from the transporting correctional officer. The person should not be brought inside the Inyo County Sheriff Department Jail unless doing so would facilitate the investigation of their claim of immunity.
- (b) Do not handcuff the person, or, if handcuffs have been applied, remove them unless there is an articulable threat that would justify their use.
- (c) If the person has already been accepted into custody, inform the person that they will be detained until their identity and immunity can be confirmed. Attempt to obtain a U.S. Department of State-issued identification card or other identification or documents that may relate to the claimed immunity.
- (d) In all cases, verify the status and level of immunity by contacting the U.S. Department of State or the U.S. Mission to the United Nations, as appropriate.

Inyo County Sheriff Department

Custody

Foreign Nationals and Diplomats

It will be the responsibility of the Supervisor to communicate the claim of immunity to the on-duty supervisor of the arresting office (if not the Inyo County Sheriff Department). The Supervisor may assist another agency in determining the person's immunity status.

The Supervisor is responsible for ensuring appropriate action is taken based upon information received regarding the person's immunity status.

608.3.3 REPORTING

If the person's immunity status has been verified, the Supervisor should ensure a report is prepared describing the details and circumstances of any detention or custody. A copy of the report should be faxed or mailed as soon as possible to the U.S. Department of State in Washington, D.C., or to the U.S. Mission to the United Nations in New York in cases involving a member of the United Nations community.

608.4 CONSULAR NOTIFICATIONS

608.4.1 CONSULAR NOTIFICATION LIST AND CONTACTS

The Jail Commander will ensure that the U.S. Department of State's list of countries and jurisdictions that require mandatory notification is readily available to office members. There should also be a published list of foreign embassy and consulate telephone and fax numbers, as well as standardized notification forms that can be faxed and then retained for the record. Prominently displayed placards informing incarcerated persons of rights related to consular notification should also be posted.

608.4.2 CONSULAR NOTIFICATION ON BOOKING

The Jail Commander shall appoint an upper-level manager with sufficient time and authority to develop, implement, and oversee office efforts to comply with the PREA standards. The PREA coordinator shall review facility policies and practices, and make appropriate compliance recommendations to the Jail Commander (28 CFR 115.11).

The PREA coordinator's responsibilities shall include:

- (a) Developing a written plan to coordinate response among staff first responders, medical and mental health practitioners, investigators, and facility management to an incident of sexual abuse. 612.4 REPORTING SEXUAL ABUSE, HARASSMENT, AND RETALIATION

Any employee, agency representative, volunteer, or contractor who becomes aware of an incident of sexual abuse, sexual harassment, or retaliation against incarcerated persons or staff shall immediately notify a supervisor, who will forward the matter to a sexual abuse investigator (28 CFR 115.61). Staff may also privately report sexual abuse and sexual harassment of incarcerated persons (e.g., report to the Jail Commander) (28 CFR 115.51; 15 CCR 1029).

The facility shall provide information to all visitors or third parties on how they may report any incident, or suspected incident of sexual abuse, or sexual harassment to a staff member (28 CFR 115.54; 15 CCR 1029).

Incarcerated persons may report sexual abuse or sexual harassment incidents anonymously or to any staff member they choose. Staff shall accommodate all incarcerated person requests to report allegations of sexual abuse or harassment. Staff shall accept reports made verbally, in writing, anonymously, or from third parties and shall promptly document all verbal reports (28 CFR 115.51; 15 CCR 1029).

Threats or allegations of sexual abuse and sexual harassment, or retaliation, regardless of the source, shall be documented and referred for investigation. Sexual abuse and sexual harassment reports shall only be made available to those who have a legitimate need to know, and in accordance with this policy and applicable law (28 CFR 115.61).

612.4.1 REPORTING TO OTHER FACILITIES

If there is an allegation that an incarcerated person was sexually abused while the person was confined at another facility, the Jail Commander shall notify the head of that facility as soon as possible but not later than 72 hours after receiving the allegation. The Jail Commander shall ensure that the notification has been documented (28 CFR 115.63).

612.5 RETALIATION

All incarcerated persons and staff who report sexual abuse or sexual harassment, or who cooperate with sexual abuse or sexual harassment investigations, shall be protected from retaliation.

Protective measures, including housing changes, transfers, removal of alleged abusers from contact with victims, administrative reassignment, or reassignment of the victim or alleged perpetrator to another housing area, and support services for incarcerated persons or staff who fear retaliation, shall be utilized (28 CFR 115.67; 15 CCR 1029).

The Jail Commander or the authorized designee shall assign a supervisor to monitor, for at least 90 days, the conduct and treatment of incarcerated persons or staff who report sexual abuse or sexual harassment, as well as persons who were reported to have suffered sexual abuse, to determine if there is any possible retaliation. The supervisor shall act promptly to remedy any such retaliation. The assigned supervisor should consider incarcerated person disciplinary reports, housing or program changes, negative staff performance reviews, or reassignment of staff members. Monitoring may continue beyond 90 days if needed. Incarcerated person monitoring

shall also include periodic status checks. The Jail Commander should take reasonable steps to limit the number of people with access to the names of individuals being monitored and should make reasonable efforts to ensure that staff members who pose a threat of retaliation are not entrusted with monitoring responsibilities.

If any other individual who cooperates with an investigation expresses a fear of retaliation, the facility shall take reasonable measures to protect that individual against retaliation (28 CFR 115.67).

612.5.1 REPORTS BY INMATES

Inmates may report sexual assault or abuse incidents anonymously or to any staff member they choose and shall not be required to use their normal point of contact. Staff shall accommodate all inmate requests to report allegations of sexual abuse and assaults.

Retaliation against an inmate by any staff member for filing a sexual abuse, assault or harassment incident will not be tolerated.

612.6 FIRST RESPONDERS

If an allegation of incarcerated person sexual abuse is made, the first correctional officer to respond shall (28 CFR 115.64):

- (a) Separate the parties.
- (b) Request medical assistance as appropriate. If no qualified health care or mental health professionals are on-duty when a report of recent abuse is made, staff first responders shall take preliminary steps to protect the victim and shall immediately notify the appropriate qualified health care and mental health professionals (28 CFR 115.82).
- (c) Establish a crime scene to preserve and protect any evidence. Identify and secure witnesses until steps can be taken to collect any evidence.
- (d) If the time period allows for collection of physical evidence, request that the alleged victim, and ensure that the alleged abuser, do not take any actions that could destroy physical evidence (e.g., washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, eating).
- (e) Consider whether a change in classification or housing assignment for the victim is needed or whether witnesses to the incident need protection, both of which may include reassignment of housing.
- (f) Determine whether the alleged perpetrator should be administratively separated or administratively transferred during the investigation.

If the first responder is not a correctional officer, the responder shall request the alleged victim to refrain from any actions that could destroy physical evidence and then immediately notify a correctional officer.

Should an investigation involve incarcerated persons who have disabilities or who have limited English proficiency, the first responder shall not rely on incarcerated person interpreters, incarcerated person readers, or other types of incarcerated person assistants, except in

Inyo County Sheriff Department

limited circumstances where an extended delay in obtaining an interpreter could compromise incarcerated person safety, the performance of first responder duties, or the investigation of sexual abuse or sexual harassment allegations (28 CFR 115.16).

612.7 SEXUAL ABUSE AND SEXUAL HARASSMENT INVESTIGATIONS

An administrative investigation, criminal investigation or both shall be completed for all allegations of sexual abuse and sexual harassment (28 CFR 115.22). Administrative investigations shall include an effort to determine whether the staff's actions or inaction contributed to the abuse. All administrative and/or criminal investigations shall be documented in written reports that include a description of the physical and testimonial evidence, the reasoning behind credibility assessments, and investigative facts and findings. Only investigators who have completed office-approved training on sexual abuse and sexual harassment investigation shall be assigned to investigate these cases (28 CFR 115.71).

When practicable, an investigator of the same gender as the victim should be assigned to the case. Sexual abuse and sexual harassment investigations should be conducted promptly and continuously until completed. Investigators should evaluate reports or threats of sexual abuse and sexual harassment without regard to an incarcerated person's sexual orientation, physical gender, or gender identity. Investigators should not assume that any sexual activity among incarcerated persons is consensual.

The departure of the alleged abuser or victim from the employment or control of the jail or Office shall not provide a basis for terminating an investigation (28 CFR 115.71).

If the investigation is referred to another agency for investigation, the Office shall request that the investigating agency follow the requirements as provided in 28 CFR 115.21 (a) through (e). The referral shall be documented. The Office shall cooperate with the outside agency investigation and shall request to be informed about the progress of the investigation (28 CFR 115.71) If criminal acts are identified as a result of the investigation, the case shall be presented to the appropriate prosecutor's office for filing of new charges (28 CFR 115.71).

Evidence collection shall be based on a uniform evidence protocol that is adapted from or otherwise based on the most recent edition of the DOJ's Office on Violence Against Women publication, "A National Protocol for Sexual Assault Medical Forensic Examinations, Adults/Adolescents," or similarly comprehensive and authoritative protocols developed after 2011 (28 CFR 115.21).

Incarcerated persons alleging sexual abuse shall not be required to submit to a polygraph examination or other truth-telling device as a condition for proceeding with an investigation (28 CFR 115.71).

If a victim considered a vulnerable adult under state law, the assigned investigator shall report the allegation to the designated social services agency as required (28 CFR 115.61).

612.7.1 INVESTIGATIVE FINDINGS

All completed written investigations shall be forwarded to the Jail Commander or, if the allegations may reasonably involve the Jail Commander, to the Sheriff. The Jail Commander or Sheriff shall review the investigation and determine whether any allegations of sexual abuse or sexual harassment have been substantiated by a preponderance of the evidence (28 CFR 115.71; 28 CFR 115.72).

The staff shall be subject to disciplinary actions, up to and including termination, for violating this policy. Termination shall be the presumptive disciplinary action for staff members who have engaged in sexual abuse. All discipline shall be commensurate with the nature and circumstances of the acts committed, the staff member's disciplinary history, and the actions imposed for comparable offenses by other staff with similar histories.

All terminations for violations of sexual abuse or sexual harassment policies, or resignations by staff who would have been terminated if not for their resignation, shall be reported to the law enforcement agency that would handle any related investigation and to any relevant licensing bodies (28 CFR 115.76).

612.7.2 REPORTING TO INCARCERATED PERSONS

The Jail Commander or the authorized designee shall inform a victim incarcerated person in writing whether an allegation has been substantiated, unsubstantiated, or unfounded. If the Office did not conduct the investigation, the Office shall request relevant information from the investigative agency in order to inform the incarcerated person.

If a staff member is the accused (unless the Office has determined that the allegation is unfounded), the incarcerated person shall also be informed whenever:

- (a) The staff member is no longer assigned to the incarcerated person's unit or employed at the facility.
- (b) The Office learns that the staff member has been indicted or convicted on a charge related to sexual abuse within the facility.

If another incarcerated person is the accused, the alleged victim shall be notified whenever the Office learns that the alleged abuser has been indicted or convicted on a charge related to sexual abuse within the facility.

All notifications or attempted notifications shall be documented. When notification is made while the incarcerated person is in custody, the incarcerated person will sign a copy of the notification letter. The letter will be added to the case file (28 CFR 115.73).

612.8 SEXUAL ABUSE AND SEXUAL HARASSMENT BETWEEN STAFF AND INCARCERATED PERSONS

Sexual abuse and sexual harassment between staff, volunteers or contract personnel and incarcerated persons is strictly prohibited. The fact that an incarcerated person may have initiated a relationship or sexual contact is not recognized as a defense to violating this policy.

Any incident involving allegations of staff-on-incarcerated person sexual abuse or sexual harassment shall be referred to the Internal Affairs Unit for investigation.

612.8.1 SEXUAL ABUSE BY CONTRACTOR OR VOLUNTEER

Any contractor or volunteer who engages in sexual abuse within the facility shall be immediately prohibited from having any contact with incarcerated persons. The contractor or volunteer shall be promptly reported to the law enforcement agency that would investigate such allegations and brought to the attention of any relevant licensing bodies (28 CFR 115.77).

612.9 SEXUAL ABUSE VICTIMS

Incarcerated persons who are victims of sexual abuse shall be transported to the nearest appropriate location for treatment of injuries and collection of evidence, and for crisis intervention services (28 CFR 115.82). Depending on the severity of the injuries, transportation may occur by a staff member or by ambulance, in either case with appropriate security to protect the staff, the incarcerated person, and the public, and to prevent escape.

A victim advocate from a rape crisis center should be made available to the victim. If a rape crisis center is not available, the Office shall make available a qualified member of a community-based organization, or a qualified health care or mental health professional from the Office, to provide victim advocate services. Efforts to secure services from a rape crisis center shall be documented. A rape crisis center refers to an entity that provides intervention and related assistance, such as the services specified in (34 USC § 12511), to sexual assault victims of all ages. A rape crisis center that is part of a government unit may be used if it is not part of the criminal justice system (such as a law enforcement agency) and it offers a level of confidentiality comparable to the level at a nongovernmental entity that provides similar victim services (28 CFR 115.21).

612.10 EXAMINATION, TESTING, AND TREATMENT

Examination, testing, and treatment shall include the following (15 CCR 1206):

- (a) Forensic medical examinations shall be performed as evidentiary or medically appropriate, without financial cost to the victim. Where possible, these examinations shall be performed by Sexual Assault Forensic Examiners (SAFEs) or Sexual Assault Nurse Examiners (SANE)s. If neither SAFEs nor SANEs are available, other qualified medical practitioners can perform the examination. The Office shall document its efforts to provide SAFEs or SANEs (28 CFR 115.21).
- (b) If requested by the victim, a victim advocate, a qualified office staff member, or a qualified community organization staff member shall accompany the victim through the forensic medical examination process and investigatory interviews. That person will provide emotional support, crisis intervention, information, and referrals (28 CFR 115.21).
- (c) Provisions shall be made for testing the victim for sexually transmitted diseases (28 CFR 115.82).
- (d) Counseling for the treatment of sexually transmitted diseases, if appropriate, shall be provided.

- (e) Victims shall be offered information about, and given access to, emergency contraception, prophylaxis for sexually transmitted infections, and follow-up treatment for sexually transmitted diseases (28 CFR 115.82; 28 CFR 115.83). This shall be done in a timely manner.
- (f) Victims of sexually abusive vaginal penetration while incarcerated shall be offered pregnancy tests. If pregnancy results from the abuse, such victims shall receive comprehensive information about, and access to, all lawful pregnancy-related medical services (28 CFR 115.83). This shall be done in a timely manner.
- (g) Victims shall be provided with follow-up services, treatment plans, and, when necessary, referrals for continued care following their transfer to, or placement in, other facilities, or their release from custody (28 CFR 115.83).
- (h) Treatment services shall be provided to the victim without financial cost and regardless of whether the victim names the abuser or cooperates with any investigation arising out of the incident (28 CFR 115.82; 28 CFR 115.83).
- (i) The health authority or mental health staff shall obtain informed consent from incarcerated persons before reporting information to jail staff about prior sexual victimization that occurred somewhere other than an institutional setting unless the incarcerated person is under the age of 18 (28 CFR 115.81).
- (j) Medical and mental health practitioners shall ensure that information related to sexual victimization that occurred in an institutional setting is limited to medical and mental health practitioners and other staff unless it is necessary to inform jail staff about security or management decisions (28 CFR 115.81).

612.11 PROTECTIVE CUSTODY

Incarcerated persons at high risk for sexual victimization shall not be placed in involuntary protective custody unless an assessment of available alternatives has been made and it has been determined that there is no reasonably available alternative means of separation. Incarcerated persons may be held in involuntary protective custody for less than 24 hours while an assessment is completed.

If an involuntary protective custody assignment is made because of a high risk for victimization, the Jail Commander shall clearly document the basis for the concern for the incarcerated person's safety and the reasons no alternative means of separation can be arranged (28 CFR 115.43).

The facility shall assign these persons to involuntary protective custody only until an alternative means of separation from likely abusers can be arranged, not ordinarily in excess of 30 days.

Incarcerated persons placed in temporary protective custody shall continue to have reasonable access to programs, privileges, education, and work opportunities. If restrictions are put in place, the Jail Commander shall document the following:

- (a) The opportunities that have been limited
- (b) The duration of the limitation
- (c) The reasons for such limitations

Every 30 days, the Jail Commander shall afford each such incarcerated person a review to determine whether there is a continuing need for protective custody (28 CFR 115.43).

612.12 SEXUAL ABUSE INCIDENT REVIEW

An incident review shall be conducted at the conclusion of every sexual abuse investigation unless the allegation has been determined to be unfounded (28 CFR 115.86). The review should occur within 30 days of the conclusion of the investigation.

The review team shall include upper-level management officials and seek input from line supervisors, investigators, and qualified health care and/or mental health professionals, as appropriate:

- (a) Consider whether the investigation indicates a need to change policy or practice in order to better prevent, detect, or respond to sexual abuse.
- (b) Consider whether the incident or allegation was motivated by race; ethnicity; gender identity; lesbian, gay, bisexual, transgender, or intersex identification status or perceived status; gang affiliation; or other group dynamics at the facility.
- (c) Examine the area in the facility where the incident allegedly occurred to assess whether physical barriers may enable abuse.
- (d) Assess the adequacy of staffing levels in the area during different shifts.
- (e) Assess whether monitoring technology should be deployed or augmented to supplement supervision by staff.
- (f) Prepare a written report of the team's findings, including but not limited to determinations made pursuant to paragraphs (a)-(e) of this section, and any recommendations for improvement. The report should be submitted to the Sheriff and the PREA coordinator.

The Jail Commander or the authorized designee shall implement the recommendations for improvement or document the reasons for not doing so.

612.13 DATA REVIEWS

This office shall conduct an annual review of collected and aggregated incident-based sexual abuse data. The purpose of these reviews is to assess and improve the effectiveness of sexual abuse prevention, detection, and response policies, practices, and training by:

- (a) Identifying problem areas.
- (b) Identifying corrective actions taken.
- (c) Recommending corrective actions.
- (d) Comparing current annual data and corrective actions with those from prior years.
- (e) Assessing the office's progress in addressing sexual abuse.

The reports shall be approved by the Jail Commander and made available through the office website. Material may be redacted from the reports when publication would present a clear and

specific threat to the safety and security of the facility. However, the nature of the redacted material shall be indicated (28 CFR 115.88).

All aggregated sexual abuse data from Inyo County Sheriff Department facilities and private facilities with which it contracts shall be made available to the public at least annually through the office website. Before making aggregated sexual abuse data publicly available, all personal identifiers shall be removed (28 CFR 115.89).

612.14 RECORDS

All case records and reports associated with a claim of sexual abuse and sexual harassment, including incident reports, investigative reports, offender information, case disposition, medical and counseling evaluation findings, and recommendations for post-release treatment or counseling shall be retained in accordance with confidentiality laws.

The Office shall retain all written reports from administrative and criminal investigations pursuant to this policy for as long as the alleged abuser is held or employed by the Office, plus five years (28 CFR 115.71).

All other data collected pursuant to this policy shall be securely maintained for at least 10 years after the date of the initial collection, unless federal, state or local law requires otherwise (28 CFR 115.89).

Grooming

616.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure incarcerated person grooming standards are based upon legitimate government interests.

616.2 POLICY

It is the policy of this facility to allow incarcerated persons choice in personal grooming, except when a valid government interest justifies that grooming standards be established. The Jail Commander or the authorized designee shall establish incarcerated person grooming standards specific to classification, work status, facility safety and security, or health and hygiene. Any established standards should not unreasonably interfere with religious observances. Grooming standards should be identified in the incarcerated person handbook.

616.3 HAIRCUTS

Incarcerated persons will be provided haircuts and hair-cutting tools subject to established facility rules. If hair length, style, or condition presents a security or sanitation concern, haircuts may be mandatory. Incarcerated persons who significantly alter their appearance may be required to submit to additional booking photos.

Incarcerated persons shall not cut names, numbers, or other designs into their hair. Incarcerated persons shall not manipulate their hair into any style, including but not limited to braids, ponytails, cornrows, or twists, that could facilitate the concealment and movement of contraband and weapons.

616.3.1 HAIR CARE SERVICES

The Jail Commander or the authorized designee shall establish written procedures for incarcerated person hair care services (15 CCR 1267(a)). The procedures will include schedules for hair care services and allow rescheduling for conflicts, such as court appearances.

Incarcerated persons shall generally be permitted to receive hair care services once per month after being in custody for at least 30 days. Staff may suspend access to hair care services if an incarcerated person appears to be a danger to themselves or others or to the safety and security of the facility.

616.4 SHAVING

Incarcerated persons may shave daily. Facial hair shall be clean and well groomed. Long beards may allow persons to conceal weapons or contraband. Incarcerated persons may be required to trim facial hair if it poses a security or safety risk. Incarcerated persons with facial hair who work around food shall wear appropriate facial coverings.

No incarcerated person will be denied the necessary personal care items. For sanitation and security reasons, personal care items shall not be shared (15 CCR 1265 et seq.).

Nondiscrimination

618.1 PURPOSE AND SCOPE

The constitutional rights of persons regarding discrimination are protected during incarceration. These protections extend to administrative decisions (e.g., classification, access to programs, availability of services). This policy is intended to guide the staff toward nondiscriminatory administrative decisions and to detail an incarcerated person complaint and discrimination investigation process.

618.2 POLICY

All decisions concerning incarcerated persons housed at this facility shall be based on reasonable criteria that support the health, safety, security, and good order of the facility.

618.3 INCARCERATED PERSONS REPORTING DISCRIMINATION

In any case, the Supervisor shall document the circumstances of the allegation and what actions, if any, were taken to investigate or resolve the complaint. All reports of alleged discrimination shall be forwarded to the Jail Commander for review and further investigation or administrative action as needed.

618.4 DISCRIMINATION COMPLAINT AUDITS

The Jail Commander should perform an annual audit of all incarcerated person discrimination complaints to evaluate whether any policy or procedure changes or training are indicated. The Jail Commander should record these findings in a confidential memorandum to the Sheriff. Specific details of complaints and identifying information, such as names of the involved persons, dates, or times, are not part of this process and should not be included in the memorandum. If the audit identifies any recommended changes or content that may warrant a critical revision to this Custody Manual, the Jail Commander should promptly notify the Sheriff.

Any training issues identified as a result of this audit should be forwarded to the Training Manager, who shall be responsible for ensuring all necessary and required training is scheduled and completed.

618.5 DISCRIMINATION PROHIBITED

Discriminating against an incarcerated person based upon actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law is prohibited.

Reasonable and comparable opportunities for participation in services and programs including vocational, educational, and religious programs shall be made available to incarcerated persons in a nondiscriminatory manner.

The Jail Commander should periodically conduct interviews with incarcerated persons and staff members to identify and resolve potential problem areas related to discrimination before they occur.

Grievances

620.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a process by which incarcerated persons may file grievances and receive a formal review regarding the conditions of their confinement.

620.2 POLICY

It is the policy of this office that any incarcerated person may file a grievance relating to conditions of confinement, which includes release date, housing, medical care, food services, hygiene and sanitation needs, out of cell time opportunities, classification actions, disciplinary actions, program participation, telephone and mail use procedures, visiting procedures, and allegations of sexual abuse (15 CCR 1073).

Grievances will not be accepted if they are challenging the rules and policies themselves, state or local laws, court decisions, or probation/parole actions.

Retaliation for use of the grievance system is prohibited.

620.3 GRIEVANCE PROCEDURES

Staff shall attempt to informally resolve all grievances at the lowest level. All attempts to resolve a grievance shall be documented in the incarcerated person's file. If there is no resolution at this level, the incarcerated person may request a grievance form.

The incarcerated person should be advised to complete the form and return it to any staff member. A grievance should be filed by an incarcerated person within 14 days of the complaint or issue.

Incarcerated persons cannot file a grievance on behalf of another incarcerated person but an incarcerated person may assist another incarcerated person in the preparation of a grievance. Custody staff may take reasonable steps to assist the incarcerated person in the preparation of a grievance if requested.

Upon receiving a completed grievance form, the staff member shall acknowledge receipt of the grievance by signing the form and giving a copy to the incarcerated person. The staff member receiving the form shall gather all associated paperwork and reports and immediately forward it to a supervisor.

620.3.1 EXCEPTION TO INITIAL GRIEVANCE FILING

Incarcerated persons may request to submit the grievance directly to a supervisor or mail it directly to the Jail Commander if they reasonably believe the issues to be grieved are sensitive or that their safety would be in jeopardy if the contents of the grievance were to become known to other incarcerated persons.

Incarcerated persons with limited access to mail privileges, who are in restrictive housing or are indigent may deposit their grievances in the locked grievance box within their housing unit or place their grievance in a sealed envelope labeled "Grievance" and deposit it in the regular mailboxes.

In either case, the incarcerated person shall receive a written response to the appeal.

Appeals related to sexual abuse allegations shall be confirmed or denied by the Jail Commander within 10 calendar days.

620.3.4 RECORDING GRIEVANCES

The Jail Commander should maintain a grievance log in a central location accessible to all supervisors. The supervisor who originally receives a grievance shall record the grievance, along with its finding, on the grievance log. Periodic reviews of the log should be made by the Jail Commander or the authorized designee to ensure that grievances are being handled properly and in a timely manner. A copy of each grievance should be filed in the incarcerated person's official record and maintained throughout the incarcerated person's period of incarceration.

622.3 PROCEDURES

Prior to each election, the Jail Commander will designate a correctional officer to be a liaison between the Office and the county elections office. The designated correctional officer will be responsible for assisting incarcerated persons who have requested to vote.

Incarcerated persons should be advised of voting methods during the incarcerated person orientation.

Access to Health Care

702.1 PURPOSE AND SCOPE

The provision of adequate health services in a custody setting is a constitutional right afforded to all incarcerated persons. The purpose of this policy is to provide custody personnel and qualified health care professionals with a process to inform newly booked incarcerated persons of the procedure to access health care services and how to use the grievance system, if necessary.

702.2 POLICY

It is the policy of this office that all incarcerated persons, regardless of custody status or housing location, will have timely access to a qualified health care professional and receive a timely professional clinical judgment and appropriate treatment.

The Inyo County Sheriff Department facility will provide medical, dental, and mental health services as necessary to maintain the health and well-being of incarcerated persons to a reasonable and socially acceptable standard (15 CCR 1200 et seq.; 15 CCR 1208).

702.3 ACCESS TO CARE

Incarcerated person medical requests will be evaluated by qualified health care professionals or health-trained custody staff. Health care services will be made available to incarcerated persons from the time of admission until they are released. Timely access to services will be provided within seven days of request. Information regarding how to contact the medical staff will be posted in all incarcerated person housing areas (15 CCR 1200 et seq.; 15 CCR 1208). Medications and community health resources and referrals may be provided upon request when the incarcerated person is released.

Unreasonable barriers shall not be placed on an incarcerated person's ability to access health services. Health care that is necessary during the period of confinement shall be provided regardless of an incarcerated person's ability to pay, the size of the facility, or the duration of the person's incarceration. Such unreasonable barriers include:

- Punishing incarcerated persons for seeking care for their health needs.
- Deterring incarcerated persons from seeking care for their health needs by scheduling sick call at unreasonable times.

All routine requests for medical attention shall be promptly routed to a qualified health care professional.

Any incident of an incarcerated person refusing medical treatment or causing a disruption in the delivery of health care services shall be documented in an incident report. The original incident report shall be forwarded to the Responsible Physician and a copy sent to the Jail Commander.

702.4 HEALTH CARE GRIEVANCES

Custody personnel should authorize and encourage resolution of incarcerated person complaints and requests on an informal basis whenever possible. To the extent practicable, custody personnel

Inyo County Sheriff Department

Custody

Custody

should provide incarcerated persons with opportunities to make suggestions to improve programs and conditions.

Incarcerated persons will be informed of the grievance process during incarcerated person orientation. The grievance process is also explained in the incarcerated person handbook, which all incarcerated persons receive and which they should have additional access to in their housing units. Grievances will be handled in accordance with the Grievances Policy (15 CCR 1073(a)).

Custody personnel should minimize technical requirements for grievances and allow incarcerated persons to initiate the grievance process by briefly describing the nature of the complaint and the remedy sought. For simple questions and answers regarding clinical issues, incarcerated persons may meet with a qualified health care professional or may submit a written correspondence.

Incarcerated person grievances regarding health care issues will be investigated by an uninvolved member of the medical staff. If no such person is available or does not exist, an outside peer should be sought to investigate the grievance. The incarcerated person should be provided with a written response in accordance with the schedule set forth in the Grievances Policy. Responses to incarcerated person grievances should be based on the community standard of health care.

Copies of grievances and the facility's response shall be sent to the Jail Commander, who, in consultation with the Responsible Physician, shall serve as the final authority in response to all incarcerated person grievances.

If an incarcerated person is not satisfied with the response, the incarcerated person may appeal the grievance as outlined in the Grievances Policy.

702.5 POSTING AVAILABLE RESOURCES

A listing of telephone numbers for medical, dental, mental health and ambulance services shall be posted at the facility's medical area and in the primary staff control station, along with a schedule of availability.

Non-Emergency Health Care

704.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a daily triage system of incarcerated person requests for health care services. This is to ensure that the health needs of the population are addressed properly and in a timely manner.

704.2 POLICY

It is the policy of this office to provide daily access to qualified health care professionals or health-trained custody staff in order for incarcerated persons to request medical services (15 CCR 1200). All health care requests will be documented, triaged, and referred appropriately by medical staff. Qualified health care professionals will conduct sick call and clinics for health care services on a scheduled basis to ensure a timely response to requests for medical services (15 CCR 1211).

The Responsible Physician, in coordination with the Jail Commander or the authorized designee, is responsible for developing a process that includes:

- (a) A process for incarcerated persons to request health services on a daily basis.
- (b) A priority system for health care services to acquire and address requests for routine health care, and for urgent or emergent injuries, illnesses, and conditions.
- (c) Making health care request forms available in each housing unit and to all incarcerated persons upon request.
- (d) A system in which health care requests are documented, triaged, and referred appropriately.
- (e) Restrictions that prohibit non-health services personnel from diagnosing or treating an illness.

704.3 HEALTH CARE REQUESTS

During the collection of health care requests from incarcerated persons, care should be taken to protect the confidentiality of the person and the nature of the health issue. The collector shall date and initial the request when the collection takes place. The requests shall be triaged to determine the priority of need and the proper place for health care to be delivered.

Incarcerated persons will be instructed on how to obtain medical services during the orientation process and in the incarcerated person handbook. Incarcerated persons shall submit a medical request form to the housing unit correctional officer or the health-trained staff delivering medications, or a nurse, if appropriate.

Medical request forms should be available in languages representative of the population. Incarcerated persons who communicate in a language not available in printed form shall have access to interpreter services.

Incarcerated persons with disabilities should be provided with appropriate assistance or accommodation to ensure they are able to request health care services.

Non-Emergency Health Care

The housing unit correctional officer shall ensure the reason for seeking medical attention is on the medical request form. If no reason is given, the correctional officer shall encourage the incarcerated person to indicate whether the matter is urgent or confidential. The correctional officer shall forward all requests to the jail nurse.

704.4 TRIAGE OF HEALTH CARE REQUESTS

Qualified health care professionals shall perform a daily triage. Sick call shall be available to incarcerated persons at least five days a week and shall be performed by a qualified health care professional.

Other qualified health care professionals should schedule incarcerated persons in need of specialized treatment for the next available providers' clinic. The wait for the next available providers' clinic should not exceed two days. The qualified health care professional shall document the referral in the providers' scheduling book and on the incarcerated person's medical record.

The frequency and duration of sick call should be sufficient to meet the needs of the incarcerated person population but should be conducted at least weekly by a qualified health care professional. If an incarcerated person's custody status precludes attendance at sick call, arrangements shall be made to provide sick call services in the place of the person's detention (15 CCR 1211).

704.5 GUIDELINES FOR ELECTIVE PROCEDURES OR SURGERY

The Responsible Physician and the Jail Commander shall work cooperatively to develop guidelines that govern elective procedures or surgery for incarcerated persons. The guidelines must include decision-making processes for elective procedures or surgery that is needed to correct a substantial functional deficit or an existing pathological process that threatens the well-being of the incarcerated person over a period of time. Any discussion of this nature with the incarcerated person should be conducted in a language easily understood by the person and should be carefully documented in the person's medical record. This record should be maintained in accordance with established records retention schedules.

704.6 REQUESTS FOR OUTSIDE MEDICAL CARE

Incarcerated persons who request access to health care services outside the facility may do so with advance authorization from the Jail Commander or the authorized designee. The person shall be required to provide proof of sufficient private funds available to pay for all costs associated with transportation to the off-site facility and all costs associated with the medical services, diagnostics, treatment plans, medications, or any other costs associated with off-site medical care.

Referrals and Coordination of Specialty Care

706.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a process for referring incarcerated persons who need health care or specialty care that is beyond the resources available in the facility. The policy includes guidelines regarding transportation under appropriate security provisions and the formulation of advance written agreements for around the clock or on-call availability of alternate services. Specialty care includes specialist-provided health care, such as nephrology, surgery, dermatology, and orthopedics.

706.2 POLICY

It is the policy of this office that incarcerated persons have access to necessary hospitalization and specialty services for serious medical needs. This facility will provide, either directly or through contracted sources, specialty care and emergency medical services to incarcerated persons when the need is determined by the Responsible Physician (15 CCR 1206(b); 15 CCR 1206(c)).

706.3 JAIL COMMANDER RESPONSIBILITY

The Jail Commander or the authorized designee, in coordination with the Responsible Physician, is responsible for establishing written agreements with outside specialty health care services for emergency and urgent care that is not available within the facility. In addition, a plan shall be developed for the secure transportation of incarcerated persons to a facility where such care is available.

706.4 REFERRAL TO OFF-SITE MEDICAL CARE

A qualified health care professional shall evaluate the incarcerated person, and if indicated, shall recommend specialty appointments in writing on the order sheet in the incarcerated person's medical record. A referral form should be completed and any supporting documentation attached. The written referral shall be reviewed and authorized, if appropriate, by the Responsible Physician.

A court order is generally required when an incarcerated person requires medical or surgical treatment necessitating hospitalization. A court order is not required for an incarcerated person in need of immediate medical or hospital care, but an application for a court order should be made as soon as practicable when the person's condition requires them to be gone from the facility more than 48 hours (Penal Code § 4011.5).

706.5 OFF-SITE COORDINATION

The qualified health care professional is responsible for recommending off-site medical and psychiatric care for incarcerated persons, coordinating outside appointments, and notifying supervisory custody staff of off-site transportation needs. The purpose of this policy is to establish the responsibility of the health authority as arranging for all levels of health services, assuring the quality of all health services, identifying lines of medical authority for the incarcerated person health program, and assuring that incarcerated persons have access to all health services.

The policy also establishes properly monitored processes, policies, procedures, and mechanisms to ensure that the contracted scope of services is adequately and efficiently delivered.

The health authority is defined as the Responsible Physician, health services administrator, or health agency responsible for providing all health care services or coordinating the delivery of all health care services (see the Health Care Administrative Meetings and Reports Policy).

The health authority also approves all medical decisions and protocols.

If the health authority is other than a physician, any final clinical judgments shall rest with a single designated Responsible Physician.

The health authority or the authorized designee will meet at least monthly with custody representatives to discuss the health care program and any issues that require correction or adjustment.

Security regulations are applicable to facility staff and health care personnel (15 CCR 1200(a)).

714.4 PROVISION OF HEALTH CARE

The health authority is responsible for arranging the availability of health care services. The qualified health care professionals should determine what medical services are needed on a case-by-case basis. The Jail Commander shall provide the administrative support for making the health care services available to incarcerated persons. Clinical decisions are the sole province of qualified health care professionals and should not be countermanded by non-health care professionals.

If routine health services are provided by medical personnel outside this facility, all office policies regarding treatment, transfer, transportation, or referral of emergencies shall be followed.

The health authority is responsible for ensuring that the health services manual complies with all applicable state and federal law and that a review and update is conducted annually.

An annual audit of the quality and adequacy of health care services shall be done, with corrective action taken when deficiencies are identified (15 CCR 1202).

714.5 DESIGNATED HEALTH AUTHORITY

The County Health and Human Services (HHS) department is the designated health authority. They are responsible for overseeing, planning, coordinating and developing health care delivery to the jail. All final medical judgments rest with HHS and their medical personnel who are licensed in the State of California. The County HHS will define the parameters of health care in the jail to be comparable to that which is available in the community.

When an inmate is under the care of a private physician, or taking prescription medications prescribed by a private physician, medical staff may contact such private physician for orders or direction regarding the treatment of the inmate. Orders for hypnotic or narcotic drugs or orders conflicting with facility or County Health policy will be referred to HHS for determination as the person with final medical authority in all inmate health matters.

716.2 POLICY

It is the policy of this office that all incarcerated persons will receive a comprehensive health appraisal within 14 days of incarceration unless there is documented evidence that the incarcerated person has received a health appraisal within the previous 90 days. In addition to the initial health appraisal, the person should have an annual evaluation to reassess their health status and to provide access to preventive medicine through education and lifestyle programs.

716.3 INITIAL HEALTH APPRAISAL

This policy establishes a process for medical screening of transferred incarcerated persons to ensure continuation of care and avoid unnecessary diagnostics.

720.2 POLICY

It is the policy of this office that incarcerated persons who are transferred to another jail, correctional system, or health care facility will be screened prior to transfer to ensure that the receiving facility can assume and continue proper care. Medical needs of the incarcerated person will be clearly communicated to the receiving facility, including the ongoing treatment plan, scheduled surgeries, and outside appointments.

Incarcerated persons who are transferred to other facilities shall be sent with a discharge summary that includes information about the incarcerated person's medical and mental health condition, the current treatment plan, and any medications, if needed (15 CCR 1206(n)).

- Current treatments and medications
- Upcoming appointments and diagnostic studies
- Allergies
- Copies of any health information that is critical to continuity of care

If the receiving facility requests a copy of the medical record, it will be supplied within five working days.

The discharge summary and any related medical records being transferred shall be placed in a file or envelope that maintains the confidentiality of the incarcerated person's medical information. The transporting personnel shall be provided separate written instructions regarding medication or health interventions, including necessary precautions that are required en route. The transporting personnel shall also document on the transfer log the date, time, and name of the person receiving the incarcerated person and the medical records.

720.3.1 EXTENDED TRANSPORTATION OF INCARCERATED PERSONS

When an incarcerated person will be in transfer status for several days and housed temporarily at various custody facilities along the way, a medical transfer packet shall be prepared by the qualified health care professional in a form that will advise the temporary housing facilities of any medical needs of the incarcerated person. When medically appropriate, a small supply of medication should be provided with the medical transfer packet so it will be available to the temporary housing facility as needed.

720.4 RECEIVING TRANSFERRED INCARCERATED PERSONS

When an incarcerated person being transferred to this facility arrives without a full and comprehensive medical transfer packet from another facility, the incarcerated person shall be medically screened and receive a comprehensive health appraisal in accordance with the Medical Screening Policy and Health Appraisals Policy. The medical department of the sending facility should be promptly contacted to determine if the transferred incarcerated person has any medical needs that require immediate attention or any scheduled surgeries or appointments with community health care services. Arrangements should then be made with the sending facility for the delivery of a more detailed review of the incarcerated person's medical needs.

Medical Screening

722.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a medical screening process for newly booked incarcerated persons so that medical, mental health, and dental issues are properly identified and addressed, and to obtain a medical clearance when necessary.

722.2 POLICY

It is the policy of this office that a medical screening be performed on all incarcerated persons upon arrival at the intake area to ensure that existing, emergent, and urgent health care, dental, or mental health needs are identified, risks are assessed, and incarcerated persons with contagious and communicable diseases are properly classified and housed for their health and the health of the general population (15 CCR 1051; 15 CCR 1206.5(a); 15 CCR 1207).

722.3 ELEMENTS OF MEDICAL SCREENING

The medical screening shall be performed by health services personnel when available, but may also be performed by health-trained correctional staff. The Responsible Physician, in cooperation with the Jail Commander, shall establish protocols for use by health-trained correctional staff during the medical screening. All completed medical screenings should be forwarded to the Responsible Physician. A review of any positive finding shall be performed by a qualified health care professional.

Regardless of training, no incarcerated person should be allowed to conduct health care evaluations or provide treatment to any other incarcerated person.

All incarcerated persons shall complete a medical screening as part of the booking process. If an arrestee refuses to cooperate with the medical screening, the screener will complete as much of the health assessment as reasonably possible and the arrestee will be closely observed until the arrestee cooperates with the remainder of the screening process.

The Responsible Physician should work cooperatively with the Jail Commander to develop the medical screening forms, which should be applicable for general health, mental health, and suicide screening purposes. The forms should be completed no later than 24 hours after the arrival of an incarcerated person but prior to an incarcerated person being housed in the general population. All medical screening forms shall be forwarded to the medical unit and the qualified health care professionals shall be alerted to those that need priority attention.

722.3.1 MEDICAL SCREENING INQUIRY

The medical screening inquiry should include a review of the incarcerated person's prior jail medical record, if any, and document the following:

- History of infectious or communicable diseases that are considered serious in nature; current treatment, symptoms, medications, chronic illness, or health issues, including communicable diseases, or special health requirements, and/or dietary needs (15 CCR 1051)

- Mental illness, including psychiatric hospitalizations within the last three months
- Gender issues
- History of or current suicidal ideation
- Acute allergies
- History of or current prescription or illegal drug use, including the time of last use
- History or current symptoms of substance abuse withdrawal
- Current, recent, or suspected pregnancy; any history of gynecological problems and present use and method of birth control

- Incarcerated persons who have given birth in the past year and are charged with murder or attempted murder of their infants shall be referred to mental health services at the time of booking (15 CCR 1207.5)
- Any other health issues as identified by the Responsible Physician

Qualified health care professionals should assist in developing specific mental health medical screening questions and should provide training in analyzing incarcerated person responses. The Responsible Physician should establish the role of the qualified health care professional in the medical screening process.

Should the medical screening identify a need for a more comprehensive medical assessment of the incarcerated person, a qualified health care professional should initiate appropriate follow-up action, which may include transporting the incarcerated person to an off-site medical facility.

722.3.2 MEDICAL SCREENING OBSERVATION

The staff member completing the medical screening observation shall document the following observations:

- Appearance (e.g., sweating, tremors, anxious, disheveled)
- Behavior (e.g., disorderly, appropriate, insensible)
- State of consciousness (AVPU):
 - Alert - spontaneously responsive
 - Verbal - requires verbal stimulation to respond
 - Pain - requires painful stimulation to respond
 - Unresponsive - does not respond

- Breathing (e.g., persistent cough, hyperventilation)
- Skin (e.g., lesions, jaundice, rashes, infestations, bruises, scars, recent tattoos, needle marks or other indications of drug abuse)
- Any other observable health symptoms

The Jail Commander and the Responsible Physician should develop a procedure through which it can be reliably determined what prescription medications the incarcerated person is taking and the medical urgency for continuing those medications without interruption.

722.3.3 DOCUMENTATION

Written documentation of the medical screening should include the name of the screener, the date and time, and the following information:

- Immediate or scheduled referral to a medical, dental, or mental health professional
- Guidance regarding housing placement, including disciplinary detention if necessary (15 CCR 1051)
- Guidance regarding activity limitations and work assignment
- The incarcerated person's responses to questions asked by the interviewer
- Other individualized observations and recommendations

The initial medical screening should become part of the incarcerated person's medical record and should be retained in accordance with established records retention schedules.

722.4 MEDICAL SCREENING DISPOSITIONS

Persons who are brought to the facility and are obviously in need of immediate medical attention shall be referred to an emergency medical facility for clearance. Conditions that require a medical clearance prior to booking include but are not limited to the following:

- Unconsciousness
- Uncontrolled bleeding
- Significant injuries from a motor vehicle accident
- Significant injuries from an altercation
- Significant injuries from handcuffs or other restraint devices
- Knife wounds, gunshot wounds, or lacerations

- Actively suicidal
- Any other medical condition which, in the opinion of the booking personnel, should be urgently referred for evaluation by medically trained personnel

Incarcerated persons with these medical conditions are not suitable for admission to the facility until medically cleared by a qualified health care professional. This office requires medical clearance from an outside entity when such incarcerated persons are identified.

Medical clearance documentation shall include the medical diagnosis, treatment received at the emergency medical facility, any medications prescribed, any ongoing medical requirements, and any follow-up medical care that may be indicated before the arrestee is accepted for booking.

The Jail Commander is responsible for notifying local police agencies and medical facilities of the jail admission refusal policy and the required clearance documentation.

Based upon the information obtained during the screening process, the medical classification disposition of the incarcerated person shall be one of the following:

- General population or other appropriate cell assignment
- General population or other appropriate cell assignment and timely referral to appropriate health care services
- Immediate referral to health care services prior to housing

722.5 HEALTH APPRAISAL

Generally, a comprehensive health appraisal should occur within 14 days of booking (see the Health Appraisals Policy). However, when it is appropriate and based on an incarcerated person's health condition, an early health appraisal should be recommended. An incarcerated person may also be cleared for housing in general population with a prompt referral to the appropriate health care services when it is in accordance with the incarcerated person's overall classification. Upon the identification of an incarcerated person who may be in a behavioral crisis, a physician's opinion will be secured within 24 hours, or next sick call, whichever is earliest (15 CCR 1052).

722.5.1 MEMBERS CONDUCTING HEALTH APPRAISALS

Mental Health Screening and Evaluation

726.1 PURPOSE AND SCOPE

The purpose of this policy is to establish the process by which all incarcerated persons receive an initial mental health screening by qualified mental health staff or health-trained custody staff using an instrument developed by qualified health care professionals. Special Needs Medical Treatment

728.1 PURPOSE AND SCOPE

This purpose of this policy is the proper treatment and management of incarcerated persons with chronic diseases and special needs. This is accomplished by utilizing nationally recognized, generally accepted clinical guidelines and establishing communication between qualified health care professionals and custodial personnel.

728.1.1 DEFINITIONS

Definitions related to this policy include:

When a qualified health care professional recognizes that an incarcerated person requires accommodation due to a special need, correctional personnel should be notified in writing. Consultation between the qualified health care professional and custodial personnel should occur regarding the condition and capabilities of persons with known special needs prior to a housing, work or program assignment, transfer to another facility, or the imposition of disciplinary action.

Qualified health care professionals shall furnish special needs information regarding incarcerated persons to custodial personnel in order for them to accurately classify and house persons in the facility. The ECO also shall coordinate with the local public health entity on appropriate policy and procedure.
- (d) Conducting an assessment on the incidence and prevalence of tuberculosis (TB) within the facility's population and the surrounding community. If the statistics indicate a risk, the ECO shall develop a written plan that addresses the management of TB, from testing to follow-up care.
- (e) Communicating with employees, other employers, and the local health officer regarding the suspected or diagnosed infectious disease status of referred incarcerated persons, including notification of exposed employees.

- (j) Making all exposure and treatment plans available for employees, employee representatives, and NIOSH review.
- (k) Establishing procedures to ensure that members request exposure notification from health facilities after potential exposure to a person who may have a communicable disease who has been transported to a health facility and that the employee is notified of any exposure as required by Health and Safety Code § 1797.188.

- (n) Coordinating with the Personnel Department to provide required notices to members regarding COVID-19 exposures (Labor Code § 6409.6).

730.3 COMMUNICABLE DISEASE PROGRAM COMPONENTS

730.3.1 SURVEILLANCE

Surveillance takes place throughout the period of the incarcerated person's confinement and is done in a variety of encounters and inspections. These include but are not limited to the following:

- (a) **Medical screening** - Each newly booked incarcerated person shall be evaluated for health care needs and signs and symptoms of infectious disease. The receiving screening includes questions regarding known symptoms of TB, HIV, sexually transmitted diseases (STDs), and HBV. The individual completing the medical screening should observe the incarcerated person for obvious signs of infection (15 CCR 1206.5(a)).
- (b) **Health assessment** - Incarcerated persons shall have a health assessment within the first 14 days of incarceration. The health assessment process includes screening for symptoms of communicable disease. Incarcerated persons will have a Purified Protein Derivative (PPD) test or a chest X-ray for TB and a blood test for STDs. Voluntary HIV testing is provided based on identified risk.
- (c) **Periodic health assessments** - Annual testing for TB is performed on all incarcerated persons who are in the facility for one year or more.

Inyo County Sheriff Department

Communicable Diseases

- (d) **Sick call and referrals** - At any time during incarceration, an incarcerated person may request to be evaluated for an infectious disease through the sick call process. Health and correctional staff can request that an incarcerated person be evaluated if they notice any signs of potentially infectious disease.
- (e) **Contact investigation** - When an incarcerated person housed in the general population develops symptoms of an infectious disease, the Responsible Physician should work cooperatively with the Jail Commander or the authorized designee and the public health department to provide appropriate screening and testing of potentially exposed persons.
- (f) **Environmental health and safety inspections** - The health and safety of the facility environment shall be inspected by the local public health entity and reported to the Jail Commander at least quarterly in a written report. Conditions identified as adversely affecting the health and safety of the incarcerated persons and/or employees or visitors shall be promptly addressed and corrected.

730.3.2 IDENTIFICATION

Any incarcerated person suspected of having a communicable disease will be evaluated by a qualified health care professional as soon as reasonably practicable. Incarcerated persons suspected of having communicable diseases will be appropriately isolated until disease confirmation and the period of communicability is determined. Long-term housing consideration will be based upon the classification status as well as the behavior, medical needs, and safety of incarcerated persons and staff. These incarcerated persons shall be examined by a qualified health care professional within 24 hours. The instructions of the qualified health care professional regarding care of the patient and sanitizing of eating utensils, clothing, and bedding shall be carefully followed (15 CCR 1206.5(a); 15 CCR 1206.5(b)(6)).

730.3.3 TREATMENT

Qualified health care professionals shall provide care as directed by the Responsible Physician and consistent with scientific evidence-based medicine (15 CCR 1206.5(a)).

- (a) The Responsible Physician and the Jail Commander shall collaborate on treatment planning with the public health department, as appropriate.
- (b) Complete documentation of the signs, symptoms, diagnostic results, treatment, and outcome of care provided to incarcerated persons who are suspected or confirmed as having a communicable disease will be entered into the incarcerated person's health record.

730.3.4 COMMUNICATION

The Responsible Physician shall ensure the following notifications are made whenever a communicable disease is identified (15 CCR 1206.5(b)(3); 15 CCR 1206.5(b)(8)):

- (a) Notification to the public health department of all reportable diseases and conditions shall be made as soon as practicable. This is done by completing appropriate forms, and if necessary, contacting the public health department directly for situations of multiple spread occurrences.

Inyo County Sheriff Department

Communicable Diseases

- (b) The Responsible Physician and the Jail Commander shall be kept informed of any incidence of communicable disease.
- (c) The Jail Commander shall be apprised of any medical situation that raises the risk of disease level for incarcerated persons, correctional officers, or any other staff members.

730.3.5 CONTINUOUS QUALITY IMPROVEMENT

A continuous quality improvement (CQI) committee shall be formed consisting of the Responsible Physician, the Jail Commander or the authorized designee, and a representative from the public health entity. The purpose of the committee is to monitor infection control issues and evaluate infection control processes to ensure effectiveness.

Monthly statistics should be collected by health care services and assembled into a report presented by the Responsible Physician or the authorized designee, detailing surveillance activities, disease identification, and cases treated. The committee should meet quarterly and should discuss topics specific to infection control and communicable disease. Minutes of the meetings should be retained in accordance with established records retention schedules.

730.3.6 EMPLOYEE TRAINING

The Responsible Physician or the authorized designee shall provide education to all correctional staff who have contact with infected incarcerated persons during the initial employee orientation and annually thereafter. The Training Manager shall schedule this training and shall retain all associated records in accordance with established records retention schedules.

730.3.7 DATA COLLECTION AND REPORTING

The health authority shall be responsible for ensuring the systematic collection and analysis of data to assist in the identification of problems, epidemics, or clusters of nosocomial infections. All reportable illnesses as defined by the public health department shall be reported as required (15 CCR 1206.5(b)).

730.3.8 STANDARD PRECAUTIONS

Standard precautions shall be used by health care practitioners to minimize the risk of exposure to blood and bodily fluids of infected patients. The health authority shall be responsible for establishing basic guidelines including but not limited to (15 CCR 1206.5(b)(4)):

- Washing hands or using hand sanitizer before and after all patient or specimen contact.
- Handling all blood and bodily fluids such as saliva, urine, semen, and vaginal secretions as if they are known to be infectious. Where it is not possible to distinguish between body fluid types, all body fluids are to be assumed infectious.
- Wearing gloves for potential contact with blood and other bodily fluids.
- Placing used syringes immediately in a nearby, impermeable container. Do not recap or manipulate any needle in any way.

Inyo County Sheriff Department

Custody

- Wearing protective eyewear and a mask if splatter with blood or other body fluids is possible.
- Handling all linen soiled with blood and/or bodily secretions as infectious.
- Processing all laboratory specimens as infectious.
- As appropriate, wearing a mask for TB and other ATDs.

730.3.9 TRANSMISSION-BASED PRECAUTIONS

Transmission-based precautions may be needed in addition to universal precautions for selected patients who are known or suspected to harbor certain infections. These precautions are divided into three categories that reflect the differences in the way infections are transmitted. Some diseases may require more than one category.

- (a) Airborne precautions are designed to prevent the spread of ATDs, which are transmitted by minute particles called droplet nuclei or contaminated dust particles. These particles, because of their size, can remain suspended in the air for long periods of time, even after the infected person has left the room. Some examples of diseases requiring airborne precautions are TB, measles, and chicken pox.
 1. An incarcerated person requiring airborne precautions should be assigned to a designated respiratory isolation room with special ventilation requirements. The door to this room must be closed at all possible times. If an incarcerated person must move from the isolation room to another area of the facility, the incarcerated person should wear a mask during transport. Anyone entering the isolation room to provide care to the incarcerated person must wear a respirator.
- (b) Droplet precautions are designed to prevent the spread of organisms that travel on particles much larger than the droplet nuclei. These particles do not spend much time suspended in the air, and usually do not travel beyond a few feet of the incarcerated person. These particles are produced when an incarcerated person coughs, talks, or sneezes. Examples of disease requiring droplet precautions are meningococcal meningitis, influenza, mumps, and German measles (rubella).
 1. All staff should wear masks within 3 feet of the incarcerated person. Incarcerated person movement should be restricted to the minimum necessary for effective facility operations. The incarcerated person should wear a mask during transport.
- (c) Contact precautions are designed to prevent the spread of organisms from an infected incarcerated person through direct (touching the incarcerated person) or indirect (touching surfaces or objects the incarcerated person touched) contact. Examples of incarcerated persons who might be placed in contact precautions are those infected with the following:
 1. Antibiotic-resistant bacteria
 2. Hepatitis A
 3. Scabies
 4. Impetigo

730.3.10 ENVIRONMENTAL HEALTH AND SAFETY

The Responsible Physician or the authorized designee shall conduct a monthly inspection of areas where health services are provided to verify the following:

- The equipment is inspected and maintained to the manufacturer's recommendations.
- The area is clean and sanitary.
- The appropriate measures are being taken to ensure the unit is occupationally and environmentally safe.

730.3.11 REGULATED WASTE

The Office in coordination with the health authority, will provide for the management of biohazardous materials and waste and the establishment of a protocol for the decontamination of equipment used in medical and dental treatment. Medical and dental equipment decontamination shall comply with all applicable local, state and federal regulations. Precautions may include, but are not limited to:

- (a) Discarding biohazardous waste in red plastic bags marked with the word BIOHAZARD and displaying the international symbol for biohazardous material. Contaminated disposable PPE shall be discarded in these receptacles.

- (b) Whenever a large amount of fluid blood is present, an absorbent powder should be used to gelatinize the fluid, which should assist in clean up. Standard precautions shall be used when removing the product, that should then be placed in a red biohazard bag.
- (c) Used biohazard bags shall be stored in covered, rigid waste receptacles in designated locations pending weekly removal by a biohazard waste removal contractor.
- (d) Records documenting biohazardous waste removal, spore count logs and cleaning logs shall be retained in accordance with established records retention schedules.

730.4 ECTOPARASITE CONTROL

Ectoparasite control will be initiated, where clinically indicated, immediately following the medical screening or when the incarcerated person manifests signs and symptoms of lice or scabies (15 CCR 1212).

- (a) Any incarcerated person who indicates parasitical infection upon entering the facility shall be treated by a qualified health care professional.
- (b) Any incarcerated person suspected of having lice/scabies may be referred to sick call by a correctional officer.
- (c) An incarcerated person may access sick call if the person believes there is a problem with lice/scabies.
- (d) A qualified health care professional shall evaluate any incarcerated person with a lice/scabies complaint. If there are positive findings, the incarcerated person shall be treated for the infestation accordingly.
 - 1. The lice and scabies treatment guidelines will be followed by the qualified health care professional, if a physician's order for the medication administration is obtained.
 - (a) The prescribing physician shall be notified if the incarcerated person is pregnant, as certain medications are contraindicated for pregnant persons. An alternative topical application must be prescribed in these situations.
 - (b) Documentation in the medical record should include the patient's symptoms, observations regarding the condition, patient education, and prescribed treatment.
 - 2. The incarcerated person's clothing and linen shall be removed from the person's cell placed in a plastic bag and sent to the laundry. These items are considered contaminated and must be disinfected by:
 - (a) Machine washing (hot cycle), machine drying (hot cycle), dry cleaning or ironing, or
 - (b) Storage in a plastic bag for non-washable items for 10-14 days (head lice), seven days (pubic lice). This method is not recommended for body lice.
 - (c) Isolation is not necessary as long as clothing and bedding are properly disinfected and incarcerated persons do not share items.

Communicable Diseases

1. An incarcerated person having poor hygiene should be housed in a single cell until 24 hours after beginning treatment.
2. Gloves are to be used for direct contact until the incarcerated person has been treated and the clothing/bedding have been removed for disinfecting.
3. Cell mates, sexual partners, and any personnel having direct hands-on contact with an infected incarcerated person should be evaluated for prophylactic treatment because of the long incubation period of the scabies parasite.

730.5 EMPLOYEE EXPOSURE CONTROL

All facility staff who may come in contact with another person's blood or bodily fluids shall follow these procedures and guidelines. For the purposes of this policy, contact with blood or bodily fluids is synonymous with BBP exposure.

All employees shall use the appropriate barrier precautions to prevent skin and mucous membrane exposure whenever contact with blood or bodily fluid is anticipated. Disposable gloves shall be worn, if reasonably possible, before making physical contact with any incarcerated person and when handling the personal belongings of an incarcerated person.

Should gloves come in contact with blood or other bodily fluids, the gloves shall be disposed of as contaminated waste. Care should be taken to avoid touching other items (e.g., pens, books, personal items in general) while wearing disposable gloves in a potentially contaminated environment. All procedures involving blood or other potentially infectious materials shall be done in a way to minimize splashing, spraying, or otherwise generating droplets of those materials.

Eating, drinking, smoking, applying lip balm, and handling contact lenses shall be prohibited in areas where the potential for exposure exists.

730.5.1 IMMUNIZATIONS

All facility staff members who may be exposed to, or have contact with, a communicable disease shall be offered appropriate treatment immunization. The ability of staff to provide health care services is predicated on a safe and secure working environment where employees feel safe to do their work, and that assures public safety.

Staff shall also receive a TB test prior to job assignment and voluntary annual testing thereafter, at no cost to the employee.

The HBV immunization shall be available to all employees who have direct incarcerated person contact and who test negative for HBV antibodies. The immunization is voluntary and provided at no cost to the employee. Employees who decline the offer of immunization and/or test shall be required to sign a waiver. Employees receiving immunization and testing shall be required to sign a consent form. Employees may reverse their decision to decline at any time by signing a consent form.

730.5.2 PERSONAL PROTECTIVE EQUIPMENT (PPE)

The PPE is the last line of defense against communicable disease. Therefore, the following equipment is provided to all personnel to assist in the protection against such exposures:

- Disposable latex gloves
- Safety glasses or goggles
- Rescue mask with a one-way valve
- Alcohol (or similar substance) to flush skin

The PPE should be inspected at the start of each shift and replaced immediately after each use and when it becomes damaged.

730.5.3 DECONTAMINATION OF PERSONAL PROTECTIVE EQUIPMENT

After using any reusable PPE, it shall be washed or disinfected and stored appropriately. If it is not reusable (e.g., disposable gloves), it shall be discarded in a biohazard waste container.

Any PPE that becomes punctured, torn, or loses its integrity shall be removed as soon as reasonably feasible. The employee shall wash up and replace the PPE if the job has not been terminated. If the situation resulted in a contaminated non-intact skin event, the affected area shall be decontaminated as described below.

A contaminated reusable PPE that must be transported prior to cleaning shall be placed into a biohazard waste bag. Gloves shall be worn while handling the biohazard waste bag and during placement into the biohazard waste container. The gloves shall be included with the waste.

730.5.4 DECONTAMINATION OF SKIN AND MUCOUS MEMBRANES

Personnel shall wash their hands as soon as possible following the removal of potentially contaminated gloves. Antibacterial soap and warm water or an approved disinfectant shall be used, paying particular attention to the fingernails.

If an employee's intact skin contacts someone else's blood or body fluids or other potentially infectious materials, the employee shall immediately wash the exposed part of the employee's body with soap and warm water and/or an approved disinfectant as soon as possible. If the skin becomes grossly contaminated, body washing shall be followed by an approved hospital strength disinfectant. If large areas of the employee's skin are contaminated, the employee shall shower as soon as reasonably possible, using warm water and soap and/or an approved disinfectant. Medical treatment should be obtained.

Contaminated non-intact skin (e.g., injured skin, open wound) shall be cleaned using an approved disinfectant and then dressed or bandaged as required. Medical treatment is required. All hand, skin, and mucous membrane washing that takes place shall be done in the designated cleaning or decontamination area. Cleaning shall not be done in the kitchen, bathrooms, or other locations not designated as a cleaning or decontamination area.

730.5.5 DECONTAMINATION OF CLOTHING

Contaminated clothing such as uniforms and undergarments shall be removed as soon as reasonably feasible and rinsed in cold water to prevent the setting of bloodstains. If the clothing may be washed in soap and hot water, do so as soon as reasonably possible.

If the clothing must be dry-cleaned, place it into a biohazard waste bag and give it to the ECO. The ECO will secure a dry cleaner that is capable of cleaning contaminated clothing, and shall inform the dry cleaner of the potential contamination. The cost of dry cleaning shall be paid according to labor contract agreements.

Contaminated leather boots shall be brushed and scrubbed with detergent and hot water. If the contaminant soaked through the boot, the boot shall be discarded and replaced. The cost of replacement shall be paid according to labor contract agreements.

730.5.6 DECONTAMINATION OF VEHICLES

Contaminated vehicles and components such as the seats, radios and doors, shall be washed with soap and warm water and disinfected with an approved germicide as soon as reasonably feasible.

730.5.7 DECONTAMINATION OF THE CLEANING AREA

The ECO shall designate a location in the facility that will serve as the area for cleaning/decontamination. This area is to be used to keep equipment clean and sanitary and for employees to wash any potential contamination from their bodies. This area is to be thoroughly cleaned after each use and to be maintained in a clean and sanitary order at all times between each use. The application of cosmetics, smoking of cigarettes and consumption of food and drink are prohibited in this area at all times.

730.6 SHARPS AND ITEMS THAT CUT OR PUNCTURE

All personnel shall avoid using or holding sharps (needles) unless they are assisting medical personnel or collecting them for evidence. Unless required for reasons related to evidence preservation, employees are not to recap sharps. If recapping is necessary, a one-handed method shall be employed to avoid a finger prick. Disposal, when possible, shall be into a puncture-proof biohazard container.

All sharps and items that cut or puncture (e.g., broken glass, razors and knives) shall be treated cautiously to avoid cutting, stabbing or puncturing one's self or any other person. In addition, if a sharp object contains known or suspected blood or other body fluids, that item is to be treated as a contaminated item. If the item is not evidence, touching it with the hands shall be avoided. Rather, use a device such as tongs or a broom and a dustpan to clean up debris. If the material must be touched, protective gloves shall be worn.

730.7 POST-EXPOSURE REPORTING AND FOLLOW-UP REQUIREMENTS

In actual or suspected employee exposure incidents, proper documentation and follow-up action must occur to limit potential liabilities and to ensure the best protection and care for the employees.

Inyo County Sheriff Department

Custody

Custody

Communicable Diseases

730.7.1 EMPLOYEE RESPONSIBILITY TO REPORT EXPOSURE

To provide appropriate and timely treatment should exposure occur, all employees shall verbally report the exposure to their immediate supervisor and complete a written exposure report as soon as possible following the exposure or suspected exposure. That report shall be submitted to the employee's immediate supervisor. Employees should document in the exposure report whether they would like the person who was the source of the exposure to be tested for communicable diseases (15 CCR 1206.5(b)(8)).

730.7.2 SUPERVISOR REPORTING REQUIREMENTS

The supervisor on-duty shall investigate every exposure that occurs as soon as possible following the incident, while gathering the following information:

- (a) Name and employee identification number of the employee exposed
- (b) Date and time of incident
- (c) Location of incident
- (d) What potentially infectious materials were involved
- (e) Source of material or person
- (f) Current location of material or person
- (g) Work being done during exposure
- (h) How the incident occurred or was caused
- (i) PPE in use at the time of the incident
- (j) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the employee of the laws and regulations concerning disclosure of the identity and infectious status of a source, and of information contained in this policy regarding source testing.

If the ECO is unavailable to seek testing of the person who was the source of the exposure, it is the responsibility of the exposed employee's supervisor to ensure testing is sought according to the guidelines in this policy.

730.7.3 MEDICAL CONSULTATION, EVALUATION, AND TREATMENT

Any employee who was exposed or who suspects the employee was exposed to HIV or to hepatitis B or C should be seen by a physician or qualified health care professional as soon as reasonably possible.

The doctor or qualified health care professional should be given the supervisor's report and the employee's medical records relevant to the visit and examination. The blood of the exposed employee shall be tested.

The qualified health care professional will provide the ECO and/or the Office's risk manager with a written opinion/evaluation of the exposed employee's medical condition. This opinion should only contain the following information:

Inyo County Sheriff Department

Custody

Custody

Communicable Diseases

- If a post-exposure treatment is indicated for the employee.
- If the employee received a post-exposure treatment.
- Confirmation that the employee received the evaluation results.
- Confirmation that the employee was informed of any medical condition that could result from the exposure incident and whether further treatment or evaluation will be required.
- Whether communicable disease testing from the source is warranted, and if so, which diseases the testing should include.

All other findings or diagnosis shall remain confidential and are not to be included in the written report.

730.7.4 COUNSELING

The Office shall provide the exposed employee (and the employee's family if necessary) the opportunity for counseling and consultation.

730.7.5 CONFIDENTIALITY OF REPORTS

Most of the information involved in this process must remain confidential. The ECO shall ensure that all records and reports are kept in the strictest confidence. The ECO shall be responsible for maintaining records containing the employee's treatment status and the results of examinations, medical testing and follow-up procedures.

The Office's risk manager shall be responsible for keeping the name and Social Security number of the employee and copies of any information provided to the consulting health care professional on file.

This information is confidential and shall not be disclosed to anyone without the employee's written consent (except as required by law). Test results from persons who may have been the source of an exposure are to be kept confidential as well (15 CCR 1206.5(b)(5)).

730.7.6 SOURCE TESTING

Testing of a person who was the source of an exposure to a communicable disease should be sought when it is desired by the exposed employee or when it is otherwise appropriate.

There are five methods to obtain such testing. It is the responsibility of the ECO to ensure the proper testing and reporting occurs. These methods are:

- (a) Obtaining voluntary consent from any person who may be the source of an exposure to test for any communicable disease.
- (b) Filing a report with the county health officer when an employee is exposed to the bodily fluids of an arrestee. The county health officer may pursue testing for HIV or hepatitis B or C.
- (c) Seeking consent for testing or applying for a court order for HIV, hepatitis B, and hepatitis C testing.

Inyo County Sheriff Department

Custody

Custody

Communicable Diseases

- (d) Seeking a court order when the person who may be the source of an exposure will not consent to testing and the exposure does not fall under a statutory scheme for testing. This covers testing for any communicable disease as deemed appropriate by a qualified health care professional and documented in the request for the court order.
- (e) Under certain circumstances, a court may issue a search warrant for testing an adult when an employee of the Inyo County Sheriff Department qualifies as a crime victim.

730.7.7 EXPOSURE FROM A NON-INCARCERATED PERSON

Upon notification of an employee's exposure to a non-incarcerated person (e.g., visitor, attorney, volunteer, vendor) the ECO should attempt to determine if the person who was the source of the exposure will voluntarily consent to testing. If consent is provided, the following steps should be taken:

- (a) A qualified health care professional should notify the person to be tested of the exposure and make a good faith effort to obtain voluntary informed consent from the person or the person's authorized legal representative to perform a test for HIV, hepatitis B, hepatitis C, and other communicable diseases the qualified health care professional deems appropriate.
- (b) The voluntary informed consent obtained by the qualified health care professional must be in writing and include consent for three specimens of blood. The ECO should document the consent as a supplement to the Exposure Control Report.
- (c) The results of the tests should be made available to the source and the exposed employee.

If consent is not obtained, the ECO should promptly consult with the County Counsel and consider requesting that a court order be sought for appropriate testing.

730.7.8 EXPOSURE FROM AN INCARCERATED PERSON

If the ECO receives notification from an employee of a potential exposure from an incarcerated person, the ECO should take the following steps:

- (a) Seek consent from the person who was the source of the exposure and seek a court order, if consent is refused.
- (b) Take reasonable steps to immediately contact the county health officer and provide preliminary information regarding the circumstances of the exposure and the status of the involved individuals to determine whether the county health officer will order testing.
- (c) Remain in contact with the county health officer to determine whether testing of the incarcerated person will occur and whether the testing satisfies the medical needs of the employee.
- (d) The results of the tests should be made available to the incarcerated person and the exposed employee.

Since there is potential for overlap between the two statutory schemes, the ECO is responsible for coordinating the testing with the county health officer to prevent unnecessary or duplicate testing.

If the exposed employee is not covered by either statutory scheme, the ECO should seek consent or a court order in the same manner as for a non-incarcerated person.

Aids to Impairment

732.1 PURPOSE AND SCOPE

This policy acknowledges the high priority of incarcerated person health and recognizes that some incarcerated persons will require adaptive devices to assist them with daily living activities on a temporary or permanent basis.

The Inyo County Sheriff Department has established this policy for physicians and dentists to review and evaluate the need for adaptive devices, while considering facility security concerns regarding the use of such items.

When a physician or dentist determines that the medical condition of an incarcerated person indicates that an adaptive device is clinically appropriate, the parameters of this policy will determine if authorization for the use of such items during incarceration should be granted, and if any equipment modifications are indicated for safety or security purposes.

732.1.1 DEFINITIONS

Definitions related to this policy include:

Adaptive device - Any orthotic, prosthetic, or aid to impairment that is designed to assist an incarcerated person with the activities of daily living or that is clinically appropriate for health, as determined by the Responsible Physician or dentist.

Aids to impairment - Includes but is not limited to eyeglasses, hearing aids, pacemakers, canes, crutches, walkers, and wheelchairs.

Orthoses - Specialized mechanical devices such as braces, shoe inserts, or hand splints that are used to support or supplement weakened or abnormal joints, limbs, and/or soft tissue.

Prostheses - Artificial devices designed and used to replace missing body parts, such as limbs, teeth, or eyes.

732.2 POLICY

It is the policy of the Office that, in accordance with security and safety concerns, medical and dental orthoses or prostheses and other adaptive devices should be permitted or supplied in a timely manner when the health of the incarcerated person would otherwise be adversely affected or when such devices are necessary to reasonably accommodate a disability recognized under the American with Disabilities Act (ADA) (42 USC § 12101 et seq.), as determined by the Responsible Physician or dentist (15 CCR 1206(d); 15 CCR 1207).

732.3 FACILITY-OWNED MEDICAL EQUIPMENT

All adaptive devices belonging to the Office shall be marked and numbered, identifying them as office property.

- (a) A medical equipment inventory form shall be completed by the intake correctional officer for all medical equipment issued to the incarcerated person, regardless of who owns the property.

Inyo County Sheriff Department

Custody

Custody

Aids to Impairment

- (b) Upon the release of an incarcerated person, the releasing correctional officer shall review the medical equipment issued to the person and contact the medical clinic for instructions regarding any office-owned adaptive device.

732.4 MEDICAL OR DENTAL ORTHOSES, PROSTHESES, OR ADAPTIVE DEVICES

The following applies to incarcerated persons with any orthopedic or prosthetic devices (Penal Code § 2656):

- (a) An incarcerated person shall not be deprived of the possession or use of any orthopedic, orthodontic, or prosthetic device that has been prescribed or recommended and fitted by a physician or dentist (see the following exception).
- (b) Any such device that may constitute an immediate risk of bodily harm to any person in the facility or that threatens the security of the facility should be brought to the attention of the Jail Commander. If the Jail Commander has probable cause to believe such a device constitutes an immediate risk of bodily harm to any person in the facility or threatens the security of the facility, the Jail Commander may remove the device and place it in the person's property.
- (c) The Jail Commander shall return the device to the incarcerated person if circumstances change and the cause for removal no longer exists.
- (d) The Jail Commander shall have the incarcerated person examined by a physician within 24 hours after a device is removed.
- (e) The Jail Commander should review the facts with the ADA Coordinator and shall address the issue in conjunction with the Incarcerated Persons with Disabilities Policy.
- (f) The physician shall inform the incarcerated person and the Jail Commander if the removal is or will be injurious to the health or safety of the person. When the Jail Commander is so informed but still does not return the device, the Jail Commander shall inform the physician and the person of the reasons and promptly provide the person with a form, as specified in Penal Code § 2656, by which the person may petition the Superior Court for return of the appliance. The Jail Commander shall promptly file the form with the Superior Court after it is signed by the incarcerated person. The Jail Commander should consider the following alternatives to removal of the device:
 - 1. Reclassifying the incarcerated person to another housing unit or administratively separating the person from the general population.
 - 2. With physician or dentist approval, modify the adaptive device to meet the medical needs of the incarcerated person and the safety and security needs of the facility.

Once an adaptive device has been approved for use, the qualified health care professional shall enter the authorization into the incarcerated person's health file. If the person requires special housing, the qualified health care professional shall document this in writing and notify custody or classification personnel appropriately. The qualified health care professional shall document the general condition of the prosthesis and have the person sign in the medical record that they received the prosthesis.

Any prostheses that are brought to the facility by family members or others after the person has been incarcerated shall be subject to a security check. The facility shall accept no responsibility for loss or damage to any adaptive device.

732.5 REQUESTS FOR MEDICAL AND DENTAL PROSTHESES

All requests for new or replacement medical or dental prostheses shall be individually evaluated by the Responsible Physician or dentist and reviewed for approval by the Jail Commander. Considerations for approval shall be based upon:

- Medical needs of the incarcerated person.
- The anticipated length of incarceration.
- The safety and security of the facility.

Detoxification and Withdrawal

734.1 PURPOSE AND SCOPE

Significant percentages of incarcerated persons have a history of alcohol and/or drug abuse. Newly incarcerated individuals may enter the facility while under the influence of a substance or they may develop symptoms of alcohol or drug withdrawal. This policy is intended to ensure that the staff is able to recognize the symptoms of intoxication and withdrawal from alcohol or drugs, and that those persons who are intoxicated or experiencing withdrawal are provided appropriate medical treatment.

This policy also identifies protocols to be used by qualified health care professionals. These protocols are appropriate for incarcerated persons who are under the influence of alcohol or drugs or who are experiencing withdrawal from any type of substance abuse.

734.1.1 DEFINITIONS

Definitions related to this policy include:

Alcohol withdrawal - A medical condition characterized by physiological changes that occur when alcohol intake is discontinued in an individual who is addicted to alcohol.

Detoxification - The process by which an individual is gradually withdrawn from drugs by the administration of decreasing doses of the drug on which the person is physiologically dependent, or a drug that is cross-tolerant to the dependent drug, or a drug that medical research has demonstrated to be effective in detoxifying the individual from the dependent drug.

734.2 POLICY

Withdrawal from alcohol or drugs can be a life-threatening medical condition requiring professional medical intervention. It is the policy of this office to provide proper medical care to incarcerated persons who suffer from drug or alcohol overdose or withdrawal.

To lessen the risk of a life-threatening medical emergency and to promote the safety and security of all persons in the facility, staff shall respond promptly to medical symptoms presented by incarcerated persons.

The Responsible Physician shall develop written medical protocols on detoxification symptoms necessitating immediate transfer of the incarcerated persons to a hospital or other medical facility, and procedures to follow if care within the facility should be undertaken (15 CCR 1213).

Incarcerated persons who are booked into the facility who are participating in a narcotic treatment program shall, with the approval of the director of the program, be entitled to continue in the program until conviction (Health and Safety Code § 11222).

734.3 STAFF RESPONSIBILITY

Staff should remain alert to signs of drug and alcohol overdose and withdrawal. These symptoms include but are not limited to sweating, nausea, abdominal cramps, anxiety, agitation, tremors, hallucinations, rapid breathing, and generalized aches and pains. Any staff member who suspects

Inyo County Sheriff Department

Custody

Custody

that an incarcerated person may be suffering from overdose or experiencing withdrawal symptoms shall promptly notify the Supervisor, who shall ensure that a qualified health care professional is promptly notified.

734.4 MEDICAL STAFF RESPONSIBILITY

The qualified health care professional will evaluate the incarcerated person using approved protocols in order to determine the most appropriate care plan, which will be based on the patient's history, current physical status, and treatment needs. Any patient who cannot be safely treated in the facility will be referred to an appropriate treatment facility off-site.

734.5 PROCEDURE

Incarcerated persons who are observed experiencing severe, life-threatening intoxication (overdose) or withdrawal symptoms will be promptly seen by a physician or referred to an off-site emergency facility for treatment. Detoxification shall be conducted under medical supervision at the facility or in a hospital or community detoxification center under appropriate security conditions.

If the qualified health care professional determines that an incarcerated person is at risk for progression to a more severe level of withdrawal, the person will be appropriately housed in an area where they can be kept under constant observation by qualified health care professionals or trained correctional staff.

734.6 WITHDRAWAL AND DETOXIFICATION PROTOCOLS

Protocols are available to the qualified health care professionals to guide the care and treatment of individuals who are intoxicated or experiencing drug and/or alcohol withdrawal. These protocols, which have been developed and approved by the Responsible Physician, fall within nationally accepted guidelines and are reviewed annually.

When dealing with persons who are in a custody situation, qualified health care professionals shall utilize detoxification protocols in accordance with local, state, and federal laws.

No direct supervision is required at the time of identifying and initiating care. Overall supervision is provided by the Responsible Physician. Qualified health care professionals shall evaluate and provide care to patients utilizing written procedures and/or physician orders.

734.7 ALCOHOL WITHDRAWAL SYMPTOMS CHART

The following chart describes typical symptoms of mild, moderate, and severe withdrawal. It is to be used as a guide for determining when to refer incarcerated persons to a qualified health care professional. Not all symptoms are always present.

	MILD	MODERATE	SEVERE (Delirium Tremens)

Clinical Performance Enhancement

738.1 PURPOSE AND SCOPE

This office recognizes the importance of ensuring that qualified health care professionals are competent in their clinical skills and that the clinical performance enhancement review addresses areas in need of improvement.

738.1.1 DEFINITIONS

Definitions related to this policy include:

Clinical performance enhancement review - The process of having a qualified health care professional's work reviewed by another professional (peer review) of at least equal training in the same general discipline (e.g., review of the facility's physicians by the Responsible Physician).

Independent review - The assessment of a qualified health care professional's compliance with discipline-specific and community standards. The review is an analysis of a practitioner's clinical practice. This review may be conducted by someone who may or may not be directly employed by the institution. However, if the review was prompted by an incarcerated person complaint, the reviewing practitioner must not have been previously involved in the care of that incarcerated person.

738.2 POLICY

It is the policy of this office to conduct a biannual peer review of all qualified health care professionals. The clinical performance enhancement review process is neither an annual performance review nor a clinical case conference process. It is a professional review focused on the qualified health care professional's clinical skills. Its purpose is to enhance competence and address areas in need of improvement.

An immediate peer review may be authorized by the Responsible Physician if serious problems of practice arise with a specific qualified health care professional.

738.3 COMPONENTS OF THE CLINICAL PERFORMANCE ENHANCEMENT

The clinical performance enhancement review process is to be conducted biannually on all qualified health care professionals. The result of these reviews shall be kept confidential. Documentation from the review shall include:

- Name of the individual being reviewed.
- Date of the review.
- Name and credentials of the reviewer.
- Confirmation that the review was shared with the qualified health care professional.
- Summary of findings and corrective action, if any.

If a clinical performance enhancement review identifies a serious concern, the Responsible Physician shall implement an independent review by someone who is not directly employed by

Inyo County Sheriff Department

this office. The result of this review shall be shared with the appropriate health care service by the Responsible Physician, and a plan of correction shall be implemented.

The Responsible Physician will keep a log of clinical performance enhancement reviews of all qualified health care professionals to ensure compliance with this policy.

738.4 HEALTH CARE COMPLAINTS

The Jail Commander, in cooperation with the Responsible Physician, shall be responsible for developing and implementing a process by which incarcerated persons may submit complaints about the health care services they have received. There shall also be a means of collecting and analyzing the observations of other qualified health care professionals, correctional staff, or other nonmedical staff regarding the delivery of health care services.

The Responsible Physician shall convene a panel of independent physicians to review the practice of the physician about whom complaints or observations have been made. The Responsible Physician shall take appropriate action at the recommendation of the panel.

738.5 RECORDS

All clinical performance enhancement review reports and complaint investigations shall be considered confidential. The contents of such files shall not be revealed to other than the involved employee or authorized personnel, except pursuant to lawful process or as otherwise authorized or required by statute.

Clinical Decisions

740.1 PURPOSE AND SCOPE

This policy recognizes that a coordinated effort between the Responsible Physician and the Jail Commander is needed to ensure an adequate health care system. It emphasizes the importance of clinical decisions being the sole responsibility of the qualified health care professional.

740.1.1 DEFINITIONS

Definitions related to this policy include:

Clinical decisions - The process of formulating a differential diagnosis with information gathered from an incarcerated person's medical history and physical and mental examinations, developing a list of possible causes, and ordering tests to help refine the list or identify a specific disease.

Differential diagnosis - A systematic method of identifying unknowns or diagnosing a specific disease using a set of symptoms and testing as a process of elimination.

740.2 POLICY

Clinical decisions and actions regarding incarcerated person health care are the sole responsibility of qualified health care professionals and should not be countermanded by others. The Responsible Physician shall be responsible for arranging for appropriate health resources and for determining what services are needed. The Jail Commander or the authorized designee shall be responsible for providing the custodial support to ensure a safe and secure environment for the delivery of the services and its accessibility to the incarcerated persons (15 CCR 1200(a); 15 CCR 1206(k)).

740.3 MEDICAL AUTONOMY

Clinical decisions shall be made only after a thorough evaluation of the patient's complaint and physical or mental condition. The implementation of clinical decisions is to be completed in an effective and safe manner that does not violate the security regulations of the facility.

740.4 PROBLEM RESOLUTION

Any issues arising because of the clinical decision process shall be reviewed under the provisions of the Continuous Quality Improvement Policy using medical records, grievances, staff complaints and any other relevant data.

Health-Trained Custody Staff

742.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a process for incarcerated persons to access 24-hour health care services in the event that a qualified health care professional is not on-site.

742.2 POLICY

It is the policy of this office that a designated health-trained staff member shall be responsible for coordinating the delivery of health care services in the facility any time that qualified health care professionals are not available on-site (15 CCR 1028). Additionally, in facilities that do not have full-time qualified health care professionals, the Jail Commander shall appoint a staff member to act as a liaison to coordinate health care delivery in the facility under the direction of the Responsible Physician.

742.3 DUTIES OF THE HEALTH-TRAINED STAFF

The Jail Commander or the authorized designee, in coordination with the Responsible Physician, shall be responsible for developing a job description for health-trained staff positions. Designated health-trained staff shall be responsible for:

- Reviewing the screening forms completed during the booking process for any follow-up care needed.
- Managing triage of health care requests.
- Preparing incarcerated persons and their medical records for sick call.
- Assisting with the implementation of orders regarding diets, housing, and work assignments.

742.4 TRAINING

The Jail Commander, Training Manager and the Responsible Physician shall be jointly responsible for developing a training curriculum for the health-trained staff positions and for the delivery of that training, which shall include:

- Instruction on proper action in the case of a medical emergency.
- Documentation requirements.
- Appropriate triage of health care requests and follow-up.
- Confidentiality of health information.

742.5 UNREASONABLE BARRIERS

No member of the Inyo County Sheriff Department correctional facility shall create unreasonable barriers to an incarcerated person's access to health care services. The following are examples of conduct that are likely to create unreasonable barriers and are prohibited:

- (a) Punishing incarcerated persons for seeking care for their serious health needs.

Inyo County Sheriff Department

- (b) Deterring incarcerated persons from seeking care for their serious health needs by scheduling sick call at unreasonable times.

Licensure, Certification, and Registration Requirements

744.1 PURPOSE AND SCOPE

The purpose of this policy is to recognize that incarcerated persons are entitled to health care services that are provided by qualified health care professionals working within the scope of their respective licensure, certification, registration, and training. This policy also establishes a credentials verification process.

744.2 POLICY

It is the policy of this office that all qualified health care professionals who provide health care services to incarcerated persons meet the same standards as those working in the community, including required licenses, certifications, and restrictions, including those defining the recognized scope of practice specific to the profession (15 CCR 1203). Job descriptions shall include minimum qualifications and specific duties and responsibilities, and shall be approved by the Responsible Physician.

The current credentials and job descriptions for all qualified health care professionals are on file at the facility and retained in accordance with established records retention schedules.

Any health care provided to incarcerated persons at the facility that is not provided by a physician is provided in accordance with a standing order or direct order issued by personnel qualified under governing laws to give such orders (15 CCR 1203; 15 CCR 1204).

744.3 CREDENTIALING AND FILE MAINTENANCE

A completed file of current licenses, certifications, registration, reference checks, and applications shall be maintained by the Office Personnel Department and by the Responsible Physician or the authorized designee at this facility.

- (a) The Responsible Physician or the authorized designee should obtain confirmation of current licensure, certification, and registration prior to making any offer of employment.
- (b) Inquiries into any sanctions or disciplinary actions of state boards, employers, and the U.S. Department of Health and Human Services' National Practitioner Data Bank should be conducted prior to making any offer of employment.
- (c) Individuals should be required to pass a job-related, pre-employment background investigation. Employment references may be obtained via mail or over the telephone with documentation.
- (d) Each employee should be held responsible for providing renewal verification of licenses, certificates, and registration prior to the expiration date.
- (e) Any group or individual providing health care services must complete the credentialing process that is appropriate for their profession and must provide the facility a copy

of current licensure and, when appropriate, a Drug Enforcement Administration certificate to prescribe controlled substances.

- (f) To be eligible for hire, all clinical health care personnel must possess and maintain a current CPR certification and provide documentation to the Responsible Physician or the authorized designee.

744.4 STUDENTS AND/OR INTERNS

If the health care services provided to an incarcerated person are performed by any intern, resident, or student who is authorized to provide specific health care services as part of a formal medical training program, the individuals in training will work under the control and supervision of a qualified health care professional. Assigned tasks shall be commensurate with the intern, student, or resident's level of training.

There shall be a written agreement between the facility and the entity sponsoring the training program that covers the scope of work, duration of the agreement, and any legal or liability issues.

Any student, intern, or resident working in the facility shall participate in a facility orientation that includes but is not limited to topics such as fire safety, facility security, items considered contraband, and incarcerated person culture.

All students, interns, or residents shall be required to agree in writing to abide by all facility policies, including those relating to hostages, facility security, and the confidentiality of information.

All training provided, written agreements, and/or contracts shall be maintained in the intern, resident, or student's file by the Responsible Physician or the authorized designee in accordance with established records retention schedules.

Incarcerated Person Assistants

746.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines and establish parameters for the appropriate use of incarcerated persons as assistants in the provision of health care services.

746.2 POLICY

It is the policy of this office that all incarcerated person assistants shall be under direct supervision and used in a manner that does not give them control or authority over other incarcerated persons, access to confidential medical information, or authority to make treatment decisions or provide patient care. Incarcerated person assistants shall not be used as a substitute for qualified health care professionals.

746.3 INCARCERATED PERSON ASSISTANTS

Incarcerated persons who have received appropriate training may perform limited duties involving assistance to other incarcerated persons, however, only while under the direct supervision of qualified health care professionals. The duties that incarcerated person assistants may perform include the following:

- Peer support and education
- Emotional support activities for incarcerated persons who are ill
- Assisting disabled incarcerated persons with daily living activities such as providing escort assistance or assistance with bathing and dressing
- When qualified and properly trained and when participating in a formal suicide prevention plan, incarcerated person assistants may serve as a companion to other incarcerated persons who are at risk of suicide

746.4 PROHIBITED DUTIES

Incarcerated person assistants shall not be used for any direct patient care activities, diagnostic or treatment decisions, dispensing of medications, scheduling health care appointments, or any form of patient care normally provided by a qualified health care professional.

746.5 TRAINING

Incarcerated person assistants assigned to health care services shall receive education and training specific to their anticipated duties to ensure that they understand and can perform their duties in a safe and lawful manner.

Suicide Prevention and Intervention

748.1 PURPOSE AND SCOPE

This policy establishes the suicide prevention and intervention program to identify, monitor and, when necessary, provide for emergency response and treatment of incarcerated persons who present a suicide risk while incarcerated at the office detention facilities.

This policy is intended to reduce the risk of self-inflicted injury or death by providing tools to the staff that will allow a timely and organized emergency response to suicide, suicide attempts, or an incarcerated person's unspoken indications that suicide is being considered. The three key components of this plan are evaluation, training, and screening with intervention.

748.2 POLICY

It is the policy of this office to minimize the incidence of suicide by establishing and maintaining a comprehensive suicide prevention and intervention program designed to identify incarcerated persons who are at risk of suicide and to intervene appropriately whenever possible. The program shall be developed by the Jail Commander or the authorized designee and the Responsible Physician, approved by the local public health entity, and reviewed annually by the Jail Commander. A copy of this policy shall be maintained in each unit of the facility where it can be easily accessed by all staff members (15 CCR 1029(a)(8); 15 CCR 1030).

748.3 SUICIDE PREVENTION TEAM

The Jail Commander in cooperation with the Responsible Physician shall establish a suicide prevention team. The team will evaluate and approve the suicide prevention and intervention program annually. The suicide prevention team will consist of qualified health care professionals and the Jail Commander or the authorized designee. The yearly evaluation will include a review of all current policies to ensure they are relevant, realistic, and consistent with the mission of the program. The program and policies will be updated as needed (15 CCR 1030).

The suicide prevention team shall also ensure that the facility is evaluated annually to identify any physical plant characteristics or operational procedures that might be modified to reduce the risk of suicide. This should be accomplished by conducting a review of suicides and suicide attempts, physical inspection, review of various facility inspection reports, and by participating in incarcerated person/management team meetings. If physical modifications are recommended, the team shall ensure the Jail Commander is promptly notified.

It shall also be the responsibility of the suicide prevention team to coordinate with the Training Manager to ensure that suicide prevention training is provided in compliance with applicable statutes and standards.

748.4 STAFF TRAINING

All facility staff members who are responsible for supervising incarcerated persons shall receive initial and annual training on suicide risk identification, prevention, and intervention, to include, at minimum (15 CCR 1030):

Inyo County Sheriff Department

Custody

Custody

Suicide Prevention and Intervention

- The provisions of this policy.
- Identification of the warning signs and indicators of potential suicide, including training on suicide risk factors.
- Identification of the demographic and cultural parameters of suicidal behavior, including incidence and variations in precipitating factors.
- Responding to suicidal and depressed incarcerated persons.
- Communication between corrections staff, court staff, and health care personnel.
- Using referral procedures.
- Housing observation and suicide watch-level procedures.
- Follow-up monitoring of incarcerated persons who attempt suicide.
- Communication between members and arresting/transporting correctional officers.
- A plan for mental health consultation following return from court as needed.

Recommendations for modification to suicide training should be directed to the Jail Commander, who shall review the recommendations and approve, if appropriate.

748.5 SCREENING AND INTERVENTION

All incarcerated persons shall undergo medical and mental health screening during the intake process (15 CCR 1030). A portion of the intake medical screening is devoted to assessing incarcerated persons at risk for suicide. Upon an incarcerated person entering the facility, the person should be assessed by custody staff for the ability to answer medical and mental health screening questions.

Any incarcerated person who appears to be unable to answer the initial medical screening questions shall be examined by a qualified health care professional at a designated hospital and receive medical clearance before acceptance into the jail. Incarcerated persons who refuse to answer these questions shall be placed under observation until the screening can be completed, or until sufficient information is obtained to allow the staff to make appropriate decisions concerning housing and care.

Staff members shall promptly refer any incarcerated person who is at risk for suicide to classification, health services, and mental health services. The incarcerated person shall remain under direct and constant observation in a safe setting until designated staff makes appropriate health care and housing decisions (15 CCR 1030).

Special situations may arise where a screening and intervention is appropriate for an incarcerated person when the person is placed in restrictive housing, following a hearing, and after a transfer or change in classification (15 CCR 1030).

748.6 SUICIDE WATCH

Incarcerated persons should only be housed on suicide watch with the approval of a qualified health care professional and the Supervisor. If a qualified health care professional is not present

Inyo County Sheriff Department

Custody

Custody

Suicide Prevention and Intervention

in the jail, the Supervisor may make the decision to place an incarcerated person on suicide watch but should notify a qualified health care professional as soon as practicable. incarcerated persons placed on suicide watch shall be closely monitored and housed in a cell that has been designed to be suicide resistant. Prior to housing the incarcerated person, the staff should carefully inspect the cell for objects that may pose a threat to the person's safety.

Qualified health care professionals are primarily responsible for the treatment of incarcerated persons on suicide watch. Correctional officers and general employees are responsible for the physical safety of incarcerated persons. All staff members should coordinate their efforts to ensure that incarcerated persons do not have the means or the opportunity to injure themselves.

An observation log shall be maintained for each incarcerated person on suicide watch. A staff member shall be designated to make a direct visual observation of the incarcerated person twice every 30 minutes at approximately 15-minute intervals. A Supervisor and a qualified health care professional, if available, must observe the incarcerated person at least once every five hours. Each staff member who is required to observe the incarcerated person shall make notations in the observation log documenting the time of observation and a brief description of the person's behavior.

An incarcerated person classified as actively suicidal must be continuously monitored by direct visual observation of a correctional officer. While monitoring may be supplemented by video monitoring, it may never be a substitute for direct visual monitoring.

The status of suicidal incarcerated persons should be readily identifiable in a manner discernible by staff. When standard-issue clothing presents a security or medical risk to the incarcerated person or others, the incarcerated person shall be supplied with a security garment that is designed to promote the person's safety and not cause unnecessary humiliation and degradation. Use of the security garment shall be documented in the incarcerated person's health record. Suicidal persons shall not be permitted to retain undergarments or any other item that can be fashioned into an implement for hanging (e.g., plastic bags, shoelaces, sheets). Incarcerated persons shall not be permitted to keep personal property while housed on suicide watch and shall not be permitted to possess razors or other sharp objects, such as pencils, items with staples, or any other item that may be used to cause a self-inflicted injury. Physical restraints should only be used as a last resort measure. The decision to use or discontinue use of restraints should be made in consultation with qualified health care professionals.

Incarcerated persons who are not actively suicidal but who have expressed suicidal thoughts or have a recent history of self-injurious behavior should be observed by staff at irregular intervals, not to exceed every 15 minutes.

748.6.1 INTERVENTION

Any suicide attempt is a medical emergency. Staff should take action to facilitate emergency medical care and preserve and collect evidence as necessary. A qualified health care professional should be summoned immediately any time the staff suspects a suicide attempt is imminent. Staff should take reasonable and appropriate precautions to mitigate the ability of the incarcerated

Inyo County Sheriff Department

Custody

Custody

persons to injure themselves, and should consider establishing and maintaining a non-threatening conversation with the person while awaiting assistance. If a qualified health care professional is not immediately available, the incarcerated person should be placed in an appropriate and safe location until such time as qualified health care professionals or the Responsible Physician is available.

Following a suicide attempt, staff should initiate a medical emergency response and initiate and continue appropriate life-saving measures until relieved by qualified health care professionals. The arriving medical staff should perform the appropriate medical evaluation and intervention. The Responsible Physician or the authorized designee should be notified in situations when referral and transportation to the emergency room of a local hospital is required (15 CCR 1030).

748.6.2 NOTIFICATION

In the event of an attempted or completed suicide, the Jail Commander should be promptly notified. The Jail Commander should notify the Sheriff.

The location where a suicide or attempted suicide has occurred should be treated as a crime scene after the incarcerated person has been removed from the cell or after emergency medical care is rendered. The area should be secured and access-controlled to preserve evidence until the appropriate investigation can be completed.

All suicides or attempted suicides shall be documented in an incident report. Any injury must be documented in an incarcerated person injury report (15 CCR 1030).

All in-custody deaths, including those resulting from suicide, should be investigated and documented in accordance with the Reporting In-Custody Deaths Policy (15 CCR 1030).

748.7 FOLLOW-UP

Qualified health care professionals should evaluate any incarcerated person placed in suicide watch within 24 hours of placement or at the next available physician's visit, whichever is earliest. After evaluation, qualified health care professionals should make a recommendation whether to keep the incarcerated person on suicide watch. Only a qualified health care professional may remove an incarcerated person from suicide watch.

All changes in incarcerated person status should be reported to the qualified health care professional to ensure the person receives appropriate care. The incarcerated person's health record should be updated to reflect all contacts, treatment, and any other relevant information, and the records maintained in accordance with established records retention schedules.

Although the goal of this program is to significantly reduce the risk of in-custody deaths, the ongoing care of suicidal incarcerated persons after release must also be considered. Incarcerated persons who are at risk for suicide should work with local or area mental health resources and their families after release. A correctional officer should complete the necessary application, documenting the reasons why the incarcerated person is believed to be suicidal. The completed application should accompany the released incarcerated person to the designated facility.

748.7.1 DEBRIEFING

Any suicide attempt or death of an incarcerated person or on-site staff member requires a staff debriefing. Information will be communicated to the oncoming Supervisor and staff to apprise them of the incident and the actions taken with regard to the incident. Such debriefing will be appropriately documented and shall be reviewed by administration, security, and the Responsible Physician.

748.8 TRANSPORTATION

Incarcerated persons at risk for suicide pose additional challenges during transport and while being held in court holding facilities. The transportation staff should take reasonable steps to closely monitor at-risk incarcerated persons whenever they are transported or held in any cell that is not designated as a suicide-watch cell. All additional security and monitoring measures implemented by the staff should be documented in the incarcerated person's record. The transporting correctional officer should ensure that the suicide threat or other danger is communicated to personnel at the receiving facility.

Nursing Assessment Protocols

752.1 PURPOSE AND SCOPE

The purpose of this policy is to establish standards for evaluating and treating incarcerated persons with medical issues that are easily and effectively treated or triaged by nursing personnel who have been properly trained in the use of nursing assessment protocols.

752.1.1 DEFINITIONS

Definitions related to this policy include:

Nursing assessment protocols - Written instructions or guidelines that specify the steps to be taken in evaluating an incarcerated person's health status and providing medical treatment. Protocols may include first-aid procedures for the identification and care of ailments that ordinarily would be treated with over-the-counter (OTC) medication or through self-care. These protocols also may address more serious symptoms, such as chest pain, shortness of breath, or intoxication. The protocols provide a sequence of steps to evaluate and stabilize an incarcerated person until a qualified health care professional is contacted and orders for further care are received.

752.2 POLICY

It is the policy of this office that medical care performed by personnel other than a physician shall be performed pursuant to a written protocol or order of the Responsible Physician.

752.3 PROTOCOL DEVELOPMENT AND AUTHORIZATION

The facility's Responsible Physician or the authorized designee shall develop, review, and authorize all nursing protocols used for the treatment of incarcerated persons, and shall develop, deliver, or procure appropriate training for the nurses on their use. Each nursing assessment protocol will have a signed declaration indicating it has been reviewed and approved by the nursing administrator and the Responsible Physician.

The protocols developed shall be appropriate for the training and experience of the health care services staff members who will deliver the services. Each protocol shall comply with the standards of practice for the level of care the health care services staff members are authorized to provide. The protocols shall only include the use of OTC medications.

The Responsible Physician shall review the nursing assessment annually, revising as necessary and dating and signing approved protocols (15 CCR 1204).

752.4 TRAINING

Nurses will be trained and approved in the nursing assessment protocols prior to their use. The training shall be documented and should include:

- (a) Evidence that new nurses have been trained.
- (b) Demonstration of knowledge and skills.
- (c) Evidence of annual review of skills.

Inyo County Sheriff Department

Custody

Custody

Nursing Assessment Protocols

- (d) Evidence of retraining when protocols are introduced or revised.

752.5 AUTHORIZED USE OF PROTOCOLS

Nursing staff may use a nursing assessment protocol only after they have been trained and authorized by the Responsible Physician. Nursing assessment protocols shall only be used after a nurse fully evaluates the incarcerated person's complaint and the incarcerated person's condition meets the appropriate criteria.

Incarcerated persons may only be treated using a nursing protocol for the same condition on two consecutive visits. If the incarcerated person requests service for the same condition a third time, the incarcerated person should be referred to a physician's assistant, nurse practitioner, registered nurse, or physician.

The assessment protocols only include the use of OTC medication. When OTCs are administered per the protocol, they do not require the signature of a physician. However, the order and the administration of the medication shall be documented on the medication administration record.

A registered nurse (RN) is considered the minimum certification level required to independently initiate medical treatment. The RN must be present to physically assess the incarcerated person; an assessment cannot be done via telephone or electronically.

Licensed vocational nurses (LVNs) are generally prohibited from independently initiating any standardized protocol. Under very specific circumstances (e.g., early detoxification, a history of a seizure disorder), it may be acceptable for an LVN to initiate a standing order following a telephone consultation with a physician, physician's assistant, psychiatrist, dentist, or other person who meets the minimum certification level to initiate such orders. Under these circumstances, it is essential that the incarcerated person be personally evaluated within 24 hours by a physician's assistant, nurse practitioner, registered nurse, or physician.

Nursing assessment protocols shall not include the administration of any prescription medication, with the exception of protocols addressing an emergency or a life-threatening situation. Treatment with prescription medication may only be initiated upon a written or verbal order from a physician, physician's assistant, psychiatrist, dentist, or other person who is licensed to dispense medication in the state, either independently or under the supervision of a physician.

Infirmary Care

754.1 PURPOSE AND SCOPE

This policy recognizes that some incarcerated persons will need care for an illness or diagnosis that requires daily monitoring, daily medication and/or therapy, or assistance with daily activities at a level that requires skilled nursing intervention. Such persons are best served in an area expressly designed and operated for providing medical care in close proximity to qualified health care professionals.

754.1.1 DEFINITIONS

Definitions related to this policy include:

Infirmary - An area specifically designed and operated for providing medical care to incarcerated persons who need skilled nursing care for a period of 24 hours or more. It is expressly intended for persons who do not need hospitalization or placement in a licensed nursing facility, but whose care cannot be managed safely in an outpatient setting. It is not the area itself but the scope of care provided that makes the bed an infirmary bed.

Infirmary care - Care provided to patients with an illness or diagnosis that requires daily monitoring, medication and/or therapy, or assistance with daily activities at a level requiring skilled nursing intervention.

Within sight or sound of a qualified health care professional - The patient can gain the professional's attention through visual or auditory signals.

754.2 POLICY

It is the policy of this office that infirmary care is provided when appropriate to meet the serious medical needs of incarcerated persons. The Responsible Physician shall be responsible for developing and maintaining an infirmary manual, that shall be available in the infirmary. The infirmary manual shall include but is not limited to:

Infirmiry Care

Admission to and discharge from the infirmiry shall be controlled by medical orders or protocols issued by a qualified health care professional after a clinical evaluation and the establishment of a treatment plan.

754.3 DOCUMENTATION REQUIREMENTS FOR INFIRMARY PATIENTS

A complete inpatient health record shall be kept for each incarcerated person housed in the infirmiry and should include:

- The admitting order that includes the admitting diagnosis, medications, diet, activity restrictions, diagnostic tests required, and frequency of vital sign monitoring and other follow-up.
- Complete documentation of the care and treatment given.
- The medication administration record.
- A discharge plan and discharge notes.

754.4 INFIRMARY REQUIREMENTS

Incarcerated persons in the infirmiry shall have access to operable washbasins with hot and cold running water at a minimum ratio of one basin for every 12 incarcerated persons, unless state or local building or health codes specify differently. Sufficient bathing facilities shall be provided in the infirmiry to allow incarcerated persons to bathe daily. At least one bathing facility shall be configured and equipped to accommodate incarcerated persons who have physical impairments or who need assistance to bathe. Water for bathing is thermostatically controlled to temperatures ranging from 100 to 120 degrees.

Incarcerated persons in the infirmiry shall have access to toilets and hand-washing facilities 24 hours a day and can use the toilet without staff assistance. Toilets are provided at a minimum ratio of one for every 12 persons in the male infirmiry and one for every eight persons in the female infirmiry. Urinals may be substituted for up to one-half of the toilets in the male infirmiry. All housing units with three or more persons shall have a minimum of two toilets.

Medical Equipment and Supply Control

756.1 PURPOSE AND SCOPE

This policy outlines the control and inventory process to be utilized in accounting for all medical equipment and supplies. Medical equipment and supplies can pose a hazard for both the incarcerated person population and the staff. Unauthorized possession of medical equipment and supplies constitutes possession of contraband. Unauthorized use of medical equipment and supplies violates incarcerated person rules detailed in the incarcerated person handbook. Since it is necessary to have a well-stocked medical space within the secure perimeter of the facility, there must be a plan to ensure that equipment and medical supplies are accounted for and tightly controlled.

756.2 POLICY

It is the policy of this office that all medical equipment, including sharps, dental instruments, needles and other items must be tightly controlled so they cannot be used as weapons or to facilitate the injection of drugs or other substances. Additionally, these tools and supplies must be controlled to prevent exposure to biohazards.

756.3 STAFF RESPONSIBILITIES

It is the responsibility of the Jail Commander to ensure that the incarcerated person handbook clearly defines the unauthorized possession and/or use of medical equipment and supplies as a rule violation that may result in discipline.

The Responsible Physician or the authorized designee shall create and maintain an inventory log for all medical equipment and supplies. This log will be utilized by medical personnel who work within the facility to track and control medical equipment and supplies. When not in use, all medical equipment and supplies shall be stored in a secure manner to prevent unauthorized access.

At the beginning of each shift, the qualified health care professional shall inventory the medical supplies and equipment within their control. Any time a disposable item is used, the log shall reflect its use and disposal. At the end of each shift, the qualified health care professional will conduct another inventory using the supply and equipment log, and reconcile any disposable supplies used during their shift.

If there is a discrepancy that indicates that medical supplies or equipment are missing, the Supervisor shall be immediately notified. The Supervisor shall initiate a search for the missing supplies and/or equipment. The Supervisor shall document the incident and any actions taken and provide the Jail Commander with a complete report.

Continuation of Care

758.1 PURPOSE AND SCOPE

The purpose of this policy is to establish and maintain a proactive health system in the facility that fosters the continuation of health care needs that, if discontinued, would have a negative effect on the health of the incarcerated person. The sole objective is to maintain or improve the health of the incarcerated persons. This policy is intended to ensure that incarcerated persons receive health services in keeping with current community standards as ordered by qualified health care professionals.

758.2 POLICY

It is the policy of this office that all incarcerated persons shall have access to the continuation of care for a health issue, provided the treatment plan meets community standards. The incarcerated person's health care needs will be assessed by qualified health care professionals and continued as determined or referred after release (15 CCR 1206.5(a); 15 CCR 1210).

758.3 CONTINUATION OF CARE

The Jail Commander is responsible for coordinating with the Responsible Physician to ensure that all incarcerated persons receive appropriate health care, including but not limited to:

- (a) Newly booked incarcerated persons shall have a medical screening as part of the booking and classification process. This screening includes documentation of acute or chronic health issues or conditions, existing injuries, and medications or treatments the incarcerated person is currently receiving.
 - 1. Any prior jail health records, including those from other facilities, should be reviewed.
 - 2. Current medications will be verified and continued as deemed appropriate by the Responsible Physician or the authorized designee.
- (b) A health assessment is completed on or before the 14th day of continuous incarceration.
- (c) Continuation of birth control measures, upon request by the incarcerated person, as prescribed by a physician, nurse practitioner, certified nurse midwife, or physician assistant (Penal Code § 4023.5).
- (d) Individual treatment plans that are used to guide treatment. The format for planning may vary but should include, at a minimum:
 - 1. The frequency of follow-up for medical evaluation and adjustment of treatment modality.
 - 2. The type and frequency of diagnostic testing and therapeutic regimens.
 - 3. When appropriate, instructions about diet, exercise, medication, and adaptation to the correctional environment.
 - 4. Custody staff is informed of the treatment plan when necessary to ensure coordination and cooperation in the ongoing care of the incarcerated person.

Continuation of Care

- (e) Reasonable effort should be made to obtain information and records relating to previous health care professionals, with the consent of the incarcerated person, if the incarcerated person is currently under medical care.
- (f) Upon transfer to another facility, a medical discharge summary of the incarcerated person's current condition, medications, and treatment plan will be forwarded in a sealed envelope (to maintain confidentiality) to the receiving facility.
- (g) Response to requests for health information from medical facilities and health care professionals, with the incarcerated person's written consent.
- (h) When incarcerated persons are sent out of the facility for emergency or specialty medical treatment, written information regarding the incarcerated person's reason for transfer, pertinent medical problems, and list of current medications should be sent with the incarcerated person and may be given to those providing care upon request. The name and telephone number of a contact person the medical facility can call should be included with the patient's health information. Upon the incarcerated person's return to the facility, treatment recommendations should be reviewed by the Responsible Physician or the authorized designee and appropriate plans should be made for continuing care in the facility based on the treating facility's diagnosis, recommended medications, and other treatment.
- (i) Upon release from the facility, incarcerated persons should be given written instructions for the continuation of care, including but not limited to:
 - 1. The name and contact information of health care facilities for follow-up appointments.
 - 2. Prescriptions and/or an adequate supply of medication for those with chronic medical or psychiatric conditions.

Continuous Quality Improvement

760.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a Continuous Quality Improvement (CQI) process of health care review in an effort to identify improvement needs in policies, processes or staff actions, and to develop and implement better health care strategies to improve the processes and outcomes of the health care services delivered at this facility.

760.2 POLICY

It is the policy of this office that an internal review and CQI process for incarcerated person health care delivery and outcomes is developed and maintained, measurable goals and objectives are established and reviewed annually, and that the process itself is periodically reviewed and updated as needed. The process should be supervised by the Responsible Physician. The data evaluated should result in more effective access to services, an improved quality of care, and a better utilization of resources.

760.3 CQI TECHNIQUES AND MONITORING

The CQI process may be applied to any aspect of health care delivery and health service outcomes, including, but not limited to, monitoring and reviewing the following:

- Quality of the medical charts, by the Responsible Physician or the authorized designee
- Investigations of complaints and grievances
- Corrective action plans and plan outcomes
- Deaths in custody, suicide attempts, sentinel events, and incident and management of serious communicable disease outbreaks
- Plans for employee education and training, using investigation findings
- Records of internal review activities
- Quarterly reports to the Responsible Physician and Jail Commander
- Legal requirements for confidentiality of medical records
- Credentialing (assessing and confirming qualifications), privileging (authorization to provide services), and training of employees and the associated peer review processes
- Condition and effectiveness of the care environment
- Adequacy and quality of supplies and equipment
- Quality of care provided to individual patients
- Accuracy and efficiency of pharmacy services and medication administration
- Ease of access to care

760.4 CQI COMMITTEE MEETINGS

The jail CQI committee should meet quarterly under the direction of both the committee chair and the Responsible Physician. The CQI meetings may be conducted at the same time as quarterly administrative meetings, but CQI minutes must be produced and maintained separately from any other minutes.

The CQI minutes are not subject to disclosure outside of the CQI program, including requests from local, regional and national entities. Other interested parties with a need to know are only entitled to the disclosure of information that includes:

- (a) Problems that may have been identified.
- (b) Solutions that have been agreed upon.
- (c) Persons responsible for implementing the corrective action.
- (d) The time frame for implementing the corrective actions.

Informed Consent and Right to Refuse Medical Care

762.1 PURPOSE AND SCOPE

This policy recognizes that incarcerated persons have a right to make informed decisions regarding their health care. It establishes the conditions under which informed consent should be obtained prior to treatment, when medical care may proceed without consent, the documentation process for the refusal of medical care, and the retention of refusal forms.

762.1.1 DEFINITIONS

Definitions related to this policy include:

Informed consent - The written agreement by an incarcerated person to a treatment, examination, or procedure. Consent is sought after the incarcerated person has received the material facts about the nature, consequences, and risks of the proposed treatment, the examination or procedure, the alternatives to the treatment, and the prognosis if the proposed treatment is not undertaken, in a language understood by the person.

762.2 POLICY

It is the policy of this office that generally, all health care examinations, treatments, and procedures shall be conducted with the informed consent of the incarcerated person. Exceptions include emergencies, life-threatening conditions, and a court order (15 CCR 1214).

762.3 INFORMED CONSENT

The qualified health care professional initiating treatment shall inform the incarcerated person of the nature of the treatment and its possible side effects and risks, as well as the risks associated with not having the treatment.

For invasive procedures or any treatment where there is some risk to the incarcerated person, informed consent is documented on a written form containing the signatures of the person and a health services staff witness.

A signed informed consent shall be obtained and witnessed by the prescribing psychiatrist for the initiation of psychotropic medication.

Appropriate arrangements shall be made to provide language translation services as needed before an incarcerated person signs any informed consent form.

For minors and conservatees, the informed consent of a parent, guardian, or legal custodian applies where required by law. Absent informed consent in non-emergency situations, a court order is required before involuntary treatment can be administered to an incarcerated person.

762.4 REFUSAL OF TREATMENT

When an incarcerated person refuses medical, mental health, or dental treatment or medication, they shall be counseled regarding the necessity of the treatment/medication and

the consequences of refusal. The incarcerated person shall then be requested to sign a form acknowledging that the person refused an examination and/or treatment.

The form shall be filled out completely by the qualified health care professional and include the incarcerated person's name, booking number, treatment/medication refused, the risks or consequences of refusal, and the person's mental status. The form must be signed by the incarcerated person and a witness.

In the event that the incarcerated person refuses to sign, a notation to this effect shall be documented on the incarcerated person signature line. This shall require a signed acknowledgement by two witnesses.

Documentation regarding the incarcerated person's mental status shall be noted in the medical record, along with a brief note describing the intervention of the qualified health care professional.

The completed form is to be placed in the incarcerated person's medical record.

It is the responsibility of the qualified health care professional to refer all refusal forms to the Responsible Physician.

Any time there is a concern about the decision-making capacity of the incarcerated person, an evaluation shall be conducted, particularly if the refusal is for critical or acute care.

Any time an incarcerated person refuses to take their medication, attend sick call, or attend a scheduled medical appointment, a signed refusal must be obtained by the qualified health care professional.

The refusal form shall be a permanent part of the incarcerated person's medical record.

The incarcerated person may revoke their refusal at any time.

762.4.1 STERILIZATION

This office shall not perform any sterilization procedure on an incarcerated person, without the person's consent, unless the procedure is necessary to save the person's life. A sterilization procedure may be performed with the incarcerated person's consent under the following conditions (Penal Code § 3440(b)):

- (a) Less invasive measures are not available, have been refused by the incarcerated person, or have been deemed unsuccessful.
- (b) A second physician, approved to provide medical services for the facility but not employed by the county, confirms the need for the procedure.
- (c) The incarcerated person has been advised of the impact and side effects of the procedure, and that refusal will not affect the person's ability to receive future medical treatment.

If a sterilization procedure is performed, this office shall provide psychological consultation before and after the procedure, as well as the appropriate medical follow-up (Penal Code § 3440(c)).

The Records Manager shall also submit data annually to the Board of State and Community Corrections regarding the race, age, medical justification, and method of sterilization for any sterilization procedure performed (Penal Code § 3440(d)).

762.4.2 INVOLUNTARY ADMINISTRATION OF PSYCHOTROPIC MEDICATION

Psychotropic medication may only be administered involuntarily to an incarcerated person in emergency circumstances or as otherwise allowed by law and only with a physician's order. The medication administered shall only be what is required to treat the emergency condition and administered for only as long as the emergency continues to exist. A court order shall be sought or legal consent shall be obtained if the Responsible Physician anticipates further dosage will be necessary or beneficial (Penal Code § 2603; 15 CCR 1217).

In cases of non-emergencies, certain conditions must be met as described in Penal Code § 2603(c) prior to the involuntary administration of the psychotropic medication, including a documented attempt to locate an available bed in a community-based treatment facility in lieu of seeking to administer involuntary medication (Penal Code § 2603).

The reason medication was involuntarily administered should be documented in the incarcerated person's health care record.

762.5 RECORDS

The Jail Commander or the authorized designee shall work with the Responsible Physician to develop medical care consent and refusal forms and a system for retaining records in the incarcerated person's health file in accordance with established records retention schedules.

Management of Health Records

764.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a uniform manner of maintaining the active health records of incarcerated persons for easy accessibility during clinical treatment, and the storage methods for inactive health records. This policy also addresses practices that will ensure the confidentiality of health record information by separating it from custody records.

764.1.1 DEFINITIONS

Definitions related to this policy include:

Protected health information - Information that relates to the incarcerated person's past, present, or future physical or mental health or condition, the provision of medical care to the incarcerated person, or the past, present, or future payment for the provision of health care to the incarcerated person (45 CFR 160.103).

764.2 POLICY

It is the policy of this office to maintain the confidentiality of incarcerated persons' protected health information. Incarcerated person health records will be maintained separately from custody records and under secure conditions, in compliance with all local, state, and federal requirements.

The Responsible Physician or the authorized designee will establish standardized facility procedures for recording information in the file and for the control and access to incarcerated person health records. Incarcerated workers shall not have any access to incarcerated person health records.

764.3 INITIATING A HEALTH RECORD

Following the initial medical screening process, the qualified health care professional shall initiate a health record for each incarcerated person. The Responsible Physician shall be responsible for developing and implementing procedures for standardized record formatting (15 CCR 1205 et seq.).

764.4 CONFIDENTIALITY OF AN INCARCERATED PERSON'S HEALTH RECORDS

Information regarding an incarcerated person's health status is confidential. Active health records shall be maintained separately from custody records. Access to an incarcerated person's health record shall be in accordance with state and federal law (Health Insurance Portability and Accountability Act (HIPAA) of 1996, Public Law 104-191 and the implementing regulations) (15 CCR 1205).

The incarcerated person's protected health information may be disclosed, with the incarcerated person's written authorization, to any person so designated. A fully completed authorization for release and/or a disclosure of protected health information form shall be required prior to disclosure based upon informed consent (15 CCR 1205).

- (e) To a law enforcement officer for purposes of a criminal investigation, to avert a serious threat to the health or safety of any person or to fulfill mandatory reporting requirements.
- (f) To a law enforcement officer when the incarcerated person has died as a result of criminal conduct.

The incarcerated person's limited protected health information may also be disclosed to a law enforcement officer for purposes of identifying or locating a suspect or when the incarcerated person is a victim of a crime. When reasonably possible, the approval of the Jail Commander should be obtained prior to disclosure.

Attorneys requesting health record information regarding an incarcerated person shall be advised that an authorization for release and/or a disclosure of medical information form or an attorney release form signed by the incarcerated person is required.

Family members may be informed of the incarcerated person's custody status and whether the incarcerated person is receiving medical care. Family members requesting additional information must provide a proper authorization for release and/or a disclosure of medical information form.

Management of Health Records

The Jail Commander, in consultation with the Responsible Physician, shall designate personnel who will be responsible for reviewing all requests for access to medical records and who will propose related policies and procedures and other activities designed to facilitate proper documentation of health care and access to records.

764.4.1 ADDITIONAL STATE PRIVACY PROTECTIONS

The health services administrator and Responsible Physician or the authorized designee shall ensure that privacy protections comply with state law requirements regarding privacy and confidentiality applicable to the specific type of medical records requested, including:

- (a) Records associated with human immunodeficiency virus (HIV) or acquired immunodeficiency syndrome (AIDS) (Health and Safety Code § 121025).
- (b) Records of patients in alcohol or substance abuse treatment programs (Health and Safety Code § 11845.5).

764.6 ACTIVE INCARCERATED PERSONS HEALTH RECORDS

Active incarcerated person health records will be accessible to qualified health care professionals as necessary for the provision of medical treatment and other uses allowed by law, or the Jail Commander or the authorized designee under exigent circumstances, to protect the safety, security, and good order of the facility.

All entries in the incarcerated person's health record will have the place, date, time, signature and title of each individual providing care and should be legible.

Documentation in the incarcerated person's health record is done in the subjective, objective, assessment, and plan (SOAP) format. An incarcerated person's health record is initiated at the first health encounter following the initial medical screening.

If an incarcerated person has been previously incarcerated, the previous health record should be reactivated. If a new record has been initiated and a previous record exists, medical records personnel should merge the two records in order to compile a complete history, unless mandated statutory retention schedules have provided for the destruction of one file and there is a need to create a new file.

New information shall be entered on the health record at the completion of each encounter.

All the incarcerated person's health records shall be returned to the file prior to the end of each watch.

764.7 INACTIVE MEDICAL RECORDS

When an incarcerated person is released from custody, medical records personnel should remove the incarcerated person's health record from the active file.

The health record should be reviewed for completeness. Any loose documents should be filed according to the established health record format.

The health record should be securely stored in the area designated for inactive incarcerated person health records, in accordance with established records retention schedules but no less

than 10 years from the date of the last clinical encounter. Adult records and juvenile records may have different jurisdictional retention requirements.

Inactive incarcerated person medical records may be stored off-site. Health record information from inactive files may be transmitted to specific and designated physicians or medical facilities upon the written request or authorization of the incarcerated person.

764.8 ELECTRONIC MEDICAL RECORDS

If medical records are maintained in an electronic format, the system should be structured with redundancies to ensure the records will survive any system failure.

764.9 HIPAA COMPLIANCE

The Jail Commander, in consultation with the Responsible Physician, shall ensure that a health record protection and disclosure compliance plan conforming to the requirements of HIPAA is prepared and maintained. The plan should detail all necessary procedures for security and review of the access and disclosure of protected health information.

At minimum, the plan will include:

- Assignment of a HIPAA compliance officer who is trained in HIPAA compliance and will be responsible for maintaining procedures for and enforcing HIPAA requirements, including receiving and documenting complaints about breaches of privacy.
- Ongoing training on HIPAA requirements, depending on the level of access the member has to protected health information.
- Administrative, physical, and technical safeguards to protect the privacy of protected health information.
- Procedures for the permitted or required use or disclosure of protected health information and the mitigation of harm caused by improper use or disclosure.
- Protocol to ensure privacy policies and procedures, any privacy practices notices, disposition of any complaints, and other actions, activities, and designations required to be documented, are maintained for at least six years after the date of creation or last effective date, whichever is later.

Incarcerated Person Health Care Communication

766.1 PURPOSE AND SCOPE

The purpose of this policy is to establish and maintain effective communication between the treating qualified health care professionals and custody personnel. This communication is essential at all levels of the organization to ensure the health and safety of all occupants of the facility.

766.2 POLICY

It is the policy of this office that effective communication shall occur between the Jail Commander and the treating qualified health care professionals regarding any significant health issues of an incarcerated person. All health issues should be considered during classification and housing decisions in order to preserve the health and safety of the occupants of this facility.

When a qualified health care professional recognizes that an incarcerated person will require accommodation due to a medical or mental health condition, custody personnel shall be promptly notified in writing.

The Jail Commander shall be responsible for establishing measurable goals relating to processes that enhance good communication between the qualified health care professionals and the custody staff. The Jail Commander should also establish, in writing, the desired performance objectives relating to practices that support good communication between the qualified health care professionals and the custody staff. The Jail Commander should review the documents annually for any necessary revisions or updates in support of continuous improvement in the delivery of health care services.

766.3 MANAGING SPECIAL NEEDS INCARCERATED PERSONS

Upon an incarcerated person's arrival at the facility, the qualified health care professional, in conjunction with the custody staff, should determine if the incarcerated person has any special needs.

- (a) If staff determines that an incarcerated person has special needs, a communication form or other appropriate documentation relating to special needs should be completed and sent to classification personnel, the Supervisor, and the housing officer. This is to ensure that the person is assigned to a housing unit that is equipped to meet their special needs.
- (b) The qualified health care professional should arrange for the appropriate follow-up evaluation.
- (c) The health care of special needs incarcerated persons should be continuous and ongoing. At minimum, the person should be seen by the Responsible Physician or a qualified health care professional at least once every 90 days to evaluate the person's continued designation as a special needs incarcerated person.

Incarcerated Person Health Care Communication

- (d) Incarcerated persons who have been determined by qualified health care professionals to require a special needs classification should be seen at least once monthly by a qualified health care professional.
- (e) Prior to transfer to another facility, a medical transfer summary should be completed detailing any special requirements that should be considered while the incarcerated person is in transit and upon their arrival at the destination. Discharge planning should be included, as appropriate.
- (f) A treatment plan should be developed for each incarcerated person and should include, at a minimum:
 - 1. The frequency of follow-up for medical evaluation and anticipated adjustments of the treatment modality.

 - 1. Chronically ill.
 - 2. Undergoing dialysis.
 - 3. In an adult facility as an adolescent.
 - 4. Infected with a communicable disease.
 - 5. Physically disabled.

766.4 NOTIFICATION TO SUPERVISORS

In the event that there is no mutual agreement regarding an individual or group of incarcerated persons who require special accommodation for medical or mental health conditions, supervisors in the respective chain of command within the health care and custody staff should address these issues.

766.5 NOTIFICATION TO THE SHERIFF FOR MEDICAL RELEASE

Supervisors, through the chain of command, should advise the Sheriff when a terminally ill incarcerated person may be appropriate for early release or medical probation under Government Code § 26605.6 because the incarcerated person would not reasonably pose a threat to public safety and the person has a life expectancy of six months or less, or the person requires 24-hour care or acute long-term inpatient rehabilitation services.

Forensic Evidence

768.1 PURPOSE AND SCOPE

The purpose of this policy is to maintain credibility between the incarcerated persons and the facility's qualified health care professionals by establishing clear guidelines restricting facility health care professionals from participating in the collection of forensic evidence for disciplinary or legal proceedings.

768.1.1 DEFINITION

Definitions related to this policy include:

Forensic evidence - Physical or psychological data collected from an incarcerated person that may be used against the incarcerated person in disciplinary or legal proceedings.

768.2 POLICY

Qualified health care professionals of this facility are generally prohibited from participating in the collection of forensic evidence or performing psychological evaluations for disciplinary or legal proceedings.

Qualified health care professionals of this facility should not be involved in the collection of forensic evidence except when complying with state laws requiring the collection of blood samples from incarcerated persons, provided the incarcerated person has consented to the procedure and staff are not involved in any punitive action against the incarcerated person.

Qualified health care professionals of this facility may collect blood or urine for testing for alcohol or drugs when it is done for medical purposes and under a physician's order. Qualified health care professionals of this facility may conduct incarcerated person-specific, court-ordered laboratory tests and examinations or radiology procedures with the consent of the incarcerated person.

Qualified health care professionals of this facility are prohibited from being involved in the following procedures:

- (a) Body cavity searches
- (b) Psychological evaluations for use in adversarial proceedings
- (c) Blood draws for lab studies ordered by the court, without incarcerated person consent
- (d) Any medical procedure, except emergency lifesaving measures, that does not have the incarcerated person's written consent

It shall be the responsibility of the Sheriff or the authorized designee to arrange for appropriately trained professionals to collect forensic evidence for disciplinary or legal proceedings.

Oral Care

770.1 PURPOSE AND SCOPE

The intent of this policy is to ensure that incarcerated persons have access to dental care and treatment for serious dental needs. While the focus of this policy is primarily on urgent and emergent dental care, as with medical or mental health care, dental care is available based upon patient need.

770.1.1 DEFINITIONS

Definitions related to this policy include:

Infection control practices - Are defined by the American Dental Association (ADA) and the Centers for Disease Control and Prevention (CDC) as including sterilizing instruments, disinfecting equipment, and properly disposing of hazardous waste.

Oral care - Includes instruction in oral hygiene, examinations, and treatment of dental problems. Instruction in oral hygiene minimally includes information on plaque control and the proper brushing of teeth.

Oral examination - Includes taking or reviewing the patient's oral history, an extra-oral head and neck examination, charting of teeth, and examination of the hard and soft tissue of the oral cavity with a mouth mirror, explorer, and adequate illumination.

Oral screening - Includes visual observation of the teeth and gums, and notation of any obvious or gross abnormalities requiring immediate referral to a dentist.

Oral treatment - Includes the full range of services that in the supervising dentist's judgment are necessary for proper mastication and for maintaining the incarcerated person's health status.

770.2 POLICY

It is the policy of this office that oral care is provided under the direction of a dentist licensed in this state and that care is timely and includes immediate access for urgent or painful conditions. There are established priorities for care when, in the dentist's judgment, the incarcerated person's health would otherwise be adversely affected (15 CCR 1215).

770.3 ACCESS TO DENTAL SERVICES

Emergency and medically required dental care is provided to each incarcerated person upon request. Dental services are not limited to extractions. It is the goal of dental services to alleviate pain and suffering, ensure that incarcerated persons do not lose teeth merely as a consequence of incarceration and to provide appropriate dental service whenever medically required to maintain nutrition (15 CCR 1215).

Access to dental services should be as follows:

- (a) All incarcerated persons wishing to see the dentist for a non-emergency issue shall complete a sick call form. Requests should be triaged according to the nature and severity of the problem and should be seen by a dentist according to assigned priority.

Materials and substances used in the operation and maintenance of the facility may qualify as hazardous material. Hazardous material is required to have a companion Safety Data Sheet (SDS) that is provided by the manufacturer or distributor of the material. The SDS provides vital information on individual hazardous materials and substances, including instructions on safe handling, storage, disposal, prohibited interactions and other details relative to the specific material.

The Jail Commander shall be responsible for ensuring that a written hazard communication plan is developed, implemented and maintained at each workplace. Each area of the facility in which any hazardous material is stored or used shall maintain an SDS file in an identified location that includes (29 CFR 1910.1200(e)(1)):

800.4.3 SDS RECORDS MASTER INDEX

The Maintenance Supervisor or the authorized designee will compile a master index of all hazardous materials in the facility, including locations, along with a master file of SDS information. They will maintain this information in the safety office (or equivalent), with a copy to the local fire department. Documentation of the semiannual reviews will be maintained in the SDS master file. The master index should also include a comprehensive, current list of emergency phone numbers (e.g., fire department, poison control center) (29 CFR 1910.1200(g)(8)).

800.4.4 CLEANING PRODUCT RIGHT TO KNOW ACT

In addition to SDS information, printable information regarding ingredients of certain products used by staff and incarcerated persons shall be readily accessible and maintained in the same manner as an SDS (Labor Code § 6398.5; Health and Safety Code § 108952(f); Health and Safety Code § 108954.5(c)).

The inspection checklist will closely correspond to the established cleaning and maintenance schedule.

Inspection checklists shall be forwarded to the Jail Commander or the authorized designee for annual review, filing and retention as required by the established records retention schedule.

804.6 POLICY

It is the policy of this office to maintain a sanitation and preventive maintenance schedule to keep the facility clean and in good repair.

Physical Plant Compliance with Codes

806.1 PURPOSE AND SCOPE

The purpose of this policy is to establish the timeline, process and responsibilities for facility maintenance, inspections and equipment testing in compliance with all applicable federal, state and local building codes.

806.2 POLICY

It is the policy of this office that all construction of the physical plant (renovations, additions, new construction) will be reviewed and inspected in compliance with all applicable federal, state and local building codes. All equipment and mechanical systems will be routinely inspected, tested and maintained in accordance with applicable laws and regulations.

806.3 COMPLIANCE WITH CODES AND STATUTES

Plumbing, sewage disposal, solid waste disposal and plant maintenance conditions will comply with rules and regulations imposed by state regulatory entities governing such practices.

806.4 RESPONSIBILITIES

The Jail Commander shall be responsible for establishing and monitoring the facility maintenance schedule, the inspection schedules of the Supervisors and correctional officers, and ensuring that any deficiencies discovered are corrected in a timely manner.

Copies of the local jurisdiction's applicable health and sanitation codes shall be kept in the facility by the Jail Commander or the authorized designee. The Jail Commander or the authorized designee is responsible for developing internal health and sanitation inspection checklists, for maintaining valid licensing and sanitation certificates and inspection reports, and for proof of corrective actions.

806.5 PROCEDURE

All safety equipment (e.g., emergency lighting, generators, and an uninterruptible power source (UPS)) shall be tested at least quarterly. Power generators and UPS equipment should be inspected weekly and load-tested quarterly or according to the manufacturer's instructions. All completed inspection forms shall be kept on file for review by the appropriate office committees or external agencies.

Any remodeling or new construction shall have prior approval of the local fire, building, and health authorities. Any required plans and permits will be procured prior to the commencement of any changes to the facility.

Water Supply

808.1 PURPOSE AND SCOPE

The Inyo County Sheriff Department recognizes the importance of providing the facility with safe, potable water. The purpose of this policy is to establish guidelines for testing the facility's water to ensure that the water is safe to consume.

808.2 POLICY

In compliance with standards set by law, this facility will ensure the continued supply of safe potable water for use by incarcerated persons, staff, and visitors through rigorous annual testing of water supplies (42 USC § 300f et seq.).

808.3 PROCEDURE

The Jail Commander shall ensure that the facility's potable water source is tested by an independent public or private testing service at least once each year. Water quality will be certified to be in compliance with all state and local regulations. Corrective measures shall be promptly taken if the test results fall below acceptable regulatory standards.

In the event that water testing reveals any significant hazards to the incarcerated persons or staff at the facility, the Sheriff, Jail Commander, and the Office health authority shall take immediate action to mitigate the problem.

The testing results, valid certificates of the sampling entity, and the testing laboratory shall be kept in accordance with established records retention schedules.

Where the facility's water supply is obtained from a private source, the source shall be properly located, constructed, and operated to protect it from contamination and pollution, and the water shall meet all current standards set by the applicable state and/or local authority regarding bacteriological, chemical, and physical tests for purity.

For facilities not served by a public or regulated private water supply, the water should be tested daily by the local authority within the facility's jurisdiction.

808.4 EMERGENCY PLAN

The Jail Commander and the Office health authority shall develop a plan for the supply of potable water for drinking and cooking in the event that a man-made or natural disaster interrupts the regular water supply. The plan shall address methods for providing clean potable water for a minimum of three days, and should have contingency plans for emergencies lasting longer than three days. The plan should also include contingencies for the use of non-potable water to flush toilets and remove effluent from the facility.

Vermin and Pest Control

810.1 PURPOSE AND SCOPE

The purpose of this policy is to establish inspection, identification and eradication processes designed to keep vermin and pests controlled in accordance with the requirements established by all applicable laws, ordinances and regulations of the local public health entity.

810.2 POLICY

It is the policy of this office that vermin and pests be controlled within the facility. The Jail Commander or the authorized designee shall be responsible for developing and implementing this policy, in cooperation with the Responsible Physician and the local public health entity, for the sanitation and control of vermin and pests, and to establish medical protocols for treating incarcerated person clothing, personal effects, and living areas, with specific guidelines for treating an infested incarcerated person (15 CCR 1212; 15 CCR 1264).

810.3 PEST CONTROL SERVICES

The Jail Commander or the authorized designee shall be responsible for procuring the services of a licensed pest control professional to perform inspections of the facility at least monthly and to treat areas as required to ensure that vermin and pests are controlled.

810.4 PREVENTION AND CONTROL

Many infestations and infections are the result of a recently admitted incarcerated person who is vermin-infested or whose property is vermin-infested. Most infestations are spread by direct contact with an infected person or with infested clothing and bedding. Incarcerated persons with lice or mites should be treated with approved pediculicides as soon as the infestation is identified to avoid spreading it. To reduce the chance of further transmission, separate quarters for incarcerated persons undergoing treatment for lice should be used as described in the Communicable Diseases Policy.

Because the use of the treatment chemicals can cause allergic reactions and other negative effects, treatment should be done only when an infestation is identified and not as a matter of routine.

Clothing, bedding, and other property that is suspected of being infested shall either be removed from the facility or cleaned and treated by the following methods, as appropriate or as directed by the pest control provider or the Responsible Physician (15 CCR 1264):

- Washing in water at 140 degrees for 20 minutes
- Tumbling in a clothes dryer at 140 degrees for 20 minutes
- Dry cleaning
- Storing in sealed plastic bags for 30 days
- Treating with an insecticide specifically labeled for this purpose

Vermin and Pest Control

Head lice and their eggs are generally found on the head hairs. There may be some uncertainty about the effectiveness of some available pediculicides to kill the eggs of head lice. Therefore, some products recommend a second treatment seven to 10 days after the first. During the interim, before the second application, eggs of head lice could hatch and there is a possibility that lice could be transmitted to others.

Pubic lice and their eggs are generally found on the hairs of the pubic area and adjacent hairy parts of the body, although they can occur on almost any hairy part of the body, including the hair under the arm and on the eyelashes.

Pubic lice and their eggs are generally successfully treated by the available pediculicides. However, when the eyelashes are infested with pubic lice and their eggs, a physician should perform the treatment.

Successful treatment depends on careful inspection of the incarcerated person and proper application of the appropriate product. The area used to delouse incarcerated persons needs to be separate from the rest of the facility. All of the surfaces in the treatment area must be sanitized. There must be a shower as part of the delousing area.

The supervisor shall document the date of treatment, the area treated, the pest treated, and the treatment used.

810.5 LABELING AND SECURE STORAGE OF COMPOUNDS

Containers of pest exterminating compounds shall be conspicuously labeled for identification of contents. The containers shall be securely stored separately from food and kitchenware, and shall not be accessible by incarcerated persons.

Incarcerated Person Safety

812.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a safety program to reduce incarcerated person injuries by analyzing causes of injuries and identifying and implementing corrective measures.

812.2 RESPONSIBILITIES

The Sheriff shall appoint a staff member who will be responsible for the development, implementation, and oversight of the safety program. This program will include but not be limited to (15 CCR 1280):

- A system to identify and evaluate hazards, including scheduled inspections to identify unsafe conditions.
- Analysis of incarcerated person injury reports to identify causes and recommend corrective actions.
- Establishment of methods and procedures to correct unsafe and/or unhealthful conditions and work practices in a timely manner.

812.3 INVESTIGATION OF REPORTED INCARCERATED PERSON INJURY

Whenever there is a report of an injury to an incarcerated person that is the result of accidental or intentional acts, other than an authorized use of force by custody staff, the Sheriff or the authorized designee will initiate an investigation to determine the cause of the injury and develop a plan of action whenever a deficiency is identified. Injuries resulting from use of force incidents will be investigated and reported in accordance with the Use of Force Policy.

812.4 INVESTIGATION REPORTS

The Supervisor shall ensure that reports relating to an incarcerated person's injury are completed and should include the following:

- Incident reports
- Investigative reports
- Health record entries
- Any other relevant documents

812.5 ANNUAL REVIEWS

The Sheriff or the authorized designee shall conduct an annual review of all injuries involving incarcerated persons for the purpose of identifying problem areas and documenting a plan of action to abate circumstances relating to incarcerated person injuries.

The plan of action should include but not be limited to:

- The area where the deficiencies have been identified.
- Strategies to abate the deficiency.

- Resources needed to correct a deficiency.
- The person or persons responsible for taking corrective action and the target completion date.

The Sheriff shall consult with the Office risk manager to coordinate corrective action or to seek managerial/administrative guidance for implementing corrective action.

812.6 POLICY

It is the policy of the Inyo County Sheriff Department to provide a safe environment for individuals confined at this facility, in accordance with all applicable laws, by establishing an effective safety program, investigating incarcerated person injuries, and taking corrective actions as necessary to reduce accidents and injury.

Incarcerated Person Hygiene

814.1 PURPOSE AND SCOPE

This policy outlines the procedures that will be taken to ensure the personal hygiene of every incarcerated person in the Inyo County Sheriff Department jail is maintained. The Inyo County Sheriff Department recognizes the importance of each incarcerated person maintaining acceptable personal hygiene practices by providing adequate bathing facilities and hair care services, and the issuance and exchange of clothing, bedding, linens, towels, and other necessary personal hygiene items.

814.2 POLICY

It is the policy of the Inyo County Sheriff Department facility to maintain a high standard of hygiene in compliance with the requirements established by all state laws, ordinances, and regulations (15 CCR 1069). Compliance with laws and regulations relating to good incarcerated person hygiene practice is closely linked with good sanitation practices. Therefore, the need to maintain a high level of hygiene is not only for the protection of all incarcerated persons, but for the safety of the correctional staff, volunteers, contractors, and visitors.

814.3 STORAGE SPACE

There should be adequate and appropriate storage space for incarcerated person bedding, linen, or clean clothing. The inventory of clothing, bedding, linen, and towels should exceed the maximum incarcerated person population so that a reserve is always available (15 CCR 1263).

The facility should have clothing, bedding, personal hygiene items, cleaning supplies, and any other items required for the daily operation of the facility, including the exchange or disposal of soiled or depleted items. The assigned staff shall ensure that the storage areas are properly maintained and stocked. The Jail Commander should be notified if additional storage space is needed.

814.3.1 BEDDING ISSUE

Upon entering a living area of the Inyo County Sheriff Department jail, every incarcerated person who is expected to remain overnight shall be issued bedding and linens including but not limited to (15 CCR 1270):

- (a) Sufficient freshly laundered blankets to provide comfort under existing temperature conditions. Blankets shall be exchanged and laundered in accordance with facility operational laundry rules.
- (b) One clean, firm, nontoxic, fire-retardant mattress (16 CFR 1633.1 et seq.).
 1. Mattresses will be serviceable and enclosed in an easily cleanable, nonabsorbent material and conform to the size of the bunk. Mattresses will be cleaned and disinfected when an incarcerated person is released or upon reissue.

 3. Mattresses shall be free of holes and tears. Mattresses with holes, tears, or that lack sufficient padding shall be replaced upon request with mattresses that meet the requirements of 15 CCR 1270 (15 CCR 1271).
- (c) Two sheets or one sheet and a clean mattress cover.
1. Two blankets or a sleep bag may be issued in place of one mattress cover or one sheet at the request of the incarcerated person.
- (d) One clean washcloth, hand towel, and bath towel.
- (e) One pillow and pillowcase.

Linen exchange, including towels, shall occur at least weekly and shall be documented in the daily activity log (15 CCR 1271). The Supervisor shall review the daily activity log at least once per shift.

The Jail Commander or the authorized designee shall conduct both scheduled and unannounced inspections of the facility to ensure that bedding issuance policies and procedures are carried out in accordance with the applicable laws and regulations.

814.3.2 CLOTHING ISSUE

An incarcerated person admitted to the facility for 72 hours or more and assigned to a living unit shall be issued a set of facility clothing. The issue of clothing appropriate to the climate for incarcerated persons shall include but is not limited to: (15 CCR 1260):

- Clean socks.
- Clean outer garments.
- Clean undergarments (e.g., shorts, undershirt, bra and two pairs of panties).
- Footwear.

Incarcerated persons who are issued a change of clothing upon admission to the facility may have their personal clothing returned after laundering, at the discretion of the Jail Commander.

All issued and exchanged clothing shall be clean and free of holes or tears, reasonably fitted, durable, and easily laundered and repaired. Undergarments shall be clean, free of holes or tears, and substantially free of stains. Individuals shall be able to select the garment type more compatible with their gender identity and gender expression (15 CCR 1260).

Clothing shall be exchanged twice each week, at a minimum (15 CCR 1262). All exchanges shall be documented on the daily activity log. The Supervisor or unit supervisor shall review the daily activity log at least once per shift.

Additional clothing may be issued as necessary for changing weather conditions or as seasonally appropriate. An incarcerated person's personal undergarments and footwear may be substituted

Each incarcerated person assigned to a special work area, such as food services, medical, farm, sanitation, mechanical, and other specified work, shall be clothed in accordance with the requirements of the job, including any appropriate protective clothing and equipment, which shall be exchanged as frequently as the work assignment requires. All issued clothing shall be clean, free of holes and tears (15 CCR 1261).

The Jail Commander or the authorized designee shall conduct both scheduled and unannounced inspections of the facility to ensure that clothing issuance policies and procedures are carried out in accordance with the applicable laws and regulations.

The Jail Commander or the authorized designee shall ensure that the facility maintains a sufficient inventory of extra clothing to ensure each incarcerated person shall have neat and clean clothing appropriate to the season.

An incarcerated person's excess personal clothing shall be mailed, picked up by, or transported to a designated family member or stored in containers designed for such purpose. All incarcerated person personal property shall be properly identified, inventoried, and secured. Incarcerated persons shall sign and receive a copy of the inventory record.

814.4 LAUNDRY SERVICES

Laundry services shall be managed so that daily clothing, linen and bedding needs are met.

814.5 INCARCERATED PERSON ACCOUNTABILITY

To ensure incarcerated person accountability, incarcerated persons are required to exchange item for item when clean clothing, bedding, and linen exchange occurs.

Prior to being placed in a housing unit, incarcerated persons shall be provided with an incarcerated person handbook listing this requirement.

814.6 PERSONAL HYGIENE OF INCARCERATED PERSONS

Personal hygiene items, hair care services, and facilities for showers will be provided in accordance with applicable laws and regulations. This is to maintain a standard of hygiene among incarcerated persons in compliance with the requirements established by state laws as part of a healthy living environment.

Each incarcerated person held more than 24 hours who does not have the following personal care items because of either indigency or the absence of an incarcerated person canteen shall be issued the following items (15 CCR 1265):

- Shaving implements
- Sanitary pads, panty liners, and tampons as requested at no cost and no maximum allowance (Penal Code § 4023.5)

The Jail Commander or the authorized designee may modify this list to accommodate the use of liquid soap and shampoo dispensers. Personal hygiene items should be appropriate for the incarcerated person's gender. Additional hygiene items shall be provided to incarcerated persons upon request, as needed.

Personal care items shall be issued within the first 12 hours of a housing assignment. Incarcerated persons shall not be required to share personal care items or disposable razors (15 CCR 1265). Used razors are to be disposed into approved sharps containers. Other barbering equipment capable of breaking the skin must be disinfected between individual uses, as prescribed by the California Board of Barbering and Cosmetology to meet the requirements of 16 CCR 979 and 16 CCR 980 (15 CCR 1267(c)).

Incarcerated persons, except those who may not shave for reasons of identification in court, shall be allowed to shave daily (15 CCR 1267(b)). The Jail Commander or the authorized designee may suspend this requirement for any incarcerated person who is considered a danger to others.

814.7 BARBER AND COSMETOLOGY SERVICES

The Jail Commander or the authorized designee shall be responsible for developing and maintaining a schedule for hair care services provided to the incarcerated person population and will have written policies and procedures for accessing these services (see the Grooming Policy). The Jail Commander shall ensure that the rules are included in the incarcerated person handbook.

814.7.1 SCHEDULE FOR HAIR CARE SERVICES

Incarcerated persons shall have the ability to receive hair care services once per month (15 CCR 1267(b)). Records of hair care services shall be documented in the daily activity log.

Prior to being placed in a housing unit, incarcerated persons will be given an incarcerated person handbook, which details how to request hair care services.

814.7.2 HAIR CARE SPACE

Due to sanitation concerns, the hair care services should be located in a room that is designated for that purpose. The floors, walls, cabinets, countertops, and ceilings should be smooth, nonabsorbent, and easily cleanable. The room should be supplied with a hand washing sink with hot and cold water under pressure. The minimum hot water temperature must comply with local building and health department standards.

Each barbering room should have all the equipment necessary for maintaining sanitary procedures for hair care, including approved, covered metal containers for waste, disinfectants, laundered towels, and a means of separating sanitized equipment from soiled equipment.

After each haircut, all tools that came into contact with the incarcerated person shall be thoroughly cleaned and sanitized according to established guidelines and regulations.

Incarcerated persons will be allowed to shower upon assignment to a housing unit and at least every other day thereafter, or more often if possible. Absent exigent circumstances, no person shall be prohibited from showering at least every other day following assignment to a housing unit. If showering is prohibited, it shall be approved by the Jail Commander or the authorized designee, and the reasons for prohibition shall be documented (15 CCR 1266).

There should be one shower for every 20 incarcerated persons unless federal, state, or local building or health codes differ. Showering facilities for incarcerated persons housed at this facility shall be clean and properly maintained. Water temperature shall be periodically measured to ensure a range of 100 to 120 degrees for the safety of incarcerated persons and staff, and shall be recorded and maintained (24 CCR 1231.3.4).

Transgender and intersex incarcerated persons shall be given the opportunity to shower separately from other incarcerated persons (28 CFR 115.42).

Chapter 9 - Food Services

Food Services

900.1 PURPOSE AND SCOPE

The Office recognizes the importance of providing nutritious food and services to incarcerated persons to promote good health, to reduce tension in the jail, and ultimately support the safety and security of the jail. This policy provides guidelines on the preparation of food services items and dietary considerations for incarcerated persons housed in the facility.

900.2 POLICY

It is the policy of this office that food services shall provide incarcerated persons with a nutritionally balanced diet in accordance with federal, state, and local laws, and with regulations for daily nutritional requirements (15 CCR 1241 et seq.).

The food services operation shall be sanitary and shall meet the acceptable standards of food procurement, planning, preparation, service, storage, and sanitation in compliance with Food and Drug Administration (FDA) and United States Department of Agriculture (USDA) requirements and standards set forth in Health and Safety Code § 113700 et seq. (15 CCR 1245(a)).

900.3 FOOD SERVICES MANAGER

The food services manager shall be responsible for oversight of the day-to-day management and operation of the food services area, including:

- Developing, implementing, and managing a budget for food services.
- Ensuring sufficient staff is assigned and scheduled to efficiently and safely carry out all functions of food services operations.
- Establishing, developing, and coordinating appropriate training for staff and incarcerated person workers.
- Developing a menu plan that meets all nutrition and portion requirements and can be produced within the available budget.

- Other duties and activities as determined by the Jail Commander.

900.4 MENU PLANNING

All menus shall be planned, dated, and available for review at least one month in advance of their use. Records of menus and of foods purchased shall be kept on file for one month. Menus shall provide a variety of foods and should consider food flavor, texture, temperature, appearance, and palatability. Menus shall be approved by a registered dietitian or nutritionist before being served to ensure the recommended dietary allowance for basic nutrition meets the needs of the appropriate age group. The dietitian shall ensure that the meals meet the nutritional and hot food requirements of 15 CCR 1240 and 15 CCR 1241(15 CCR 1242).

Food Services

Any changes to the meal schedule, menu, or practices should be carefully evaluated by the food services manager in consultation with the Jail Commander, dietician, medical staff, and other professionals, and shall be recorded. All substitutions will be of equal or better nutritional value and meet the caloric requirements set forth in 15 CCR 1241. If any meal served varies from the planned menu, the change shall be noted in writing on the menu and/or production sheet.

Menus as planned, including changes, shall be evaluated by a registered dietitian at least annually (15 CCR 1242). Facility menus shall be evaluated at least quarterly by the food services supervisory staff to ensure adherence to established daily servings.

Copies of menus, foods purchased, annual reviews, and quarterly evaluations should be maintained by the food services manager in accordance with established records retention schedules.

900.5 FOOD SAFETY

Temperatures in all food storage areas should be checked and recorded at the beginning of each shift, but shall be checked and recorded at least once daily. Holding temperatures for cold and hot foods shall be checked and recorded every two hours. Hot food shall be reheated to 165 degrees if it falls below 135 degrees at any time.

All reach-in or walk-in refrigerators and cold storage must maintain food temperature as outlined in the Food Storage Policy.

One sample for each meal served shall be dated and maintained under refrigeration for testing in the event of a food-borne illness outbreak. Sample meals shall be discarded at the end of three days if no food-borne illness is reported.

Food production shall be stopped immediately if there is any sewage backup in the preparation area or if there is no warm water available for washing hands. Food production shall not resume until these conditions have been corrected (15 CCR 1245(a)).

900.6 THERAPEUTIC DIETS

The food services manager shall be responsible for ensuring that all incarcerated persons who have been prescribed therapeutic diets by qualified health care professionals are provided with compliant meals. A therapeutic diet manual, which includes samples of medical diets, shall be maintained in the health services and food services areas for reference and information.

More complete information may be found in the Prescribed Therapeutic Diets Policy.

Persons who are known to be pregnant or lactating shall be provided a balanced, nutritious diet approved by a physician (15 CCR 1248).

900.7 RELIGIOUS DIETS

The food services manager, to the extent reasonably practicable, will provide special diets for incarcerated persons in compliance with the parameters of the Religious Programs Policy and the Religious Land Use and Institutionalized Persons Act (RLUIPA).

900.8 FOOD SERVICES REQUIREMENTS

All reasonable efforts shall be made to protect incarcerated persons from food-borne illness. Food services staff shall adhere to sanitation and food storage practices and there shall be proper medical screening and clearance of all food handlers in accordance with the Food Services Workers' Health, Safety and Supervision Policy (15 CCR 1230).

Food production and services will be under staff supervision. Food production, storage, and food-handling practices will follow the appropriate federal, state, or local sanitation laws (15 CCR 1246).

900.9 MEAL SERVICE PROCEDURE

Incarcerated person meals that are served in a dining room or dayroom should be provided in space that allows groups of incarcerated persons to dine together, with a minimum of 15 square feet of space per incarcerated person. A dining area shall not contain toilets or showers in the same room without appropriate visual barriers.

Meals shall be served at least three times during each 24-hour period. At least one meal must include hot food. Any deviation from this requirement shall be subject to the review and approval of a registered dietitian to ensure that incarcerated persons receive meals that meet nutritional guidelines.

Incarcerated persons must be provided a minimum of 15 minutes dining time for each meal. There must be no more than 14 hours between a substantial evening meal and breakfast. A substantial evening meal is classified as a serving of three or more menu items at one time, including a high-quality protein, such as meat, fish, eggs, or cheese. The meal shall represent no less than 20 percent of the day's total nutrition requirements. If more than 14 hours pass between meals, approved snacks will be provided. If a nourishing snack is provided at bedtime, up to 16 hours may elapse between the substantial evening meal and breakfast. A nourishing snack is classified as a combination of two or more food items from two of the four food groups, such as cheese and crackers or fresh fruit and cottage cheese.

Incarcerated persons who miss, or may miss, a regularly scheduled meal must be provided with a beverage and a sandwich or substitute meal. Approved snacks should be served to incarcerated persons on medical diets in less than the 14-hour period if prescribed by the Responsible Physician or registered dietitian. Incarcerated persons on medical or therapeutic meals who miss their regularly scheduled meal will be provided with their prescribed meal (15 CCR 1240).

As the meal time approaches, facility staff should direct the incarcerated persons to get dressed and be ready for meals. Incarcerated persons should be assembled and a head count taken, to verify all incarcerated persons in the housing location are present. Staff should be alert to signs of injury or indications of altercations, and should investigate any such signs accordingly. Staff should remain alert to the potential for altercation during incarcerated person movement and meals. Meals shall be served under the direct supervision of staff.

Food Services

Staff should direct an orderly filing of incarcerated persons to the dining room or assigned seating in the dayroom. Staff should identify incarcerated persons who have prescribed therapeutic or authorized religious diets so those incarcerated persons receive their meals accordingly.

It shall be the responsibility of the correctional officers to maintain order and enforce rules prohibiting excessive noise and intimidation of other incarcerated persons to relinquish food during mealtime.

The dining room shall have an area designated for incarcerated persons who have been prescribed a longer time to eat by qualified health care professionals, a dietitian, or as deemed appropriate by a supervisor.

To the extent reasonably practical, an adequate number of food services staff and correctional personnel should supervise meal service in central dining areas. If reasonably possible, the supervisor should be present.

The Supervisor should make every attempt to be present during meal services in central dining areas to assess the meal service process, the quality of food, and any health or security issues.

In the interest of security, sanitation, and vermin control, incarcerated persons shall not be allowed to take food from the dining area to their housing areas.

900.10 EMERGENCY MEAL SERVICE PLAN

The food services manager shall establish and maintain an emergency meal service plan for the facility (15 CCR 1243(k)).

Such a plan should ensure that there is at least a seven-day supply of food maintained in storage for incarcerated persons. In the event of an emergency that precludes the preparation of at least one hot meal per day, the Jail Commander may declare an "Emergency Suspension of Standards" pursuant to 15 CCR 1012 for the period of time the emergency exists.

During an emergency suspension, the food services manager shall assign a registered dietician to ensure that minimum nutritional and caloric requirements are met (15 CCR 1242). The Jail Commander shall notify the Board of State and Community Corrections (BSCC) in writing in the event the suspension lasts longer than three days. The emergency suspension of food service standards shall not continue more than 15 days without the approval of the chairperson of the BSCC (15 CCR 1012).

In the event that the incarcerated person food supply drops below that which is needed to provide meals for two days, the Jail Commander or the authorized designee shall purchase food from wholesale or retail outlets to maintain at least a four-day supply during the emergency.

Depending on the severity and length of the emergency, the Sheriff should consider requesting assistance from allied agencies through mutual aid or the National Guard.

Food Services Training

902.1 PURPOSE AND SCOPE

The purpose of this policy is to reduce the risk of potential injury to staff, contractors, and incarcerated workers in the food services areas by developing and implementing a comprehensive training program in the use of equipment and safety procedures.

902.2 POLICY

The Inyo County Sheriff Department ensures a safe and sanitary environment is maintained for the storage and preparation of meals through the appropriate training of food services staff and incarcerated workers (15 CCR 1230; 15 CCR 1243(g); 15 CCR 1245(a)).

902.3 TRAINING

The food services manager, under the direction of the Jail Commander, is responsible for ensuring that a training curriculum is developed and implemented in the use of equipment and safety procedures for all food services personnel, including staff, contractors, and incarcerated workers.

The training shall include, at minimum:

Information about the operation, cleaning, and care of equipment, including manufacturer's literature, that is suitable for use as reference material shall be kept in the food services operation area. The reference material should be used in developing training on the use of the equipment and the maintenance and cleaning procedures.

Safety and sanitation shall be the primary consideration in equipment purchase and replacement. Placement and installation of equipment must be carefully planned to facilitate cleaning, sanitizing, service, and repairs. The equipment must also meet any applicable government codes.

Dietary Guidelines

Any deviation from these guidelines shall be reviewed by the Sheriff and/or the Jail Commander and the Responsible Physician.

The food services manager or the authorized designee shall ensure that the facility's menus and dietary allowances are evaluated annually by a registered dietitian, and that any changes meet the DRI and DGA guidelines. A registered dietitian must approve menus before they are used (15 CCR 1242).

Menus should be evaluated at least quarterly by the food services manager or the authorized designee.

904.4 MENU CYCLE PLANNING

The food services manager or the authorized designee should plan the menus one month in advance of their use.

Any changes to the menu must be recorded and kept until the next annual inspection (15 CCR 1242). Any menu substitutions must use better or similar items.

Menus should include the following minimum food group allowances per day (15 CCR 1241):

- (a) Dairy Group: Three servings of pasteurized fat-free or low-fat milk fortified with Vitamins A and D or food providing at least 250 mg. of calcium and equivalent to 8 ounces of fluid milk. One serving can be from a fortified food containing at least 150 mg. of calcium. Persons who are known to be pregnant or lactating should receive four servings of milk or milk products.

When receiving food deliveries, food services staff shall inspect the order for quality and freshness, and shall ensure that the order is correct by checking the order received against the order form. All delivery vehicles shall be inspected by food services staff to make certain that the vehicles are clean, free from vermin infestations and are maintained at the appropriate temperature for the type of food being carried.

If food quality and freshness do not meet commonly accepted standards or if it is determined that proper storage temperatures have not been maintained, the employee checking the order in will refuse the item and credit the invoice.

Any food destined for return to the vendor should be stored separately from any food destined for consumption. The food services manager will contact the vendor and arrange for replacement of the unacceptable food items.

Other than the defrosting cycle, all freezers must maintain a temperature of 0 degrees or lower.

All freezer and refrigerator storage areas should have at least two thermometers to monitor temperatures. One thermometer should have a display visible to the outside. The second thermometer shall be placed in the warmest place inside the storage area. Daily temperature readings shall be recorded on the storage area checklist. Any variance outside of acceptable temperature range shall be immediately addressed.

All food must be covered and dated when stored. Cooked items shall not be stored beneath raw meats. Cleaned vegetables shall be stored separately from unwashed vegetables. Storage practices shall use a first-in first-out rotation method.

The food services manager shall develop and maintain a waste management plan that ensures the garbage is removed daily (15 CCR 1243(l)). This plan also should include methods to minimize the waste of edible food and to dispose of non-edible or waste food material without utilizing a landfill.

Prescribed Therapeutic Diets

917.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that incarcerated persons who require prescribed therapeutic diets as a result of a diagnosed medical condition are provided with nutritionally balanced therapeutic meals that are medically approved and meet nutritional and safety standards.

917.2 PROCEDURES

The Responsible Physician, in consultation with the food services manager, shall (15 CCR 1248):

- (a) Develop written procedures that identify individuals who are authorized to prescribe a therapeutic diet.
- (b) The therapeutic diets utilized by this facility shall be planned, prepared, and served with consultation from a registered dietitian.
- (c) The Jail Commander shall comply with any therapeutic diet prescribed for an incarcerated person.
- (d) The Jail Commander and the Responsible Physician shall ensure that the diet manual, which includes sample menus of therapeutic diets, shall be available to both the health services and food services workers. A registered dietitian shall review, and the Responsible Physician shall approve, the diet manual on an annual basis.

As a best practice, all therapeutic diet prescriptions should be reviewed and rewritten, if appropriate, on a quarterly basis. This is to reduce the risk of an incarcerated person developing an adverse medical condition or nutritional defect as the result of a diet that is inconsistent with the person's current medical needs. A diet request form should be made available to incarcerated persons.

Pregnant or lactating incarcerated persons shall be provided a balanced, nutritious diet approved by a physician (15 CCR 1248).

917.3 STAFF COMMUNICATION/COORDINATION

It is the responsibility of the health authority to compile a daily list of all incarcerated persons who are prescribed therapeutic diets. The list should contain the following information:

- (b) Incarcerated person's identification number
- (c) Housing location or dining location where the meals will be delivered

The food services manager or the authorized designee is responsible for reviewing the therapeutic diet lists prepared by the Responsible Physician, counting the number and type of therapeutic meals to be served, and preparing the food according to the therapeutic menu designed by the registered dietitian.

Therapeutic diets may include snacks and oral supplements. Snacks and supplements should be distributed with regularly scheduled meal service or may be distributed with medications. The custody staff responsible for meal distribution shall ensure that any incarcerated person who has been prescribed a therapeutic meal by the Responsible Physician or the authorized designee receives the prescribed therapeutic meal. Incarcerated persons who receive a therapeutic meal should sign for receipt of the meal.

Therapeutic meal receipts should be retained in the incarcerated person's medical record for an amount of time necessary to resolve any dispute about the receipt or composition of a prescribed meal.

Unless a therapeutic diet was prescribed with a specific end date, only the Responsible Physician or the authorized designee may order that a therapeutic diet be discontinued.

Incarcerated persons who are receiving therapeutic diets must receive clearance from the Responsible Physician before they may receive a religious or disciplinary diet.

If prescribed by the Responsible Physician, supplemental food shall be served to incarcerated persons more frequently than the regularly scheduled meals. An incarcerated person who misses a regularly scheduled meal shall receive the prescribed meal.

917.5 THERAPEUTIC AND RELIGIOUS MEAL RECORDS

Incarcerated persons receiving prescribed therapeutic diet meals and/or authorized religious diet meals must sign a document indicating the following:

- (a) Incarcerated person's name

Accounts

1004.1 PURPOSE AND SCOPE

This policy establishes guidelines and procedures for managing, handling, and accounting of all money belonging to incarcerated persons that is held for their personal use while they are incarcerated in this facility.

1004.2 INCARCERATED PERSON ACCOUNTS

A separate account will be established for each incarcerated person when they are booked into this facility.

When a person is admitted to the jail, a written, itemized inventory of the money in the person's possession shall be completed. Any subsequent deposits to the incarcerated person's fund shall be inventoried and documented. An incarcerated person shall be issued a receipt for all money held until their release.

An incarcerated person may use money in their account for bail or to purchase items from the commissary. Incarcerated persons may receive and release money while in custody. Funds will be made available to incarcerated persons for their use in accordance with the rules and regulations established by the Jail Commander.

1004.3 FUNDING SOURCES

The incarcerated person account will only accept funds for deposit from approved sources. Funds deposited into an incarcerated person's account will first be used to settle the incarcerated person's negative balance, should one exist.

1004.3.1 DEPOSITS DURING BOOKING

With the exception of legally prescribed fees (e.g., booking fees, pay to stay), all money received during the booking process shall be deposited to the incarcerated person's account after the incarcerated person signs an acknowledgement agreeing to the amount.

1004.3.2 DEPOSITS THROUGH THE MAIL

All funds received by mail to be deposited to an incarcerated person's account shall be delivered to the cashier.

Only cash, money orders, and checks issued by federal, state, county, or city government agencies that are received through the mail are acceptable for deposit into incarcerated person accounts. Although cash may be accepted for deposit, it is not recommended that cash be sent through the mail. All personal checks and payroll checks will be forwarded to the personal property storage area and placed in the incarcerated person's property bag.

1004.3.3 VISITOR DEPOSITS

Visitors to the facility may deposit funds into an incarcerated person's account. The cashier may only accept cash or money orders for deposit to an incarcerated person's account.

The cashier shall post funds received to the incarcerated person's account and prepare a validated receipt for the transaction. A copy of the transaction receipt shall be provided to both the incarcerated person and the person making the deposit. A copy will be retained by the cashier.

Incarcerated persons will not be allowed to accumulate large sums of money in their accounts other than for the purpose of bail. Deposits bringing the incarcerated person's balance over \$500 must be approved by the Jail Commander.

1004.4 AUTHORIZATION FOR SELF-BAIL

Incarcerated persons wishing to use their personal funds as bail must sign an authorization for self-bail transaction document. This transaction document must be received by the cashier before the incarcerated person's account can be debited and a receipt issued.

1004.5 RELEASE OF FUNDS TO OTHER PERSONS

Incarcerated persons wishing to release all or part of their personal funds to a person who is not in custody must sign a cash withdrawal transaction document. The person to whom the funds are to be released must contact the cashier, who will prepare a cash withdrawal transaction document for the amount to be withdrawn, and will indicate to whom the money is to be released. That person must furnish a valid driver's license or state-issued identification card to the cashier. The cashier will then forward the cash withdrawal transaction document to the proper housing area for the incarcerated person's signature and approval.

1004.6 RELEASE FROM CUSTODY

The cashier will receive a daily roster of incarcerated person scheduled for release. Each incarcerated person's account will be accessed and a report showing all activity on the account will be completed and filed after it has been adjusted to show a zero balance.

Staff members who are responsible for the release of incarcerated persons will notify the cashier of all impending releases, including those not on the scheduled release roster, by providing the list with the names and booking numbers to the cashier.

The cashier will release the money to the incarcerated person after the incarcerated person endorses the account report.

1004.7 CASHIER RESPONSIBILITY

The cashier will verify all funds received against the amounts recorded on the incarcerated person account financial record. The cashier will then post the funds to the incarcerated person's account and prepare a receipt for the incarcerated person.

At the end of every shift, each cashier shall be responsible for balancing all transactions completed during the shift and shall complete a cash activity sheet itemizing each type of transaction.

All monies shall be counted, verified against the transactions, bundled, and placed in a designated secure safe or transferred to the Auditor's Office with appropriate transmittal documentation, in accordance with Office finance rules.

The Jail Commander shall coordinate with the Responsible Physician to develop and confidentially maintain records of counseling and crisis intervention services provided to incarcerated persons and to ensure that those records are retained in accordance with established records retention schedules.

The Jail Commander shall ensure that request forms are available and provided to incarcerated persons who request counseling services. All incarcerated person requests for counseling shall be forwarded to the Supervisor. If an incarcerated person displays behavior indicating a need for counseling or crisis intervention services, the facility employee shall notify the Supervisor. The Supervisor shall assess the need and area of counseling and make a reasonable effort to provide the incarcerated person with the requested counseling as soon as reasonably practicable with consideration given to facility security, scheduling, and available resources. Incarcerated persons who are victims of a sexual abuse or harassment incident will be informed of the availability and continuity of counseling (28 CFR 115.82; 28 CFR 115.83).

1006.3 NON-CRISIS COUNSELING

The Office shall, when reasonably practicable, make counseling services available to assist incarcerated persons who are being released into the community.

1006.4 POLICY

It is the policy of this office to provide counseling and crisis intervention services to any incarcerated person who either requests services or is determined by a health care provider to be in need of counseling or crisis intervention services.

Exercise and Out of Cell Time

1010.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines and procedures ensuring that the Inyo County Sheriff Department facility will have sufficiently scheduled exercise and out of cell time periods and sufficient space for these activities, as required by law.

1010.1.1 DEFINITIONS

Definitions related to this policy include (15 CCR 1006):

Exercise - The opportunity for physical exertion.

Out of Cell Time - Time spent outside of the sleeping area, where an individual has the opportunity to exercise or participate in recreation.

Recreation - An individual's ability to choose from activities that occupy the attention and offer the opportunity for relaxation and may include reading, games, socialization, entertainment, education, and programs.

1010.2 RESPONSIBILITIES

The Jail Commander or the authorized designee shall be responsible for ensuring there is sufficient secure space allocated for physical exercise and out of cell time, and that a schedule is developed to ensure accessibility to both activities for all incarcerated persons. At least three hours per week of exercise opportunities shall be provided and at least seven hours of out of cell time distributed over a period of seven days for recreation (15 CCR 1065).

1010.3 ACCESS TO EXERCISE

Incarcerated persons shall have access to exercise opportunities and equipment, including access to physical exercise outside the cell and adjacent dayroom areas, and the opportunity to exercise outdoors when weather permits.

The Supervisor shall use the approved daily log sheet to document when incarcerated persons of like classification status are scheduled to exercise each day and shall record the exercise of an incarcerated person, or that the incarcerated person has declined outside exercise.

Daily log sheets should be collected monthly and forwarded to the Jail Commander. Log sheets shall be maintained in accordance with established records retention schedules.

1010.4 ACCESS TO OUT OF CELL TIME

Each incarcerated person shall have access to the minimum state-required out of cell time (leisure-time) activities outside the cell and adjacent dayroom areas (15 CCR 1065). The length of time will be determined by the incarcerated person's classification status, security concerns, and operational schedules that preclude out of cell time during a period of time (e.g., meal times, searches, lockdown, court). The staff should ensure that the maximum time possible is provided to the incarcerated persons for this purpose.

Exercise and Out of Cell Time

Televisions, newspapers, table games, and other items may also be made available to enhance out of cell time. Consideration will be given to the passive or active out of cell time needs of older incarcerated persons and incarcerated persons with disabilities.

1010.4.1 USE OF THE INCARCERATED PERSON WELFARE FUND

Monies derived from the Incarcerated Person Welfare Fund may be used to purchase and maintain equipment and supplies.

1010.5 SECURITY AND SUPERVISION

The staff supervising incarcerated persons during exercise and out of cell time shall document when each incarcerated person has the opportunity to exercise or recreate, and when each incarcerated person actually participates.

Staff shall be responsible for inspecting exercise equipment to ensure it appears safe for use. Broken equipment or equipment that is in an unsafe condition shall not be used. Incarcerated persons will not be permitted to use equipment without supervision. All equipment shall be accounted for before incarcerated persons are returned to their housing unit.

The supervising staff may terminate the exercise or out of cell time period and escort back to the housing unit any incarcerated person who continues to act in an aggressive or disorderly manner after being ordered to stop by the staff. Whenever an exercise or out of cell time period is involuntarily terminated, the staff will document the incident and rationale for terminating the exercise period. The Supervisor will determine whether disciplinary action is warranted.

1010.6 EXERCISE SPACE

Exercise areas, as specified by federal, state, and/or local laws or requirements, should be sufficient to allow each incarcerated person the required minimum amount of exercise. Use of outdoor exercise is preferred but weather conditions may require the use of covered/enclosed space. Dayroom space is not considered exercise space.

Incarcerated persons on separation status shall have access to the same facilities as other incarcerated persons unless security or safety considerations dictate otherwise. When incarcerated persons on separation status are excluded from use of regular facilities, the alternative area for exercise use shall be documented.

1010.7 INABILITY TO MEET REQUIREMENTS

In the event that the incarcerated person population exceeds the ability of the facility to meet the exercise and out of cell time requirements, the facility should notify the governing body about the deficiency in space for exercise, that it may violate the law and/or the requirements, and request funds to remedy the situation. The facility should document all action taken to try to remedy the situation, including funding requests, population reduction requests, and all responses to those requests.

Adequate funding is required. If the funding source reduces or eliminates funding in these areas, educational and/or vocational programs may be reduced or eliminated.

While the housing classification of an incarcerated person has the potential to pose security issues, every effort, to the extent reasonably practicable, will be made to provide individualized educational opportunities (15 CCR 1061).

1012.3 PROGRAMS COORDINATOR

The Programs Coordinator shall be appointed by the Sheriff or the authorized designee and shall be responsible for managing all aspects of the educational and vocational program. Those duties include but are not limited to:

Educational/vocational programming (other than televised courses) may be offered to sentenced and pretrial persons. The Sheriff shall ensure that there is equal opportunity for participation for incarcerated persons of each gender.

1012.7 INCARCERATED PERSON REQUESTS

Incarcerated persons should be given a form to request participation in the education program. Incarcerated person requests will be forwarded to the Programs Coordinator, who will have the facility classification staff screen and approve the request.

The Programs Coordinator will notify the incarcerated person whether they have been approved for an education program. To the extent reasonably practicable, high-security incarcerated persons and those held in administrative separation may receive individual instruction in the form of a correspondence course.

1012.10 REHABILITATION PROGRAM

The Office provides opportunities for rehabilitation programs that are based upon victim and community input and are fashioned in a way that gives the incarcerated person an opportunity to make amends for the harm done.

The Sheriff and the Jail Commander should work with other justice system partners to create such programs and opportunities. Examples include the following:

- Programs designed to deter domestic violence and substance abuse
- Community service, such as supervised public works projects

1012.12 CLASSROOM USE AND DESIGN

The demographics of the incarcerated person population should always be considered when developing educational and other programs. Incarcerated person classification and separation requirements also need to be considered.

The Jail Commander should encourage and include educators in the setup and design of classrooms that have been identified for incarcerated person education programs. To the extent reasonably possible, in consideration of the space design and the ability to provide adequate security, teachers, education managers, and administrators should be consulted to ensure that their needs are met.

The Jail Commander may seek technical assistance from consultants to school districts that provide education programs in correctional settings. There are also networks of educators who can provide valuable consulting services in order to keep pace with rapidly evolving program and legislative issues that are related to education.

The Supervisor shall be responsible for ensuring that all incarcerated persons who have commissary privileges have the opportunity to order and receive commissary items in a timely manner.

All incarcerated persons shall be afforded the opportunity to review an accounting of their money held in their account, including deposits, debits, and commissary goods purchased and received. Any discrepancy of the incarcerated person's funds shall be immediately reported to the Commissary Manager. If the Commissary Manager and the involved incarcerated person cannot

settle the discrepancy, the Jail Commander shall be notified and the Jail Commander will resolve the discrepancy.

1014.5 INCARCERATED PERSON WELFARE PACKS

The Jail Commander or the authorized designee shall monitor the provision of welfare packs to indigent incarcerated persons. Welfare packs shall include but not be limited to:

- (a) At least two postage-paid envelopes and two sheet of paper each week to permit correspondence with family members and friends (see the Mail Policy).
- (b) Personal hygiene items, including toothbrush, toothpaste, soap, and other supplies deemed to be appropriate for indigent persons.

The Sheriff may expend money from the Incarcerated Person Welfare Fund to provide indigent incarcerated persons with essential clothing and limited transportation expenses upon release (Penal Code § 4025(i)).

1014.6 ANNUAL AUDIT OF THE COMMISSARY

The Commissary Manager should ensure that an annual audit of the commissary operation is conducted by a certified auditor. The written report prepared by the auditor should be reviewed for accuracy by the Commissary Manager and provided to the Jail Commander.

All surplus funds from the commissary operation should be deposited into the Incarcerated Person Welfare Fund or used in a manner from which the incarcerated persons will benefit. They also may be deposited and used in accordance with expenditures authorized by the board of supervisors. An itemized report on expenditures shall be submitted annually to the board of supervisors (Penal Code § 4025(e)).

Library Services

1016.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for funding of library services and for providing incarcerated persons access to leisure and legal reading materials.

1016.2 RESPONSIBILITIES

The Jail Commander or the authorized designee is responsible for the administration of the library services and should appoint a capable member to serve as librarian to run the daily library operations. The library services shall include access via paper documents or through electronic media to legal reference materials, current information on community services and resources, and religious, educational, and recreational reading material (15 CCR 1064).

The librarian shall ensure that reading materials are provided to the general housing units and that any member assigned to assist with the delivery of library services has received the appropriate training in facility safety and security practices.

1016.3 LIBRARY FUNDING AND MAINTENANCE

The Jail Commander should ensure that funding is available to operate the library. The Jail Commander may use monies from the Incarcerated Person Welfare Fund to offset the cost of salaries, services, and supplies. The librarian may enlist the assistance of the local public library system and other community organizations to maintain and update the library. Donated books and materials should be screened by the librarian for permissible content and safety prior to being distributed to incarcerated persons.

The Office may reject library materials that may compromise the safety, security, and orderly operation of this facility (see the Mail Policy for examples of materials that may be rejected).

The library shall be operated within the physical, budgetary, and security limits of the existing facility.

Books and other reading material should be provided in languages that reflect the population of the facility.

1016.4 LEISURE LIBRARY MATERIALS

Each incarcerated person is allowed to have no more than two books at any given time. Existing selections must be returned before new books may be selected by an incarcerated person. Incarcerated persons who destroy or misuse books and library materials will be subject to disciplinary action and may be required to pay for the material.

1016.5 LEGAL MATERIALS

All incarcerated persons shall have reasonable access to the legal system, which may include access to legal reference materials. Pro per incarcerated persons shall have priority regarding access to legal publications.

Legal information that may be provided through the library includes but is not limited to:

- Criminal code sections.
- Copies of criminal and/or civil cases.
- Copies of relevant judicial forms.

Incarcerated persons desiring access to the library or legal publications shall submit a completed legal information request to the housing correctional officer. Only one request per incarcerated person per week is allowed unless the incarcerated person is a court-ordered pro per.

The housing correctional officer will collect completed request forms and deliver them to the librarian. Upon receipt the librarian will time stamp, log, and number the request and arrange for the incarcerated person to have access to the library or to legal research services if they are available and do not conflict with scheduling or security concerns. Records of access to legal materials and whether the requests were fulfilled or denied should be documented each day and maintained in the incarcerated person's file in accordance with established records retention schedules.

Pro per incarcerated persons may keep minimal supplies for their case in their cells (e.g., paper, letters, reference materials), provided they do not create a fire hazard or other safety or security concern.

1016.6 ALTERNATE MEANS OF ACCESS TO LEGAL PUBLICATIONS

Nothing in this policy shall confer a right to access to a law library and, unless it is specified by a court order, the Sheriff may provide access to the legal system by a variety of means that may include public or private legal research services (e.g., legal paging system).

1016.7 POLICY

It is the policy of this facility to operate a library service that provides leisure and legal reading materials to incarcerated persons.

Mail

1018.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the receipt, rejection, inspection, and sending of incarcerated person mail.

1018.2 POLICY

This office will provide ample opportunity for incarcerated persons to send and receive mail, subject to restriction only when there is a legitimate government interest.

1018.3 MAIL GENERALLY

Incarcerated persons may, at their own expense, send and receive mail without restrictions on quantity, provided it does not jeopardize the safety of staff, visitors, or other incarcerated persons, or pose an unreasonable disruption to the orderly operation of the facility.

However, incarcerated persons are only allowed to store a limited amount of mail in their cells as determined by the Jail Commander. Excess mail will be stored with the incarcerated person's personal property and returned at the incarcerated person's release.

1018.4 CONFIDENTIAL CORRESPONDENCE

Incarcerated persons may correspond confidentially with courts, legal counsel, officials of this office, elected officials, the Department of Corrections, jail inspectors, government officials, or officers of the court. This facility will also accept and deliver a fax or interoffice mail from these entities.

Foreign nationals shall have access to the diplomatic representative of their country of citizenship. Staff shall assist in this process upon request.

Facility staff may inspect incoming confidential correspondence for contraband. Facility staff may inspect outgoing confidential correspondence for contraband before it is sealed, provided the inspection is completed in the presence of the incarcerated person. In the event that confidential correspondence is inspected, staff shall limit the inspection to a search for physical items that may be included in addition to the correspondence and shall not read the content of the correspondence itself (15 CCR 1063(c)).

1018.5 SUSPENSION/RESTRICTION OF MAIL PRIVILEGES

Mail privileges may be suspended or restricted upon approval of the Jail Commander whenever staff becomes aware of mail sent by an incarcerated person that involves (15 CCR 1083(f)):

- (a) Threats of violence against any member of the government, judiciary, legal representatives, victims, or witnesses.
- (b) Incoming or outgoing mail representing a threat to the security of the facility, staff, or the public.

Inyo County Sheriff Department

Custody

Custody

Mail

The District Attorney or County Counsel should be consulted in cases where criminal charges are considered against an incarcerated person or there is an apparent liability risk to the Office that relates to suspension or restriction of mail privileges.

1018.6 PROCESSING AND INSPECTION OF MAIL BY STAFF

Staff should process incoming and outgoing mail as expeditiously as reasonably possible. All incoming and outgoing mail should be processed within 24 hours and packages within 48 hours. Mail processing may be suspended on weekends, holidays, or during an emergency situation.

Assigned correctional officers should open and inspect all incoming and outgoing general mail of current incarcerated persons. The incoming correspondence may be read as frequently as deemed necessary to maintain security or monitor a particular problem. Mail for incarcerated persons no longer in custody should not be opened.

Outgoing general mail may not be sealed by the incarcerated person and may be read by staff when:

- (a) There is reason to believe the mail would:
 - 1. Interfere with the orderly operation of the facility.
 - 2. Be threatening to the recipient.
 - 3. Facilitate criminal activity.
- (b) The incarcerated person is on a restricted mail list.
- (c) The mail is between incarcerated persons.
- (d) The envelope has an incomplete return address.

When mail is found to be inappropriate in accordance with the provisions of this policy or when an incarcerated person is sent material that is not prohibited by law but is considered contraband by the facility, the material may be returned to the sender or held in the incarcerated person's property to be given to the incarcerated person upon release.

Incarcerated persons are allowed to correspond with other incarcerated persons in this jail, as well as other jails or correctional institutions, as long as they pay for the mailing and the mailing is sent and received through the U.S. Postal Service.

Incarcerated persons shall be notified in writing whenever their mail is held or returned to the sender. Mail logs and records, justification of censoring or rejection of mail, and copies of hold or return notices shall be maintained in the incarcerated person's file in accordance with established records retention schedules.

Cash, government checks, and money orders contained in incoming incarcerated person mail shall be removed and credited to the incarcerated person's account. Personal checks may be returned to the sender or held in the incarcerated person's property to be given to the incarcerated person upon release.

1018.6.1 DESIGNATION OF STAFF AUTHORIZED TO READ MAIL

Only staff members designated by the Jail Commander are authorized to read incoming and outgoing non-confidential mail. These staff members should receive training on legitimate government interests for reading and censoring mail and related legal requirements (15 CCR 1063).

1018.6.2 CENSORSHIP OF INCOMING AND OUTGOING NON-CONFIDENTIAL CORRESPONDENCE

In making the determination of whether to censor incoming non-confidential correspondence, consideration shall be given to whether rejecting the material is rationally related to a legitimate government interest, and whether alternate means of communicating with others is available.

The impact the correspondence may have on other incarcerated persons and jail staff is also a factor. Reasonable alternatives should be considered and an exaggerated response should be avoided; for example, discontinuing delivery of a magazine because of one article.

Outgoing non-confidential correspondence shall only be censored to further a substantial government interest, and only when it is necessary or essential to address the particular government interest. Government interests that would justify confiscation of outgoing mail include:

- (a) Maintaining facility security.
- (b) Preventing dangerous conduct, such as an escape plan.
- (c) Preventing ongoing criminal activity, such as threats of blackmail or extortion, or other similar conduct.
- (d) Preventing harassment of those who have requested that no mail be sent to them by the incarcerated person.

Correspondence and material identified for censorship shall be delivered to the Supervisor, who shall make the decision if such mail will be censored.

Notices should be sent to the sender of censored correspondence or publications, even when the sender is the editor or publisher. A single notification may be sent if the publication is received by multiple incarcerated persons.

1018.7 BOOKS, MAGAZINES, NEWSPAPERS, AND PERIODICALS

Unless otherwise in conflict with this policy and prohibited by the Jail Commander, incarcerated persons are permitted to purchase, receive, and read any book, newspaper, periodical, or writing accepted for distribution by the U. S. Postal Service (15 CCR 1066(a)).

Publications, magazines, or newspapers shall be accepted only if they are mailed directly from the publisher to a named incarcerated person. A current newspaper in general circulation or other like source, including a non-English alternative shall be made available to interested people (15 CCR 1066(a)).

1018.8 REJECTION OF MAGAZINES AND PERIODICALS

The Office may reject magazines, periodicals, and other materials that may inhibit the reasonable safety, security, and discipline in the daily operation of this facility. Generally, books, newspapers, and magazines are accepted only if they are sent directly by the publisher. Materials that may be rejected include but are not limited to (15 CCR 1066(a)):

- Materials that advocate violence or a security breach.
- Literature that could incite racial unrest.
- Sexually explicit material, including pornographic magazines, nude pictures, or pictures or descriptions of sexually explicit activities.
- Obscene publications or writings and mail containing information concerning where or how such matter may be obtained; any material that would have a tendency to incite murder, arson, riot, violent racism, or any other form of violence; any material that would have a tendency to incite crimes against children; any material concerning unlawful gambling or an unlawful lottery; any material containing information on the manufacture or use of weapons, narcotics, or explosives or any other unlawful activity.
- Material that could lead to sexual aggression or an offensive environment for incarcerated persons.
- Material that could create a hostile or offensive work environment.
- Any material with content that could reasonably demonstrate a legitimate government interest in rejecting the material.

Staff shall notify the Supervisor whenever a decision is made to reject books, magazines, or periodicals. The Jail Commander or the authorized designee will be responsible for making the final decision as to the specific magazines, periodicals, and other materials that will be prohibited within this facility.

Religious texts not supplied by facility-authorized entities may be accepted by the chaplain or other religious volunteer who has received training on facility rules involving contraband, and who has been approved by a supervisor to review such documents for distribution.

1018.9 FORWARDING OF MAIL

Any non-legal mail received for a former incarcerated person should be returned to the sender with a notation that the incarcerated person is not in custody. Obvious legal mail should be forwarded to the former incarcerated person's new address if it is reasonably known to the facility. Otherwise, legal mail should be returned to the sender.

1018.10 INDIGENT INCARCERATED PERSONS REQUESTS FOR WRITING MATERIALS

Indigent incarcerated persons shall receive writing materials on a weekly basis, as provided by an approved schedule established by the Jail Commander. Writing materials should include the following (15 CCR 1063):

- (a) At least four pre-stamped envelopes for correspondence with family and friends
- (b) At least eight sheets of writing paper

(c) One pencil

Indigent incarcerated persons shall receive an amount of pre-stamped envelopes and writing paper sufficient to maintain communication with courts, legal counsel, officials of this office, elected officials, jail inspectors, government officials, and officials of the Board of State and Community Corrections. There shall be no limitation on the number of postage-paid envelopes and sheets of paper permitted for correspondence to the indigent incarcerated person's attorney and to the courts (15 CCR 1063(e)).

Requests shall be screened and granted based on need by the Programs Coordinator. Incarcerated persons should not be permitted to maintain an excess supply of writing materials without the approval of a supervisor.

Telephone Access

1020.1 PURPOSE AND SCOPE

This policy establishes guidelines for permitting incarcerated persons to access and use telephones.

1020.2 POLICY

The Jail will provide access to telephones for use by incarcerated persons consistent with federal and state law. The Jail Commander or the authorized designee shall develop written procedures establishing the guidelines for access and usage (15 CCR 1067). All incarcerated persons will be provided a copy of the telephone usage rules as part of their incarcerated person orientation during the booking process.

1020.3 PROCEDURE

Incarcerated persons housed in general population will be permitted reasonable access to public telephones at scheduled times in the dayrooms for collect calls unless such access may cause an unsafe situation for the facility, staff, or other incarcerated persons. The Jail Commander shall ensure a notice is conspicuously posted near the phones, informing incarcerated persons that non-attorney calls may be monitored and recorded.

Incarcerated persons are not permitted to receive telephone calls. Messages will only be delivered in the event of a verified emergency.

In the event of a facility emergency, or as directed by the supervisor or the Jail Commander, all telephones will be turned off.

For security reasons, incarcerated persons who are awaiting transport to another facility or release to another agency are not permitted to use the telephones.

Teletypewriter or other communication devices (e.g., videophones, third-party communications assistant) will be made available to persons who are known to have, or are perceived by others as having, hearing or speech impairments to allow them equivalent telephone access as those without these disabilities (15 CCR 1067).

The minimum time allowed per call should be 10 minutes, except where there are substantial reasons to justify such limitations. Reasons for denial of telephone access shall be documented and a copy placed into the incarcerated person's file. The rules governing the use of the telephone will be provided to persons during orientation and posted near the telephones.

The staff should monitor the use of public telephones to ensure incarcerated persons have reasonable and equitable access and that the rules of use are observed. Any incarcerated persons refusing to cooperate with the telephone rules may have their call terminated, telephone privileges suspended, and/or incur disciplinary action.

Requirements relating to the use of telephones during booking and reception are contained in the Reception Policy.

1020.4 USE OF TELEPHONES IN HIGH-SECURITY OR ADMINISTRATIVE SEPARATION HOUSING

Incarcerated persons who are housed in high-security or administrative separation may use the public telephones in the dayroom during the time allocated for that classification of incarcerated person to utilize that space. If portable telephones are available in the facility, persons who are housed in high-security or administrative separation units may have reasonable access to the portable telephones.

1020.5 COURT-ORDERED TELEPHONE CALLS

If a court order specifying free telephone calls is received by the facility, or a supervisor determines there is a legitimate need for a free telephone call for a specific incarcerated person, the supervisor may direct that a person use a facility telephone at no charge. Calls placed from a facility telephone should be dialed by a staff member. The staff shall be responsible for ensuring that the incarcerated person is not calling a number that has been restricted by a court order or by request of the recipient. Such a call shall be recorded to the same extent authorized for calls that are not court-ordered.

1020.6 ATTORNEY-CLIENT TELEPHONE CONSULTATION

At all times through the period of custody, whether the incarcerated person has been charged, tried, convicted, or sentenced, reasonable and non-recorded telephone access to an attorney shall be provided to the person at no charge to either the attorney or to the incarcerated person, in accordance with the Access to Courts and Counsel Policy.

1020.7 TELEPHONE CONTRACTS AND CHARGES

The Jail Commander or the authorized designee is responsible for ensuring that rates charged to incarcerated persons are similar to those charged to the general public and that incarcerated persons are afforded a range of feasible calling options.

Visitation

1022.1 PURPOSE AND SCOPE

The purpose of this policy is to establish rules for visitation and to provide a process for incarcerated person visits and visitors. Visitation is a privilege and is based on space availability, schedules, and on-duty staffing.

1022.1.1 DEFINITIONS

Definitions related to this policy include (Penal Code § 4032):

In-person visit - An on-site visit that may include barriers. In-person visits include interactions in which an incarcerated person has physical contact with a visitor, the incarcerated person is able to see a visitor through a barrier, or the incarcerated person is otherwise in a room with a visitor without physical contact. "In-person visit" does not include an interaction between an incarcerated person and a visitor through the use of an on-site two-way audio/video terminal.

Video visitation - Interaction between an incarcerated person and a member of the public through the means of an audio-visual communication device when the member of the public is located at a local detention facility or at a remote location.

1022.2 POLICY

It is the policy of the Inyo County Sheriff Department to allow incarcerated person visitation, including video visitation when applicable, as required by law.

1022.3 PROCEDURES

The Office shall provide adequate facilities for visiting that include appropriate space for the screening and searching of incarcerated persons and visitors and storage of visitors' personal belongings that are not allowed in the visiting area.

The Jail Commander shall develop written procedures for incarcerated person visiting, which shall provide for as many visits and visitors as facility schedules, space, and number of personnel will reasonably allow, with no fewer visits allowed than specified by 15 CCR 1062 per week, by type of facility. The procedures are subject to safety and security requirements and should consider:

- The facility's schedule.
- The space available to accommodate visitors.
- Whether an emergency or other conditions justify a limitation in visiting privileges.
- Video visitation if applicable (Penal Code § 4032; 15 CCR 1062).

The visiting area shall accommodate incarcerated persons and visitors with disabilities. Visitors with disabilities who request special accommodations shall be referred to a supervisor. Reasonable accommodations will be granted to incarcerated persons and disabled visitors to facilitate a visitation period.

Visitor logs and records shall be developed and maintained in accordance with established records retention schedules.

Court orders granting a special incarcerated person visitation are subject to county legal review and interpretation.

1022.3.1 VISITOR REGISTRATION AND IDENTIFICATION

All visitors must register and produce a valid state, military, tribal, or other government identification. Identification will be considered valid for 90 days after expiration, provided the visitor has renewed the ID and has proof of the renewal.

- (a) The registration form must include the visitor's name, address, and the relationship to the incarcerated person.
- (b) A valid identification shall include the following:
 - 1. A photograph of the person
 - 2. A physical description of the person
- (c) An official visitor shall present proof of professional capacity. For example, attorney license/Supreme Court card, law enforcement identification, or a business card/letterhead of the business with the visitor's name.

Failure or refusal to provide a valid identification is reason to deny a visit.

1022.3.2 VIDEO VISITATION NOT TO REPLACE IN-PERSON VISITATION

The Office may not substitute video visitation for in-person visitation to meet the requirements of 15 CCR 1062.

1022.4 AUTHORIZATION TO SEARCH VISITORS

Individuals who enter the secure perimeter of this facility are subject to search if there is reasonable cause to believe the visitor has violated the law, is wanted by a law enforcement agency, or is attempting to bring contraband onto the facility property or into the facility. All searches shall be made in accordance with current legal statutes and case law.

The area designated for a visitor to be searched prior to visiting with an incarcerated person shall have a notice posted indicating that any cellular telephone, wireless communication device, or any component thereof shall be confiscated for the period of the visitation and returned to the visitor upon departure from the facility (Penal Code § 4576(b)(3)).

1022.5 VISITING SCHEDULE

The Jail Commander shall designate a person to develop a schedule for incarcerated person visitation that includes daytime, evening, and weekend hours. Each incarcerated person shall receive a copy of the visitation schedule in the incarcerated person handbook at orientation. The visiting hours will also be posted in the public area of the facility.

1022.6 DENIAL OR TERMINATION OF VISITING PRIVILEGES

The Jail Commander or the authorized designee is responsible for defining, in writing, the conditions under which visits may be denied.

Visitation may be denied or terminated by a supervisor if the visitor poses a danger to the security of the facility or there is other good cause (15 CCR 1062). Danger to the security of the facility or other good cause includes but is not limited to the following:

- (a) The visitor appears to be under the influence of drugs and/or alcoholic beverages.
- (b) The visitor refuses to submit to being searched.
- (c) The visitor or incarcerated person violates facility rules or posted visiting rules.
- (d) The visitor fails to supervise and maintain control of any minors accompanying the visitor into the facility.
- (e) Visitors attempting to enter this facility with contraband will be denied a visit and may face criminal charges.

Any visitation that is denied or terminated early, on the reasonable grounds that the visit may endanger the security of the facility, shall have the actions and reasons documented. A copy of the documentation will be placed into the incarcerated person's file and another copy will be forwarded to the Jail Commander (15 CCR 1062).

1022.7 GENERAL VISITATION RULES

All visitors and incarcerated persons will be required to observe the following general rules during visitation:

- (a) A maximum of two adults and two children will be permitted to visit an incarcerated person at any one time. Children visiting incarcerated persons must be deemed age appropriate by the parent or guardian accompanying the child. Where a dispute over children visiting occurs between the incarcerated person and the parent or legal guardian, the incarcerated person will be advised to use the court for resolution. Adults must control minors while they are waiting to visit and during the visit.

- (h) Food or drink is not permitted in the visitor's area.
- (i) Incarcerated persons will be permitted to sign legal documents, vehicle release forms, or any other items authorized by the Supervisor. Transactions of this nature will not constitute a regular visit.

1022.8 SPECIAL VISITS

The Supervisor may authorize special visitation privileges, taking into consideration the following factors:

- The purpose of the visit
- The relationship of the visitor to the incarcerated person
- The circumstances of the visit
- Distance traveled by the visitor

Whenever a special visit is denied, an entry into the duty log will be made. The entry will include the requesting visitor's name and the reason why the visit was denied.

1022.9 ATTORNEY VISITS

Incarcerated persons shall have access to any attorney retained by or on behalf of the incarcerated person, or to an attorney the incarcerated person desires to consult, in a private interview room. Staff shall not interfere with, suspend, or cancel official visits except in circumstances where the safety, security, or good order of the facility is compromised (see the Incarcerated Person Access to Courts and Counsel Policy).

Incarcerated Person Work Program

1028.1 PURPOSE AND SCOPE

The purpose of this policy is to establish the guidelines and requirements for the Incarcerated Person Work Program. The Incarcerated Person Work Program allows incarcerated persons to improve and/or develop useful job skills, work habits, and experiences that will facilitate a successful transition back to the community.

1028.2 POLICY

The Inyo County Sheriff Department shall operate an Incarcerated Person Work Program in accordance with all applicable federal, state, or local work safety laws, rules, and regulations, and to the extent that the operation of incarcerated person work programs do not pose a risk to the safety of the staff, other incarcerated persons, or the public. This policy establishes the requirements, selection process, supervision, and training of persons prior to and after entering the facility's Incarcerated Person Work Program.

1028.3 WORK CRITERIA

1028.3.1 SENTENCED INCARCERATED PERSON WORK REQUIREMENTS

All sentenced incarcerated persons who are physically and mentally able should work. Incarcerated persons shall not be required to perform work that exceeds their physical limitations. Incarcerated persons may be excused from work in order to maintain their participation in an educational, vocational, drug abuse treatment, or other program. The Office will abide by all laws, ordinances, and regulations when using incarcerated persons to work in the facility.

1028.3.2 PRETRIAL AND UNSENTENCED INCARCERATED PERSON WORK REQUIREMENTS

Pretrial and unsentenced incarcerated persons may volunteer to participate in the Incarcerated Person Work Program but shall not be required to participate in work beyond maintaining the immediate living area.

1028.4 INCARCERATED WORKER SELECTION

The Incarcerated Person Work Program Coordinator shall be responsible for the selection and assignment of incarcerated persons to the various work assignments. The coordinator should solicit input from other custody staff in assisting with incarcerated person selection and assignment. Staff shall take into consideration the following eligibility criteria:

- (a) Incarcerated persons who have posed a threat in the past or have been charged with escape should be carefully screened for incarcerated person work projects.
- (b) The incarcerated person's charges and classification are such that the person will not pose a security risk to other incarcerated persons, staff, or the public.

- (e) The special interests, abilities, craft, or trade of the incarcerated person will benefit the work assignment.

Incarcerated persons must be able to pass a health screening test in accordance with the policies contained in this manual, and must meet all statutory and regulatory requirements. Health-screening shall be done for persons who work in the kitchen, around food products, or who serve meals to the incarcerated person population.

1028.5 COMMUNITY SERVICE PROGRAM

Sentenced incarcerated persons may be assigned to public works projects with state, municipal, and local government agencies, or to community service projects, with the approval of the Sheriff and in accordance with all applicable laws and regulations.

Assigning incarcerated persons to activities that benefit individuals, businesses or other private entities that are not considered a public works project is prohibited and may constitute a violation of the law.

1028.5.1 PROGRAM GUIDELINES

Any community service program is subject to the approval of the Jail Commander or the authorized designee.

Any such program shall be subject to the following guidelines:

- (a) The program complies with all statutes, ordinances, regulations, labor agreements, permissions, or restrictions relating to incarcerated persons whenever they are assigned to public works and community service projects.
- (b) There are incarcerated persons available who, as a matter of classification, are deemed eligible for participating in the community service programs. Only incarcerated persons who are classified as minimum custody shall be assigned outside the secure perimeter.
- (c) The number of work opportunities available in the community will determine the availability of opportunities to participate in the community service program.

- (e) Victim and community input should be solicited and considered when developing community service programs.
- (f) Poor performance in the work program or violating rules may render the incarcerated person ineligible to participate in the work program. Any violation of work rules may result in disciplinary action that may include the loss of credits previously awarded for good behavior and work time. Incarcerated workers shall be under the direct supervision of the facility staff at all times and shall not be supervised by other incarcerated persons when they are on assignment through the Incarcerated Person Work Program.

Persons who are responsible for the supervision of incarcerated persons on work crews should receive training in basic areas of safety, security, and reporting procedures.

Disciplinary action for incarcerated worker misconduct shall adhere to the Discipline Policy.

1028.8 INCARCERATED WORKER TRAINING

Incarcerated persons who are assigned to work in any area that may require the handling of any chemicals or the use of any equipment shall receive training from the respective office supervisor prior to using the chemicals or equipment. Work-crew supervisors shall also train incarcerated workers on safety practices. Incarcerated persons should never be assigned to handle dangerous chemicals or equipment that normally require a level of expertise and competency beyond their demonstrated ability.

1028.9 INCARCERATED WORKER INCENTIVES

The Jail Commander is responsible for establishing an incentive program for incarcerated persons assigned to the Incarcerated Person Work Program. Incentives for incarcerated persons may include:

- (a) Granting "Good Time and Work" credits to apply to their sentence as allowed by state or local law.
- (b) Using credits for sentence reduction when allowed by statute.
- (c) Granting distinctive housing assignments, extra privileges, recreation, and special rewards, as allowed by law regulation and policy. Welfare funds may be used to offset the cost of a reward program.
- (d) Awarding certificates of achievement for successful completion of vocational, educational, and/or work programs.
- (e) When allowed by law, ordinance, and in consideration with local labor relations, giving monetary compensation for work on government projects.

Religious Programs

1030.1 PURPOSE AND SCOPE

This policy provides guidance regarding the right of incarcerated persons to exercise their religion and for evaluating accommodation requests for faith-based religious practices of incarcerated persons (15 CCR 1072).

1030.1.1 DEFINITIONS

Definitions related to this policy include:

Compelling government interest - A method for determining the constitutionality of a policy that restricts the practice of a fundamental right. In order for such a policy to be valid, there must be a compelling government interest, which is necessary or crucial to the mission of the Office, as opposed to something merely preferred, that can be furthered only by the policy under review.

Least restrictive means - A standard imposed by the courts when considering the validity of policies that touch upon constitutional interests. If the Office adopts a policy that restricts a fundamental religious liberty, it must employ the least restrictive measures possible to achieve its goal.

Religious exercise - Any exercise of religion, whether or not it is compelled by, or central to, a system of religious belief. The key is not what a faith requires but whether the practice is included in the incarcerated person's sincerely held religious beliefs.

Substantial burden - For the purposes of this policy, substantial burden means either of the following:

- A restriction or requirement imposed by the Office that places an incarcerated person in a position of having to choose between following the precepts of the person's religion and forfeiting benefits otherwise generally available to other incarcerated persons, or having to abandon one of the precepts of their religion in order to receive a benefit.
- The Office puts considerable pressure on an incarcerated person to substantially modify the person's behavior in violation of their beliefs.

1030.2 POLICY

It is the policy of this office to permit incarcerated persons to engage in the lawful practices and observances of their sincerely held religious beliefs consistent with the legitimate governmental objectives of the facility.

1030.3 RELIGIOUS BELIEFS AND ACCOMMODATION REQUESTS

Inmates are not required to identify or express a religious belief. An inmate may designate any belief, or no belief, during the intake process and may change a designation at any time by declaring their religious belief in writing to the Jail Commander or the authorized designee. Inmates seeking to engage in religious practices shall submit a request through the established process. Requests to engage in practices that are on the facility's list of accepted practices should be

Inyo County Sheriff Department

Custody

Custody

granted. Requests to engage in religious practices that are not on the approved list shall be processed as provided in this policy.

All requests for accommodation of religious practices shall be treated equally, regardless of the religion that is involved. Equal and consistent treatment of all religions and religious beliefs shall not always require that all inmates of the same religion receive the same accommodations. Requests for accommodation of religious practices shall be submitted to a supervisor. In determining whether to grant or deny a request for accommodation of a religious practice, the supervisor will seek guidance to determine the sincerity of the religious claim of an inmate. Requests should be denied only if the denial or reason for denial would further a compelling interest of the facility and is the least restrictive means of furthering that compelling interest.

A supervisor who does not grant the accommodation, either in part or in full, should promptly forward the request to the Jail Commander, who, after consultation with legal counsel as appropriate, should make a determination regarding the request within 10 days following the inmate's request.

A Jail Commander who does not grant an accommodation, either in part or in full, should forward the request to the Sheriff with the basis for the denial within 14 days of the inmate's original request being made. The Sheriff or the authorized designee will review the denial and respond to the requesting inmate as soon as reasonably practicable.

The Jail Commander and the Sheriff shall be informed of all approved accommodations. The chaplain should make any necessary notifications to staff as necessary to meet an approved accommodation.

All inmate requests for religious accommodations and related determinations shall be fully documented in the inmate's record.

1030.3.1 SUSPENSION OR REVOCATION OF ACCOMMODATIONS

In an emergency or extended disruption of normal facility operations, the Jail Commander may suspend any religious accommodation. The Jail Commander may also revoke or modify an approved religious accommodation if the accommodated incarcerated person violates the terms or conditions under which the accommodation was granted.

1030.3.2 APPEALS OF SUSPENSION OR REVOCATION OF ACCOMMODATIONS

Incarcerated persons may appeal the Jail Commander's denial, suspension, or revocation of an accommodation through the appeal process.

1030.3.3 ACCOMMODATION REQUESTS REGARDING GROOMING, RELIGIOUS CLOTHING, AND HEADWEAR

Individuals in custody have the right to a religious accommodation with respect to grooming, religious clothing, and headwear in observance of their sincerely held religious belief, at all times and throughout the jail, except if in furtherance of a compelling governmental interest regarding security that may impact the jail, staff, the individual, or others in custody. Religious grooming, clothing, and headwear accommodations shall only be denied when doing so would be the

Inyo County Sheriff Department

Custody

least restrictive means of furthering these governmental interests (Penal Code § 2607). (See the Reception Policy.)

1030.4 DIETS AND MEAL SERVICE

The Jail Commander should provide incarcerated persons requesting a religious diet, including fasting and/or hour of dining, a reasonable and equitable opportunity to observe their religious dietary practice. This should be done within budgetary constraints and be consistent with the security and orderly management of the facility. The chaplain shall provide a list of incarcerated persons authorized to receive religious diets to the food services manager. The food services manager shall establish a process for managing religious meal accommodations.

1030.4.1 PROHIBITION ON USE OF ALCOHOL OR DRUGS FOR RELIGIOUS OBSERVANCE

Illegal substances are prohibited from use in religious services under RLUIPA. Otherwise legal substances, such as alcohol, may be permitted in religious rituals provided that:

- There is a recognized legitimate religious practice of which the consumption of a substance is an essential aspect of the religious practice.
- No reasonable alternative (such as non-alcoholic) means exists to exercise such an essential aspect of an inmate's faith and this imposes a substantial burden on an inmate's faith.
- The quantity of the substance consumed as part of the ritual will not intoxicate or impair the inmate.
- Adequate controls on the substance and limits upon the quantity are approved by the Jail Commander.
- The activity will not otherwise disrupt facility safety or control interests.

Limited exceptions may be made in writing by the Jail Commander based upon the chaplain's recommendation that there is significant compelling reason to permit ceremonial consumption.

1030.5 HAIRSTYLES AND GROOMING

Unless it is necessary for the health and sanitation of the facility, incarcerated persons who wear head and facial hair in the observance of their religion will generally not be required to shave or cut their hair. To the extent reasonably practicable, alternative housing may be considered to accommodate the need for religious hair and grooming, while meeting the health and sanitation needs of the facility (Penal Code § 2607).

Any incarcerated person whose appearance is substantially altered due to changes in facial hair or hair length may be required to submit to additional identification photographs.

1030.6 RELIGIOUS TEXTS

Religious texts should be provided to the requesting incarcerated person, if the texts available do not pose a threat to the safety, security, and orderly management of the facility.

1030.7 UNAUTHORIZED PRACTICES OR MATERIAL

The following list, which is not intended to be exhaustive, includes materials or practices that shall not be authorized:

- (a) Animal sacrifice
- (b) Language or behaviors that could reasonably be construed as presenting a threat to facility safety or security
- (c) Self-mutilation
- (d) Use, display, or possession of weapons
- (e) Self-defense or military training
- (f) Disparagement of other religions
- (g) Nudity or sexual acts
- (h) Profanity
- (i) Use of illegal substances or controlled substances without a prescription

1030.8 GROUP RELIGIOUS SERVICES

Group religious services may be allowed after due consideration of the incarcerated person's classification or other concerns that may adversely affect the order, safety, and security of the facility.

Alternatives to attendance of group religious services may include but are not limited to:

- The provision of religious books and reading materials.
- Access to religious counselors.
- Recorded religious media (e.g., DVDs, CDs, video tapes).

1030.9 RELIGIOUS SYMBOLS AND IMPLEMENTS

Religious symbols and implements used in the exercise of religion should generally be allowed unless the symbol or implement poses a threat to the safety and security of the facility. Alternatives to the provision of religious symbols and implements may be considered when security, safety, or efficient operations may be jeopardized (e.g., substitution of a towel in lieu of a prayer rug).

1030.10 RELIGIOUS GARMENTS AND CLOTHING

Incarcerated persons who practice a religion that requires particular modes of dress, garments, headgear, etc., other than standard-issue clothing, should generally be accommodated subject to the need to identify incarcerated persons and maintain security (Penal Code § 2607). (See the Reception Policy for additional guidance.)

Head coverings shall be searched before being worn in the housing areas of the facility and shall be subject to random searches for contraband. Personal head coverings should be exchanged in favor of office-supplied head coverings when available and appropriate.

Inyo County Sheriff Department

Religious Programs

Incarcerated persons wearing headscarves or other approved coverings shall not be required to remove them while in the presence of or while visible to the opposite gender, if they so desire. Religious garments that substantially cover the person's head and face shall be temporarily removed during the taking of booking and identification photographs.

To the extent reasonably practicable, alternative housing may be considered to accommodate an incarcerated person's need for religious attire, while meeting the security needs of the facility.

1030.11 FAITH- AND MORALS-BASED COUNSELING

The Jail Commander shall be responsible for establishing a plan for incarcerated persons to receive faith- and morals-based counseling from the chaplain or religious volunteers. Incarcerated persons should be reasonably accommodated, including reasonable access to clergy members and spiritual advisers, volunteer religious organizations, faith- and morals-based programs, and other secular volunteer programs.

No incarcerated person shall be required to participate in any such program.

1030.12 SPACE AND EQUIPMENT FOR RELIGIOUS OBSERVANCES

The Jail Commander shall ensure that there are sufficient facilities and resources for the chaplain to serve the incarcerated person population, including providing access to areas of the facility. Space for group worship will be dictated by the availability of secure areas and the classification status of the incarcerated persons to be served. All recognized religious groups should have equal access to the space, equipment, and services which the facility normally provides for religious purposes.

1030.13 COMMUNITY RESOURCES

The chaplain may minister their particular faith and any other similar faiths to incarcerated persons but should also establish contacts with clergy of other faiths who can provide services to persons of other religious denominations.

Whenever the chaplain is unable to represent or provide faith-based services to an incarcerated person, a religious leader or other volunteer from the community, credentialed by the particular faith, should be sought to help provide services. All individuals providing faith-based services should be supervised by the chaplain. All efforts to contact faith-based representatives should be documented and retained in accordance with established records retention schedules.

Volunteers are another valuable resource that could be utilized extensively in the delivery of the religious program (see the Volunteer Program Policy). A volunteer could ensure that religious personnel who provide programming in the facility possess the required credentials and have the security clearance to enter the facility.

The chaplain, in cooperation with the Jail Commander or the authorized designee, shall develop and maintain communication with faith communities. The chaplain shall review and coordinate with the Jail Commander regarding offers to donate equipment or materials for use in the

Inyo County Sheriff Department

religious programs. All communication efforts and donations should be documented and retained in accordance with established records retention schedules.

1030.14 TRAINING

The Office shall provide training to facility staff on the requirements of this policy.

The Office shall also provide training in safety and security to the chaplain. The chaplain shall approve and train clergy and religious volunteers. This includes the preparation of a training curriculum, as well as the development and maintenance of training records.

1030.15 STAFF RESPONSIBILITIES

Members shall not show favoritism or preference to any religion and will not discriminate or retaliate against any incarcerated person for participating or not participating in any religion or religious practice. Incarcerated persons are not required to participate in religious programs or activities.

Facility staff will not allow their personal religious beliefs to influence them in the daily management of the incarcerated person population, particularly as it relates to religious practices.

1030.16 SEARCHES REGARDING RELIGIOUS CLOTHING AND HEADWEAR

Unless exigent circumstances exist, when a person in custody is wearing religious clothing or headwear, a correctional officer shall offer to conduct searches of the individual using a correctional officer of the same gender and offer the search to be out of view of members of a different gender (Penal Code § 2607).

Following a search, any religious clothing or headwear purchased, accessed, or retained shall be returned unless there is a reason to confiscate the item due to a security risk. If the item is not returned, the reason shall be documented (Penal Code § 2607).

Programs

1031.1 PURPOSE AND SCOPE

The Inyo County Sheriff Department operates the Programs to provide meaningful job opportunities to help rehabilitate incarcerated persons, thereby facilitating a successful reentry into society. This policy provides guidelines for the administration of the Programs and outlines procedures, responsibilities, and requirements for incarcerated persons who wish to participate in the program.

1031.2 POLICY

It is the policy of the Inyo County Sheriff Department, in compliance with applicable laws and standards, to operate the Programs to provide both goods and merchandise to offset the cost of incarceration and to provide incarcerated persons an opportunity to develop marketable skills and a work ethic, which may ultimately improve their ability to be employed upon release into the community.

1031.3 OPERATIONAL FACTORS

As many incarcerated persons as reasonably practicable should be allowed to participate in Programs. Screening for incarcerated person eligibility shall be through the development of an application process and classification procedure.

Quality control of the work product shall be overseen by the Programs staff to prevent defective products from being shipped to customers.

The Programs shall be managed according to sound business principles, using generally accepted accounting principles. It shall operate like a for-profit business, providing non-taxpayer income for the operational support of the program and the incarcerated persons. All Programs practices shall comply with applicable federal, state and local laws, and regulations.

1031.4 PROGRAMS ADMINISTRATOR

The Sheriff, in cooperation with the Personnel Department, shall be the hiring authority for the administrator of Programs, who shall report directly to the Sheriff. The administrator is responsible for developing and directing business-oriented work and training programs for incarcerated persons, daily management of the Programs, and oversight of production, marketing, sales, finances, purchasing, delivery, customer service, and accounting.

The administrator shall develop and implement all policies, protocols, and direction for the program in consultation with the Jail Commander, customers, state, and county officials. Other resources may include a state or local education and training advisory board, and national organizations such as the National Institute of Justice, the Correctional Industries Association, the Jail Industries Association, the American Correctional Association, and the American Jail Association.

The administrator shall be responsible for providing workers with a safe working environment by ensuring that they receive proper orientation, training and supervision, and by ensuring that all equipment and facilities are maintained in a satisfactory manner. The administrator supervises

subordinate staff members and incarcerated workers in the work area and jointly plans production schedules, material requirements, and staffing needs.

The administrator shall ensure that the Programs complies with applicable federal, state and local laws, and standards regarding working conditions. The administrator also shall ensure that the program complies with occupational health and safety standards by establishing policies and procedures, providing appropriate training, conducting periodic inspections, implementing corrective action when deficiencies are noted, and establishing a continuous quality improvement philosophy.

1031.4.1 STAFF RESPONSIBILITIES

The Programs professional staff oversees the daily operation of the industries shop area, directly supervises and trains incarcerated persons, teaches work skills, maintains materials and equipment, and oversees all other daily operational functions.

An administrative assistant accomplishes the clerical and accounting functions of the program, serves as the contact person for customers and vendors, and is supervised by the administrator of the Programs or the authorized designee.

1031.4.2 PROGRAMS REQUIREMENTS

The Programs will not compete with or duplicate the efforts of qualified non-profit agencies employing disabled persons for the purpose of the production of products or services.

The Programs shall not engage in operations that will result in the displacement of employed workers, or engage in skills, crafts, or trades in which there is a surplus of available labor in the area or that will significantly impair existing contracts.

The Programs will be labor intensive and will maximize the number of incarcerated person jobs within the available space allocated for jail industries for purposeful work in a realistic work environment.

1031.5 PROGRAMS ADVISORY BOARD

The Sheriff or the authorized designee should establish an advisory board to provide input to the administrator regarding the appropriate role the Programs plays and its impact on the community. Additionally, the advisory board should work closely with the County Counsel to ensure that the activities of the Programs are within established law.

The advisory board should be composed of stakeholders with an interest in the efficacy of the Programs. The following is a list of the types of organizations that should be considered when recruiting advisory board members:

- Service corps
- Retired business executives
- Private industry councils
- The local Chamber of Commerce

Inyo County Sheriff Department

Custody

Custody

Programs

- The small business administration
- Educational institutions
- Employment and job service organizations

The Sheriff or the authorized designee should develop an organizational chart identifying the Programs structure and the chain of command, including the role and responsibilities of the administrator and the advisory board.

1031.6 ASSIGNMENT PROCEDURE

Incarcerated persons who wish to participate in the Programs must complete and submit a written request form. The correctional staff will determine if the incarcerated person is qualified for referral by determining if the incarcerated person is eligible based on institutional classification and incarcerated person movement guidelines.

If approved by the correctional staff, the incarcerated person shall complete and submit a Programs application, which will be forwarded by the correctional staff to the classification unit. The classification officer/team member will approve or deny the request based on the incarcerated person's performance within their current living unit, including security considerations, institutional work records, and disciplinary records of the incarcerated person. If the incarcerated person is approved to move forward in the process, the correctional staff will prepare the industries referral form and forward it to the program administrator for review.

Applicants should be interviewed by the program administrator and selected correctional staff to determine suitability for participation in the program. During the interview, incarcerated persons should be given a tour of the work area and a verbal overview of the program's history, philosophy, and expectations. The decision whether to hire the applicant will be based on the incarcerated person's work skills, interest and attitude, length of remaining sentence and recommendations from case managers, housing officers, and other program or work supervisors. The program administrator has authority to refuse to hire any incarcerated person who, in the judgment of the program administrator, would present a threat to the orderly and safe operation of the facility or program.

The administrator and correctional staff should jointly analyze the anticipated workload to determine the number of workers needed. The workday should be scheduled to approximate a workday of a similar industry within the community, as is reasonably available in accordance with jail schedules. Applicants who are selected to participate in the work program shall be placed on an approved workers list, to be hired based on available openings.

Applications from incarcerated persons who are not immediately selected shall be maintained on file for future consideration.

1031.7 INCARCERATED PERSON WORKLOAD

The administrator should develop and maintain procedures addressing workload, number of hours, and the frequency with which incarcerated persons are allowed to work. The administrator

Inyo County Sheriff Department

Custody

Custody

Programs

should define program support fees that are derived from the profits generated by the industry and how those fees shall be allocated.

The following are guidelines that should be used to ensure the incarcerated persons working in the Programs are meeting the same standards as employees working in the private sector:

- (a) Incarcerated persons assigned to the Programs will work a regular work schedule of up to 40 hours per week.
- (b) Each shift worked will include a 15-minute break in the morning and afternoon and a 30-minute lunch break.
 - 1. Depending on the size of the work crew and available staff, breaks can be given all at once or staggered as needed.
- (c) Incarcerated persons who need to be excused from a scheduled work assignment must be excused by the administrator or the authorized designee. All absences will be documented, detailing the reason for the absence.
- (d) Any incarcerated person who accumulates an excessive amount of time off may be removed from the Programs at the discretion of the administrator.

1031.8 FINANCES

The administrator shall establish and maintain an accounting system for each Programs component. The accounting system will be in accordance with all applicable local requirements and generally accepted accounting principles.

1031.8.1 BUDGET

A budget shall be established for projected revenue, in order to demonstrate the ability of the program to pay for itself or to generate revenue that can be used by other programs. If capital is needed, projected revenue will be necessary to demonstrate financial viability and to calculate potential loan risks.

A budget shall also be established for expenses, such as the cost of raw materials, labor, supervisor salaries, administrative salaries, supplies, telephone service, equipment and maintenance. Program startup costs, especially capital equipment expenditures, also need to be included in the first year's budget projections.

1031.8.2 PROGRAM SUPPORT FEES

Incarcerated persons participating in a Programs program are required to pay support fees to the Office. Program support fees will be deposited into a special account related to Programs. The funds may then be allocated to other programs, such as a victim compensation fund.

This support is limited and cannot be more than 50 percent of the incarcerated person's net wages. Net wages are the gross wages minus Federal Insurance Contributions Act (FICA), Medicare, and federal and state income taxes.

1031.8.3 PROGRAMS COST ACCOUNTING SYSTEM PROCEDURES

The administrator, in conjunction with the state regulations and laws, the office of the comptroller, the procurement unit and the financial services division, shall develop, maintain, and manage cost accounting procedures in accordance with sound business principles and generally accepted accounting principles.

The pricing strategy for the Programs should take into consideration competitor pricing, annual revenue requirements and operational profit margins.

Once the pricing objectives have been determined, the set price for each product and service may be determined accordingly.

1031.9 QUALITY CONTROL

The administrator of Programs should develop and maintain a procedure outlining the quality control process in accordance with state and local guidelines, which should include but are not limited to the following:

- The receiving and accounting of all incoming products and materials shall be done by the Programs staff.
- Before accepting delivery of products and materials, Programs staff should open and inspect all containers for damage and missing items.
- If there is damage, the shipment must be refused, or the damaged or missing items must be recorded on the shipping invoice to facilitate a claim settlement with the shipping company.
- If a damaged or defective product is returned by a customer, Programs staff shall resolve the problem by repairing or shipping a replacement product as soon as reasonably practicable. Programs staff shall investigate the failure and provide a report to the administrator, who shall implement any corrective action required.
- If a quality control issue is determined to be the result of an incarcerated worker, Programs staff shall meet with the worker and ensure that proper corrective action is taken.
- Any repetitive quality control issues on the part of an incarcerated worker shall be documented in the worker's progress report by Programs staff, and may be grounds for delayed raises, reassignment or termination.

Chapter 11 - Facility Design

Space and Environmental Requirements

1100.1 PURPOSE AND SCOPE

This policy describes the desired space and environmental requirements for the physical plant.

1100.2 FACILITY SECURITY AND ACCESSIBILITY

Planned designs for renovations, modifications, additions, or new construction within the facility should facilitate personal communication with incarcerated persons and direct visual observation of all cells, dayrooms, and out of cell time areas. Electronic surveillance may be used to augment the observation of incarcerated persons but shall not be used as a substitute for personal communication.

All locks, detention hardware, fixtures, furnishings, and equipment should have the proper security value for the areas in which they are used. The use of padlocks in place of security locks on cell or incarcerated person housing unit doors is generally prohibited, as unauthorized locking mechanisms may pose a significant threat to the safety and security of the facility in the event of an emergency.

All parts of the facility that are accessible to the public should be accessible to and usable by disabled persons.

1100.3 ENVIRONMENTAL REQUIREMENTS

1100.3.1 LIGHTING LEVELS

Lighting levels shall be adequate for staff and incarcerated persons to perform daily activities. Night lighting levels should permit adequate illumination for supervision but should not unnecessarily interfere with the ability of incarcerated persons to sleep.

1100.3.2 NATURAL LIGHT

All incarcerated persons living areas should provide incarcerated person with exposure to natural light, unless prohibited by security concerns.

1100.3.3 NOISE LEVEL

Noise levels at night should be sufficiently low to allow incarcerated persons to sleep. Nothing in this policy is intended to limit or impair in any way staff's ability to monitor the jail in a manner that is consistent with safety and security and good correctional practices. Noise measurements shall be documented in each housing unit at least annually by an independent expert or by a designated trained staff member who is able to correctly document the conditions.

1100.3.4 VENTILATION

The ventilation system shall be sized and calibrated to supply fresh or circulated air in accordance with federal and state laws, codes and jail standards. Toilet rooms and cells with toilets shall be calibrated to have no less than four exchanges of air per hour, unless local codes require a different number of air exchanges.

Inyo County Sheriff Department

Custody

Custody

Space and Environmental Requirements

Other than an emergency situation, inmates or jail staff shall not adjust or restrict the ventilation systems without the express permission of the supervisor. Any adjustments made to the ventilation system shall only be allowed for the duration of the emergency or until qualified maintenance personnel can adjust or repair the ventilation system.

Air quantities shall be documented at least annually by a qualified independent contractor, and a report provided to the Jail Commander.

1100.3.5 TEMPERATURE LEVELS

Temperature and humidity levels should be maintained at a level established by facility maintenance personnel and deemed comfortable and cost-efficient.

Temperature readings shall be documented for each area of the facility on a weekly basis on the appropriate log. Staff shall immediately contact facility maintenance in the event that temperatures or humidity levels become uncomfortable.

1100.3.6 CELL FURNISHINGS

Each incarcerated person housed in this facility shall be provided with the following items:

- A sleeping surface and mattress in accordance with federal and state laws, codes, and jail standards
- A writing surface and seat
- A storage area for clothing and personal belongings

1100.4 DAYROOMS

Dayrooms shall be equipped with at least one shower for every 20 incarcerated persons or fraction thereof (24 CCR 1231.3.4), and tables and sufficient seating for all incarcerated persons at capacity. Where incarcerated persons do not have continuous access to their cells, dayrooms shall also be equipped with one toilet, an immediate source of fresh potable water, and lavatory with hot and cold water for every 10 incarcerated persons or fraction thereof (24 CCR 1231.2.9).

1100.5 JANITOR CLOSETS

Janitor closets shall be located near or inside each housing unit. Each janitor closet should contain a sink and the necessary cleaning implements. Access to the janitor closets shall be controlled and supervised by the staff. Only incarcerated persons with a minimum-security classification status shall be allowed access to the janitor closets, and then only under the supervision of staff.

1100.6 EMERGENCY POWER

The facility shall be equipped with a sufficient emergency power source to operate communications, security, and alarm systems in control centers; emergency lighting in corridors, stairwells, all incarcerated person housing areas and security control points; and audio-visual monitoring systems.

Inyo County Sheriff Department

Custody

Custody

Space and Environmental Requirements

1100.7 POLICY

It is the policy of this office to comply with federal and state laws, codes, and correctional standards in matters relating to the jail space and environmental requirements. Any designs for renovations, modifications, additions, or new construction within the facility should be in compliance with federal and state laws, codes, and jail standards.

Smoking and Tobacco Use

1102.1 PURPOSE AND SCOPE

This policy establishes limitations on the use of tobacco products by members and others while on-duty or while in Inyo County Sheriff Department facilities or vehicles.

For the purposes of this policy, smoking and tobacco use includes but is not limited to any tobacco product, such as cigarettes, cigars, pipe tobacco, snuff, tobacco pouches, and chewing tobacco, as well as any device intended to simulate smoking such as an electronic cigarette or personal vaporizer.

1102.2 POLICY

The Inyo County Sheriff Department recognizes that tobacco use is a health risk and can be offensive to others. Smoking and tobacco use also presents an unprofessional image for the Office and its members. Therefore, smoking and tobacco use are prohibited by members, incarcerated persons, and visitors in all office facilities, building, and vehicles, and as is further outlined in this policy.

1102.3 SMOKING AND TOBACCO USE

Smoking and tobacco use by members is prohibited any time members are in public view representing the Office.

Smoking and the use of other tobacco products is not permitted inside office facilities or any office vehicle, or any other county building (Labor Code § 6404.05).

It shall be the responsibility of each employee to ensure that no person under their supervision smokes or uses any tobacco product inside county facilities and vehicles.

1102.4 ADDITIONAL PROHIBITIONS

No person shall smoke tobacco products within 20 feet of a main entrance, exit, or operable window of any public building, including any office facility or a building on the campuses of the University of California, California State University and the California community colleges, whether present for training or any other purpose (Government Code § 7596 et seq.).

1102.4.1 NOTICE

The Jail Commander or the authorized designee should ensure that proper signage regarding smoking and tobacco use prohibitions is posted at each entrance to the facility (Labor Code § 6404.5).

Control Center

1104.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for a control center for monitoring and coordinating the facility security, safety and communications.

1104.2 POLICY

It is the policy of this office to maintain a control center, designated as Tower, which shall be secure and staffed 24 hours each day to monitor and coordinate security, safety and communications.

1104.3 COMMUNICATIONS AND MONITORING CAPABILITIES

Tower shall have multiple means of direct communication capabilities with all staff control stations in incarcerated person housing areas, including telephone, intercom, and radio.

The Tower staff shall be responsible for monitoring fire, smoke, and life-safety alarms and shall have the means to summon assistance in the event of an emergency.

1104.4 SECURITY

Access into the Tower should be through a sallyport entrance controlled by the staff inside the Tower.

At no time should incarcerated persons be allowed to enter the Tower.

Crowding

1106.1 PURPOSE AND SCOPE

One of the determining factors in maintaining a safe and secure jail is to limit the incarcerated person population to the number of beds constructed in each incarcerated person classification level. Occasionally, emergencies occur that will require the jail to exceed its approved bed capacity. This policy establishes the approved bed capacity of the facility, addresses temporary population excess, and provides a plan for gathering statistics and projecting long-term space needs via a jail needs assessment.

1106.2 POLICY

It is the policy of the Inyo County Sheriff Department to manage the incarcerated person population to the extent as is reasonably possible to avoid exceeding the facility's approved bed capacity.

1106.3 FACILITY NEEDS ASSESSMENT

In the event that the jail maintains an average 80 percent occupancy rate consistently for one year, the Office should initiate a jail needs assessment. The assessment initiates a systematic process that is designed to identify a variety of operational issues and program needs, and may indicate when expansion or replacement of the facility is warranted.

1106.4 DAILY INCARCERATED PERSON POPULATION REPORT

The Jail Commander or the authorized designee is responsible for ensuring that detailed daily logs of the facility's incarcerated person population and other demographic information are completed and maintained by the staff. These logs shall reflect the monthly, average daily population of sentenced and non-sentenced incarcerated persons by categories of each gender as of midnight of each day. The number of incarcerated persons occupying holding cells shall also be counted at midnight each day. An incarcerated person population report summarizing this information shall be created daily and distributed to the Sheriff and the Jail Commander (see the Population Management Policy). The Jail Commander shall provide the Board of State and Community Corrections with applicable incarcerated person demographic information as described in the Jail Profile Survey (15 CCR 1040).

1106.5 RESPONSIBILITIES

The Sheriff is responsible for ensuring that the facility has a sufficient number of housing units in an appropriate configuration so that incarcerated persons can be separated according to the facility's classification plan.

In the event of an emergency that causes the facility to be populated beyond the approved bed capacity, every reasonable effort should be made to reduce the incarcerated person population to the approved bed capacity as soon as reasonably practicable. The Office will take affirmative action to address excess population. In the event that the incarcerated person population remains over capacity or continues to increase, a crowding committee should be formed to examine any

Chapter 12 - Procedure

Admission

1200.1 PURPOSE AND SCOPE

Custody staff should recognize that the admissions process, because of the anxiety that so often accompanies an arrest and detention situation, is a potentially dangerous and crucial time for both prisoners being received and jail personnel. It is during the admissions phase that jail personnel are faced with more emergency situations (i.e., substance abuse problems, physical/mental health problems, legal and security problems) than at any other period of detention.

It is essential that jail personnel be prepared for and capable of taking responsible and professional action to provide safe, legal, and secure detention for all prisoners received.

The admissions process has been developed to provide jail personnel with a process which, when applied according to policies and procedures, will ensure that the Inyo County Jail fulfills its legal obligations to the community and any prisoners received by:

- (c) Providing safe and secure housing in the least restrictive manner possible.

Inmate Discipline

1205.1 PURPOSE AND SCOPE

Discipline is achieved by a process of orientation, training, guidance and punitive sanction intended to bring order and personal responsibility. A jail facility, even more than other institutions, cannot be operated efficiently and safely unless its occupants conform to standards of orderly behavior. These standards serve to protect all concerned parties including staff, inmates, and visitors. Discipline results in an orderly and organized way of life which will encourage and develop self-reliance, self-control and self-respect.

1205.1.1 NATURE OF DISCIPLINE

Discipline should include realistic, acceptable, and understandable routines which will develop an orderliness in behavior. Counseling and advising an inmate of expected conduct is encouraged for a first violation of a minor nature. Preventative discipline is preferable to correction after the fact, but when a rule is violated, discipline should be prompt and fair. The disciplinary process must conform to constitutional standards of due process and equal protection, and there must be no cruel or unusual punishment.

1205.1.2 RESPONSIBILITY FOR DISCIPLINARY ACTION

Responsibility for taking disciplinary action against any inmate is delegated to supervisory officers. All disciplinary action shall be reviewed by the Jail Commander to see that it is administered fairly and impartially. Personnel may report a violation of jail rules by an inmate. Personnel may write reports alleging infractions of rules and regulations to the Jail Sergeant or Corporal for consideration of disciplinary action.

1205.1.3 BASIC DISCIPLINARY GUIDELINES

In all disciplinary actions, the inmate shall be informed of the offense or infraction for which he/she is being disciplined and the maximum discipline that he/she can expect to receive. He/she must know what they did wrong. The inmate shall have the opportunity to explain and present a defense (tell their side) (Wolff Decision), and shall be afforded not less than twenty-four (24) hours to prepare. A Disciplinary Review Board, not personally involved in the original violation or infraction of the rules, shall determine if the charges are valid, and shall recommend the penalty. The Disciplinary Review Board, in determining the validity of the charges, may conduct further investigation into the incident. Written records of the procedures followed in each case shall be maintained and shall include a statement as to the evidence relied upon and reasons for any disciplinary action. Pursuant to Section 1081 (f) of the Minimum Jail Standards, any charges pending against an inmate shall be acted upon no sooner than twenty-four (24) and no later than seventy-two (72) hours after the report is filed and the inmate has been provided a copy of the report.

1205.1.5 MINOR INCIDENTS DEFINED

- (b) Loss of T.V. privileges
- (c) Loss of Commissary privileges
- (d) Loss of exercise yard
- (e) Reclassification / re-housing
- (f) Three (3) or more violations will be handled as a major violation

- (a) Restriction of telephone use (except legal calls)
- (b) Loss of good / work time credits (P.C. 4019)
- (c) Reclassification / re-housing
- (d) Restriction of privileges

1205.1.7 FORMS OF DISCIPLINE

As noted in the preceding sections, the degree of punitive action taken by the Disciplinary Review Board shall be directly related to the severity of the rule infraction. Depending on the circumstances, the penalties listed or any lesser penalty may be imposed for a given offense. If a disciplinary offense is unusually serious, more severe penalties than suggested in the guidelines may be invoked. However, in no case shall they exceed the punishments permitted in Section 1083 of the Minimum Jail Standards.

1205.1.8 LIMITATIONS ON DISCIPLINARY ACTIONS-DRB SCHEDULE

The Penal Code and the State Constitution expressly prohibit all cruel or unusual punishment. Additionally, there shall be the following limitations:

- (a) Inmates shall not be held in disciplinary segregation longer than 10 consecutive days without a finding of an additional charge or violation of the facility's rules, regulations and a Supervisor's Review.
- (b) Inmates shall not be placed in identified disciplinary units until after the facts of the case have been determined to be founded by the Disciplinary Review Board and disciplinary

1205.1.9 MINOR ACTS OF NON-CONFORMANCE

Minor acts of non-conformance or minor violations of facility rules may be handled informally by any staff member by counseling or advising the inmate of the expected conduct, or by submitting a minor incident report.

1205.1.10 LIMITATION OF DISCIPLINARY SEGREGATION

In the event that an inmate assigned to a disciplinary segregation cell has a finding of a new charge or violation of the facility rules and regulations, the following shall apply in addition to limitations on disciplinary action:

- (a) Whenever an inmate is confined to disciplinary segregation for more than 10 consecutive days, the Jail Commander shall review the incident report and approve the additional segregation if it is warranted.
- (b) If 20 consecutive days of segregation have been imposed and the inmate continues to violate facility rules and regulations, then acceptable alternative methods shall be considered. This shall not prohibit additional days of segregation.

1205.1.11 LOSS OF PREVIOUSLY EARNED GOOD TIME OR WORK CREDITS

The loss of previously earned good-time or work credits is to be considered a serious sanction pursuant to Penal Code Section 4019. It shall be imposed only as a last resort to promote an orderly and organized way of life by the inmate.

1205.1.12 DISCIPLINARY REVIEW PROCESS

Inmates involved in any disciplinary action, other than counseling or reprimand (24 HR Lockdown), shall have the right to an administrative process which adheres to the constitutional principles of due process and equal protection. Due process is and should be flexible to meet the exigencies

1205.1.13 FACILITY DISCIPLINARY REVIEW PROCESS

The Custody Division has established and implemented a disciplinary review process which shall function to review all disciplinary cases to assure a fair and impartial evaluation relating to the offense, and the type and length of punishment.

The Jail Commander shall have the authority, in conformance with policy and procedures, to take any of the following actions that are appropriate to the circumstances:

- (a) Conduct a further investigation into the incident, including the interviewing of inmates and staff who may have pertinent information on the incident, when the facts indicate that such investigation is appropriate.
- (b) Assess discipline
- (c) Change the disciplinary location
- (d) Withhold good time or work time awarded
- (e) Terminate the discipline and/or expunge the inmate's disciplinary record.

Personnel involved in the review process shall not participate in a disciplinary review of an incident where they are involved in the charges.

1205.1.14 REVIEW OF MINOR DISCIPLINE SANCTIONS

A Sergeant or Corporal may act as a discipline review officer in minor incidents. The Discipline Review Officer shall provide the inmate with an opportunity to present a defense and shall conduct or direct a further inquiry as the circumstances may warrant. Requests for toilet paper, other supplies or for information by inmates should be referred to the staff member assigned as rover. The staff members should not allow themselves to be distracted by long discussions with an inmate over the intercom system. "I will notify the floor officer" should be sufficient for most communications.
- (c) Misuse of the intercom by an inmate is a minor violation of jail rules. Three minor violations during an inmate's incarceration may be considered a major violation. Inmates should be advised anytime that they misuse the intercom system that they are in violation and that any further misuse will be reported in writing for discipline. It is important that staff react to intercom misuse by implementing facility discipline processes rather than just ignoring the intercom.
- (d) Additionally, The intercom system may be used to monitor any cell area, dayroom area or area served by the intercom system. Staff should be aware that there is no expectation of privacy within a custody setting and that inmates and staff may be overheard from control boards through the intercom system without their knowledge.

Staff members will NOT be expected to do dress out searches of the opposite sex. When such situations arise, staff members may temporarily have to exchange positions until the situation or task is completed.
- (c) It is imperative that staff conduct themselves in a professional manner while working in Booking or the Tower. Staff should neither ignore their duties of supervision when exposed to inmate nudity nor overly focus on such occurrences. Staff are reminded that they are under constant observation by inmates while working in such areas. Unprofessional behavior will result in complaints, grievances, unrest and behavior problems.

The officer assigned as “Rover” is responsible for all inmate movements within the Inyo County Jail and all direct contact with inmates in the various housing areas. Although the officer assigned as “Rover” will be under the direct visual observation of the Tower during most inmate movements, he or she should be extremely conscious of officer safety and facility security during the performance of his or her duties. In the absence of extreme emergencies, there are no inmate movements that are so critical or rushed that staff cannot wait for the assistance of a second staff member if he or she deems a second person necessary.

The “Rover” will supervise the delivery of food, laundry items and other materials to the housing areas of the Inyo County Jail. He/she will escort inmates to sick call, visits and other services as needed. The Tower will log the time each of these items is allowed into a housing area or returned from a housing area.

1208.1.3 DOOR OPERATION

The Tower has the ability to operate any electric door within the facility. With the exception of the vestibule sally port outside dispatch, the intake and officer’s entries into booking and the release doorway into the lobby, which will be operated by the booking/ release or dispatch control boards, the operation of electric facility doors should be the sole responsibility of the Tower Officer. Staff should NOT operate electric doors manually for convenience.

Exterior and interior doors will remain closed and locked on all shifts (with the exception of the doors of individual cells opening into a secured dayroom). Generally, if two doors need to be passed through, the first door will be locked before the second door is opened. Never leave doors unlocked for convenience. automatic door, all personnel will first ascertain the identity and purpose of the person requesting or attempting to pass.

Perimeter gates shall only be opened when there is a staff member present at the gate being opened to escort or supervise the person entering or leaving through the gate. Perimeter gates are governed by an electronic interlock which prevents both gates in a sally port from opening at the same time. Staff shall not override this interlock system unless an emergency exists.

The doorway from the main hall (Broadway) into the Tower Access stairway is to be considered a perimeter door.

- (c) Inmates will walk single file during movements, followed by their escorting officer. When two officers are present one officer should lead the file of inmates with the second officer following. Inmates should be directed to follow the appropriate colored line on the jail floor to their designated destination. Inmates should be directed to face the wall whenever there is a delay in their movement for the operation of gates or to allow others to pass.
- (d) All high risk inmates will be so designated on the Count Board in the Booking/Release area and on the inmate Movement Card in the Tower. All high risk inmates will be moved with two staff members escorting.

1208.1.6 CELL AND HOUSING AREA INSPECTIONS

- (a) The "Rover" will walk through each pod a minimum of once each hour and visually inspect each of the cells and living areas. Each of these inspections will be logged on the Tower Log. - (c) If the cell area does not pass inspection, the "Rover" will instruct the inmates as to what they are to correct. Phones and TV will not be turned on until the area passes inspection.

1208.1.8 FEEDING

When all inmates are secured in their cell areas, inmate kitchen workers will be allowed to enter the dayroom area of the pod and place coffee, utensil baskets and food trays on the tables. After inmate kitchen workers have left the dayroom area and the dayroom area door is secured, inmates will be released from their cell areas.

Transportation

1211.1 PURPOSE AND SCOPE

Transportation assignments for custody personnel will generally involve four major types of assignments. Inmates will be transported to and from Court appearances. Inmates will be transported to and from medical and/or mental health appointments. Prisoners will be transported from other areas of Inyo County and on occasion from outside Inyo County to the Inyo County Jail. Finally, staff may be assigned to special transportation duties involving inmates or other persons. Special transportation assignments will involve specific instructions relative to the specific tasks assigned as well as compliance with the procedures set out below.

The procedures set below are established with the intent of creating a uniform method of dealing with transportation situations which will insure the safety and security of both staff and those persons being transported under staff's care and control.

Staff should recognize that they not only have a duty to protect citizens from the escape of inmates charged into their custody, but they have a duty to provide fair and equitable treatment to inmates in their charge with a minimum limitation on their civil rights consistent with their custody status.

1211.1.1 GENERAL TRANSPORTATION PROCEDURES

- (a) Staff must possess a valid California Driver's license of a class appropriate for the vehicle which they are to drive.

Any issues will be reported to the OIC and other appropriate maintenance personnel.
 1. IF THE AREA NEEDING SERVICE REPRESENTS A SAFETY HAZARD, DO NOT DRIVE THE VEHICLE.
- (c) When a vehicle is found to be unsafe to use, in addition to the steps outlined above, a notation of the problem should be made on the Jail Maintenance Board (located in property room) and all keys for the vehicle should be turned over to a supervisor for safekeeping until the vehicle is repaired.
