Project Title: Mazourka Measuring Station Replacement

Project Location (include county): near the town of Independence in Inyo County

Project Description:

Replacement of one of the 4 permanent monitoring stations selected by the MOU parties to determine flow compliance for the Lower Owens River project. The replacement structure will be similar in design to the station located at Keeler Bridge. The replacement of the structure is necessary to increase the accuracy of the measurement within this reach of the river.

This is to advise that the Board of Water and Power Commissioners has approved the above described project on April 6, 2010 and has made the following determinations regarding the above described project:
(Lead Agency or Responsible Agency)

- 1. The project [ ] will [X] will not have a significant effect on the environment.
2. [ ] An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA. [X] A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures [ ] were [X] were not made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan [ ] was [X] was not adopted for this project.
5. A statement of Overriding Considerations [ ] was [X] was not adopted for this project.
6. Findings [X] were [ ] were not made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval, or the negative Declaration, is available to the General Public at: 300 Mandich Street, Bishop, CA 93514
