Project Title: Inyo County Active Transportation Plan 2015

Project Location – Specific: Countywide

Project Description (brief): The Inyo County Local Transportation Commission (ICLTC) has prepared a draft Inyo County 2015 Active Transportation Plan (ATP). The project is defined as the creation of an ATP, which identifies improvements to: 1) increase the proportion of trips accomplished by biking and walking, 2) increase safety for non-motorized transportation users, 3) help achieve greenhouse gas reduction goals through a shift in travel mode share, and 4) enhance public health in Inyo County. The ATP does not directly provide for the implementation of transportation projects and/or facilities. Rather, it identifies necessary improvements which meet the above listed goals of the state’s Active Transportation grant program.
