

HAT CREEK CONSTRUCTION & MATERIALS, INC.

"WE SPECIALIZE IN SATISFIED CUSTOMERS"

WHITNEY PORTAL ROAD CONSTRUCTION INFORMATION

Updated April 28, 2016

Construction on Whitney Portal Road includes new pavement and drainage improvements that will improve safety on this popular route.

Construction Schedule:

Mondays – Thursdays: 6:30 a.m. - 6:30 p.m.
Expect a total traffic delay of up to 30 minutes

Flaggers and a pilot car will manage traffic through multiple construction zones during working hours.

The bridge just west of Tuttle Creek Road has been re-opened to two-way traffic during non-working hours.

Ongoing operations include roadside grading, drainage improvements, and erosion control installation.

The major operations of pulverizing the existing road surface and paving the new road are scheduled for this summer beginning in May.

Hat Creek Construction Materials Inc. understands that no one enjoys delays and we assure you that we make every effort to minimize your delays while providing the necessary safety for you and our workers.
