PROCLAMATION OF THE BOARD OF SUPERVISORS, COUNTY OF INYO, STATE OF CALIFORNIA RECOGNIZING DECEMBER 7, 2022 AS PEARL HARBOR REMEMBRANCE DAY

WHEREAS, a rare few events in the annals of American history are so notorious, so impactful, and so entrenched in the national psyche that they are immediately recognized and recalled by date alone; and

WHEREAS, 9/11 is one of these occurrences and another is December 7, 1941 – a date which has lived in infamy for 80 years, having been seared into the nation’s collective memory and having drastically altered the lives of entire generations; and

WHEREAS, on the morning of December 7, 1941, Japanese fighter planes attacked the United States Naval Base at Pearl Harbor, destroying much of our Pacific Fleet, killing 2,403 Americans, and wounding 1,178 more; and

WHEREAS, the attack on Pearl Harbor galvanized the will of the American people to rise up in solidarity against the threat to our freedoms and our very lives; and

WHEREAS, this fight was undertaken by men and women of all ages, backgrounds, and cultures, from the docks of Pearl Harbor to the shores of Normandy, in defense of the United States and our way of life – brave patriots serving their country not for conquest but to protect the freedoms and values that have sustained this Nation since its founding; and

WHEREAS, they went to war for liberty and sacrificed more than most of us will ever know; they chased victory and defeated fascism, turning adversaries into allies and writing a new chapter in the history of the United States; and

WHEREAS, they inspired a generation with their refusal to give in despite overwhelming odds, and their service continues to inspire as the embodiment of courage, devotion, and sacrifice; and

WHEREAS, in memory of all who lost their lives on December 7, 1941 -- and those who responded by leaving their homes for the battlefields -- we must ensure the sacrifices they made in the name of liberty and democracy were not made in vain; and

WHEREAS, President Franklin Roosevelt told Americans on December 8, “It is our obligation to our dead – it is our sacred obligation to their children and our children – that we must never forget what we have learned;” and

WHEREAS, Pearl Harbor Remembrance Day affords us but one opportunity to fulfill our obligation to those who died, as we reflect on the profound debt of gratitude we owe them for the freedoms we cherish and remember the everlasting responsibilities we have to one another and to our country.

NOW THEREFORE BE IT PROCLAIMED, the Inyo County Board of Supervisors declares the 7th day of December 2022 Pearl Harbor Remembrance Day in Inyo County and, in tribute to the American patriots who fought so bravely, encourages a commitment to honor our troops and veterans and give them the support and care they deserve.

ITEM SUBMITTED BY

Nathan Reade, Ag Commissioner

ITEM PRESENTED BY

Nathan Reade, Ag Commissioner

RECOMMENDED ACTION:

Request Board: A) declare the vehicles listed in Attachment 1 as surplus; B) authorize Motor Pool and Agriculture to offer the vehicles for sale utilizing the Public Surplus auction site; and C) authorize Motor Pool to utilize either the previously approved consignment auction agreement with Enterprise Fleet Management or another auctioneer for the removal and sale of vehicle Public Surplus process.

BACKGROUND / SUMMARY / JUSTIFICATION:

The OVMAP has many aging ATVs and a truck they rely on for Mosquito Abatement that need to be replaced, and due to the increasing maintenance cost of aging vehicles/ATVs

FISCAL IMPACT:

Proceeds from the auction go into the Owens Valley Mosquito Abatement Program (OVMAP) Budget 154101 object code 4911 Sales of Fixed Assets.

ALTERNATIVES AND/OR CONSEQUENCES OF NEGATIVE ACTION:

The Board could use the sealed bid process to sell these assets. The alternative is not recommended because it is time-consuming and does not maximize cost recovery.

Maternal Child Adolescent Health Annual Funding Agreement for Fiscal Year 22-23 Health & Human Services ACTION REQUIRED

ITEM SUBMITTED BY

Genoa Meneses, COVID-19 Grants & Program Manager

ITEM PRESENTED BY

Marilyn Mann, HHS Director

RECOMMENDED ACTION:

Request Board ratify and approve the Maternal Child and Adolescent Health (MCAH) Agreement No. 202214 between the County of Inyo and California Department of Public Health in the amount of \$117,110.52 for the period of July 1, 2022 through June 30, 2023, and authorize the MCAH Director and HHS Director to sign all applicable documents.

BACKGROUND / SUMMARY / JUSTIFICATION:

This item is coming before your Board late due to administrative vacancies within the HHS Public Health and Prevention division. The Maternal Child and Adolescent Health program funds public health staff to ensure coordination and access to services for women, adolescents and children. In collaboration with service providers, private and public agencies and community residents, the MCAH Director works towards the goal of assuring access and availability of a complete spectrum of services to women, infants, children and adolescents in our communities. The Department respectfully requests your Board's approval to continue maintaining access to critical services.

FISCAL IMPACT:

Funding for this contract is from State and Federal Funding and Health Realignment. This funding would be brought in as revenue to the MCAH Budget (641622) in State Grants (4498). No County General Funds.

ALTERNATIVES AND/OR CONSEQUENCES OF NEGATIVE ACTION:

This funding has been available to public health staff for many years. Not accepting the funding would eliminate the State funding contribution for several health staff members who provide program services. The County would still have to provide mandated administrative services without state or federal support.

OTHER DEPARTMENT OR AGENCY INVOLVEMENT:

Local health care providers, local dental providers

Attestation of Compliance with the Sexual Health Education Accountability Act of 2007

Agency Name: _____

Agreement/Grant Number: _____

Compliance Attestation for Fiscal Year: _____

The Sexual Health Education Accountability Act of 2007 (Health and Safety Code, Sections 151000 – 151003) requires sexual health education programs (programs) that are funded or administered, directly or indirectly, by the State, to be comprehensive and not abstinence-only. Specifically, these statutes require programs to provide information that is medically accurate, current, and objective, in a manner that is age, culturally, and linguistically appropriate for targeted audiences. Programs cannot promote or teach religious doctrine, nor promote or reflect bias (as defined in Section 422.56 of the Penal Code), and may be required to explain the effectiveness of one or more drugs and/or devices approved by the federal Food and Drug Administration for preventing pregnancy and sexually transmitted diseases. Programs directed at minors are additionally required to specify that abstinence is the only certain way to prevent pregnancy and sexually transmitted diseases.

In order to comply with the mandate of Health & Safety Code, Section 151002 (d), the California Department of Public Health (CDPH) Maternal, Child and Adolescent Health (MCAH) Program requires each applicable Agency or Community Based Organization (CBO) contracting with MCAH to submit a signed attestation as a condition of funding. The Attestation of Compliance must be submitted to CDPH/MCAH annually as a required component of the Agreement Funding Application (AFA) Package. By signing this letter, the MCAH Director or Adolescent Family Life Program (AFLP) Director (CBOs only) is attesting or “is a witness to the fact that the programs comply with the requirements of the statute”. The signatory is responsible for ensuring compliance with the statute. Please note that based on program policies that define them, the Sexual Health Education Act inherently applies to the Black Infant Health Program, AFLP, and the California Home Visiting Program, and may apply to Local MCAH based on local activities.

The undersigned hereby attests that all local MCAH agencies and AFLP CBOs will comply with all applicable provisions of Health and Safety Code, Sections 151000 – 151003 (HS 151000–151003). The undersigned further acknowledges that this Agency is subject to monitoring of compliance with the provisions of HS 151000–151003 and may be subject to contract termination or other appropriate action if it violates any condition of funding, including those enumerated in HS 151000–151003.

CALIFORNIA CODES
HEALTH AND SAFETY CODE
SECTION 151000-151003

151000. This division shall be known, and may be cited, as the Sexual Health Education Accountability Act.

151001. For purposes of this division, the following definitions shall apply:

(a) "Age appropriate" means topics, messages, and teaching methods suitable to particular ages or age groups of children and adolescents, based on developing cognitive, emotional, and behavioral capacity typical for the age or age group.

(b) A "sexual health education program" means a program that provides instruction or information to prevent adolescent pregnancy, unintended pregnancy, or sexually transmitted diseases, including HIV, that is conducted, operated, or administered by any state agency, is funded directly or indirectly by the state, or receives any financial assistance from state funds or funds administered by a state agency, but does not include any program offered by a school district, a county superintendent of schools, or a community college district.

(c) "Medically accurate" means verified or supported by research conducted in compliance with scientific methods and published in peer review journals, where appropriate, and recognized as accurate and objective by professional organizations and agencies with expertise in the relevant field, including, but not limited to, the federal Centers for Disease Control and Prevention, the American Public Health Association, the Society for Adolescent Medicine, the American Academy of Pediatrics, and the American College of Obstetricians and Gynecologists.

151002. (a) Every sexual health education program shall satisfy all of the following requirements:

(1) All information shall be medically accurate, current, and objective.

(2) Individuals providing instruction or information shall know and use the most current scientific data on human sexuality, human development, pregnancy, and sexually transmitted diseases.

(3) The program content shall be age appropriate for its targeted population.

(4) The program shall be culturally and linguistically appropriate for its targeted populations.

(5) The program shall not teach or promote religious doctrine.

(6) The program shall not reflect or promote bias against any person on the basis of disability, gender, nationality, race or ethnicity, religion, or sexual orientation, as defined in Section 422.56 of the Penal Code.

Exhibit K

Attestation of Compliance with the Sexual Health Education Accountability Act of 2007

(7) The program shall provide information about the effectiveness and safety of at least one or more drugs and/or devices approved by the federal Food and Drug Administration for preventing pregnancy and for reducing the risk of contracting sexually transmitted diseases.

(b) A sexual health education program that is directed at minors shall comply with all of the criteria in subdivision (a) and shall also comply with both the following requirements:

(1) It shall include information that the only certain way to prevent pregnancy is to abstain from sexual intercourse, and that the only certain way to prevent sexually transmitted diseases is to abstain from activities that have been proven to transmit sexually transmitted diseases.

(2) If the program is directed toward minors under the age of 12 years, it may, but is not required to, include information otherwise required pursuant to paragraph (7) of subdivision (a).

(c) A sexual health education program conducted by an outside agency at a publicly funded school shall comply with the requirements of Section 51934 of the Education Code if the program addresses HIV/AIDS and shall comply with Section 51933 of the Education Code if the program addresses pregnancy prevention and sexually transmitted diseases other than HIV/AIDS.

(d) An applicant for funds to administer a sexual health education program shall attest in writing that its program complies with all conditions of funding, including those enumerated in this section. A publicly funded school receiving only general funds to provide comprehensive sexual health instruction or HIV/AIDS prevention instruction shall not be deemed an applicant for the purposes of this subdivision.

(e) If the program is conducted by an outside agency at a publicly funded school, the applicant shall indicate in writing how the program fits in with the school's plan to comply fully with the requirements of the California Comprehensive Sexual Health and HIV/AIDS Prevention Education Act, Chapter 5.6 (commencing with Section 51930) of the Education Code. Notwithstanding Section 47610 of the Education Code, "publicly funded school" includes a charter school for the purposes of this subdivision.

(f) Monitoring of compliance with this division shall be integrated into the grant monitoring and compliance procedures. If the agency knows that a grantee is not in compliance with this section, the agency shall terminate the contract or take other appropriate action.

(g) This section shall not be construed to limit the requirements of the California Comprehensive Sexual Health and HIV/AIDS Prevention Education Act (Chapter 5.6 (commencing with Section 51930) of Part 28 of the Education Code).

(h) This section shall not apply to one-on-one interactions between a health practitioner and his or her patient in a clinical setting.

151003. This division shall apply only to grants that are funded pursuant to contracts entered into or amended on or after January 1, 2008.

Auction of Surplus Road Department Vehicle/Equipment Public Works - Road Department ACTION REQUIRED

ITEM SUBMITTED BY

Shannon Platt, Deputy Director - Roads

ITEM PRESENTED BY

Michael Errante, Public Works Director

RECOMMENDED ACTION:

Request Board: A) declare the vehicles and equipment listed in Attachment 1 as surplus; B) authorize the Road Department to offer the vehicles and equipment for sale utilizing the Public Surplus auction site; and C) authorize any unsold vehicles and equipment to be disposed of as scrap metal.

BACKGROUND / SUMMARY / JUSTIFICATION:

Since 2015, Inyo County has used the online auction site Public Surplus to dispose of surplus vehicles with great success. This system provides the opportunity for local government agencies, special districts, non-profit agencies, county residents and the general public to purchase surplus county vehicles and equipment online. The auction will be conducted over a one-week period and will be accompanied by local advertising. All payments will be processed through Public Surplus. At the end of the auction, unsold vehicles and equipment will be disposed of as scrap metal. All proceeds will be deposited into the Road Department Budget 034600, object code 4911, sales of fixed assets.

A list of the proposed vehicles and equipment is attached as Attachment 1.

FISCAL IMPACT:

Proceeds from the auction go into the Road Department Budget 034600 object code 4911 Sales of Fixed Assets.

ALTERNATIVES AND/OR CONSEQUENCES OF NEGATIVE ACTION:

Your Board could choose not to declare the vehicles and equipment as surplus and not approve them for auction. This is not recommended as the vehicles and equipment listed are in constant need of repair due to age, non-repairable due to damage or too costly to bring into California Air Resource Board smog compliance.

Olancha-Cartago 4-Lane Project

Project Information

The California Department of Transportation (Caltrans), as CEQA lead agency, and the Federal Highway Administration (FHWA), as NEPA lead agency with the support of Inyo County Local Transportation Commission, will convert approximately 12.6 miles of the existing U.S. Highway 395 in Olancha and Cartago from a two-lane conventional highway into a four-lane expressway from postmile 29.2 to postmile 41.8 in

Project Updates

November 17, 2022 - Construction of the bridge decks over the Los Angeles Aqueduct is progressing on the Olancha-Cartago 4-Lane Project. The photo below shows a Bidwell concrete screed spanning transversely across the deck formwork from the bridge rails. It will be used to ensure the concrete is placed at the correct location, depth and smoothness.

Purpose of the Proposed Project:

The purpose of the Manor Market Complete Streets project is to improve access and connectivity for pedestrians, bicyclists, and users of all ability levels by addressing multimodal deficiencies within the proposed project limits on SR 168 between just west of Meadow Lane to Barlow Lane. Once complete, a continuous sidewalk from the Bishop city limits to Meadow Lane will improve accessibility under ADA. The proposed project would also meet the Complete Streets Policy of facilitating a safer and more comfortable experience for pedestrians and bicyclists by improving highway user awareness along this stretch of SR 168.

Please access the full Purpose and Need Statement for this proposed project [here](#).

Proposed Project Alternatives:

This proposed project is considering three alternatives. The proposed project previously had 5 total alternatives. Alternatives 2 and 4 are no longer being considered. If you'd like more information on why they were removed from consideration, please click [here](#). Three alternatives this proposed project is considering:

Alternative 1: Alternative 1 would construct a 6-foot wide sidewalk on the south side of SR 168 beyond the paved shoulder from Meadow Lane to Pa Me Lane. It would also construct a 6-foot wide sidewalk on the north side of SR 168 beyond the paved shoulder from Pa Me Lane to Barlow Lane. This alternative also includes the enhanced pedestrian crossing with curb extension/bulb-outs, a median pedestrian refuge area, pedestrian warning signs, and a pedestrian-activated rectangular rapid flashing beacon (RRFB).

Workshop on Proposed Countywide Business License Treasurer-Tax Collector

NO ACTION REQUIRED

ITEM SUBMITTED BY

Alisha McMurtrie, Treasurer

ITEM PRESENTED BY

Alisha McMurtrie, Treasurer

RECOMMENDED ACTION:

Request Board receive information on proposed countywide business license for the unincorporated areas of Inyo County and provide staff direction if needed.

BACKGROUND / SUMMARY / JUSTIFICATION:

Inyo County does not have a business license requirement, the exception being the Cannabis License. As times have continued to evolve, it has become necessary for the County to have a tool that identifies all local business operations in the unincorporated areas of Inyo County. This tool would identify business operations; types of businesses; business locations, and more for our local government and the public at large. There are many reasons the County should implement a business license program, a few are mentioned below:

- The importance of knowing what may be contained inside a building is critical to law enforcement during an emergency response.
- Ensuring that businesses are in compliance and have obtained all required permits and approvals enhances the viability of our business communities.
- Communications with the business community during emergencies.

Establishing a business license program will provide, through an application process, the ability to create and maintain a database of information that would assist County operations across the board. From law enforcement engagements to emergency services to code enforcement and everything in between, we would have the necessary information available for use.

Never was the absence of a County business license more apparent than during the Pandemic when it was imperative for the County to communicate with our local business operators and we fell short. While we managed to rise to that challenge, we can all admit that having a business license already in place would have allowed the County to communicate in a more timely, inclusive, and efficient manner.

Local government, the business community, and the public are all partners and are all invested in Inyo County. The success of Inyo County depends greatly upon each other. A business license program would have a supporting role in that success.

FISCAL IMPACT:

There will be initial start-up costs mainly focused on adding a business license module to our current TOT/Cannabis software application hosted by Hdl Companies. We would also require additional annual license fees for the application. Several of the departments that would be included in a business license program are already end users on the application. If your Board directs staff to proceed with the program, we will return with the formal quote.

ALTERNATIVES AND/OR CONSEQUENCES OF NEGATIVE ACTION:

Your Board could choose not to pursue the creation of a business license program at this time. This is not recommended as it is in the County's, and the public's, best interest to have up-to-date information on who is conducting business and what type of business is being conducted within our County.

OTHER DEPARTMENT OR AGENCY INVOLVEMENT:

None at this time. There is future potential for a partnership with the Eastern Sierra Small Business Resource Center.

A WORKSHOP -BUSINESS LICENSES

**Presented by Alisha McMurtrie
Treasurer-Tax Collector**

Why would a business license be good for Inyo County?

- ◆ To ensure the health, safety, and welfare of our residents in their transactions with entrepreneurs and to preserve and enhance the reputation and viability of businesses operating within Inyo County

What we would learn...

- ◆ **Who is doing business**
- ◆ **What type of business is being conducted**
- ◆ **Where business is being conducted**
- ◆ **Communications with business operators**
- ◆ **Compliance of a business**
- ◆ **Community awareness of business operations**

How would this work?

- ◆ All business operators would be required to complete an application and obtain a license and would then need to renew that license annually.
- ◆ There should be an application fee as well as a renewal fee. There is opportunity for exemptions to the fees to be established. (i.e. veteran, non-profit, etc.)
- ◆ A license should have a defined period to be valid, such as one year.
- ◆ There should be defined reasons for suspension and revocation as well as a process that must be followed prior to such actions being taken.

- ◆ An Administrative Hearing Board should be established. This would be the final decision-making body for appeals. The recommendation would be that this Board is comprised of Department Heads with knowledge of the County permitting processes, but not those who have the ability to suspend or revoke a license. (i.e. the Tax Collector, Code Enforcement, etc.)
- ◆ Peddler's & Solicitor's licenses will remain as they currently are. The Sheriff and Tax Collector are committed to re-vamping the current process, bringing it up to date.
- ◆ All business types should be required to obtain a license to operate within the unincorporated areas of Inyo County with no exceptions. This includes, but is not limited to:
 - ◆ Short-term transient rentals
 - ◆ Non-Profit Organizations
 - ◆ Home Based businesses

Costs....

- ◆ While a fee will be a necessary component, depending on the complexity of the license issuance process, it should not be excessive.
- ◆ Application Fee-a one-time fee for initial set up and license review and issuance.
- ◆ Renewal Fee-an annual fee that would include a check for violations and good standing from appropriate departments.
- ◆ Pro-rated fee schedule for those new businesses opening throughout the year.
- ◆ Penalty schedule for late payments.

- ◆ Should your Board choose to pursue the creation and implementation of a County Wide Business License Program, it is the recommendation to:
- ◆ Convene a working group consisting of all impacted departments to collaborate on the new program parameters:
 - ◆ Treasurer-Tax Collector
 - ◆ Sheriff
 - ◆ Code Enforcement
 - ◆ Planning
 - ◆ Environmental Health
 - ◆ Public Works

Direction today...

- ◆ Does your Board wish to proceed with establishing an Inyo County Business License program? The working group would coordinate with County Counsel to prepare a draft Ordinance, and the Auditor-Controller to prepare a cost analysis for any proposed fees. We would then return to your Board at a future date for consideration.
- ◆ Any last comments or suggestions?
